BID OPENING DATE - 12/31/2022 1:00:00 PM

RFQ022821 - Snow Plowing 2022

The City of Columbus, Department of Public Service, is seeking companies or individuals to assist with snow plowing of residential roads. Residential roads generally have speed limits of 25 miles-per-hour, carry little to no through movement, have lower traffic volumes, and have a primary purpose of providing access to abutting property.

Companies/individuals contracted to provide this service must provide their own equipment. Training and instruction will be provided by the Department of Public Service. Contractors will be called as-needed with no guarantee of being used. The City is considering offering a retainer to pay contracted companies but it may not be possible to offer a retainer. Contracts will NOT be awarded through a bid process. The scope of services and rates will be negotiated. Selected companies/individuals will be independent contractors and sign a standard City contract for services. This advertisement is anticipated to run through 12/31/22, but may end before then if enough contracts are put in place to service the City's needs. We would like to have all contracts in place by the end of October. Interested parties are encouraged to respond as soon as possible. If interested in discussing this opportunity and learning additional details, email Tom Crawford at tlcrawford@columbus.gov.

1. General Provisions:

1.1 Authority: Chapter 903 of the Columbus City Code, 1959, requires any person or agency desiring to excavate in or to occupy Public Right-of-Way for any construction related purpose to obtain a permit. Section 903.02 of the Columbus City Code authorizes the Director of Public Service to promulgate reasonable rules and regulations to carry out the provision of this Chapter. The Director of Public Service has designated the Administrator of Infrastructure Management to enforce these rules and regulations. Therefore, permits to excavate or to occupy the right of way for construction related purposes shall be submitted to and approved by the Administrator of Infrastructure Management in accordance with the provisions of these rules and regulations. Permits are non-transferable.

1.1.1 Per Chapter 121.05 of the Columbus City Charter, these rules and regulations are to become effective immediately as temporary rules and regulations and shall remain in effect for a period of thirty (30) days after being filed with the city clerk.

1.1.2 Per Chapter 121.05 of the Columbus City Charter, after filing of these rules and regulations with the city clerk to establish them as temporary rules and regulations, these rules and regulations are being published in the City Bulletin prior to the thirty (30) day temporary period expiring and shall remain in effect until amended or repealed.

1.2 Type of Permits: There are two categories of permits covered by these rules and regulations: excavation and occupancy.

1.2.1 Excavation Permits: This category of permit shall be requested when excavating within the right-of-way of any public street or alley. The work covered by this permit includes excavations in street or alley pavement, sidewalk or driveway, or the non-paved area within the right-of-way for any purpose whatsoever.

1.2.2 Occupancy Permits: This category of permit shall be requested when it is necessary to occupy the right-of-way of any public street or alley for a purpose related to construction activity. Examples include working on or in any roadway appurtenance, or work on or in buildings or properties outside the right-of-way.

When a permit is issued for a block party, special event, parade, or other event, items within and outside of the permit area may require additional permits for items to be temporarily constructed within road rights-of-way in support of the event.

1.3 Restrictions on Issuing Permits: Permits will not be issued within High Impact Areas when the purpose is vehicle storage on City right-of-way. It is the responsibility of the applicant to store vehicles off-street, or at unreserved long term meters per the City's On-Street Parking out of Service Policy. Occupancy permits are intended for commercial vehicles only. Occupancy permits shall only be issued for the purpose of work within the public right -of-way and activities associated with the adjacent private property by the adjacent property owner or their agent.

1.3.1 High Impact Areas: For purposes of this regulation, High Impact Areas are defined below:

- Downtown Business District
- Major Construction Areas
- Arterial Streets (Arterial Streets are those listed on the City of Columbus Thoroughfare Plan)

1.4 Application, Review and Approval: Requests for excavation or occupancy permits shall be made through the Administrator of Infrastructure Management. All requests shall be on forms approved by the Administrator and shall conform to Section 2 of these regulations. No work may begin, or occupancy occur, until a permit has been issued, except as provided within Section 5 of these regulations.

1.4.1 Excavation Permits: Requests to dig, open holes, ditches, bore, or trenches in the sidewalk, roadway or right-of-way of any improved or unimproved street, alley, or public way shall be obtained at least 10 working days in advance of proposed excavation. Review times vary based on the complexity of the project and adequate review time must be considered in the applicant's schedule. The permit office can assist any applicant in determining the extent of the review needed and the time required. Complex reviews can take up to twenty (20) days by City Staff (this does not include any time the applicant has the plans in their possession for revisions). Subsequent reviews can take up to ten (10) days each. The permit request shall include plan, details, and specifications as set forth in Sections 2 and 3 of these regulations.

1.4.2 Occupancy Permits: Requests to occupy or barricade the right-of-way of any improved or unimproved street, alley, or public way shall be submitted at least three (3) working days in advance. When the permit is for a full street closure, permit request shall be submitted at least ten (10) working days in advance. When a full street closure is for a major planned event, the submittal shall be twenty (20) working days in advance.

1.4.3 Review of Plans: Plans shall be routed for review and approval as set forth in the Right of Way Plan Routing Manual. A copy of this publication may be obtained at the Public Service permit desk.

1.4.4 Issuance: A permit shall be issued after a permit application has been reviewed and approved as required above, and the applicant has notified the Department of Public Service of a scheduled start date.

1.5 Length of Permit: Permits will be issued only for the time necessary to perform the work. Every effort must be made by the permittee to minimize the amount of time of traffic restrictions or meters out of service when no work occurs. The City has the right to remove meter or lane restrictions left in place three (3) days with no work occurring. Permits issued for less than thirty (30) days may be extended once for a short duration, subject to a re-issue fee specified in Section 7.3.

1.6 Liability: The issuance of an Excavation or Occupancy Permit does not relieve the agency or agent requesting the permit from liability for any damage that might occur to the roadway, or any public, or personal property while performing work authorized by the permit.

2. Form of Application or Request for Permit. Excavation or Occupancy Permit requests shall contain, but not be limited to, the following information:

- Name of applicant or agent making request.
- Address of applicant or agent.
- Contact name and phone number (24-hour emergency number is needed if not the same).
- Location of work - be specific, provide street name and specify limits (house number as applicable); lane requirements, sidewalk, etc.
- Size of trench (width/length/depth).

- How long permit is needed.
- Proposed work hours if applicable; state if a complete closure is desired.
- Purpose of request (Utility placement, working in roadway structure, working on or in a building, etc.), provide address when appropriate.
- When work is to begin and completion date (required to issue permit).
- Traffic control requirements (full closure, number and location of lanes to be closed, etc.), provide adequate maintenance of traffic notes.
- Plans are required by Section 3.
- Parking Meter Numbers, for all meters the applicant would like reserved, or taken out of service for specified duration during the performance of their work (see Section 11).

3. Permit Plans: Whenever construction is to be performed within the right-of-way (excluding service line repair), the permit application shall be accompanied by fully approved plans. The plans shall be of suitable size and clarity to show the nature of the work to be performed. Such plans shall show all existing City utilities and topographic features. The City utilities shall be shown on the plans as to horizontal and vertical alignment based upon an actual field inspection and a diligent search of City records for the same. All conflicts with any City facility shall be resolved to the satisfaction of the owner Division. The applicant should refer to the right of way plan routing manual for more information.

4. Restoration: Whenever any person or agency has the authority to excavate in any sidewalk, roadway or right-of-way of any improved or unimproved street, alley, or public way the person or agency causing such excavation shall be required to return, in accordance with current City standards, the right-of-way to the same quality condition it was prior to the excavation or restore the same in such a manner and by such time as required by the Director of Public Service and/or their designee.

