The City of Columbus, Division of Water Reclamation, is receiving proposals until 8/28/2026 at 1:00 PM Eastern Time for professional services for the CIP # 650460-100003 Sewer System Capacity Model 2026. Proposals are to be submitted only through Bonfire at <https://columbus.bonfirehub.com/login>. Professional Engineering Services is needed to refine the system-wide sanitary and combined sewer collection system model, perform model applications including capacity evaluation and sewer system operations, flow monitoring with data management/analysis, provide support to Blueprint Columbus / 2015 Integrated Plan and Wet Weather Management Plan Update. This project will continue development of the City's Sewer System Capacity Model (SSCM). SSCM plays a vital role in evaluating capacity deficiencies and devising economical solutions to those deficiencies. This project is necessary to ensure continued compliance with Ohio EPA SSO and CSO Consent Orders and to continue the City's commitment to eliminating sanitary sewer overflows (SSO's) and minimizing Water-in-Basement occurrences (WIB's). It is anticipated that this project will update the current SSCM with the most current collection system configuration; upgrade portions of its method of calculation to increase its accuracy; enhance its usability and operations; and apply the SSCM Update to new development, performance, and operational conditions.

RFQ033297 - IT Strategic Plan Development & Vendor Procurement

The purpose of this Request for Proposals (RFP) is to engage a qualified consultant to assist Columbus Water & Power (CWP) in developing a comprehensive Information Technology (IT) Strategic Plan that aligns with the organization's mission, operational responsibilities, and long-term service objectives. CWP operates within a complex and highly critical environment that supports essential public services, including water, wastewater, and power operations. These services rely on a wide range of technologies and systems that must remain reliable, secure, and adaptable to changing operational and regulatory demands. As technology continues to evolve, CWP must ensure that its IT environment can effectively support both current operations and future needs across all divisions. The IT Strategic Plan will serve as a guiding framework to:

- Address operational challenges and improve service delivery across the organization
- Support the diverse and evolving technology needs of multiple divisions and business units
- Enhance reliability, resiliency, and cybersecurity for systems supporting critical operations
- Provide a structured approach to technology governance, technology planning, investment, and lifecycle management
- Enable the organization to evaluate and adopt emerging technologies, innovation opportunities, and industry best practices
- Strengthening alignment between IT capabilities and business priorities

CWP is seeking a plan that not only reflects the current technology landscape but also provides flexibility to accommodate future growth, innovation, and changing business requirements. While the plan is expected to establish a multi-year direction, the City encourages consultants to recommend an approach that supports ongoing adaptability and continuous improvement. The selected consultant is expected to bring industry expertise, strategic insight, and practical recommendations that will help CWP advance its technological environment in a manner that is sustainable, scalable, executable, measurable, and aligned with organizational goals.

RFQ033330 - Request for Pricing for SWRP Switching Station Replacement

1.2 Project Overview Columbus Water and Power (CWP), Division of Water Reclamation (DWR) has identified a need for a Construction Manager at Risk (CMAR) for the Southerly Water Reclamation Plant (SWRP) Switching Station Replacement Project. Three (3) of the five (5) switching stations at the SWRP are past their useful life and require replacement. This project will replace this 15kV switchgear while also modifying the power distribution system within the plant. In addition, the Division of Power (DOP) substation that feeds the plant needs to be replaced and relocated within the SWRP in order to remove it from the floodplain. Currently, all power is fed through SWRP around a plant wide loop system. This system feeds into each substation through a main-tie-main configuration. This project will incorporate a new master switching station and implement a radial feed system to better incorporate the new cogeneration facility and improve the electrical system reliability. Refer to Appendix A for a detailed project overview. This Request for Pricing (RFP) is to receive pricing proposals from the short listed offerors from the Invitation for Proposal (IFP) phase. The City will only select a CMAR from the shortlisted offerors and intends to award the construction management contract in accordance with 329.23(B). All info at BidExpress.com

