May 13, 2002

To the Citizens of the City of Columbus, Ohio

The Comprehensive Annual Financial Report (CAFR) of the City of Columbus, Ohio (the City) for the fiscal year ended December 31, 2001 is hereby presented to its citizens by their City Auditor, statutorily described as the City's chief accounting officer.

INTRODUCTION

The City's Charter states, "The auditor shall be an elector of the City, and be elected for a term of four years . . ." The Charter also sets forth the auditor's powers and duties and states, in part:

The auditor shall be the city's chief accounting officer. He shall keep, in accurate, systematized detail a record of the receipts, disbursements, assets, and liabilities of the city, and the recorded facts shall be presented periodically to officials and to the public in such summaries and analytical schedules as shall be necessary to show the full effect of such transactions for each fiscal year upon the finances of the city and in relation to each department of the city government, including distinct summaries and schedules for each public utility owned or operated.

This report fulfills these duties and is distributed to approximately 500 recipients, which include civic associations, banks, brokers, rating agencies, schools, libraries, university students and city, state and federal officials. This report is also available on the City's website. The Internet address is <http://www.cityofcolumbus.org>.

The City's management, defined and described in the following paragraph, is responsible for the accuracy of the data contained in this report. The responsibility for completeness, fairness of presentation, and full disclosure of the data also rests with the City's management.

The management:

The City's management consists of a Mayor, seven-member Council, City Auditor, and City Attorney. These officials are elected for four-year terms on an at-large basis. The Mayor and four Council members are elected in an odd numbered year. Three Council members, the City Auditor, and the City Attorney are elected in the following odd numbered year. The City's Charter also provides for appointments and elections of successors to these officials if they should, for any reason, vacate their office. All are chosen through a non-partisan election process.

In addition to the elected officials, certain others are major participants in the City's management. The Director of the Department of Recreation and Parks, the Health Commissioner, the Civil Service Executive Secretary, and the Secretary of the Sinking Fund are appointed by, and report to, independent Commissions. All of these Commission members are appointed by the Mayor and are subject to confirmation by the Council. The financial activities of these Commissions (budgets, expenditures, etc.) are subject to approval by the Council and are, therefore, included in this report. The City's Treasurer and Clerk to the Council are appointed by, and serve at, the pleasure of the Council.

The Mayor's cabinet, appointed by him and serving at his pleasure, is not subject to confirmation by the Council. In 2001 the cabinet consisted of the directors of the departments of Public Safety, Public Service, Finance, Public Utilities, Development, Technology, Equal Business Opportunity, Human Resources, and Community Relations.

The City Auditor believes that, to the best of his knowledge, the data contained in this report present fairly the financial position and results of operations of the various funds of the City. All necessary disclosures are included in this report to enable the citizens and other readers to understand the City's financial activities.

The report:

This transmittal letter is designed to provide historical information about the City, as well as compliment the required Management's Discussion and Analysis (discussed below). Unless noted otherwise, the financial data in this transmittal letter is presented on the modified accrual basis of accounting. Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The City's MD&A, which focuses on the government-wide statements, can be found on page 49 of this report.

This Comprehensive Annual Financial Report (CAFR) is designed in a manner to assist and guide the reader in understanding its contents. The report consists of four sections:

- The Introductory Section, which includes this letter of transmittal, contains information pertinent to the City's management and organization. References in this section to Note A, Note B, etc., are to Notes to the Financial Statements contained in the Financial Section of this report.
- The Financial Section contains the Independent Auditor's Report, Management's Discussion and Analysis, Basic Financial Statements, Required Supplementary Information and various other Statements and Schedules pertaining to the City's funds and activities.
- The Statistical Section contains numerous tables of financial and demographic information. Much of this information is shown with comparative data for the ten-year period from 1992 through 2001. Also in this section are data necessary to meet the disclosure requirements of Rule 15c2-12(b)(5)(i)(C) and (D) of the Securities and Exchange Commission (SEC).
- The Single Audit Section, in accordance with the federal Single Audit Act of 1996, includes the following:
 - Independent Auditors' Report on Compliance and on Internal Control Over Financial Reporting Based on the Audit Performed in Accordance With *Government Auditing Standards*
 - Independent Auditors' Report on Compliance With Requirements Applicable to Each Major Program, Internal Control Over Compliance and Schedule of Receipts and Expenditures of Federal, State, and County Awards
 - Schedule of Receipts and Expenditures of Federal, State, and County Awards
 - Notes to Schedule of Receipts and Expenditures of Federal, State, and County Awards
 - Schedule of Findings and Questioned Costs

The reporting entity:

Columbus was first organized as a borough in 1816 and subsequently became a city on March 3, 1834. The City is a home-rule municipal corporation operating under the laws of Ohio. The City's Charter, its constitution, can only be amended by a majority of the City's voters. It has been amended many times since its original adoption in 1914, most recently on November 2, 1999. The laws of the State of Ohio prevail when conflicts exist between the Charter and the state constitution and in matters where the Charter is silent.

