

- The above example of 25 years, 9 months, and 26 days would earn 10.0 points for time with the Division and 3 years, 3 months, and 16 days would earn 3.0 points for time in the current promoted rank. When added together the total number of seniority points earned would be 13.0.
- The seniority is credited for half years of service.
- For example, when using the *Years in Current Class Chart*, if a candidate has 4 years and 5 months of service they would receive points for 4 years, or 4.0 points.
- When using the *Years in Current Class Chart*, if a candidate has 4 years and 10 months of service they would receive points for 4 1/2 years, or 4.5 points.
