- Policy Matter:** ****APPROVED****
A proposed code change that will help to clarify the type of Columbus Graphic Commission action that is needed for specified graphics in areas covered by overlays and special districts. As billboards and other off-premise graphics are treated by case law as a land use, they will continue to require a council variance to be allowed in these areas. Graphics with other specified characteristics will now require a miscellaneous graphic approval from the Columbus Graphics Commission in lieu of a graphics variance, as currently is required as they are listed as prohibited.