Columbus, Ohio's capital city, is located in the central part of the state, approximately 150 miles south of Cleveland and 110 miles northeast of Cincinnati. The City's elevation is approximately 777 feet above sea level. Inter and intra state highways I-70, I-71, I-270, and I-670 serve as some of the City's major transportation arteries. The Ohio State University, with approximately 48,000 students on its Columbus campus, is located near the center of the City. Columbus was ranked as the nation's 16th largest city as a result of the 1990 census, and 15th as a result of the 2000 Census.

Some comparative data for Ohio's six largest cities follow. Population estimates are from the U.S. Bureau of Census. The respective cities' management as of December 31, 2001 provided area data.

City	Area	Population		
		2000	1990	1980
Columbus	218.6 sq. mi.	711,470	632,910	565,021
Cleveland	77.9 sq. mi.	478,403	505,616	573,822
Cincinnati	78.8 sq. mi.	331,285	364,040	385,410
Toledo	84.2 sq. mi.	313,619	332,943	354,635
Akron	53.6 sq. mi.	217,074	223,019	237,177
Dayton	56.3 sq. mi.	166,179	182,044	193,536

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, in that the financial statements include all the organizations, activities, functions and the component unit, the Columbus Municipal Airport Authority (CMAA), for which the City, the reporting entity, is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City. On this basis, the reporting entity of the City includes the following services to its citizens as authorized by its charter: public service (refuse collection, street engineering and construction, traffic engineering and parking, etc.), public safety (fire, police, etc.), development, health, recreation and parks, and public utilities. In addition, the City owns and operates three enterprise activities: a Water system, a Sanitary sewer system and an Electricity distribution system, financial activities for which are contained in this report. Water and sewer services are metropolitan in nature and reach far beyond the City's corporate boundaries. The City does not operate schools or hospitals, nor is it responsible for public assistance programs.

In August 1990, the City's Council created the Columbus Municipal Airport Authority (CMAA) to manage the City's two airports. CMAA became operational in November 1991. All of the CMAA board members are appointed by the Mayor subject to the approval of Council. Although CMAA is a separate legal entity, the City includes the financial statements of CMAA as a part of the City's reporting entity. Beginning with calendar year 1992, CMAA's financial statements have been discretely presented in the City's report as a component unit of the City. Prior to 1992, the airport's financial statements appeared as an enterprise fund in the City's report. Complete financial statements of CMAA may be obtained from CMAA's administration offices at 4600 International Gateway, Columbus, Ohio 43219. See Note A.

The Franklin Park Conservatory Joint Recreation District (the Conservatory District), created by the City and Franklin County in 1990, became operational in 1992. The City and the County amended the agreement in 1996. The Board of the Conservatory District consists of 17 members; 8 appointed by the City, 6 by the County and 3 by the State. Two of the state appointees are nonvoting members if they are also members of the Ohio General Assembly. None, however, is such a member. The City contributed certain fixed assets to the Conservatory District at its inception and has agreed to an annual operating subsidy, subject to the annual appropriation of Council. The financial activity of the Conservatory District had been reported discretely as a component unit in the City's financial statements for calendar years 1993 through 1995. However, primarily because the Mayor does not appoint a majority of board members, the Conservatory District is now considered a joint venture of the City and County and has been reported as such beginning with the City's 1996 financial statements.

The Columbus/Franklin County Affordable Housing Trust Corporation (AHT) was initially formed in August 2000 and became functional in 2001. Its purposes and powers are to create affordable housing opportunities, both ownership and rentals, throughout Franklin County. All members of its Board of Trustees are jointly appointed by the Mayor of Columbus and the Franklin County Commissioners. No single government appoints a majority of the board's member. Both the City and the County combined, however, provided nearly 100% of AHT revenue and support in 2001. AHT is considered a joint venture of the City and County and is reported as such in the Notes to the Financial Statements.

