

Resident Responsibilities - Refuse Collection

- 96-gallon refuse containers, 64-gallon recycling containers and yard waste shall be placed at the point of collection, at least 4 feet from parked vehicles and other obstructions, by 6:00 a.m. on the scheduled day of collection.
- Yard waste collection shall be at the front curb, including in areas with alley refuse and recycling collection. Yard waste shall not be collected from the alley.
- Refuse, recycling, and yard waste containers shall be removed from the point of collection (public right-of-way) by 2:00 p.m. on the day following the scheduled collection day and stored until 6:00 p.m. on the day prior to the next scheduled collection day.
- All trash shall be bagged before being placed in 96-gallon or 300-gallon refuse containers.
- The lid shall be fully closed on refuse containers. Overloaded containers shall not be collected.
- All trash shall be placed inside refuse containers for collection. Excess bagged and loose trash on the ground shall not be collected.
- Only approved recyclables shall be placed in recycling containers for collection. Recycling containers contaminated with non-recyclables shall not be collected
- Residents and property owners shall be responsible for keeping the designated point of collection and surrounding area free from debris, spillage, loose trash and overflow.
- Bulk items, such as furniture, mattresses, and non-refrigerated appliances must be scheduled for collection through the 311 Call Center (614-645-3111). Bagged and boxed items are not considered bulk and shall be placed in the refuse container for collection.
- Bulk shall not be placed out more than 3 calendar days (72 hours) prior to the scheduled collection day.
- Bulk placed out for collection must be maintained in an orderly manner until collected.
- Residents with alley collection shall place scheduled bulk items behind their property on their side of the alley for collection.
- Bulk resulting from a move-out or house clean-out is not eligible for bulk collection, and is the owner's responsibility to remove and properly dispose of through a licensed waste hauler.
- Owners or Agents in Charge of any abandoned property by a tenant or previous owner shall be responsible for the proper collection and disposal by an authorized, licensed waste hauler.
- It shall be the duty of the owner to provide for the storage, collection, and disposal by an authorized, licensed waste hauler for any construction, remodeling and demolition waste generated at or incident to any construction, remodeling, or demolition process. In addition, said owner shall provide storage capacity which is sufficient to contain the construction, remodeling and demolition waste between disposal services, and shall keep such storage capacity for the duration of the project.