RFQ033604 - Cybersecurity Evaluation and Enhancements

Scope: The City of Columbus, Department of Technology will be receiving proposals for CYBERSECURITY EVALUATION AND ENHANCEMENT SERVICES. The intent of this contract is to provide the Department of Technology with readily available resources, including the people, processes and practices to assess, test, articulate and strengthen cybersecurity controls applied to critical IT infrastructure and applications. The collaborative works will involve the configuration, implementation, and continuous support services for the next iteration of Cybersecurity within the Department of Technology. This Request for Proposal falls under the Ohio Revised Code §§9.64 and contains confidential infrastructure and cybersecurity records of the City of Columbus. These records may include sensitive information regarding the City's cybersecurity program, network architecture, security controls, infrastructure configuration, and related operational safeguards. Therefore, the bid package will only be provided to potential offerors that execute the Non-Disclosure Agreement included in this solicitation. Potential offers have until September 22, 2026 @ 1:00 PM to submit a signed NDA to respond to this RFQ. Once the RFQ end time has passed offerors who have submitted a signed NDA will receive an email link to Bonfire for the complete bid package. An account on Bonfire <https://columbus.bonfirehub.com/login> will be necessary to access the documents. Only invited offerors who have completed the NDA will be able to submit proposals for this project. All subsequent question and answer periods and proposals will be submitted through the Bonfire portal. By executing the NDA, the offeror acknowledges and agrees that:

- The materials contain sensitive cybersecurity and infrastructure information of the City of Columbus.
- The information will be used solely for the purpose of preparing and submitting a response to this solicitation.
- The information may not be disclosed, reproduced, distributed, or used for any purpose other than preparation of a proposal in response to this solicitation, except as permitted under the executed NDA.
- Access to the information may be limited only to employees, subcontractors, consultants, or agents of the offeror who have a legitimate need to know the information for purposes of preparing the proposal and who are bound by confidentiality obligations no less restrictive than those contained in the NDA. Contact Email Address: kbmccain@columbus.gov

Columbus City Council President Pro Tem Rob Dorans, chair of the Zoning Committee, will hold four public hearings during the fall regarding the proposed Phase II of Zone In. The second phase of Zone In, the city's ongoing initiative to modernize its 70-year-old zoning code, will focus on areas primed for enhanced mixed-use development, industrial and warehouse operations, and business and institutional campuses. Residents are able to provide feedback on the proposed changes to the code and map during a 60-day public comment period between August 25 - October 24, 2026.

Public Hearing 2: Newly Proposed Phase II Zoning Districts

- Wednesday - September 16, 2026
- The King Arts Complex
- 835 Mt Vernon Ave, Columbus, OH 43203
- 6:00pm-8:00pm

The hearing will be broadcast live on CTV, YouTube, and Facebook.

If you would like to provide written or public testimony, including signing up to speak at the hearing, email Kevin McCain at kbmccain@columbus.gov. Written testimony must be received by 3:00pm on the day of the hearing - please include "written testimony" in the subject line of your email.

Members of the public can also sign up to speak in person at the hearing. Each speaker will be asked to limit their remarks to no longer than three minutes.

Columbus LGBTQ+ Affairs Commission Community Engagement, Communications, and Outreach Committee Draft Meeting Minutes

Date: Tuesday, Sept. 8, 2026

Location: 750 E. Long St., 1st Floor

Committee Members Present: Commissioner Jonathan Keilholz, Commissioner Tyson Crenshaw, Commissioner Adam Cogar, Commissioner Siobhan Boyd-Nelson, Committee Member Ronald Murray

Committee Members Absent: None

Staff Present: None

Call to Order

- The meeting was called to order at approximately 5:15 p.m.

Welcome and Introductions

- Committee members welcomed Ronald Murray and provided brief introductions, including their backgrounds and goals for serving on the Commission and committee.
- Committee Member Murray shared his background in social work, behavioral health, advocacy and community engagement and discussed his interest in supporting the Commission's outreach and advocacy efforts.
- Members discussed the committee's continued focus on building relationships, expanding community engagement and reaching LGBTQ+ residents who may not already be connected to established organizations.

