

Division of Drinking and Ground Waters

Water Supply Data Sheet

PWS Name:				County:				
PWS ID:				City/Township:				
Public water system which will own this project:								
Name:								
Address:								
City:				State:			Zip:	
Name of the water system which will bill:								
Title of project:								
Specific location of project:								
Installation Date:								
Answer these questions with Y (yes) or N (no):								
Will the proposed facilities be owned by the public water system upon their completion?								
Does the project include the drilling, boring, digging, deepening, altering and/or logging of a well for the purpose of extracting potable water as part of a public water system required to be licensed under ORC Chapter 6109?								
Does the project consist only of waterlines that are exempt under OAC 3745-91-02(D)?								
Does the project include the installation of sewers or an individual treatment system?								
Is the area already served by sewers?								
Were the necessary permits applied for, if a stream or wetland crossing is part of the project?								
Does the water plant serving this project have the capacity to supply these improvements?								
Have you or do you intend to apply for project funding by Ohio EPA Water Supply Revolving Loan Account (WSRLA)/ Drinking Water Assistance Funds for a construction loan?								
Person preparing the plans:								
Name:								
Address:								
City:			State:		Zip:			
Phone:		Email:						
Provide a brief description of proposed project (e.g., wells, softening, storage, chlorination, high service pumping, water line extension: pipe type, diameter, length, number of service connections to be served by the project):								
Detail Plan Submittal Fee: Pay online or make check payable to: Treasurer, State of Ohio

As stated by section 6109.07 of the Ohio Revised Code and section 3745-91-02 of the Ohio Administrative Code, "No person shall begin construction or installation of a public water system, or make a substantial change in a public water system, until plans therefor have been approved by the director of environmental protection."

A public water system is defined as a system that has either 15 service connections or serves at least 25 individuals 60 days out of the year.

A person applying for plan review of a public water supply system pursuant to section 6109.07 of the Ohio Revised Code shall pay a fee of \$150 plus 0.35% of the estimated project cost; however, the total fee shall not exceed \$20,000. The fee shall be paid at the time the application is submitted. The fee shall be made payable to: Treasurer, State of Ohio.

If the project includes the drilling, boring, digging, deepening, altering and/or logging of a well for the purpose of extracting potable water as part of a public water system required to be licensed under Chapter 6109 of the Revised Code, include a \$20.00 well log filing fee per well log in the review fee calculation. Ohio EPA is required to collect this fee for ODNR.

ALL DETAIL PLANS SUBMITTALS ARE TO CONTAIN THE FOLLOWING IN AN ELECTRONIC FORMAT:

- 1) Water Supply Data Sheet
- 2) Review Fee
- 3) Detail Plans
- 4) Technical specifications if applicable
- 5) Appropriate endorsements (Owner, P.E., plan preparer) as applicable
- 6) Project Summary Sheets

SUBMIT PLANS TO DDAGW.Engineering@epa.ohio.gov

In order to provide assistance with the preparation of detail plans, project summary sheets are available at Ohio EPA's website. They describe how to prepare detail plans for including wells and treatment, and outline the minimum information that must be presented with sets of plans for waterline extensions, booster stations and storage tanks. In addition, if the proposed improvements are for a new community or non-transient, non-community public water system, or if the proposed improvements are being funded by the Ohio EPA Water Supply Revolving Loan Account, a written description of the system's asset management program must be submitted for approval with the plans. If you have any questions, call the District Office.

ALL WSRLA ELIGIBILITY REVIEW SUBMITTALS ARE TO CONTAIN THE FOLLOWING:

- 1) General plan or project planning documentation approval; all WSRLA projects must submit a general plan or project planning documentation prior to submitting detailed plans for review. For the elements of a general plan or project planning documentation, please see:
epa.ohio.gov/static/Portals/28/documents/dwaf/4_WSRLA_PPD_GP.pdf
- 2) Electronic versions of the following: approved general plan/ project planning documentation, full set of detailed plans, design specifications, and construction contract documents. Electronic versions can be sent via email or Ohio EPA FTP site.