Restoration of any sidewalk, curb, street pavement, etc. shall occur no later than 14 calendar days after the conclusion of any utility repair or installation activity unless expressly authorized otherwise by the Director of Public Service and/or their designee. Construction activity completed from December through April shall be permanently restored no later than May 31st. After May 31st, non-compliance with this required restoration work shall be considered a violation of this policy. Additional permits shall not be issued to the permittee until the violations are corrected to the satisfaction of the Director of Public Service and/or their designee. In addition, each violation may be dealt with in accordance with Section 903.99 of the Columbus City Code.

Permanent repairs to any roadway cut for the purpose of installing, extending, or repairing any utility wire, conduit, or any other repair shall be made in accordance with Department of Public Service Standard Drawing 1441 A, or other suitable means conforming to current City specifications and approved by the Director of Public Service and/or their designee.

Standard Drawing 1441 A has been developed to provide specifications on long pavement cuts, small pavement repairs, and other minor repair work within the right-of-way. Whenever a pavement cut area exceeds the nominal size of 8 feet in width and 100 feet in length, the plans shall provide the method of pavement replacement in accordance with current City standard specifications and are subject to review and approval by the Director of Public Service and/or their designee.

Per Standard Drawing 1441 A whenever a trench is contained within a travel lane and the trench exceeds 100 feet in length the repair shall include milling the full lane width. Where the excavation trench encroaches into more than one lane of traffic, each lane shall be milled and repaved the entire length of the excavation or street block as directed by the Director of Public Service and/or their designee.

Temporary brick street repairs are to be performed in conformance with Standard Drawing 1441 A, Special Note "F", which allow a temporary material placed until permanent restoration can be completed. Temporary material is not to be used without prior approval from the Department of Public Service. Temporary material is not allowed over a period of fourteen (14) calendar days without prior approval from the Department of Public Service. All street bricks that are excavated shall be salvaged intact. The sawing of existing bricks shall not be permitted. Bricks must be

removed whole. Bricks not used in pavement restoration shall be cleaned, stacked on pallets, and delivered to the City's Operation Center, located at 1850 East Twenty-Fifth Avenue. (614) 645-8120. Any bricks that are not delivered shall be charged to the applicant at a rate pre-determined by the Director of Public Service and/or their designee or through forfeiture of deposits.

All trenches within the road right-of-way shall be backfilled and temporary pavement applied or securely plated. Item No. 304 material, CDF (control density fill) and/or millings shall not be permitted to be used as temporary pavement on major arterial, collector, or high volume roadways. With the approval of the Director of Public Service and/or their designee, the Temporary Traffic Control Coordinator (645-6269) and/or the Permit Supervisor (645-3039), properly compacted Item No. 304 may be used as temporary fill on residential streets and alleys between intersections. Intersections shall have temporary pavement applied for a maximum of 5 working days.

5. Emergency Repairs: When any public agency, private utility company, or corporation must excavate within the road right-of-way in order to make emergency repairs necessary for the safety and health of the public, the same shall request a permit no later than the following working day. All permanent repairs shall conform to Section 4 of this policy.

6. Inspection: Inspection of work performed under these permits shall be done by personnel of the Department of Public Service. The permittee shall call the telephone number indicated on the permit at least 4 hours before any needed inspection. Any authorized excavation work shall be inspected.

6.1. Inspections: call the City of Columbus's Division of Infrastructure Management's Permit Section at (614) 645-7497

6.2. Backfill: Call before backfill operation begins. Approval is needed to start backfill. (4 hrs. notice)

6.3. Sidewalk, driveway or curb: Form work installation inspection is required before placement of material.

6.4. Final Inspection: When all work is complete. Upon a successful final inspection, deposits will be processed and returned to the permit holder.

7. Inspection Fees and Deposit Costs: All private companies, corporations, or individuals shall pay, at the time of permit application, a fee as set forth below to cover the administrative costs of issuing the permit(s) and performing the required inspection(s). It is the responsibility of the permit holder to request inspections. Failure to obtain an inspection will result in requiring re-excavation of the location and replacement with approved materials in the presence of proper inspection personnel. In addition, this action may result in the forfeiture of 100% of all deposits, bonds, and fees on account.

7.1 Street Excavation Deposit: A street excavation deposit shall be required for all roadway excavations when the pavement is open cut. The deposit shall be a minimum of \$800.00 for an open cut area of three square yards or less. For cuts larger than three square yards the deposit shall be \$250.00 per square yard of pavement to be cut. The street excavation deposit shall be refunded if the repair work is inspected and completed in a manner satisfactory to the Director of Public Service and/or their designee.

7.2 Additional Deposits: If, in the opinion of the Director of Public Service and/or their designee, additional inspections are needed due to the use of granular backfill material, or horizontal directional drilling operations, the permittee shall place on deposit sufficient funds necessary to pay for said inspection services in addition to all other deposits and fees associated with the inspection process. Any unused inspection deposits will be refunded once it has been determined that the work has been completed in a satisfactory manner. Sewer TV Inspection Deposit shall be required where Sewer TV inspection is noted by the Division of Sewerage and Drainage on the Permit Plans (see Section 3 for plan requirements). The Sewer TV Inspection deposit fee shall be determined and paid to the Division of Sewerage and Drainage, located at 910 Dublin Road, Attn: Jacque Kelley (614-645-5824).

7.3 General Permit Fees: There are general fees associated with the issuance of an Excavation or Occupancy permits.

Fees are as follows:

- Emergency No Parking Signs: \$.75 each
- Application Fee: \$120.00
- Inspection Fee: \$90 per hour
- Reissued Permits: \$60
- Parking Meter Charges: See Section 11
- Shared Mobility Devices: \$90 per unit. See Section 18.
- Small Cell Tower non city poles only: \$300 each unit.

Fee for contractors that failed to obtain a permit (after an inspector or other finds work being done without a permit):

- Application Fee 24-48 hours after notification of emergency repair: \$200.00
- Application Fee after 48 hour notice: \$350.00
- On Demand Fee: \$250.00

NOTE: Billing of General Fees for all public and private utility companies will require approval from the Director of Public Service and/or their designee.

Projects of a duration requiring multiple inspections will be billed at the \$90 per hour rate. The need for additional inspection will be determined during the plan review process based on the complexity and duration of the project. When an inspector is required to work beyond their normal scheduled hours or weekends, the permittee shall be required to pay any additional inspection cost at an hourly rate. When a Department employee is required to respond to an emergency situation due to neglect of securing a steel plate or other hazardous situation, it will be the responsibility of the permittee to cover the cost of the employee and any material cost to rectify the situation in a safe manner. These costs shall be paid upon receipt of invoice or deducted from the permittee's deposit. Failure to pay these costs may result in the forfeiture of deposit monies, a moratorium on obtaining future permits, or both.

8. Traffic Control: Traffic control devices shall be furnished, erected, maintained, and removed by the permittee in accordance with guidelines published in the manual of "Traffic Control for Construction and Maintenance Operations" current revision. Copies are available at the Ohio Department of Transportation, located at 1980 West Broad Street. In the event of conflicting requirements, any additional maintenance of traffic requirements spelled out in the plans shall take precedence over the above-mentioned manual. Any specific condition attached to the permit by the Temporary Traffic Control Coordinator shall take precedence over both the manual and plan notes.

NOTE: Traffic cones are not permitted as traffic control devices for night work within the City.

9. New Pavement or Re-pavement: No permit will be granted to any person to make any opening in the new pavement or re-pavement of a street or alley, except for the purpose of repairing leaks in pipes, for a period of three years after the completion of such new pavement or re-pavement. When emergency repairs are necessary, the Director of Public Service and/or their designee shall provide details and specifications on how the permanent pavement repairs are to be made per Standard Drawing 1441.