Sept. 24 Listening Session and Outreach

- The committee reviewed plans for the Sept. 24 community listening session at the Fran Ryan Center from 6 to 8 p.m.
- Members discussed lessons from the first listening session and agreed the upcoming session should provide more time for residents to speak, with commissioners focused primarily on listening and identifying themes.
- Members emphasized the importance of reaching residents who may not already be connected to LGBTQ+ organizations or traditional civic engagement channels.
- Potential outreach channels discussed included LGBTQ+ organizations, youth and family networks, affirming faith communities, bars, coffee shops, libraries, workplaces and other community gathering spaces.
- Commissioner Keilholz distributed flyers for members to share throughout the community.
- Commissioner Cogar asked for update on business cards to be distributed.

- Members discussed directly contacting community organizations and previous listening session attendees and encouraging them to share the session with their networks.
- The committee discussed longer-term opportunities to meet residents where they are, including smaller community conversations, youth-focused outreach and informal "meet the commissioners" opportunities.
- **ACTION ITEM:** Commissioner Keilholz to reach out to Raven about business cards for listening session and beyond.
- **ACTION ITEM:** Add "How did you hear about us?" to future listening session sign-in information to help track outreach effectiveness.
- **ACTION ITEM:** Committee members will distribute listening session information through their networks and identify additional organizations and locations for outreach.

Social Media and Communications

- Commissioner Keilholz provided an update on plans to launch Commission Facebook and Instagram accounts before the Sept. 24 listening session.
- The committee reviewed the proposed social media plan, including account administration, records retention, comment moderation, direct messages and automatic responses.
- Members discussed establishing a shared email account to administer the social media accounts and support continuity among commissioners.
- The committee discussed creating a regular process for monitoring messages and comments and documenting responses.
- Members agreed the accounts should primarily provide an accessible way for residents to find Commission information, connect with commissioners and learn about meetings, events and resources.
- **ACTION ITEM:** Commissioner Keilholz will establish the shared email account and move forward with launching Facebook and Instagram. Also, he will establish cadence for social media account review and expectations.
- **ACTION ITEM:** Committee members will review the social media plan and provide any additional feedback.

Commission Event and Outreach Calendar

- The committee discussed Commissioner Boyd-Nelson's proposal for a shared Commission calendar to help commissioners identify community events and coordinate outreach.
- Members agreed calendar entries should include relevant event details, links when available and the initials of the commissioner adding the event.
- The committee also discussed distinguishing between events where commissioners would attend in an official Commission capacity and events shared primarily for awareness or personal participation.
- **ACTION ITEM:** Commissioner Keilholz will establish the shared email account that can also support the Commission calendar.
- **ACTION ITEM:** Then, Commissioner Boyd-Nelson will develop a proposed calendar structure and color-coding system for review before broader rollout.

Audience Tracking and Community Resources

- The committee continued discussion of an audience map to better understand who the Commission is reaching and where additional engagement is needed.
- Members discussed tracking listening session attendance, ZIP codes, organizations and community locations reached and how participants learned about Commission activities.
- Members agreed ZIP-code data would provide a useful way to measure geographic reach over time and support future annual reporting.
- Commissioner Crenshaw discussed continuing to develop community resource information that could be incorporated into the broader tracking effort.
- **ACTION ITEM:** Continue development of the audience map and begin incorporating ZIP-code and outreach-source data from future engagement activities.
- **ACTION ITEM:** Commissioner Crenshaw will share the compiled community resource list for committee review.