The reporting standards:

The City's accounts are organized as funds. Each fund is a separate accounting entity with its own self-balancing set of accounts, assets, liabilities, and fund equity. Following are the titles of these funds with a brief description.

Governmental funds:

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources traditionally associated with government which are not required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. City ordinances or Federal or State statutes specify the uses and limitations of each Special Revenue Fund. During 2001 the City had 39 Special Revenue Funds.

Debt Service Funds - Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. During 2001 the City had 9 Debt Service Funds.

Capital Projects Funds - Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities other than those financed by proprietary funds. During 2001 the City had 37 Capital Projects Funds.

Permanent Funds – Permanent funds are for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting governments. The City does not have any permanent funds.

Proprietary funds:

Enterprise Funds - Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises; where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has three separate enterprise funds for its Water, Sanitary Sewer, and Electricity distribution services. A fourth enterprise, airport services which are provided by CMAA, is discretely presented in this report as a component unit of the City.

Internal Service Funds - Internal service funds are used to account for the financing of goods or services provided by one division or agency to other divisions or agencies of the government, generally on a cost reimbursement basis. The City has 6 internal service funds.

Fiduciary funds:

Agency Funds - Agency Funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds. The City had 17 Agency Funds during 2001. The City does not have any trust funds.

Bases of accounting:

Except for budgetary purposes, the bases of accounting used by the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units and are consistent with GASB Cod. Sec. 1600, *Basis of Accounting*. All governmental funds are accounted for using a current financial resources-current assets and current liabilities-measurement focus. The modified accrual basis of accounting is utilized for governmental and agency funds. Revenues are recognized when they are susceptible to accrual (both measurable and available). Expenditures are recognized when the related liability is incurred, except for interest on long-term debt which is recorded when due.

The measurement focus on the City's proprietary funds is on the flow of total economic resources (all assets and liabilities). The accrual basis of accounting (revenues are recognized when earned and expenses when incurred) is utilized by the City in its proprietary funds.

The City's basis of accounting for budgetary purposes differs from GAAP in that revenues are recognized when received, rather than when susceptible to accrual (measurable and available), and encumbrances are included as expenditures rather than as reservations of fund balances.

For the year ended December 31, 2001, the City has changed its financial reporting to comply with GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. The government-

wide financial statements, including governmental activities, in order to comply with GASB Statement No. 34, are presented on the full accrual basis of accounting. As part of the implementation of GASB Statement No. 34, the City has opted for early implementation of infrastructure reporting. In doing so, the historical cost of infrastructure assets (retroactive to 1979) is included as part of the governmental capital assets reported in the government-wide statement. Thus, the depreciated value of construction costs for road, curbs and gutters, streets and sidewalks, and drainage systems is reported. In conjunction with the implementation of GASB 34, the City has opted for early implementation of GASB Statement No. 38, *Certain Financial Statement Note Disclosures*, which rescinds some and modifies other financial statement disclosure requirements.

Accounting policies are further explained in Note A.

ECONOMIC CONDITIONS AND EMPLOYMENT

The traditional stability of the City's economy was severely tested in 2001. While employment continued to grow, unemployment rose to early 1997 levels. Data from the Ohio Department of Jobs and Family Services indicate that manufacturing type jobs and certain non-manufacturing type jobs were experiencing layoffs, while total non-manufacturing type jobs increased. That data shows the following (Table 20 in the Statistical Section of this report).

Industry	(in thousands)			% of total 2001 employment
	2000	2001	Increase (decrease)	
Manufacturing	95.0	91.2	(3.8)	10.3
Non-manufacturing	<u>793.1</u>	<u>798.7</u>	<u>5.6</u>	<u>89.7</u>
Total	<u>888.1</u>	<u>889.9</u>	<u>1.8</u>	<u>100.0%</u>

Average annual unemployment rates (2.8%) for 2001 continued to be well below the State of Ohio (4.3%) and the United States (4.3%) rates. Unemployment rates for the Columbus Metropolitan Statistical Area (MSA) increased, however, in the latter half of 2001 to early 1997 levels. The following table provides a five-year history of unemployment rates for the Columbus MSA (by month) and the Annual Average Rates for Franklin County, the State of Ohio and the United States.

