

2020 RFP Report Department of Public Utilities						
Division	Section	CIP #	Project Name	Project Description	Scheduled posting date	Estimated Due Date
Sanitary Sewers	Treatment Engineering	(P) 650009-100003	Real Time Control Sewer System Optimization, Part 2	Implementation of Real Time Control decision support tools.	9/18/2020	10/16/2020
Water	Water Supply	(P) 690576-100000	DOW Safety Improvements	DOW Safety Improvements.This project will design and install safety improvements at various DOW facilities to comply with OSHA regulations and good safety practices. Safety improvements may include but are not limited to modification/installation of guardrails, ladders, fall protection systems, signage, and machine guarding.	9/18/2020	10/16/2020
Sanitary Sewers	Collection System	(P) 650179-100000	Williams and Castle Inteceptor (fka Shadeville Sanitary Interceptor)	Shadeville Sanitary Interceptor	10/5/2020	10/30/2020
Sanitary Sewers	Collection System	(P) 650895-100007	Sunbury/Mock Road HSTS Elimination Program	This project involves the design and construction of sanitary sewers to serve this developed area that is currently served by home treatment systems.	10/12/2020	11/6/2020
Storm Sewer	Stormwater	(P) 611721-100000	Northwest Stormwater Study	Analyze drainage within NW portions City of Columbus, identify flooding concerns, and develop alternatives and costs for solving those concerns.	10/12/2020	11/13/2020
Sanitary Sewers	Treatment Engineering	(P) 650346-100003	DOSD Electrical Upgrades Program	The project will evaluate electrical infrastructure at DOSD facilities, prioritize needs and provide design and construction support services.	11/2/2020	12/4/2020
2021 RFP Report Department of Public Utilities						
Water	Water Supply	(P) 690542-100002	General Architectural Services - Division of Water 2021	General Architectural Services - Division of Water 2021	2/15/2021	3/14/2021
Storm Sewer	Stormwater	(P) 610555-100001	Storm Sewer Large Diameter Condition Assessment Phase 2	This project will consist of systematic inspection and rehabilitation of the City's large diameter storm sewer infrastructure. Current plans call for a study/assessment stage to be followed by an additional engineering stage for detailed design of any necessary repairs. Construction will follow thereafter.	2/19/2021	3/20/2021
Sanitary Sewers	Treatment Engineering	(P) 650353-100006	SWWTP Digester Process Expansion, Phase II	This project is to rehabilitate the three acid phase digesters (APDs) at the Southerly Wastewater Treatment Plant (SWWTP). In addition to the APD rehabilitation, this project will investigate the feasibility of fats, oils, and grease (FOG) receiving, organic food waste receiving, and nutrient removal prior to the digestion process.	3/10/2021	4/5/2021

Division	Section	CIP #	Project Name	Project Description	Scheduled posting date	Estimated Due Date
Water	Water Supply	(P) 690555-100000	Dam Engineering Services (DES)	Dam Engineering Services (DES).To be proactive and practice responsible dam safety, the City will conduct recurring assessments and regulatory compliance activities for its non-FERC dams. Based on nature of the findings and recommendations, this project may also include design of recommended improvements and associated engineering services during construction (SDCs). Construction of improvements will be conducted under separate +6 extension projects (690555-10000X).	3/15/2021	4/9/2021
Sanitary Sewers	Collection System	(P) 650725-100020	Alum Creek Trunk (South) - Phase 2	This project will rehabilitate approximately 8,769 lineal feet of 102" sanitary trunk sewer pipe via shotcrete methods.	4/8/2021	5/8/2021
Sanitary Sewers	Treatment Engineering	(P) 650260-100400	DPU General Engineering Consultant Services (GEC) #5	This project will provide General Engineering Consultant Services for 2021-2024, whose tasks shall include, but are not limited to, investigations, inspections and evaluations of existing conditions, surveying, preparation of engineering or architectural drawings, documents/drawings for permit approval, specifications and bid documents, preparation of record plan drawings for small projects, and technical assistance in the preparation of Facilities/Equipment Maintenance (FEM) documents.	4/19/2021	5/21/2021
Electricity	Street Lighting	(P) 670895-100000	Noe Bixby Road Street Lights	This project will install new lights on Noe Bixby Road between Laraine Court and Cedar Drive.	4/26/2021	5/26/2021
Electricity	Street Lighting	(P) 670899-100000	Circuits 128 and 80 Street Lighting Improvements	This project will replace the lights on Broad Street between Garfield and 21st.	4/26/2021	5/26/2021
Water	Water Supply	(P) 690580-100000	PAWP Wellfield Development	PAWP Wellfield Development.This project will design and construct improvements to develop a new wellfield and associated raw waterline based on recommendations from the PAWP Concept Plan Update project.	4/26/2021	5/26/2021
Sanitary Sewers	Collection System	(P) 650725-100022	Blacklick Creek Sanitary Subtrunk Rehabilitation	This project will rehabilitate approximately 13,870 lineal feet of 42" sanitary trunk sewer pipe.	4/26/2021	5/26/2021
Storm Sewer	Stormwater	(P) 610055-100000	Storm Sewer Large Diameter Condition Assessment Phase 1	This project will consist of systematic inspection and rehabilitation of the City's large diameter storm sewer infrastructure. The Study/Assessment for Phase 1 will be completed by November 2020. The next stage will require detailed design of sewer sections determined in the Study/Assessment phase. Construction will follow thereafter.	8/27/2021	9/24/2021
Sanitary Sewers	Collection System	(P) 650025-100001	Overall Engineering Consultants (OEC) 2022-2026	Integrated Plan - SSES Overall Engineering Consultant (OEC) from 2022 to 2026.	10/4/2021	11/5/2021
Sanitary Sewers	Treatment Engineering	(P) 650360-100003	WWTF Upgrade - General Program #5	Wastewater Treatment Facilities Upgrade - General Program (OEC)	11/1/2021	12/4/2021
