In 2016 and 2017, the City of Columbus commissioned a study from HR&A on the effectiveness of the City's economic development incentives, including real property tax abatements in Community Reinvestment Areas ("CRAs"). Based on the results of the study, the City revised its policies concerning CRA abatements, and decided to encourage the development of affordable housing by conditioning the provision of CRA abatements, in certain circumstances, on the inclusion of affordable housing.

In July 2018, City Council passed ordinance 2184-2018, adopting Chapter 4565 of the Columbus City Codes to require certain persons seeking CRA abatements in Post-1994 CRAs to meet certain affordable housing requirements as set forth therein.

Pursuant to Chapter 4565, the affordable housing requirements applicable to any particular development project depends on whether the CRA in which the project will be constructed is designated as Market Ready, Ready for Revitalization, or Ready for Opportunity (the "area designations"). Generally speaking, the area designations reflect the extent to which housing within the CRA is blighted. Development projects located in areas with less blight must satisfy higher affordable housing requirements in order to receive the abatement.

Pursuant to Chapter 4565, the area designation assigned to each CRA must be reassessed every three years. This code change will alter the reassessment dates going forward to ensure that uniform review dates are applied to all CRAs.

In addition to amending the tri-annual reassessment dates, this code change will modify the affordable housing requirements to receive a CRA abatement in Market Ready, Ready for Revitalization, and Ready for Opportunity areas. The Ordinance adopting the code change will set forth transition timelines for projects to qualify for a CRA abatement under terms established prior to the passage of this Ordinance.

To amend Chapter 4565 of the Columbus City Codes to alter the affordable housing requirements applicable in Market Ready, Ready for Revitalization, and Ready for Opportunity Community Reinvestment Areas, and to incorporate

certain administrative modifications.

WHEREAS, in 2016 and 2017 the City of Columbus commissioned and received a study from HR&A on the effectiveness of its economic development incentives, including real property tax abatements in Community

Reinvestment Areas; and

WHEREAS, in response to the study, the City developed a revised incentive policy to encourage the development of affordable housing in CRAs in stronger market areas within the City by requiring developers to construct affordable housing in consideration of the City granting the developer a tax abatement; and

WHEREAS, in July 2018, City Council passed Ordinance 2184-2018, amending Title 45 of the Columbus City Codes to add Chapter 4565 embodying the City's new residential CRA incentive policy for Post-1994 CRAs; and

WHEREAS, Chapter 4565 empowers the Director of the Department of Development to assign each residential CRA within the City one of three housing area designations: Market Ready, Ready for Revitalization, or Ready for Opportunity; and

WHEREAS, in accordance with the foregoing, Chapter 4565 requires certain property owners in Market Ready and Ready for Revitalization areas to satisfy certain affordable housing requirements to receive a CRA abatement; and

WHEREAS, Chapter 4565 requires the Director to reassess the area designations assigned to each post-1994 CRA every three years to evaluate current market conditions based on the criteria outlined in Chapter 4565; and

WHEREAS, it is now necessary to amend the code in order to alter the affordable housing requirements applicable in Market Ready, Ready for Revitalization, and Ready for Opportunity Areas, to alter the tri-annual reassessment dates to ensure all post-1994 City CRAs are reassessed on a uniform schedule; and to make certain administrative modifications. **NOW, THEREFORE,**

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

This calculation will constitute the new base amount for the succeeding year and will be adjusted annually based on the change in the CPI plus five percentage points thereafter. Project Sponsors may opt to include some amount of Affordable Housing Units in a Development Project and buy-out the remaining number of required units. If a Project Sponsor opts to buy out all of the required Affordable Housing Units in a Development Project, the Project Sponsor is required to make a fee-in-lieu payment equal to \$32,000 times 20% of the total number of units in the Development Project. For example: A development has 100 housing units. Twenty of the units rent for \$500 per month, and the other 80 units rent for \$600 per month. If the units were affordable housing units for households up to 80% of AMI, they would have to be rented for \$300 per month. If the units were affordable housing units for households up to 100% of AMI, they would have to be rented for \$400 per month. The annual payment in lieu would equal \$45,000.

~~(\$500 per month x 12 months = \$6,000 annual rent per unit for least-expensive units x 20 units = \$120,000 annual rent for the least-expensive one-fifth of units in the development.~~

~~\$400 per month x 12 months = \$4,800 annual rent per unit if affordable to household up to 100% AMI x 10 units = \$48,000 annual rent if 10% of units were affordable for households up to 100% of AMI~~

~~\$300 per month x 12 months = \$3,600 annual rent per unit if affordable to household up to 80% AMI x 10 units = \$36,000 annual rent if 10% of units were affordable for households up to 80% of AMI~~

~~Total annual rent if one-fifth of housing units were required affordable housing units: \$48,000 + \$36,000 = \$84,000~~

~~Difference between annual market-rate rent charged for least-expensive one-fifth of units and annual rents that would have been collected for affordable housing units: \$120,000 – \$84,000 = \$36,000 x 150 % = \$54,000 annual payment in lieu).~~
