3. DEVELOPMENT STANDARDS:

A. Density, Height, Lot and/or Setback Requirements

1. Unless otherwise indicated in the submitted site plan or in the written text, the applicable development standards shall be those standards contained Chapter 3356, C-4, Commercial, of the Columbus City Code.

2. The property was developed in accordance with the attached site plan. This site plan may be slightly adjusted to reflect engineering, topographical, or other site data developed at the time final development and engineering plans are completed. The Board of Zoning Adjustment (BZA) shall be the venue to vary development standards, including any and all specific site development standards depicted on the site plan or contained in this text.

3. Should the property redevelop in the future the Urban Commercial overlay standards found in Section 3372.601 shall apply to the site for any new construction or reconfiguration of the building or parking on the property.

B. Access, Loading, Parking and/or Traffic Related Commitments

1. As shown on the site plan, vehicular access shall be from East Avenue and the first alley east of High Street. East Avenue shall be the main entrance and is aligned to emphasize the accessibility of Hudson Street to the south. The location of access points has the approval of the Department of Public Service. Internal circulation shall be as shown on the site plan.

2. The parking layout is shown on the site plan, but his layout may be revised in terms of layout and striping. The number of required parking spaces to be reduced by 11 spaces, from 31 to 20.
3. Curbcuts as shown on the site plan. No curbcut on Hudson Street. Seven (7) parking spaces to be reserved for residential use after 6:00 p.m.

C. Buffering, Landscaping, Open Space and/or Screening Commitments

1. A uniform painted fence treatment shall be required parallel to the north property line of this district. Fence to be 6 feet high consisting of wood, board and board material and construction. Residential landscaping to be on east and south side of property. Landscaping to be maintained in a healthy state. Street trees (four) to be included in right of way.

D. Building Design and/or Interior-Exterior Treatment Commitments

1. Building will be a two story building, six residential units on second floor and commercial uses on first floor with approximately 4990 square feet. Building will be of brick and ornamental shingle. Vertical windows on southside lower level. Double hung windows on second floor. Ornamental dormers on southside. Residential look on eastside and westside with windows on 1st and 2nd level. Structures shall have a height limitation not to exceed thirty-five (35) feet.

E. Dumpsters, Lighting, Outdoor Display Areas, and/or other Environmental Commitments

1. The site light is to be designed and placed so as to provide adequate lighting to maximize safety and minimize glare. Special attention is to be given to drive access points, stairwells, entrances and service areas.

F. Graphics and Signage Commitments

1. Size, location, style and color are to be within the restraints established by the owner, not to exceed the graphics permitted on property zoned CPD, Commercial, in the City of Columbus.

Only internally illuminated uniform size signs will be utilized with one for each tenant and subject to the requirements of the City of Columbus Graphics Code.

G. Miscellaneous N/A

Variances

1. CCC 3312.27(4) - To reduce the parking setback from 10' to 5' along Hudson Street (a reduction of 5').

H. CPD Requirements

a. Natural Environment

The property is located west of East Avenue, north of Hudson Street. The site is vacant with no landscaping and gravel surface.

b. Existing Land Use

The property is currently zoned CPD. This proposal permits modifications to the existing use list and the existing building and parking configuration remains the same.

c. Environment

East Hudson Street is a major east/west arterial which runs from Neil Avenue through to Cleveland Avenue and is lined with numerous high intensity commercial uses. East Avenue, regardless of its classification, serves as a
residential collector. The street treatment proposed on Hudson Street will create the most aesthetically pleasing segment on all of East Hudson Street.

d. **Visual Form**

The architectural effort and result is to reduce the scale of the structure on the east side using a considerable setback, mounding, vegetation and other means of view interruption, offset building lines and façade features. The effect will be pleasing and infinitely better than most on East Avenue.

e. **Visibility and Safety**

The structure is a considerable distance from Hudson Street and, with the building for the most part facing the parking lots, the visibility will be unbroken. Consideration has been given to the visibility and safety and the site plan is a direct result thereof. Well defined access points, uniform appearance and shops facing the parking lot will greatly enhance the visibility and safety.

f. **Behavior Patterns**

The part of East Avenue here involved functions primarily as a part of a larger residential development stretching a considerable distance on both sides of East Avenue to the north and south. The structure provides both residential and commercial service to the considerable areas to the north and south.

The facility services the same customer population and would draw few, if any, additional people to the area. The proposal functions as an independent commercial strip. The development will be from an aesthetic standpoint, a considerable upgrading comparable design improvement to the area.

g. **Emissions**

In view of the intension of land use on East Avenue and Hudson Street there will be no relevant increase of or addition to emissions.

The undersigned, being the owner of the subject property together with the applicant in the subject application, or their authorized representatives does hereby agree singularly and collectively for themselves, their heirs, successors and assigns, to abide by above restrictions, conditions, and commitments regarding development of the subject property and for such purpose each states that he fully understands and acknowledges that none of the foregoing restrictions, conditions, or commitments shall in any manner act to negate, nullify, alter or modify any more restrictive provision of the Columbus City Code.

RE: 14-24 E. Hudson Street,
    Rezoning Z14-009/14335-00000-00132

Dear Ms. Proehl:

This letter is to inform you that on April 16, 2014 the UAC voted to support the request for a rezoning to update the current list of permitted uses with the CDP text for the existing mixed use property located at 14-24 East Hudson Street.

The Commission agreed with all but one of the proposed permitted uses – “Carryout” - and asked for the “carryout” use to be deleted from the list of permitted uses. The commission’s reasoning is that a carryout could include the sale of alcohol, and there was concern that this would be a negative impact on nearby residential properties. The owner has agreed with this revision to the list of proposed permitted uses.

The vote to approve the above request, with the elimination of the “carryout” use, was unanimous: For – 17; Against – 0; Abstentions – 0.

Respectfully Submitted,
Susan LM Keeny