LGBTQ+ Baseline Data and Consultant Discussion

- Members discussed the lack of current baseline demographic data about Columbus' LGBTQ+ population and the challenge this creates in determining whether the Commission is reaching a representative cross-section of the community.
- The committee discussed the value of updated data on the size, demographics, geography and needs of Columbus' LGBTQ+ population to help inform future policy, outreach and resource decisions.
- Members discussed whether consultant funding previously identified for the Commission could potentially support baseline research or a community needs assessment. Is it possible a future consultant could support this work?

Public Comment

- No public comment was shared.

Upcoming Meetings

- Full Commission Meeting: Sept. 16, 6-7:30 p.m., Columbus City Hall.
- Community Listening Session: Sept. 24, 6-8 p.m., Fran Ryan Center.
- Next committee meeting: Sept. 29, 5-6:30 p.m., 750 E. Long St.
- Commissioner Keilholz noted he will be unable to attend the Sept. 29 committee meeting. Members discussed using that meeting to debrief the Sept. 24 listening session and identify follow-up actions.

Adjournment

- A motion to adjourn was made and seconded. The meeting adjourned at approximately 6:30 p.m.

BACKGROUND

The 135th General Assembly, through House Bill 257, amended the Ohio Open Meetings Laws to enact Revised Code (“R.C.”) Section 121.221. This section allows public bodies to hold and attend meetings virtually, subject to the provisions in R.C. 121.221(B)(3). This policy outlines the requirements and procedures for the Civilian Police Review Board and its committees (“CPRB”) to conduct virtual and hybrid meetings.

PURPOSE

To provide guidance for virtual and hybrid meetings of the CPRB in compliance with R.C. 121.221.

POLICY

It is the policy of the CPRB to conduct virtual and hybrid meetings to efficiently facilitate the business of the Board and its committees in compliance with R.C. 121.221.

SECTION 1: DEFINITIONS

“Hybrid Meeting” means a meeting where some members attend in person and others attend via electronic means (video conference or similar technology).

“Virtual Meeting” means a meeting of the CPRB in which all members participate by Teleconference Technology as authorized by Section 121.221 of the Ohio Revised Code.

“Teleconference Technology” means video conference or any other similar electronic technology that allows CPRB members to be seen and heard at all times during a meeting.

“Primary Meeting Location” means the publicly accessible physical location where the CPRB typically holds meetings.

SECTION 2: AUTHORIZATION

The CPRB may hold hybrid or fully virtual meetings provided the procedures outlined in this policy are followed and are in accordance with applicable law.

SECTION 3: NOTICE OF HYBRID OR VIRTUAL MEETINGS

At least seventy-two (72) hours in advance of the Hybrid or Virtual Meeting, the CPRB shall use reasonable methods to notify the public, the media that have requested notification of a meeting, and all Board members, of the specifics of the meeting, to include the Primary Meeting Location and/or Teleconference Technology as applicable, date and time of the meeting, instructions/login credentials for public access, and agenda for the meeting.

SECTION 4: PUBLIC ACCESS TO HYBRID OR VIRTUAL MEETINGS

The CPRB shall provide the public access to all Hybrid and Virtual Meetings commensurate with the method in which the meeting is being conducted, including for example, livestreaming by means of the internet, television, cable, or public access channels, or by means of any other similar electronic technology; and if Hybrid, the Primary Meeting Location where the in-person meeting will be conducted. For virtual meetings, the CPRB shall ensure the public can observe and hear the discussions and deliberations of all the members of the CPRB. The CPRB shall provide a means, through the use of electronic technology that is widely available to the general public, to permit public comment, if applicable, at Virtual Meetings.

SECTION 5: MEMBER PARTICIPATION

Members of the CPRB who intend to attend a Virtual Meeting by means of Teleconference Technology shall so notify the CPRB Chairperson or his or her designee not less than forty-eight (48) hours before the meeting unless circumstances render it impossible or impracticable to do so.

SECTION 6: VOTING PROCEDURE

All votes taken in a Virtual or Hybrid Meeting shall be taken by roll call vote unless there is a motion for unanimous consent, and the motion is not objected to by a member of the CPRB. If a vote is taken unanimously, the CPRB shall provide the public with information on how the members of the public body voted, including any members who abstained from voting.