No permit shall be granted to any person to make any opening in hard surface areas (pavement, sidewalks, curbs, etc.) within right-of-way for Special Improved Streets for a period of five (5) years after construction or substantial construction of such hard surface areas. In addition, within right-of-way of Special Improved Streets, joint use of facilities shall be required so long as there is adequate space available in the existing facilities at reasonable and nondiscriminatory rates. Special Improved streets shall be reviewed and approved by the Director of Public Service and/or their designee upon which hard surface or landscaped improvements have been constructed or proposed to be constructed which are enhanced architecturally, aesthetically and/or structurally compared to standard City

specifications for publicly dedicated streets or alleys. The Director of Public Service and/or their designee shall maintain a list of Special Improved Streets together with the beginning and ending dates of the five (5) year period.

10. Option for Pavement Repairs by City Contract: A permittee may elect to perform all or part of the repair work required when making a permitted pavement cut. If the permittee is not able to meet the requirements of this regulation and current City standards and specifications governing repairs to utility cuts, the permittee may opt to have all or part of this work performed by the City. The request for the City to perform any and all restorations shall be given at the time the application is submitted for permit processing. If the work is to be performed by the City, a separate pavement repair fee shall be paid to the City for this work. The amount of this pavement repair fee shall be established by unit prices for the quantity of work to be performed. This money shall be collected at the time the permit is issued, unless billing procedures have been approved by the Director of Public Service and/or their designee. The unit price rates shall be made available in advance for cost estimating purposes. The amount due the City shall be equal to the work planned to be performed.

11. Parking Meters: Whenever the work being performed restricts the use of City parking meters, the agency requesting the permit shall be responsible for paying the daily meter charge for each meter involved. The permit application shall include the meter numbers affected. When the activities require the removal of the meter heads, or it is determined by the City that meter heads need to be removed, a meter head removal fee shall also be charged. These fees shall be paid at the time the permit is issued. Parking meter fees charged will be the total daily fee, as if the meter is to be occupied for all enforcement hours.

When an occupancy permit is issued where parking meters have been requested to be bagged, each vehicle using a bagged meter location must have a permit. The original occupancy permit must be visible and in the vehicle using the bagged meter location. All other vehicles within the closure limits will be subject to parking restrictions identical to those of loading zones, which allows 15-minute parking unless actively loading or unloading. Permittee shall comply with the City's On-Street Parking Out of Service Policy.

12. Steel Roadway Plates: The City requires that all companies, corporations, or individuals placing steel roadway plates in the right-of-way of any street, alley, or public right-of-way shall notify the Department of Public Service. The contractor's name, employee contact name with a 24-hour emergency telephone number, plate location, number and size of plates, and the approximate number of days planned for placement shall be submitted weekly either by telephone at (614) 645-7497 or via FAX at (614) 645-1876.

The contractor shall also have available sufficient quantity and various sizes of trench plates for their use when needed for protecting and securing trenches opened by the contractor. In the Downtown Business District area, all steel plates shall be a minimum of one inch in thickness. All steel plates shall be secured by using bituminous asphalt material around the perimeter of the plate and shall be a minimum of twenty-four inches wider in width than the actual excavation size, and a minimum of twenty-four inches longer in length than the actual excavation size. Steel plates shall not be left in the roadway for a period to exceed 30 calendar days, unless approved by the Director of Public Service and/or their designee.

NO SPIKES OR PINS ARE PERMITTED TO SECURE A STEEL PLATE.

Steel plates shall have the company name etched, engraved, or welded on each plate placed in road right-of-way, face up for identification and be monitored by the permittee to assure plates are secured and have not moved from their trench. Warning signs (COC - 327 (R/L)) must be placed in such a way that it does not obstruct motorist or pedestrians, identifying a steel plate is located in the roadway per standard drawing 1441. When steel plates are to be placed on roadways with a posted speed limit of 35 M.P.H. or greater, advanced warning signs (COC - 328) must be placed per standard drawing 1441. Failure to secure a roadway steel plate may result in fines and penalties per City Code, Chapter 903.99.

13. Emergency Phone Number Posting: The permit holder shall post in a conspicuous place at the job site a sign with a 24-hour emergency phone number. This shall be required whenever any travel portion of a lane or a sidewalk is barricaded.

14. Dumpster/Containers: All dumpsters or containers placed within public right-of-way must have an occupancy permit. This regulation does not apply to the trash containers placed by the Refuse Collection Division. Occupancy permits for dumpsters or containers may be issued to the vendor who supplies them or the permittee requesting the use of one. The vendor shall be responsible for providing a dumpster or container in compliance with current City of Columbus regulations. Each dumpster or container shall be equipped with reflectorized hi-intensity barricade tape (minimum 8 inches wide, standard orange and silver). A minimum of two bands each are required for dumpsters or containers less than four feet in height and three bands for dumpsters and containers over four feet in height. Each band shall be spaced evenly around the perimeter of the dumpster or container. The company's name and a 24-hour telephone number shall be placed on each side so that it is clearly visible. A weatherproof 9"x12" plastic envelope shall be affixed to the dumpster or container to provide a means of posting the permit. The permittee shall be responsible for the placement of two lighted barrels. The requirement of such shall be evaluated at the time of permit application or when a hazard develops.

If a permit is only for a dumpster or container to be placed in the right of way and not part of a larger construction project, it shall be limited to a seven (7) day period unless approved in advance as part of the permit process.

If a dumpster or container is to occupy an actual parking meter space, the fee(s) for that particular meter shall be charged in place. (See Section 11).

15. Special Duty Police Officers: When required by the permit, or if required by the City Service or Safety Director, the permittee shall be responsible for hiring and paying for the services of Uniformed Special Duty Police Officers. Police officers shall be required at all times when working within a signalized crosswalk and for controlling traffic in a 2-way 1-lane traffic pattern as determined by the Director. The City of Columbus will determine the number of officers required. An officer may be obtained by calling (614) 645-4795 and obtain the "Guidelines for Supervising Special Duty Police Officers," issued by the Chief of Police.

16. Penalty: Whoever violates any provision of this policy shall be deemed guilty of a first degree misdemeanor and fined not exceeding one thousand dollars (\$1,000.00), or imprisoned for not more than six months, or both. Any such violation shall constitute a separate offense on each successive day continued, in accordance with Columbus City Code, Section 903.99.

17. Right to Decline: The City of Columbus reserves the right to decline additional permits to a previous permit holder for other projects if a violation exists. No permit shall be issued until the violations are corrected to the satisfaction of the Division of Infrastructure Management Administrator or designee.

The City may limit the approved use of the right-of-way at any time due to unforeseen operational circumstances, but shall make every reasonable effort to alleviate the effects of any such limitation.

18. Shared Mobility Devices: Shared Mobility Devices (SMD) means small mobility devices, such as bicycles, scooters, or other similar mobility devices as determined by the Director of Public Service, including electronic versions thereof, that are offered for short term rental to subscribers on a minute, hourly, or daily basis for a fee for short distance travel. The fee shall include, but shall not be limited to, per trip, per time period, or on a subscription basis.

FOR
CITY CODE, CHAPTER 905**

**DEPARTMENT OF PUBLIC SERVICE
DIVISION OF INFRASTRUCTURE MANAGEMENT**

CITY OF COLUMBUS, OHIO

SUBJECT: SIDEWALK REPAIR GRANT PROGRAM

EFFECTIVE DATE: JANUARY 2, 2023

RULE:

The abutting private property owner(s) of record shall be responsible for the proper maintenance and repair of all

sidewalks, shared-use paths and driveway approaches within the abutting right-of-way for any improved or unimproved street, alley, or other public way within the city, which provides access around, in, or to said private property in accordance with the requirements of Chapter 905 of Columbus City Code and these rules and regulations.

