Incident Summary: On November 20, 2022 around 8:35PM four adults entered the business in the 5000 block of N. Hamilton Road. A car seat in a box was selected, the car seat was discarded and the suspects began filling the box with merchandise. The male in the gray jacket had an Alpha key which allowed him to get to merchandise on display secured with a peg. They all selected and filled the box before price switching the tag on the box. When the tag on the box was scanned it came up \$39.99 instead of \$89.99. The total loss in that box was \$979.82. While that was going on there were two TV's selected and paid for. Another TV was loaded on the cart after they passed all points of sale and rolled out without offering payment. The loss on that cart was \$649.99. The group left in two different vehicles.
