

SPECIAL EVENTS SUPPORT PROGRAM

2019 Guidelines

THE CITY OF
COLUMBUS
ANDREW J. GINTHER, MAYOR

RECREATION AND PARKS
DEPARTMENT

PURPOSE

To create a more efficient, merit-based and transparent process for funding special events in the City of Columbus, the Columbus Recreation and Parks Department, launched the Special Events Support Program (SESP) on January 1, 2017.

This process seeks to formalize the various types of requests that the City currently receives on a year-round, rolling basis by establishing an annual funding cycle. The City will make all funding decisions in early spring.

The program provides funding in five categories to Columbus based organizations which have an established reputation for excellence and credibility, which enhance Columbus' overall cultural environment, supports the City's economic vitality and increases the visibility and reputation of Ohio's capital city as a desirable destination for visitors.

An event is defined as a planned social function, occurring either one-time, on an annual basis or as part of a series. Events that celebrate a community, neighborhood, local heritage and/or cultural experiences through the presence of live performances, food and merchandise, and/or interactive exhibits are eligible for funding if they are held in public spaces and are open to the public.

It is the intention of the City to encourage the production of free special events that enhance the quality of life, provide low-cost entertainment and other leisure activities, and contribute to the dynamic atmosphere of the community.

Support from the SESP is contingent on the approval of the City's annual budget and completion of all required agreements and follow-up reporting on the part of the applying organizations. Prior success in receiving an award is no assurance that an organization will be awarded funding in the future. Even though an event may qualify, limited funds may not allow all events to receive financial support from the City.

PROGRAM ADMINISTRATION

The Columbus Recreation and Parks Department's Office of Special Events administers the program, including advertising the availability of funds, providing technical assistance to applicants, managing the review process, and distributing funds.