The City may provide grant funds to assist in the payment of these required repairs. The grant money is subject to the availability of funds and the applicant meeting the grant requirements.

1. General Provisions:

1.1 Authority: These rules and regulations were created under the authority provided within Chapter 905 of Columbus City Code.

1.2 Definitions: Terms contained within these rules and regulations shall have the meanings outlined within Section 905.02 of Columbus City Code.

2. Purpose Of The Sidewalk Repair Grant Program:

2.1 Purpose: To provide grant money to low income residential property owners and Neighborhood Commercial Revitalization (NCR) district small business owners to help them make sidewalk repairs.

3. Eligibility Requirements:

3.1 Violation Letter: The residential property or business owner must have received a violation letter requiring the owner to repair the sidewalk, and/or shared-use path, and/or driveway approach within the abutting right-of-way to their property. Alternatively, the property or business owner can self-report their property. If found to be in violation, a violation letter will be issued.

3.2 Other Requirements: The residential property or business owner must meet the income eligibility requirements and the property eligibility requirements to be eligible for a grant.

4. Income Eligibility Requirements:

4.1 Residences: Residential households must have a total gross adjusted income of 80% or less of the Area Median Income (AMI) as determined by the United States Department of Housing and Urban Development (HUD), with adjustments for household size.

4.2 Residence Household Size: Total residential household income includes the income of people 18 years of age and older living in the home at least 50% of the year.

4.3 Small Businesses: Small business owners in Neighborhood Commercial Revitalization districts must meet the income eligibility limits in 49 Code of Federal Regulation part 26.67.

5. Property Eligibility Requirements:

5.1 Property Location: Eligible properties are residential single-family owner-occupied properties located within the City of Columbus corporate limits or small business enterprises located within one of the City's six Neighborhood Commercial Revitalization (NCR) Districts.

5.2 Ownership and Occupancy: The applicant must have owned and occupied the property for at least 12 months prior to the time of grant application.

5.3 Property Tax Status: Property taxes must be current at the time of application or the owner must be on a verifiable payment plan with the Franklin County Auditor's Office.

5.4 Money Owed to the City of Columbus: Property owners must not be delinquent on taxes or other money owed to the City of Columbus.

6. Grant Amount:

6.1 Dollar Amount: Residential properties can receive a maximum of \$2,500.00 or the amount of the required repairs, whichever is less. Eligible small businesses located in a Neighborhood Commercial Revitalization (NCR) can receive a grant amount equal to the entire cost of the repairs.

6.2 Availability of Funds: Grants are dependent on the availability of funds.

6.3 Cost of Repairs in Excess of Grant Funds: If the grant amount does not cover the entire cost of the repair, the property owner is responsible for the remaining balance.

7. Program Requirements:

7.1 Items Eligible for Repair: Only items specifically stated in the Notice of Violation letter are eligible for repair with this grant money.

7.2 Contractor Selection: Repairs can be made by a contractor the property owner selects, by the City's contractor, or by the property owner. If the property owner makes the repairs without using a contractor, the property owner will only be reimbursed the cost of materials.

7.3 Payment of Grant Funds: The City will pay the grant amount directly to the contractor unless the contractor verifies they have been paid in full by the property owner. Property owners that make the repairs without using a contractor will only be reimbursed the cost of materials.

7.4 Property Owner Responsible for Contracting: If the property owner elects to have the City make the repairs, the City's contractor will be used. If the property owner does not want the City to make the repairs, the property owner will be responsible for contracting with an approved contractor to perform the work, and also for paying the balance of the charges after the grant amount is applied.

7.5 Property Tax Assessment: If the property owner wants the balance of the charges to be assessed against property taxes, the repairs must be performed by the City's contractor. The City will pay any remaining balance after the grant amount is applied, and the amount paid by the City will be assessed against property taxes.

8. How To Apply For A Grant:

8.1 Where to get the Application: Download the application from the Department of Public Service's website or contact 311.

8.2 Returning the Application: Mail or deliver the completed application to the Department of Public Service.

9. Permit and Fee:

9.1 Permit Required: A permit is required for repair work to be performed on a sidewalk, driveway approach, and/or shared use path located within the public right-of-way.

9.2 Application Fee: The application fee for the permit is \$165 and includes 1/2 hour of inspection.

CITY CODE, CHAPTER 906
DEPARTMENT OF PUBLIC SERVICE
DIVISION OF INFRASTRUCTURE MANAGEMENT
CITY OF COLUMBUS, OHIO**

SUBJECT: NON-COMMERCIAL OCCUPANCY IN THE PUBLIC RIGHT-OF-WAY

EFFECTIVE DATE: JANUARY 2, 2023

RULE:

All governmental agencies, companies, corporations, and individuals wishing to occupy any street, sidewalk, alley, or public right-of-way of the City of Columbus for any purpose other than construction activity shall obtain the consent of the Director of the Department of Public Service. Such consent shall be in writing as set forth in the rules of this regulation.

1. General Provisions:

1.1 Authority: Chapter 906 of the Columbus City Code requires any person or agency desiring to occupy public right-of-way for any non-commercial purpose to first obtain a permit. Such permits are issued by and through the Department of Public Service, Division of Infrastructure Management Administrator in accordance with the provisions of this regulation.

2. Type of Permits: There are two types of permits for occupying the public right-of-way:

2.1 Street Occupancy Permits: This type of permit is needed when it is necessary to occupy the right-of-way of any public street or alley.

2.2 Sidewalk Occupancy Permits: This type of permit is needed when it is necessary to occupy the right-of-way of any sidewalk. Pedestrian access must be maintained at all times with a minimum of six (6) feet of clearance at all times.

3. Parking Meters: Whenever the event being performed restricts the use of City parking meters, the applicant shall be responsible for obtaining the parking meter numbers to be reserved and paying the total daily meter charge for each of the parking meters reserved. The permit application shall include the parking meter numbers affected. Parking meter fees charged will be the total daily fee, as if the meter is to be occupied for all enforcement hours.

When an occupancy permit is issued where parking meters are to be bagged, each vehicle using a meter must have a permit. The occupancy permit must be visible and displayed on the front dash of each vehicle.

4. Permits Not Issued For:

- Vehicle storage on City right-of-way within High Impact Areas (as defined by Section 8)
- Structures over 200 square feet
- Heating and/or cooling devices in the public right-of-way
- Any type of camping or cooking

5. Application and Review: Requests for occupancy permits shall be made through the Division of Infrastructure Management Administrator. All requests shall be on forms approved by the Division of Infrastructure Management Administrator and shall conform to Section 2 of these regulations. No occupancy may begin until a permit has been issued.

Requests to occupy the right-of-way of any improved or unimproved street, sidewalk, alley or public way shall be submitted at least five (5) working days prior to an event. When the applicant is requesting a full lane closure, the request shall be submitted at least ten (10) working days in advance.

6. Review and Approval: Each permit request shall be reviewed as indicated below and is subject to approval by the Division of Infrastructure Management Administrator.

6.1 Review: All occupancy permit applications shall be reviewed by the Division of Infrastructure Management and the Columbus Police Division, Traffic Bureau.

6.2 Application Approval or Denial; Appeal: Applications for permits shall be processed in order of receipt by the Division of Infrastructure Management.

The Division shall decide whether to grant or deny a permit or a request for an extension of time within five (5) working days unless, by written notice to the applicant, it extends the period an additional five (5) working days.

If the Division denies an application, it must notify the applicant by email or in writing of the grounds for denial. Denial of an application or extension of time may be appealed in writing to the Director within ten (10) working days of the date of the denial. The Director shall decide any appeal within seven (7) working days of receipt of the appeal and shall notify the applicant of the decision by email or in writing.

