STATEMENT OF HARDSHIP

APPLICATION #

3307.09 Variances by Board.

A. The Board of Zoning Adjustment shall have the power, upon application, to grant variances from the provisions and requirements of this Zoning Code (except for those under the jurisdiction of the Graphics Commission and except for use variances under the jurisdiction of the Council). No variance shall be granted unless the Board finds that all of the following facts and conditions exist:
   1. Special circumstances or conditions apply to the subject property that do not apply, generally, to other properties in the same zoning district.
   2. The special circumstances or conditions are not the result of the actions of the property owner or applicant.
   3. The special circumstances or conditions make it necessary that a variance be granted to preserve a substantial property right of the applicant which is possessed by owners of other property in the same zoning district.
   4. The grant of a variance will not be injurious to neighboring properties and will not be contrary to the public interest or the intent and purpose of this Zoning Code.

B. In granting a variance, the Board may impose such requirements and conditions regarding the location, character, and other features of the proposed uses or structures as the Board deems necessary to carry out the intent and purpose of this Zoning Code and to otherwise safeguard public safety and welfare.

C. Nothing in this section shall be construed as authorizing the Board to affect changes in the Zoning Map or to add to the uses permitted in any district.

I have read Section 3307.09, Variances by Board, and believe my application for relief from the requirements of the Zoning Code satisfies the four criteria for a variance in the following ways:

Please see attached Statement of Hardship.

Statement of Hardship

Kroger Co.
Brewery District

The applicant, property owner Kroger Co., seeks a variance to reduce the minimum number of required parking spaces from 250 to 222 under C.C. 3312.49. The variance is necessary due to Kroger’s planned expansion of the footprint of its store by 19,388 square feet on the south side of the existing store – which is 72,006 square feet today – making the total square footage for the new store 91,394 square feet. Kroger Co. does own parking spaces located along the north and west sides of its store, however those parking spaces are encumbered by a lease to other owners in the area. The expansion on the south side will be in an area that currently serves as parking, as reflected on the attached Site Plan.

The Front Street corridor in this Brewery District location is a mixed-use pedestrian neighborhood, with many store customers walking to the grocery from area apartments, and many stopping at the store while parked in their designated office parking locations in the immediate area. A 28 parking space reduction is appropriate at this location, and in this type of neighborhood.

Having this grocery store in the M, Manufacturing zoning classification is, of itself, an unusual circumstance, and is a condition that does not apply generally to other properties in the M district. The Kroger Co. was able to develop originally in the M district under codified zoning entitlements. Historically this was a manufacturing district, though it has evolved into true mixed-use area, housing a mix of residential, restaurant, office, and entertainment venues. A variance on these facts, seeking a modest reduction in the parking requirement to accommodate an expansion improvement to what is generally regarded as one of the marquis Kroger locations in the vicinity, is warranted. The grant of this variance will not be injurious to neighboring properties and will not be contrary to the public interest or the intent and purpose of the Zoning Code.

The applicant respectfully requests that variance request be supported by City Staff, recommended for approval by the Brewery District Commission, and approved by the Board of Zoning Adjustment.

Kroger Co.
