

The **National Center for Biomedical Research and Training (NCBRT)** at **Louisiana State University** invites you to join us for a unique training opportunity. The NCBRT is offering the following Department of Homeland Security (DHS) certified course:

Site Protection through Observational Techniques

AWR-219

This course helps public safety personnel improve their observational techniques by using a four-step ongoing screening process—assessing, identifying, evaluating, and acting. Participants will examine each step of the process and apply the concepts to fictional scenarios, photographs, and videos. At the end of this course, participants will be able to better recognize, communicate, and act upon suspicious behaviors that could indicate a terrorist attack.

Professional Disciplines: Law Enforcement, Public Safety Communications, Transportation Security, Private Sector/Corporate Security, and Safety Professionals

The primary target audience for the **Direct Delivery** version of this course is law enforcement and security personnel.

The secondary audience for this course is intentionally broad, and includes fire services, emergency medical services, government officials, public safety personnel, facility managers, and any others who support security operations for sites or events.

The target audience for the **Train-the-Trainer** version of this course is established trainers/instructors in academies, agencies, or departments who are seeking to train participants by teaching the Indirect version of this course using course materials provided by NCBRT.

The Indirect version of this course is commonly delivered as part of in-service or academy training to support continuing education.

Date: Tuesday, April 23, 2019
Registration begins: 7:45AM
Class Time: 8AM-4PM

Location: James G. Jackson Columbus Police Academy
1000 North Haque Ave.
Columbus, Ohio 43219

How to Register: Register Online at:
[https://train.ncbrt.lsu.edu/Student/](https://train.ncbrt.lsu.edu/Student/Register?ClassID=26232)
[Register?ClassID=26232](https://train.ncbrt.lsu.edu/Student/Register?ClassID=26232)

Registration Password: NCBRT219

If you have trained with NCBRT before, enter your FEMA SID, last name and first name. If your training record is found, your registration form will be pre-filled for you. Otherwise, click register as a new person to fill out a blank registration form.

Once registration is complete you will receive an email confirmation. This email will contain your FEMA SID and registration confirmation number. This will be used to take the post-test and class evaluation.

As soon as you complete registration, you will see a link "go to class page." Click on this link to access the class information page. The pre-test will be available to you and should be completed prior to the class start date.

All participants are required to have a **FEMA SID** prior to enrolling in this training. Please visit cdp.dhs.gov/femasid to register for a **FEMA SID**.

NCBRT

AWR-219

The National Center for Biomedical Research and Training at Louisiana State University offers DHS-certified courses covered under the NCBRT's Homeland Security National Training Program Cooperative Agreement. As a DHS primary training provider, the NCBRT can offer this vital training at no direct cost to your agency. Please contact us at info@ncbrt.lsu.edu or 1-877-829-8550 to schedule a course through your state administrative agency, or visit www.ncbrt.lsu.edu to learn more about the NCBRT's training opportunities. Remember, the time to prepare is now!
