

Instructions for Form IR-18

Quarterly Statement of Estimated Income Tax

Use to prepare returns for tax year **2022**

The Columbus tax rate is **2.5%**

Do I Need to File?

If you do not pay the total amount of estimated tax for the year with Form IR-21, Declaration of Estimated Tax, you must make the remaining payments using Form IR-18.

You must file and pay estimated tax if:

- You expect to owe more than \$200 in Columbus tax in 2022, or
- You are a nonresident who has taxable income in Columbus.

General Instructions

After filing Form IR-21, you will use Form IR-18 to file remaining quarterly payments. Payments are due:

- June 15, 2022
- September 15, 2022
- January 17, 2023

To complete Form IR-18:

- Line 1:** Indicate the amount of the installment.
- Line 2:** Indicate the amount of unused credit (including pre-payment amounts made on an earlier voucher), if any, to be applied to this installment. Credit for overpayment of your prior year's taxes may be applied entirely to the first installment made with Form IR-21, or divided evenly between each quarterly payment.
- Line 3:** Subtract line 2 from line 1. This is the amount of payment due. Your payment should match this amount.

Each estimated tax payment must include a payment of at least 25% of the total estimated tax shown on Form IR-21 or include a credit carry-forward.

All 2022 quarterly estimated payments must total at least 90% of the total tax liability shown on your 2022 tax return or at least 100% of the total tax liability shown on your 2021 tax return. If all estimated payments total an amount less than either of these criteria, or if payments are not made by the due dates listed above, you will be subject to penalty and interest.
