

DRAFT October 27, 2016 CACDI Meeting DRAFT

In attendance:

Paul Walker

Deb Wood

Tricia Kovacs

Kay Grier

Claire Jennings, MORPC

April Williams

Dave Cameron

Nancy Pryor Sully

Katie Frederick

MORPC is working on a federally required plan in 2008. The plan includes public, nonprofit and private folks to help with transportation. The money and plan are through the FTA Grant 5310. 2017 funds will likely open in the spring; 2016 funds are just now going out per approved contracts. MORPC receives federal money to disburse for many transportation-related projects. Survey deadline is likely the end of the year.

Laura Akerman OSU AgrAbility, national program created 25 years ago to help people with disabilities farming. Grants are available every four years for the program.

Correction to September minutes, Kay Grier did not attend the meeting; she was at her organization's annual retreat. Council member Hardin is having a roundtable Tuesday, November 1. Before the September minutes are approved, Tricia will clarify issues such as curb cuts and orphan ramps, and audible signals.

Council Hardin's Parsons roundtable is from 6:00-7:00 at 1113 Parsons Ave. Tricia, Kay and Katie attended Ohio Transportation Equity Summit. There is a follow up meeting for this group in November. Kay will share information with Kathy Foley about federal transportation programs helping with transportation. caldwellrk@cota.com (contact about snow removal). Email April and ask him to come maybe in December or January.

We'll check into meeting locations for 2017. Kay made a motion and the meeting adjourned at 2:30.
