- ODH continuing grant opportunity: youth, July
- Quit line campaign running now
- Consider recruiting from city council for champion

### RECAP FROM FEBRUARY MEETING:

1. TFC subgroups: infant mortality, smoke-free housing, public places (including schools)
2. Meta-themes: prevention, cessation, education/resources, policy

### TFC STRUCTURE:

## SUBGROUP REPORTS:

### *Public Places*

- Prevention: “big P” health standards K-5
- Policy: Tobacco21, smoking in car, no flavorings in tobacco, tobacco free schools in higher education, asthma recognition education at schools
- Education: distribute information concerning tobacco, marijuana, and vaping

### *Infant Mortality*

- Resources: Develop a toolkit
  - Include attention grabbing information
  - Cessation resources that are available for free
  - See if we can work with the CelebrateOne Connector Corps to distribute information
- Education: distribute information regarding the negative health impact tobacco contributes to infant mortality
  - Target at risk women
  - Target males living in hot spots → connect with various Fatherhood programs

### *Smoke-free housing*

- Policy: Increase proportion of smoke-free multi-unit housing options in Columbus and Franklin County
  - Policies should be inclusive throughout a community (not partial in a community)
  - Local first

**Next meeting: April 13, 2016** (meetings are second Wednesday of every month)
