

PLANT

Creating a 2-mile greenscape was the first step in beautifying historic Parsons Avenue. Today, visitors to the area can stroll among huge flowering pots sponsored by area businesses and organizations. Each planter is covered in unique hand-painted designs created by The Heart of Ohio Tole Painters and local school children. Fresh blooms and shrubs change with every season.

PRIDE

Revitalization is now a reality for Parsons Avenue and with that comes Pride. Old historic neighborhoods attract visitors to summer garden tours and holiday lighting festivals. New construction adds more retail, parking, hospital and healthcare facilities, pre-schools, and even new housing to the mix.

ON PARSONS

A great place to visit. Furniture and re-sale stores, print shops, vintage auto dealers, bicycle repair, restaurants and hardware stores can all be found on the bustling Southside corridor known as Parsons Avenue.
