STATEMENT OF HARDSHIP

14310-00000-00299
5393 SALT RIVER STREET

APPLICATION # 299

3307.09 Variances by Board.

- A. The Board of Zoning Adjustment shall have the power, upon application, to grant variances from the provisions and requirements of this Zoning Code (except for those under the jurisdiction of the Graphics Commission and except for use variances under the jurisdiction of the Council). No variance shall be granted unless the Board finds that all of the following facts and conditions exist:
 - 1. That special circumstances or conditions apply to the subject property that does not apply generally to other properties in the same zoning district.
 - 2. That the special circumstances or conditions are not the result of the actions of the property owner or applicant.
 - 3. That the special circumstances or conditions make it necessary that a variance be granted to preserve a substantial property right of the applicant which is possessed by owners of other property in the same zoning district.
 - 4. That the grant of a variance will not be injurious to neighboring properties and will not be contrary to the public interest or the intent and purpose of this Zoning Code.
- B. In granting a variance, the Board may impose such requirements and conditions regarding the location, character, and other features of the proposed uses or structures as the Board deems necessary to carry out the intent and purpose of this Zoning Code and to otherwise safeguard the public safety and welfare.
- C. Nothing in this section shall be construed as authorizing the Board to affect changes in the Zoning Map or to add to the uses permitted in any district.

I have read Section 3307.09, Variances by Board, and believe my application for relief from the requirements of the Zoning Code satisfies the four criteria for a variance in the following ways:

Statement of Hardship

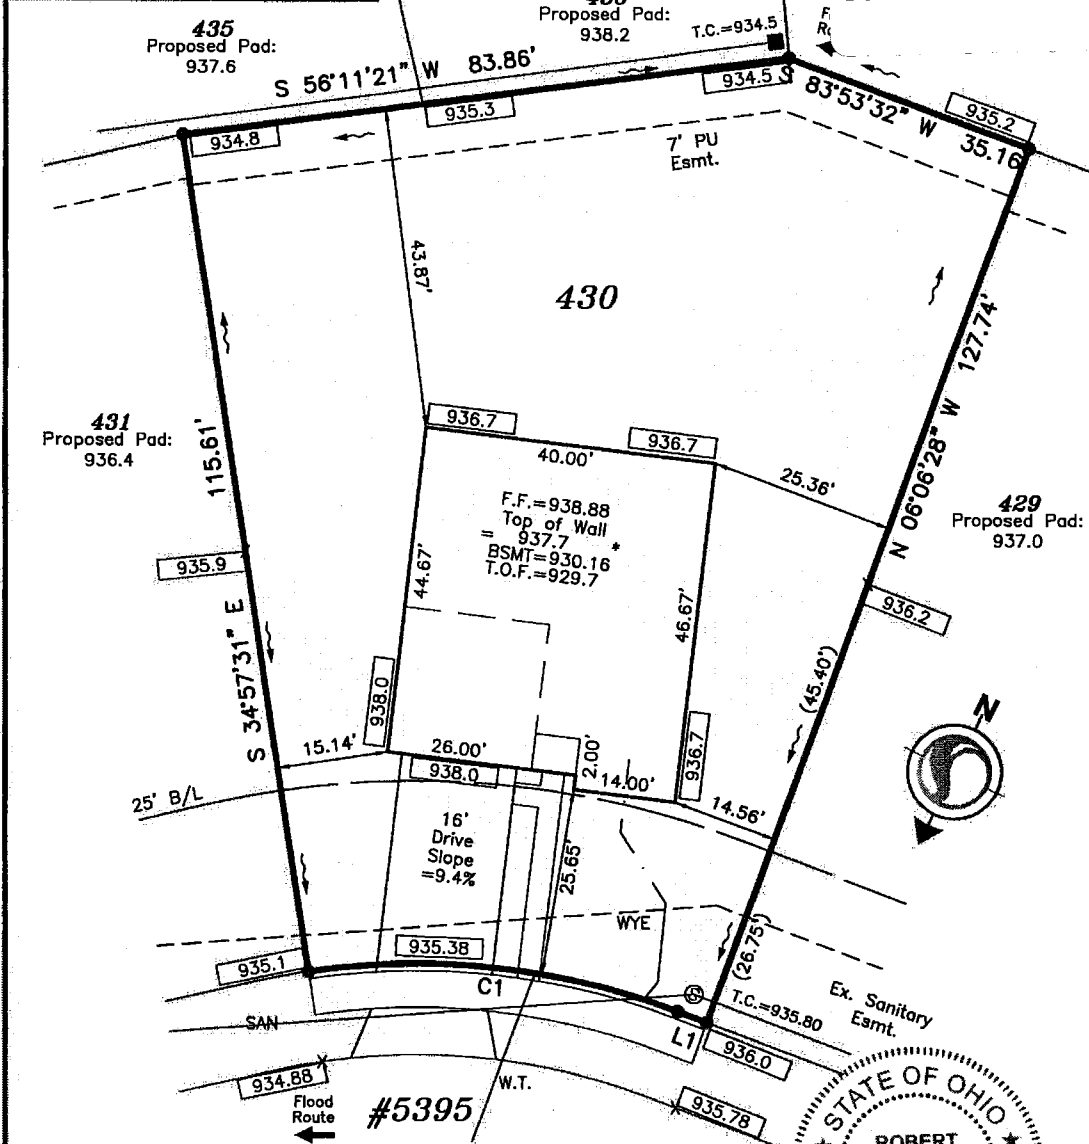

This variance application is submitted by Dominion Homes, Inc. with respect to a proposed single family building, identified as lot 430 on the attached drawing(s), to be built within Dominion's Haydens Crossing community located on Avery Road.

The building is located and situated such that it fronts on and oriented to a roadway, green space or part of both. It has been situated on the plans and drawings such that the front façade of the building is accented and the most visible part of the building is viewed from the street. A Regulated Plan, Preliminary Plat and Final Plat for this development has been approved with the roadway configuration as shown on the drawings which would anticipate the building constructed and oriented in the manner shown. The intent of the placement of the building is to have the front of the building be as close as possible to being parallel with the front building setback line of the roadway. However, in case where the roadway incorporates a curve for design enhancement and due to site constraints, it is not possible to construct the building such it is exactly parallel to the building line.

The requested variance will allow Dominion Homes to construct this home as it was anticipated and intended on the Regulated Plan, Preliminary Plat and Final Plat. No parties shall be injuriously affected by the contemplated placement of the building, and in fact, the community and surrounding areas should benefit from the design which has been taken.
