

Chemical Reporting: How to File a Chemical Report

Facilities covered by Emergency Planning and Community Right-to-Know Act (EPCRA) requirements must submit an Emergency and Hazardous Chemical Inventory Form to the Local Emergency Planning Committee (LEPC), the State Emergency Response Commission (SERC), and the local fire department annually. This report must be completed and submitted by March 1 of each year or earlier.

Computer-Based Tier II Submit Report

By taking advantage of the computer-based Tier II Submit Report, it will be easier for you to complete the Tier II Chemical Inventory Report from year to year.

Most reports will take 45 to 60 minutes, but if you're familiar with the report system, it may take less time using the online software.

For more information on Tier II and to obtain the SERC Compliance Manual and forms, go to:

<http://www.epa.ohio.gov/dapc/serc/invforms.aspx>

Submitting a Tier II Chemical Inventory Report

When you are finished, sign and date all forms and the map(s) and send to:
