

PREFACE

For the purpose of providing a quick reference to the differences between the 2018 Standard Drawings and the Standard Drawings prior to 2018, the following comparison table of the Standard Drawing Index for the two versions is listed below for convenience only. No attempt has been made to list all changes between the two versions. The user should refer directly to the Standard Drawing, latest edition.

Prior to 2018 Standard Drawing No.	2018 Standard Drawing No.	CIP Standard Drawing Title