SECTION 7: TECHNICAL REQUIREMENTS

The CPRB shall maintain or have access to technology sufficient to conduct, record, and maintain Hybrid or Virtual Meetings with clear video and audio.

In case of technical failure, the meeting shall be paused until the issue is resolved or rescheduled if necessary.

SECTION 8: LIMITATIONS ON VIRTUAL MEETINGS

The CPRB may not hold, and no Board member may attend or conduct, a Hybrid or Virtual Meeting if any of the following apply:

- The meeting involves a vote to approve a “major nonroutine expenditure;” a “major nonroutine expenditure” means any expenditure of significant costs or expense that the Chairperson and Vice Chairperson jointly determine should be addressed only at an in-person meeting;
- The meeting involves a vote to approve a “significant hiring decision;” a “significant hiring decision” means voting to engage by contract a qualified individual to serve as Inspector General, or any other hiring decision the Chairperson and Vice Chairperson jointly determine should be addressed at an in-person meeting; or
- The meeting involves a purpose to propose, approve, or vote on a tax issue or tax increase.

A majority of seated members of any committee may require a committee meeting to be held fully in person for any specific agenda item by notifying the Chairperson forty-eight (48) hours in advance. A majority of seated members of the Board may require a regular Board meeting to be held fully in person for any specific agenda item by notifying the Chairperson forty-eight (48) hours in advance.

SECTION 9: HEARINGS

This Policy shall not apply to any hearing to be conducted before the CPRB. All hearings before the CPRB shall be conducted fully in-person at the location, date and time to be noticed by the CPRB.

SECTION 10: RECORDING AND DOCUMENTATION

All Hybrid and Virtual Meetings may be recorded and such recordings retained in accordance with the CPRB’s records retention policy. Recordings of Hybrid and Virtual Meetings may serve as the minutes for those meetings. In the absence of a recording, written minutes must be taken and maintained in accordance with the CPRB’s records retention policy.

SECTION 11: BASIC PRINCIPLES OF HYBRID AND VIRTUAL MEETINGS

Formal action of any kind taken during a Hybrid or Virtual Meeting has the same effect as if it occurred during an in-person open meeting of the CPRB.

Members of the CPRB who attend a Hybrid or Virtual Meeting by means of Teleconference Technology shall be considered present as if in person at the meeting, shall be permitted to vote, and shall be counted for purposes of determining whether a quorum is present at the meeting. In order to be considered in attendance at a Hybrid or Virtual Meeting, members of the CPRB must have a sufficient internet or other electronic connection to allow the member to be seen and heard clearly and must be visible at all times during the meeting.

SECTION 12: APPLICATION OF LAW

Notwithstanding the existence of this policy, the CPRB hereby informs the public that it shall comply with the requirements of R.C. 121.221 and any amendments thereto, that supersede and take precedence over this policy. The Board retains the right to amend this policy at any time in accordance with the Revised Code or as may be provided for in the Columbus City Codes.

SECTION 13: EXECUTIVE SESSION

Nothing in this policy shall limit the right of the CPRB to meet in executive session in accordance with R.C. 121.22(G). CPRB members participating in executive session by means of Teleconference Technology shall ensure that no one other than the CPRB members and those invited by the CPRB to attend the session are able to hear the discussion in executive session and shall take such other steps as may be necessary to preserve the confidentiality of

the executive session.

SECTION 14: POLICY REVIEW

This policy shall be reviewed as often as necessary and may be amended by a majority vote of the CPRB at any time.

Adopted by the Civilian Police Review Board on this 2nd day of December, 2025

CERTIFICATION

I, Brooke Burns, Chairperson of the Civilian Police Review Board, certify the foregoing to be a true and exact copy of the Hybrid and Virtual Meeting Policy adopted by the Board on this 2nd day of December, 2025.
