## **Correction to 2021 Homicide Statistics**

It was determined that the Jane Doe and John Doe homicide investigation initiated in the 2400 Block of Sullivant Avenue did not occur in 2021. Investigators are still trying to determine when the death of Jane Doe and John Doe occurred. Based on the investigative timeline, the correct number of Homicides in the City of Columbus is fourteen (14) not sixteen (16). We have no further details to release at this time. We will update these cases when new information is confirmed through the course of the investigation, which is being conducted by Homeland Security.