The Division may only deny an application for a permit on one or more of the following grounds:

- 1) The applicant or the person on whose behalf the application for permit was made has on prior occasions made material misrepresentations regarding the nature or size of the structure and/or associated use or activity previously permitted or has violated the terms of prior permits issued to or on behalf of the applicant;
- 2) The application for permit (including any required attachments and submissions) is not fully completed and executed;
- 3) The applicant has not tendered the required application fee with the application;
- 4) The application for permit contains a material falsehood or misrepresentation;
- 5) The applicant is legally incompetent to contract or to sue and be sued;
- 6) The applicant or the person on whose behalf the application for permit was made has on prior occasions damaged City property and has not paid in full for such damage, or has other outstanding and unpaid debts to the City;
- 7) A fully executed prior application for permit for the same time and place has been received, and a permit has been or will be granted to a prior applicant authorizing a structure associated with a use or activity which does not reasonably permit multiple occupancy of the place requested in the application;
- 8) Any use or activity by the applicant associated with the proposed structure would conflict with a previously planned use or activity organized and conducted by the City and previously scheduled for the same time and place;
- 9) The proposed structure and/or associated use or activity would present an unreasonable danger to the health or safety of the public or would be otherwise prohibited by law, including but not limited to any applicable requirements of the Americans with Disabilities Act (ADA).

In no event may any application be denied or conditions placed on any permit issued based on the content of any speech or communicative activity associated with the proposed structure or occupancy.

6.3 Permit Expiration: Permits shall be issued for the time period necessary to conduct the activity in accordance with these regulations. No permit shall be issued for a period longer than five (5) consecutive days. No permit will be issued back to back or consecutively. An applicant who is issued an initial permit may receive a subsequent permit for the same area one (1) day after the date of expiration of a previous permit, provided the applicant meets all other rules and regulations. Applicants for subsequent permits will be subject to a priority given to a new applicant for the same area. The five day time limit for permits may be extended by the Administrator of the Division of Infrastructure Management upon request of the permit holder and for good cause shown.

7. Liability: The issuance of an Occupancy Permit does not relieve the permit holder from liability for any damage that might occur to the Public right-of-way, street, sidewalk, the public, or personal property while engaging in activities authorized by the permit.

8. High Impact Areas: For purposes of this regulation, High Impact Areas are defined below:

- Downtown Business District
- Construction Areas
- Arterial Streets (Arterial streets are those listed on the current City of Columbus Thoroughfare Plan).

9. Form of Application or Request for Permit: Occupancy Permit requests shall contain, but not be limited to, the following information:

- Name of applicant making request
- Address of applicant
- Contact name and phone number (24-hour emergency number is needed)
- Location of event or activity - street address number if applicable (permits issued per location, not per structure)
- Days needed (3 days maximum)
- Proposed hours for event
- Purpose of request
- Start date
- Traffic control needs
- Parking meter numbers (see Section 3)

10. Inspection: Inspection of occupancy shall be completed by personnel of the Division of Infrastructure Management. Any additional inspections required by other city agencies will be determined at the time of processing an application. Upon a successful final inspection, any deposits will be processed and returned to the permit holder.

11. Fees: All applicants shall pay a fee as set forth below to cover the administrative costs of issuing the permit and performing an inspection of the site. All fees are to be paid at the time the permit is obtained. These fees are non-refundable.

- Application Fee: \$60.00
- Parking Meter Charges: various, depending on meter
- Emergency No Parking Signs: \$.75 each

12. Obligations of the Permit Holder:

12.1 Traffic Control: Traffic control devices shall be furnished, erected, maintained, and removed by the permit holder in accordance with guidelines published in the manual of “Traffic Control for Construction and Maintenance Operations” current revision. Copies are available at the Ohio Department of Transportation, located at 1980 West Broad Street. Any specific condition attached to the permit by the Division of Infrastructure Managements Construction Coordinator shall take precedence over the manual.

12.2 Monitoring of Site: No structure or personal property used for an event or activity, to include shelter tents, chairs and tables, may remain in the public right-of-way unattended, and in no case may remain in the public right-of-way between the hours of 9:00 p.m. and 8:00 a.m. unless the street is closed under the authority of a block party permit. These hours may be extended by the Administrator of Infrastructure Management upon request of the permit holder and for good cause shown.

12.3 Maintenance of Site: It shall be the responsibility of the permit holder to provide all materials and services necessary to maintain the permit area in a clean, safe and sanitary condition. These materials include but are not limited to: trash receptacles, portable restroom facilities, and snow and ice removal with pre-approved materials. The permit holder shall be responsible for any actual costs or damages incurred by the City as a result of the use of the right-of-way, including but not limited to, reimbursement, at the employees' regular hourly rates, for time spent by city employees removing debris or repairing damage resulting from the event.

12.4 Special Duty Police Officers: When required by the permit, or if required by the City Service or Safety Director, the permit holder shall be responsible for hiring and paying for the services of Uniformed

Special Duty Police Officers. Police officers shall be required at all times when event activities are at or near street intersections. The City of Columbus will determine the number of officers required. The determination as to the need and number of any special duty officers shall be made solely on the basis of traffic control, which basis shall be specified and communicated by email or in writing to the applicant by the City official making the determination. An officer may be obtained by calling (614) 645-4795.

13. Penalty: Whoever violates any provision of Chapter 906 of the Columbus City Code shall be deemed guilty of a first degree misdemeanor and fined not exceeding one thousand dollars (\$1,000.00), or imprisoned for not more than six months, or both. Any such violation shall constitute a separate offense on each successive day continued, in accordance with Columbus City Code, Section 906.99.

The City may limit the approved use of the right-of-way at any time due to unforeseen operational circumstances, but shall make every reasonable effort to alleviate the effects of any such limitation.

1. Purpose

The City of Columbus recognizes that public on-street parking as well as private parking for mobile food vending businesses is limited in many commercial, residential, historic, and mixed-use neighborhoods. In order to preserve the vitality for residents and to balance it with the needs of businesses in areas of limited parking, it is necessary to establish a temporary commercial zone permit for mobile food vending. The purpose of these rules and regulations is to establish requirements and processes for application, review, and issuance of permits for the temporary occupancy of on-street parking by a licensed mobile food vendor while maintaining vehicular traffic access on the street, road, or alley.

2. Authority:

2.1 Pursuant to the authority granted under Chapter 922, Chapter 523, and Chapter 573 of the Columbus City Codes, 1959, the Director of Public Service hereby adopts, establishes, and publishes these rules and regulations to be effective at the earliest time allowed by law.

2.2 These rules and regulations supersede all previously promulgated rules and regulations for temporary commercial zone permits, and are applicable to public right-of-way, and city-owned and operated public parking facilities.

3. Definitions: The following words, terms and phrases, when used in these rules and regulations, shall have the meanings ascribed to them, except when the context clearly indicates a different meaning:

3.1 Application means a form created by the Department of Public Service, Division of Infrastructure Management.

3.2 Commercial zone means a geographic area that has a combination of public right of way access, vehicular traffic patterns, pedestrian density, and mobility options, such that reasonable access for mobile food vending does not constitute an unreasonable threat to public health and safety.

3.3 Congestion Zone means a geographic area that has a combination of public right of way parking limitations, meter restrictions, vehicular traffic patterns, pedestrian density, and mobility issues, such that unrestricted access for mobile food vending constitutes an unreasonable threat to public health and safety.

3.4 *Department* means the City of Columbus Department of Public Service, Division of Infrastructure Management.

3.5 *Director* means the Director of the Department of Public Service, or designee.

3.6 *Mobile food vendor* means every corporation, association, joint stock association, person, firm or partnership, their lessees, directors, receivers, trustees, appointees by any court whatsoever, or the heirs, executors, administrators, or personal representatives or assignees of any deceased owner, owning, controlling, operating or managing any mobile food vending unit.