	Unemployment Rates				
	(% , except for Columbus MSA employment base)				
Franklin County:	2001	2000	1999	1998	1997
January	2.6	2.5	2.6	2.7	3.2
February	2.4	2.7	2.6	2.6	3.2
March	2.2	2.6	2.5	2.6	2.8
April	2.1	2.2	2.3	2.2	2.6
May	2.3	2.3	2.4	2.5	2.6
June	3.0	2.8	2.8	2.8	2.7
July	2.7	2.4	2.5	2.3	2.3
August	2.9	2.5	2.6	2.4	2.3
September	3.2	2.7	2.8	2.7	2.7
October	3.0	2.4	2.6	2.5	2.6
November	3.3	2.3	2.4	2.4	2.6
December	3.1	2.1	2.1	2.1	2.4
Annual Average Rates:					
Franklin County	2.8	2.4	2.5	2.5	2.7
State of Ohio	4.3	4.1	4.3	4.3	4.6
United States	4.8	4.0	4.2	4.5	4.9
Average Columbus MSA employment	850,900	847,100	808,000	805,400	783,100

The City's General Fund balance (budget basis) reached an all time historic high at calendar year 1999 of \$70.880 million. It declined in 2000 to \$65.838 million, but rebounded in 2001 to \$67.216 million.

Income tax collections (budget basis of accounting where revenues are cash collected less refunds) increased 3.47% in 2001 over the comparable amount in 2000. The growth rate, in nominal dollars not adjusted for inflation, therefore, continued in a positive manner. This growth rate of 3.47% represented, however, the lowest growth rate in such collections since 1961. Income tax revenues on the modified accrual basis of accounting for 2001 increased 3.37% over 2000, representing the second lowest growth rate reported on this basis in the past 23 years; 2000 showed the lowest at 2.40% growth over 1999.

The City continues to maintain assets within the General Fund designated for future year's expenditures. The City increased these amounts in 2001. This portion of the General Fund consists of unencumbered cash and accrued interest receivable in two subfunds contained in the General Fund. These subfunds, available for General Fund purposes at the discretion of Council, are the Economic Stabilization Fund (the "rainy day" fund) and the Anticipated Expenditure Fund. Council determined in 1994 that the Economic Stabilization Fund is entitled to a proportionate share of interest earnings from the City's investment pool described in this letter under Cash Management and in Note C. The amounts in these subfunds over the last ten years follow:

Year Ended	Economic Stabilization Fund	Anticipated Expenditure Fund	Total
1992	\$ 7,500,000	-	\$ 7,500,000
1993	7,500,000	-	7,500,000
1994	8,593,936	\$ 300,000	8,893,936
1995	10,169,809	1,050,000	11,219,809
1996	11,886,543	1,800,000	13,686,543
1997	13,659,256	2,550,000	16,209,256
1998	22,891,219	8,919,754	31,810,973
1999	24,021,070	9,639,070	33,660,140
2000	25,718,910	9,802,237	35,521,147
2001	27,331,828	10,552,237	37,884,065

No expenditures have ever been made from the Economic Stabilization Fund. At December 31, 2001 these two subfunds represented 6.95% of 2001 General Fund expenditures and transfers out.

The City's budgets continue to be in balance.

Employment in the Greater Columbus Area continues to be service oriented. Nine of the top fourteen (14) largest employers in the Columbus area are government or government-oriented (the State of Ohio, The Ohio State University, Ohio State University Hospitals, United States Postal Service, Defense Supply Center – Columbus, Defense Finance and Accounting Service – Columbus, Columbus Public Schools, City of Columbus and Franklin County). The fifty largest employers in the Greater Columbus area are shown in the Statistical Section of this report. These major employers, representing government, insurance, public utilities, manufacturing, retail, banking, research, medical and services, provide a broad and diverse employment base.

Employee relations:

The City's employee relations are established largely in association with the following labor organizations:

- American Federation of State, County, and Municipal Employees (AFSCME), Locals 1632 and 2191. (www.afscme.org)

AFSCME has approximately 2,460 members among the City's 5,634 civilian employees. AFSCME has, however, bargaining rights for approximately 3,006 of these employees. The current labor agreement between the City and AFSCME was effective April 1, 1999 and continues through March 31, 2002 or until a new contract, presently being negotiated, is settled.

- Fraternal Order of Police (FOP) (www.fop9.org)

FOP has bargaining rights for all of the City's police officers except for the chief and his five deputy chiefs. Of the City's 1,810 police officers, 1,736 are members of the FOP. The contract between the City and FOP expires December 8, 2002.

