- The site is located within the boundaries of the Far East Area Commission, whose recommendation is for approval.
- The Limitation text commits to less objectionable M, Manufacturing uses, specifically office warehouse uses, self-storage units, and related accessory uses. The text commits to a site plan and includes development standards addressing setback requirements, traffic access, buffering, and lighting.

CITY DEPARTMENTS’ RECOMMENDATION: Approval.

The requested L-M, Limited Manufacturing District will allow construction of four warehouses / flex space buildings that are compatible with the density and development standards of adjacent manufacturing developments. Although the Brice-Tussing Area Plan recommends commercial uses at this site, more recent planning efforts including the Brice-Tussing Market Study (2015) and the currently underway Far East Area Plan view this area as having potential for light industrial, warehouse, or employment center activities.
