

FOR DEPARTING TRAVELERS

ZIKA ALERT

Zika is an illness mostly spread by mosquitoes. Infection during pregnancy may be linked to birth defects in babies.

If you are visiting a Zika-affected area (find out where at cdc.gov/zika), take steps to prevent mosquito bites.

Travelers to Zika-Affected Areas
PREVENT ZIKA

Use
insect
repellent.

Use air
conditioning
or window/
door screens.

Wear long-
sleeved
shirts and
long pants.

Use condoms
or abstain
from sex to
avoid sexual
transmission.
