STATEMENT OF HARDSHIP

APPLICATION #

Any request for a Variance from this Graphics Code shall be heard and decided by the Graphics Commission as provided by the Graphics Code.

3382.05 Variance

A. The Graphics Commission shall have the power, upon application, to grant a Variance from one (1) or more provisions of this Graphics Code. No Variance shall be granted unless the Commission finds that a hardship exists, based upon special physical conditions which:

1. Are due to exceptional shallowness, shape, toppgraphic conditions or other extraordinary situations peculiar to the premises itself; or
2. Differentiate the premises from other premises in the same zoning district and the general vicinity; or
3. Prevent a reasonable return in service, use of income compared to other conforming premises in the same district; and
4. Where the result of granting the Variance will not be injurious to neighboring properties and will not be contrary to the public interest or to the intent and purpose of the Graphics Code.

B. In granting a Variance, the Graphics Commission may impose such requirements and conditions regarding the location, character, and other features of the *graphics* as the Commission deems necessary to carry out the intent and purpose of this Graphics Code and to otherwise safeguard public safety and welfare.

C. Nothing in this Graphics Code shall be construed as authorizing the Commission to affect changes in the Zoning Map or to add to the uses permitted in any district.

I have read Section 3382.05, Variance, and believe my application for relief from the requirements of the Graphics Code satisfies the four criteria for a variance in the following ways:

(PLEASE SEE THE ATTACHED)

3950 PARK WEST DRIVE

Statement of Hardship

I have read Section 3382.05, Variance, and believe my application for relief from the requirements of the Graphics Code satisfies the four criteria for a variance in the following ways:

This subject site known as 3950 Parkwest Drive Unit'A' , Parcel ID # 570-238440 is located in Franklin County, City of Columbus, Southwestern City School District and is zoned Manufacturing LM. It is located in the Greater Hilltop Area Commission and is 24.121 legal acres in size. This site provides for sales and service of truck and related parts to the trucking industry. This site recently applied for ground and wall sign permits to identify the areas of the site to help direct new and existing customers to the proper areas of the building to pick up parts and to locate the service areas.

1). This graphics Plan request is not the result of the site's topography conditions, shape or location.

2). This site differs from similar sites as the need to direct traffic on this 24 acre site is critical to customer identification and smooth flow of traffic

3). With-out effective directional signs customer frustration from the inability to locate the needed services would have a effect on customer satisfaction and return opportunities for parts and service.

4).The granting of this variance would not be injurious to neighborhood properties and will not be contrary to the public interest or to the intent, spirit and purpose of the graphics code. The sign code per CC:3377.15(C) makes provisions for a graphics plan to include directional signs. We therefore respectfully request your consideration in our request.

Respectfully Submitted,

Stanley W. Young, III