3.7 *Non-commercial zone* means all areas within the corporate limits of the city of Columbus that have not been designated a "congestion zone" or a "commercial zone." Non-commercial zone includes any public right of way where the city of Columbus requires, at all times, a permit for parking.

3.8 *Petition* means a form created by the Department which is developed from an application for a temporary commercial zone, which includes the requested parking area. There shall be an area on each petition for property owners or tenants, or building managers whose property adjoins the side(s) of the public street affected by the permit to sign as being in favor of the requested permit.

3.9 *Public Right of Way* means any property owned by the city of Columbus, including but not limited to, any street, road, alley, sidewalk, vacant lot, or other tract of land.

3.10 *Residential Zone* means a geographic area that is made up of predominately single-family and/or multi-family housing.

3.11 *Temporary Commercial Zone* means the closing of one (1) or more parking locations in the public right of way between one (1) or more intersections, while maintaining vehicular traffic access on the street, road, or alley, for the purpose of conducting commercial activity, including mobile food vending.

3.12 *Temporary Commercial Zone Permit* (*hereinafter referred to as "Permit"*) means a permit issued by the Department to an Applicant for the temporary closure and occupancy of one or more on-street parking spaces, but not for temporary closure of the public right-of-way.

4 General Permit Rules

4.1 No person shall use any public right of way to establish a temporary commercial zone without first obtaining a temporary commercial zone permit.

4.2 A permit is required in a residential zone anytime a mobile food vendor operates in the public right of way.

4.3 A permit is required in a commercial zone anytime a mobile food vendor operates in any parking space that is not the first or last parking space adjacent to an intersection of any street, road or alley.

4.4 A permit is required in a congestion zone anytime a mobile food vendor operates in any parking space between the hours of 6:00 AM and 3:00 AM that is not a designated mobile food vending parking space or the first or last parking space adjacent to an intersection of any street, road or alley after 10:00 PM.

4.5 Each permit is the property of the City of Columbus. Improper use or forgery of a permit may result in the revocation of the current permit and/or non-renewal of any future permit application, as determined by the Department.

4.6 No permit shall be issued to an Applicant with unpaid City of Columbus parking tickets, or who is delinquent on any taxes or other obligations to the City or County.

4.7 Each permit issued by the Department shall display the motor vehicle's license number. The permit shall be displayed on the driver's side dashboard of the lower front window of the vehicle. A permit is valid only for the location and dates designated on the permit.

4.8 Permits are non-transferrable.

5 Limitation On Parking Closures

5.1 In a residential zone, no temporary commercial zone permit shall be effective for more than three (3) consecutive days without written approval from the Director.

5.2 In a commercial zone, no temporary commercial zone permit shall be effective for more than three (3) consecutive days without the written approval from the Director.

5.3 In a congestion zone, no temporary commercial zones permit shall be effective for more than one (1) day without written approval from the Director.

5.4 In a congestion zone, no more than three (3) total permits shall be issued for the same day without written approval from the Director.

5.5 No individual or organization shall cause or allow the operation of a mobile food vending unit in the public right-of-way or in any city-owned and operated public parking facilities, as prohibited by Title 5 of Columbus City Codes, 1959, without first obtaining a Mobile Food Vending License and Right of Way Permit.

5.6 The Department, the Columbus Division of Police and the Columbus Division of Fire may temporarily suspend permit parking if the public right-of-way is needed for an emergency or temporary use, including, but not limited to, the construction,

maintenance, or repair of a street or utility or special event.

5.7 Whenever an Applicant requests a Permit for a metered parking space, the applicant shall be responsible for obtaining the parking meter numbers to be reserved and pay the total daily meter charge for each of the parking meters reserved. The Application shall include the parking meter numbers affected. Parking meter fees charged will be the total daily fee, as if the meter is to be occupied for all enforcement hours.

5.8 When a Permit is issued where parking meters are to be bagged, each vehicle using a meter must have a permit. The temporary commercial zone permit must be visible and displayed on the front dash of each vehicle.

5.9 No permit shall be issued on any street or area that is a no stopping zone.

5.10 At no time shall the permitted vender be allowed to park on a sidewalk or drive over the curb.

6 Indemnification And Hold Harmless Agreement

6.1 The applicant shall agree in writing on a form provided by the City to hold the city of Columbus, its employees, agents, servants, boards and commissions harmless from liability arising from the issuance of the temporary commercial zone permit and from the conduct of the participants or customers of the temporary commercial zone.

6.2 The applicant shall agree in writing on a form provided by the City to indemnify the city of Columbus, its employees, agents, servants, boards and commissions against all claims of injury or damage to persons or property caused by the negligent acts of the applicant.

7 Permit Application Process

7.1 Applications shall be submitted to the Department at the following address

or by email: ATTN: Permit Manager City of Columbus

Division of Infrastructure Management
111 N. Front Street Columbus, Ohio
43215 ColsPermits@columbus.gov
<mailto:ColsPermits@columbus.gov>

7.2 Requests to occupy the right-of-way of any improved or unimproved street, sidewalk, alley or public way shall be submitted at least five (5) working days prior to an event.

7.3 Applications for permits shall be processed in order of receipt by the Department.

7.4 Applicants requesting a permit in a residential or commercial zone may include multiple dates over a three (3) month period for a specific location per application.

7.5 Applicants requesting a permit in a congestion zone may include up to three (3) dates in a thirty (30) day period for a specific location per application.

7.6 If the parking requested for a Permit is located within the boundaries of a civic association, business association, area commission and/or special improvement district that represents the area proposed for a Permit. The applicant is required to obtain a Certificate of Appropriateness or a letter of support from the appropriate commission or association. The Department shall consider the input from the applicable organization(s) as it reviews the Application.

7.7 Following the review of the permit application and complete petition, the Director shall take one of the following actions:

- Approve the permit application as submitted; or
- Deny the permit application, with basis for denial; or
- Recommend to the Applicant approval of the petition with changes, with basis for recommendation.

7.8 A Permit shall be issued if the following requirements are met:

- The Application is on the form provided by the Department; and
- The Applicant has met the requirements of the Application and paid the required fees; and
- The Applicant has submitted a petition bearing the signatures of all property owners or business owners whose property is within twenty-five (25) feet of the parking space(s) affected by the permit. A petition with less than the required signatures may be accepted provided the applicant has demonstrated and documented, in person and in writing, a good faith effort to contact the business owners or property owners who did not sign the petition; and
- The Applicant has executed the indemnity agreement; and
- The Applicant has presented proof of a current and valid Mobile Food Vending License and a MFV Right of Way Permit; and
- The Applicant has agreed to otherwise abide by the relevant rules and regulations regarding such mobile food vending activity;
- The Applicant is not delinquent on any taxes or other obligations to the city or county; and
- The Applicant has no unpaid parking citations; and
- In consideration of the input from an applicable civic association, business association, area commission or special improvement district, the Department has made a determination that the public health, safety or welfare will not be negatively impacted upon the granting or renewal of a Permit.

7.9 The decision of the Director shall be final.

8 Permit Application: The Application for a Permit shall be on a form provided by the Department, and shall require, at a minimum, the following information:

- Name and mailing address of the Applicant
- Name of vendor(s), if not the Applicant
- Motor vehicle year, make and current year motor vehicle registration
- Mobile Food Vending License Number or decal number
- Contact name and phone number (24-hour emergency number is needed)

- Location of event or activity - street address number if applicable (permits issued per location, not per structure)
- Days requested for permit activity
- Proposed hours for permit activity
- Purpose of request
- Start date
- Traffic control needs
- Parking meter numbers
- Valid government photo ID at the time of purchase.

9 Permit Fees

9.1 All applicants shall pay a fee as set forth below to cover the administrative costs of issuing the permit and performing an inspection of the site.

