Re: Ohio Department of Transportation
FRA-70-20.29, PID 109659
Courtright Rd. Bridge over I-70

Dear Stakeholder:

The Ohio Department of Transportation (ODOT) District 6 is working with a consultant to prepare design plans for the rehabilitation of the bridge carrying Courtright Road over I-70 (FRA-70-20.29). Work planned during construction will include replacing and widening the bridge's concrete deck, adding sidewalk along the west side of Courtright Road from E. Deshler Avenue to Groves Road, and upgrading the traffic signal at Groves Road. This project is currently scheduled for construction in 2022. During construction, the bridge will be closed to pedestrians and vehicles for approximately 3-4 months.

You can provide comments regarding this project to Rebecca.Wagner@dot.ohio.gov or mail to ODOT District 6, 400 E. William St., Delaware, OH 43015. Be sure to include PID 109659 in the subject of your email or mailed letter. Comments need to be postmarked by September 24, 2020.

We sincerely appreciate your cooperation and assistance so this project can be completed at the earliest possible date.

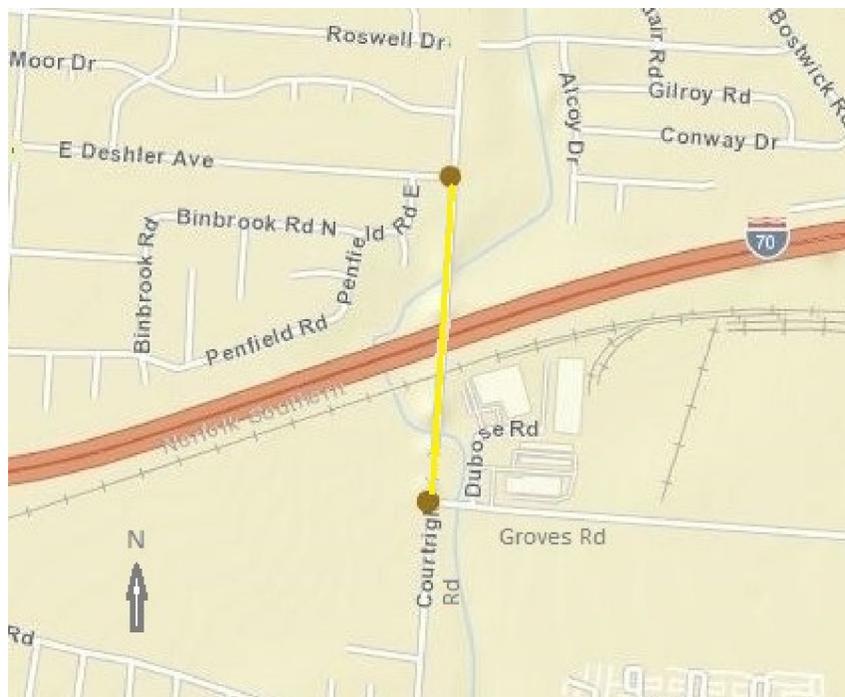

Respectfully,

Rebecca L. Wagner, P.E.
Transportation Engineer
ODOT District 6
