

Declaration Contract for Geotechnical Engineering Services

For Excavation and/or Fill located at: _____
(Project Address)

I acknowledge that I: _____ / _____
(Name of Professional Engineer / Registration Number)

have been retained by: _____
(Owner / Permittee Name)

to perform field construction observation and testing to ensure that the earthwork is performed in accordance with sound engineering practices and in general compliance with the project plans and specifications.

I will report all discrepancies and potential hazards to the Owner / Permittee with recommendations for correction, and to the City of Columbus, Department of Building and Zoning Services (BZS) if not corrected within a reasonable timeframe. My contract permits me to suitably perform these services. A Summary Report will be submitted to the Owner / Permittee and to BZS upon completion of the related work.

(Date)

(Signature of Professional Engineer)

I hereby acknowledge that the above named individual or firm is authorized to perform the services described above, and that I will insure prompt compliance with their recommendations.