9.2 All fees are to be paid at the time the permit is obtained.

9.3 The fee for a Permit shall be \$120.00.

9.4 Parking meter out of service fees will vary, depending on meter duration, location and hours of operation, and shall be imposed as if the meter requested for a Permit is fully occupied for the duration of the Permit. Please contact the Permit Office at (614) 645-7497 for more information.

10 Refunds, Transfers, and Expiration

10.1 Permit fees shall not be refunded.

10.2 A Permit is specific to a specific location, and shall not be transferred to another location or vehicle.

11 Enforcement, Denial, Revocation, Suspension, and Termination

11.1 The Director, the Director of the Department of Public Safety, the Director of the Department of Development, the Health Commissioner, and his/her designees shall have the authority to inspect and enforce the provisions of these Rules and Regulations.

11.2 The use of a Permit is subject to the enforcement of applicable local and state traffic, parking, general offenses, and right-of-way occupancy codes and regulations. Enforcement of these rules and regulations may include parking citation and/or impoundment, suspension, revocation, termination or denial of a Permit, or in egregious circumstances up to and including criminal prosecution pursuant to Section 922.99 of Columbus City Code.

11.3 The Department may deny issuing a Permit or revoke or suspend without refund any portion of any fees for a Permit if:

1. The permit holder fails to comply with the requirements of these rules and regulations or other applicable law;
2. The permit holder makes a false statement of material fact on an application for

- a Permit; or
3. The permit holder misuses, copies or transfers a Permit without written approval from the Department.

**GENERAL RULES AND REGULATIONS
FOR
CITY CODE, CHAPTER 2139**

**DEPARTMENT OF PUBLIC SERVICE
DIVISION OF INFRASTRUCTURE MANAGEMENT
CITY OF COLUMBUS, OHIO**

SUBJECT: SPECIAL HAULING PERMITS (SHP)

EFFECTIVE DATE: JANUARY 2, 2023

Purpose:

These rules and regulations are necessary to mitigate the deterioration of streets, highways, bridges, utilities and other City-owned structures caused by overweight and oversized vehicles. Sections 5577.01 to 5577.15 of the Ohio Revised Code address the weight and dimension limits for such vehicles. Section 4513.34 of the Ohio Revised Code and Section 2139 of the Columbus City Code authorize the Director of Public Service to issue permits for those loads that exceed the statutory weight and dimension limits contained in the Ohio Revised Code. These limitations and provisions described below are the general requirements placed on the operation of the over dimension and overweight vehicles traveling on roadways and are in addition to specific provisions stated on the Special Hauling Permit (SHP) or its attachments. For reference or detailed information, please refer to the ODOT Special Hauling Permits Operational Guide or contact the City of Columbus Permit Section.

1. General Permit Requirements:

1.1 No application for a Special Hauling Permit (SHP) shall be approved unless the application is legible and complete.

1.2 A copy of the current and valid Special Hauling Permit (SHP) issued by the City of Columbus(COC) shall be in the possession of the driver at all times during the progress of transportation and shall be shown on demand to any law enforcement officer, Ohio State Highway Patrol or to any employee of City of Columbus. The SHP shall be clearly legible and free of any markings, writing, symbol, logo, letterhead, characters or inscriptions that are not part of the SHP as transmitted by COC (an additional tele-facsimile

header is allowed).

1.3 The permission granted in the SHP restricts the movement of the vehicle(s) or object(s) to the highways specified, between the points designated, and within the time allotted. Permittee shall check the route for abnormal, changed, or unknown/unusual conditions which may exist during any transport. Permits are only lawful on city streets. At the discretion of the local authority provided in the Ohio Revised Code, they are not valid on the interstate system, US routes, and state routes under the authority of the state of Ohio. Permittee shall obtain permission to travel county or township roads or local streets not part of the City of Columbus Roadway System within the city from the proper governmental agencies.

1.4 No vehicle(s) or object(s) being transported under a SHP shall be parked on the roadway at any time except in case of an emergency, in which case permittee shall be responsible for obtaining adequate protection for the traveling public while such vehicle or object is parked. The vehicle(s) shall not be loaded or unloaded while on the roadway.

1.5 The driver of the permitted vehicle must comply with all laws, rules, regulations or credentials covering the movement of traffic over highways and streets and Commercial Motor Vehicle operations.

1.6 SHPs will not generally be issued for built-up loads that are divisible into legal loads or loads that have not been loaded to the least over dimension or the least overweight. However, miscellaneous items may, however, be transported on the same vehicle with an over dimensional piece or pieces as long as the miscellaneous items do not add to the over dimension. It is not necessary to identify these miscellaneous items. If, in the event of an extenuating circumstance, an SHP is issued for a divisible load in which two or more pieces add to the over dimension or over weight, such load shall be adequately described

1.7 An SHP is void at any time that road, weather or traffic conditions make travel unsafe, as determined by the State Highway Patrol or local law enforcement.

1.8 Movement of mobile homes, manufactured structures, office trailers, and park model recreational vehicles is prohibited when wind velocity exceeds 25 mph on the roadway or 15 mph on bridges.

1.9 The duration of the SHP shall not extend beyond the expiration date of the insurance policy filed with the Department.

1.10 The original permit and any attachments as issued must be carried in the cab of the vehicle during movement.

1.11 The permittee is solely responsible for renewing its permit prior to its expiration date. The City of Columbus shall not issue any notice prior to expiration of said permit. The permittee is also responsible for ensuring that the permit accurately describes the vehicle and load. The permit is null and void if there are any inaccuracies contained in the description of the vehicle or load.

2. Type Of

Permits:

2.1 Single Trip

2.1.1 Single Trip permits will be issued for a specific origin and destination. This permit may also include a return to the stated point of origin. This type of permit would be appropriate when a load is needed at a job site and is then returned to the point of origin all within the effective dates of the permit. Application must include the specific route proposed.

2.1.2 Single Trip permits will be issued for vehicles that are over 120,000 pounds gross weight and/or over 90 feet in length and/or over 11 feet in width and/or above 13'-6" in height.

2.1.3 Single Trip permits are issued to the specific truck or commercial tractor used for the load or loads. When indicated on the application, various trailers may be used. On overweight configurations, the trailers must be identical as far as number of axles, axle spacing, axle weights, and number of tires on each axle and the sizes of those tires.

2.1.4 Permittee will have 5 consecutive days to move the vehicle.

2.2 Continuing Annual Permits (Less Than 120,000 Lbs. GVW)

2.2.1 When more than one load needs to be moved, a 365 day continuing permit may be issued to a specific vehicle including an approved load for repeated one-way movement between the same two points over prescribed routes. This permit may also include a return to the stated point of origin. Maximum duration of validity is 365 days.

2.2.2 The permit is issued to the truck or commercial tractor. When indicated on the application, various trailers may be used. On overweight configurations, the trailers must be identical as far as number of axles, axle spacing, axle weights, and number of tires on each axle and the sizes of those tires.

2.2.3 The load, in addition to being under 120,000 lbs. gross weight, must not be greater than 13'-6" in height and not greater than 11 feet in width. If any of these conditions exist, a single trip permit must be obtained per Section 2.1.

2.3 Construction Equipment (UNDER 120,000 LBS. GVW)

2.3.1 This specialized permit is used for the frequent movement of over width construction machinery to and from job sites. To qualify for this permit, the vehicle and load must be legal in accordance with Section 5577.04 through 5577.05 of the Ohio Revised Code. Maximum duration of validity is 365 days.

2.3.2 Loads may consist of small dozers, backhoes, or other similar equipment being transported on straight trucks or on equipment trailers pulled by trucks, or on semi-trailers hauled by commercial tractor. Field office trailers towed on their own undercarriages may also be included. The permit is issued to the truck or commercial tractor. When indicated on the application, various trailers may be used.

2.3.3 Be alert for overhead obstructions and be aware that posted limits, including those on pavements and bridges, must be obeyed.

2.3.4 The load, in addition to being under 120,000 lbs. gross weight, must not be greater than 13'-6" in height and not greater than 11 feet in width. If any of these conditions exist, a single trip permit must be obtained per Section 2.1.

2.3.5 Revisions may be issued upon request at no charge whenever construction impedes movement along the assigned route. Request may be made by calling the Permit Office at 614-645-7497.

3. Fees: The fees for government projects may be waived at the discretion of the Director of Public Service.

3.1 OVERSIZE LOAD (1 TIME MOVE)

§ \$100.00

3.2 OVERSIDE LOAD (ANNUAL)

§ 80,000 to 90,000 lbs. GVW = \$500.00

§ 90,001 to 105,000 lbs. GVW = \$1,150.00

§ 105,001 to 120,000 lbs. GVW = \$1,700.00

4. VEHICLE OPERATING LIMITATIONS:

4.1 No vehicle(s) or object(s) being transported under an SHP shall travel in convoy with any other oversize /overweight vehicle or vehicle and load. Convoying is defined as operating within 500' of any other permitted vehicle that is traveling in front and in the same direction as said vehicle.

4.1.1 Every vehicle operating under an SHP when traveling on freeways, expressways, multi-lane undivided highways, shall remain in the extreme right-hand lane of said roadway except as necessary to maintain continuous through movement, to make left turns or exits or to pass other vehicles.

4.1.2 Any load with an overall height in excess of 14 feet 6 inches shall be required to coordinate the move with the owners of all overhead signs, signals, utilities, etc., which may obstruct safe, clear movement.

4.1.3 Reductions in legal weight posted on roadways or bridges must be obeyed. Contact the Permit Office immediately if your route includes legal load reductions.

4.1.4 Due to bridge load limit restrictions, no SHP is permitted for the following roadways within the City of Columbus:

- § Arcadia Ave east of Indianola
- § Calumet St.
- § Country Club Rd.
- § Lehman Rd. east of Gender Rd.

5. Days/Hours of Travel Restrictions

5.1 Overweight vehicle/loads that are not over dimensional, traveling under the authority of an SHP, will not be restricted as to travel hours or days so long as the overweight vehicle/load can move without obstructing the normal flow of the traffic.

5.2 With the exception of permitted legal dimensioned overweight vehicle/loads noted above, vehicle/loads traveling under the authority of a SHP shall be prohibited from movement on the following days / weekends: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

5.3 Movement of all vehicles/loads in excess of twelve feet in width shall be prohibited within the city limits of Columbus between the hours of 6:30 a.m. and 9:00 a.m. and 4:30 p.m. and 6:00 p.m. Monday through Friday.

5.4 Movement of all vehicles/loads in excess of twelve feet in width shall be permitted during daylight hours only (daylight hours are defined as one-half hour prior to sunrise to one-half hour after sunset).

6. Warning Flags, Lighting, And Signs:

6.1 All warning flags, lights, and signs shall be displayed as described in the OPERATIONAL REQUIREMENTS section of the ODOT SHP OPERATIONAL GUIDE and per the Ohio Revised Code, section 5577.

7. Private Escort Vehicles:

7.1 Private Escort vehicles, when required by an SHP to accompany an over dimensional or overweight vehicle or vehicle/load, shall be required to display a warning sign, yellow with black letters, reading "OVERSIZE LOAD". The sign shall be 5 feet long by 12 inches high with 8 inch high letters and shall be in good repair. Escort vehicles shall also be required to maintain radio communication with the operator of the permitted vehicle and shall also be required to be equipped with a roof mounted amber flashing or rotating light(s). Driver of the escort vehicle is to act as a flagger when needed.

7.2 The Driver of an escort vehicle shall not serve as an operator of other vehicles or equipment while escorting a vehicle/load operating under an SHP. Unless otherwise specified on the SHP, Public Safety /Law Enforcement Vehicles shall not be considered to be Private Escorts.

7.3 One rear escort vehicle shall be required for the transportation of any vehicle/load with a permitted length in excess of 90 feet. Columbus Police escort required when excess of 100 feet.

7.4 One lead (rear on multiple lane highways) escort vehicle shall be required for the transportation of any vehicle/load with a permitted width in excess of 11 feet. Columbus Police escort required when excess of 13 feet.

7.5 One lead escort vehicle equipped with a height sensing device shall be required for the transportation of any vehicle/load with a permitted height in excess of 14 feet. Columbus Police escort required when excess of 15 feet.

7.6 One lead and one rear escort shall be required on any vehicle/load with a permitted width in excess of 11 feet and on any vehicle/load with a permitted height in excess of 14 feet.

7.7 If more than one of the conditions set forth in numbers 2 through 4 above are met, (for example, a load with a permitted width exceeding 11 feet and a permitted length exceeding 90 feet) two escorts (one lead and one rear) shall be required. Depending on size of load and route, more than one Columbus Police Officer maybe required.

7.8 Front and rear escort vehicles, when required, shall maintain a safe operating distance consistent with existing traffic conditions between the vehicle/load being escorted and the escort vehicle.

7.9 Escort vehicles shall be a single unit vehicle with unobstructed vision from the front and rear. Escort Vehicles when accompanying a vehicle/load operating under an SHP shall not tow a trailer or another vehicle, or haul equipment which extends beyond the dimensions of the escort vehicle.

8. Penalties for Violation:

8.1 Failure to comply with the requirements herein shall render the SHP null and void and the operator of the vehicle will be subject to enforcement action, as provided in Sections 2139.02 through 2139.05 of the Columbus City Code.

8.2 An SHP should not be voided when a vehicle exceeds a granted axle weight by 2000 lbs or less, provided that the vehicle does not exceed the gross vehicle weight granted by the SHP. The permittee shall be responsible for bringing the vehicle into compliance with the SHP prior to substantial movement upon being ordered so by law enforcement officials pursuant to a traffic stop. If the load cannot be brought into compliance, the load may not move until a revised SHP is obtained from the Department of Public Service. Should the vehicle be moved prior to the vehicle being brought into compliance or prior to a revised SHP being obtained, the SHP shall be rendered null and void and the operator will be subject to enforcement action as provided in Sections 2139.02 to 2139.05 of the Columbus City Code.

8.3 Moving violations for offenses that are relevant to the safe movement of a Commercial Motor Vehicle (for example, Speed, Reckless Operation, DUI, Improper Lane Change, etc.) shall render the SHP null and void, and the operator subject to additional enforcement action as provided in Title 21 of the Columbus City Code.

OFFICIAL NOTICE
LAND STEWARDSHIP DESIGN STANDARDS RULE AND REGULATION
REVISAL

Pursuant to Columbus City Codes Section 1117.04, the Department of Public Utilities hereby provides notice that the Director has revised the Land Stewardship Design Standards Rule and Regulation. The Design Standards provide the criteria by which the Director will protect the water supply reservoirs and provide eligible contiguous landowner access for stewardship activities or improvements on land stewardship property. Pursuant to Columbus City Codes Section 121.05, this rule and regulation will be effective 10 days after this publication.

This rule and regulation supersedes Division of Water Rule and Regulation 2022-02, published January 29, 2022, in the *Columbus City Bulletin*.

The Land Stewardship Design Standards can be found online by selecting the “learn more” hyperlink under the “Reservoir Land Stewardship Program and Neighbor Communications” section from the webpage, <<https://www.columbus.gov/watershed>>, and then visiting the Land Stewardship Program website or by contacting John Newsome, P.E. at jgnewsome@columbus.gov or 614-645-7020.
