My Commission Expires: _____

FALSIFICATION OF A PUBLIC DOCUMENT IS A VIOLATION OF THE OHIO REVISED CODE, SEC. 2921.13(A)(5), A MISDEMEANOR OF THE FIRST DEGREE, PUNISHABLE BY UP TO (6) SIX MONTHS IMPRISONMENT & A FINE OF \$1,000.00.

Demolition Requirements:

- For all structures other than residential accessory structures, a sewer capping inspection report (or waiver) from the Division of Sewerage and Drainage, located at 111 N. Front Street, Columbus, Ohio 43215, 614-645-7490, has been attached. If the structure being demolished has a Sewage Treatment System, proof of application of an abandonment permit from the Environmental Health Licensing Section located at 240 Parsons Ave., Columbus, Ohio, 43215, 614-645-7005, has been attached.
- If located in a Historic Resources Commission or Architectural Review Commission, a certificate of appropriateness or approval must be provided when the application is being submitted.
- If located in an Area Commission, the Commission has up to sixty (60) days to make a recommendation regarding the demolition application for a property in its jurisdiction. The demolition permit will not be issued prior to the appropriate body's approval or the expiration of the sixty (60) day review period; whichever occurs first.
- The permit holder will receive a brightly colored 11" x 17" demolition notice when the permit is issued and is required to post this notice on the property's main means of egress no less than 48 hours prior to the demolition.
- The utilities connected to the structure being demolished must be disconnected prior to the demolition
- Asbestos will be handled and removed prior to any demolition in accordance with the Ohio Administrative Code Ordinance #3745-20-02; under penalty of law. For more information contact the Ohio Environmental Protection Agency, Division of Air Pollution Control, 614-995-0671.
- Immediately prior to the demolition of the premises, rodents, insects and other vermin shall be eliminated therefrom by methods approved by the Health Commission, Columbus Public Health, 614-645-8191.
- The debris from any building shall be thoroughly dampened to prevent circulation of dust.
- The permit holder is required to send written notification to the Department of Building & Zoning Services, Customer Service Manager, located at 111 N Front Street, Columbus, Ohio, 43215 as well as the owners of properties within 125 feet of the exterior boundaries of the parcel(s) slated for demolition no less than 48 hours prior to the demolition
- Demolition shall proceed only on weekdays, Monday through Friday between 7:30 am and 6:00 pm, unless specifically extended or altered by the Director.
- The Director may order an inspection at any time during the demolition to assure that all procedures are being followed per Section 4113.79 & 4123.23 of the Columbus City Code.
- Upon completion of demolition, the demolition contractor is required to schedule a final inspection by submitting the attached "Demolition Request Form".
- PERMIT HOLDER MUST COMPLY WITH ALL DEMOLITION STANDARDS PER ORD. CC4113.79, 4123.21, 4123.23 & OAC 3745-20-02.

Information on the "Get Green Columbus" Initiative & Requirements:

The "Get Green Columbus" Initiative is intended to spur new economic development and environmental changes to make the City of Columbus a greener community. The Initiative is focused on improving air and water quality, green development and recycling within the city. The "Green Team" identified recycling of construction or demolition debris as a target area. In keeping with this initiative, the contractor must recycle all recyclable and reusable materials for which viable recycling options exist. The contractor is required to maintain a record of all reduction, reuse, and/or disposal activities while the project is being performed. Said record must be made available upon request.

Debris Recycling Requirements under Columbus City Code:

Section 4113.79 of the Columbus City Codes, Demolition Permit, amended in 2006 added the following requirements:

- A demolition permit may be issued only after the applicant submits affidavits with the City to state that **25% of resulting demolition debris will be recycled.**
- 25% is calculated by either weight or volume.
- Hazardous materials are excluded.
- 1, 2 or 3 dwelling unit buildings are currently excluded.
- **Final inspections will only occur after "final analysis" of 25% recycling is received by the City** (final analysis meaning statement of percentage achieved and the method and materials used).
- Emergency demolitions (as required by the building code) are excluded.

Demolition Inspection Request Form

111 N Front Street, Columbus, Ohio 43215
Fax: 614-645-2433 • Email: StructuralRequests@columbus.gov

PLEASE TYPE OR PRINT ALL INFORMATION

Demolition Inspection Request Form:

Residential: 1, 2, & 3 Family Dwellings Commercial & Multi-Family

Jobsite Address _____ Zip Code _____ Date Requested _____

Permit Number _____ Company Name _____

Contact Person _____ Telephone Number/Extension _____ Email Address _____

For Commercial Demolition Only:

	Total Amount of Debris	Total Amount of Recycled Debris	Percentage of Recycled Debris
By Weight			
By Volume			

By submitting this form, the contractor listed above certifies the demolition work is complete and meets the requirements of Section 4123.23 of the Columbus Building Code. The information provided on this document is accurate in accordance to the records kept during demolition.

PLEASE NOTE:

- At the completion of the work in accordance to demolition standards -- Section 4123.23, Columbus Building Code, contractor will request a final inspection by submitting the “**Demolition Inspection Request Form**” by fax to 645-2433 or email to **StructuralRequests@columbus.gov**.
- Upon receiving the faxed “Demolition Inspection Request Form”, staff will review the inspection request for completeness, record the total weight or volume of recycled material and debris, file the documents and schedule a final inspection.
- The building inspector will conduct a site inspection and, if in compliance with demolition standards, approve the inspection.
- Building and Zoning Services will maintain a database for all commercial demolition permits. Demolition permit sites having no activity more than 6 months after issuance will be inspected and the applicant advised that the permit has expired.
- If it is determined the work was performed but no inspection was requested, the demolition contractor will be notified to request the final inspection and pay a records research fee as prescribed in the Fee Schedule. If inspections are not requested after demolition, the contractor is in violation of Columbus Building Code Section 4113.79 (J) and may be required to appear before the Board of Review of General and Home Improvement Contractors.
