STATEMENT OF HARDSHIP

APPLICATION # _____

3307.09 Variances by Board.

- A. The Board of Zoning Adjustment shall have the power, upon application, to grant variances from the provisions and requirements of this Zoning Code (except for those under the jurisdiction of the Graphics Commission and except for use variances under the jurisdiction of the Council). No variance shall be granted unless the Board finds that all of the following facts and conditions exist:
 - 1. That special circumstances or conditions apply to the subject property that does not apply generally to other properties in the same zoning district.
 - 2. That the special circumstances or conditions are not the result of the actions of the property owner or applicant.
 - 3. That the special circumstances or conditions make it necessary that a variance be granted to preserve a substantial property right of the applicant which is possessed by owners of other property in the same zoning district.
 - 4. That the grant of a variance will not be injurious to neighboring properties and will not be contrary to the public interest or the intent and purpose of this Zoning Code.
- B. In granting a variance, the Board may impose such requirements and conditions regarding the location, character, and other features of the proposed uses or structures as the Board deems necessary to carry out the intent and purpose of this Zoning Code and to otherwise safeguard the public safety and welfare.
- C. Nothing in this section shall be construed as authorizing the Board to affect changes in the Zoning Map or to add to the uses permitted in any district.

I have read Section 3307.09, Variances by Board, and believe my application for relief from the requirements of the Zoning Code satisfies the four criteria for a variance in the following ways:

SEE ATTACHED.

Property Address: 1435 N. High Street

Applicant: 180 Partners, LLC
P.O. Box 163970
Columbus, Ohio 43216

Types of Action Requested

The Applicant proposes to build a 144-room hotel with ground floor retail uses. The applicant requests the following variances:

1. 3312.49 – Minimum number of parking spaces required. The required number of parking spaces is 151 (144 for the hotel and 7 for the retail after UCO reduction on the retail). The applicant is requesting a variance to permit 121 spaces.
2. 3309.14 – Height Districts. The project is located within the H-35 district and the proposed building will be 85'6" tall.

Statement of Hardship

The variances requested will allow for a substantial improvement to the property and the neighborhood. The variances from the code are not substantial relative to the ongoing development on High Street in the area and would complement the existing and currently developing projects along the High Street Corridor as evidenced by the proposed code change to allow for taller buildings on High Street and a larger parking reduction in the area. The variances will not have a negative impact on delivery of governmental services and are in line with the spirit and intent of the code. The parking variance will be offset by the walkable nature of the area as well as street parking and nearby structured parking available.
