STATEMENT OF HARDSHIP

APPLICATION #

3307.09 Variances by Board.

- A. The Board of Zoning Adjustment shall have the power, upon application, to grant variances from the provisions and requirements of this Zoning Code (except for those under the jurisdiction of the Graphics Commission and except for use variances under the jurisdiction of the Council). No variance shall be granted unless the Board finds that all of the following facts and conditions exist:
 - 1. Special circumstances or conditions apply to the subject property that do not apply, generally, to other properties in the same zoning district.
 - 2. The special circumstances or conditions are not the result of the actions of the property owner or applicant.
 - 3. The special circumstances or conditions make it necessary that a variance be granted to preserve a substantial property right of the applicant which is possessed by owners of other property in the same zoning district.
 - 4. The grant of a variance will not be injurious to neighboring properties and will not be contrary to the public interest or the intent and purpose of this Zoning Code.
- B. In granting a variance, the Board may impose such requirements and conditions regarding the location, character, and other features of the proposed uses or structures as the Board deems necessary to carry out the intent and purpose of this Zoning Code and to otherwise safeguard public safety and welfare.
- C. Nothing in this section shall be construed as authorizing the Board to affect changes in the Zoning Map or to add to the uses permitted in any district.

I have read Section 3307.09, Variances by Board, and believe my application for relief from the requirements of the Zoning Code satisfies the four criteria for a variance in the following ways:

Nationwide Childrens Hospital's Healthy Homes Program is asking to be awarded a variance for the rear yard at the property on 588 E Kossuth Street, Columbus Ohio 43206. We seek to rehab the existing structure, and to construct an 2-Story addition with a 1-Car garage with two rooms above. We are asking to be given a variance for the rear yard as it does not meet the general requirement for rear yard setback of 25% of the lot's area.

Healthy Homes implements a program that is designed to acquire blighted and abandoned properties to rehabilitate so that they can be resold. Additionally, Healthy Homes seeks to improve the condition of our neighborhood by improving the housing inventory and the quality of living of its residents. To this point, Nationwide Childrens Healthy Homes program has acquired over 40 properties in the targeted area. We found that in order for properties to be sold, in a reasonable amount of time, they need to at least have a one car garage and over 1400 SF. Of living space. This variance would allow us to design a home that meets the above conditions.

In our efforts to improve the area, Healthy Homes needs to have the ability to provide the consumer with homes that have all the necessary amenities by meeting and surpassing the amenities that are typically provided in the existing housing inventory. As we are able to provide nicely designed rehabilitated homes, we believe that buyers will continue to be attracted to purchase them and live in our newly revitalized neighborhood. Additionally, as a benefit of selling properties, we will be able to acquire and renovate more blighted and abandoned homes which in turn will allow us to continue to transform the entire community.