- International Association of Firefighters (IAFF) (www.iaff.org)

IAFF has bargaining rights for all the City's firefighters except for the chief and one of his five assistant chiefs. Membership in the IAFF includes 1,501 of a total 1,518 firefighters. On April 10, 2000, an arbitrator issued a final decision on certain outstanding issues of the proposed contract between the City and IAFF. The contract continues through on May 31, 2004.

- **Columbus Municipal Association of Government Employees (CMAGE)**

CMAGE has approximately 693 members and has bargaining rights for approximately 1,309 of the 5,634 civilian employees. The current contract between the City and CMAGE became effective August 24, 1999 and continues through August 23, 2002.

Under Ohio's Collective Bargaining Act, if members of the police or fire division cannot reach agreement with the City they "shall submit the matter to a final offer settlement procedure." This requirement of Ohio law is referred to as a "no-strike" or "binding arbitration" provision. Other employees are permitted to strike under Ohio law after giving proper notification.

MAJOR INITIATIVES

CURRENT PROJECTS AND SERVICE EFFORTS AND ACCOMPLISHMENTS:

- **Retaining financial strength of the City**

The Mayor, keenly aware of national and local economic conditions, has devoted much attention and action to maintaining the City's financial strength. Following are extracted from his Economic Advisory Committee Report which has already resulted in certain legislation being enacted by the Council. Other legislation (ordinances) implementing revenue enhancement recommendations are in formative stages.

The Committee was comprised of:

- Anthony Chan, Ph.D., Senior Managing Director and Chief Economist for BankOne Investment Advisors
- Robert Greenbaum, Ph.D., Assistant Professor, School of Public Policy and Management, The Ohio State University
- Allen Proctor, Ph.D., Consultant in Public Sector Budgeting and Finance
- Hugh J. Dorrian, City Auditor, City of Columbus
- Joel Taylor, Finance Director, City of Columbus
- Mary Austin, Council Budget Officer, City of Columbus

The Committee issued its final report to Mayor Michael B. Coleman and City Council President Matthew D. Habash on October 15, 2001.

Recommended revenue enhancements were:

- *Increase in parking ticket fines.* This recommendation has been implemented via Council legislation and takes effect April 1, 2002.
- *Increase in Municipal Court costs and fines.* The Court has implemented certain increases effective January 2002.
- *Review license fees, permit fees and other possible charges.* All fees regarding building permits, plans, inspections, etc. are now established on a basis to support all operating costs of providing such service. Other fees and permits are also being reviewed for increased rates.
- *Short-term car rental tax.* Legislation is now in draft form, but intended for initial implementation in 2002, for a short-term call rental tax. Columbus presently is one of very few large cities not having such a tax.
- *Third party reimbursement for emergency medical transport.* Again, Columbus is one of very few large cities not charging for this service. The City is presently preparing requests for proposals to assist in this billing process. Implementation is planned for late 2002.

The above enhancements, when implemented, are intended to be permanent additional sources of revenue for the City. The Committee's report, in its entirety, may be requested by mail at City Auditor, 90 West Broad Street, Columbus, Ohio, 43215, or via e-mail at HIDORRIAN@CMHMETRO.NET.

- **Affordable Housing Opportunities**

At the persistence of the Mayor, the Columbus/Franklin County Affordable Housing Trust Corporation (AHT) became functional and operational in 2001. The City provided \$3.1 million in support and the County provided \$1.0 million in support in 2001. Additionally, the City will provide a portion of its hotel-motel excise tax annually, presently approximating \$1.0 million, to AHT for future funding. This action represents the first direct funding with locally generated (non-federal) funds toward providing affordable housing to citizens throughout the County.

- **Leadership in Education**

In 2000, the Mayor created an Office of Education with a cabinet-level director to focus city efforts on education and after-school programs. Its mission is to enhance the quality of life for all citizens by expanding access, opportunity and awareness for learning, education, training and development within our community.

The Office of Education has created the education advisory commission, a panel of 12 members whose purpose will be to serve as advisor and consultant to the Mayor and City Council on matters of public education, after-school and life-long learning opportunities, and partnerships on educational matters. This represents the first formalized actions by the City to directly fund school related efforts.

- **Police Cruiser Technology**

In keeping with the Mayor's intention to use technological advances in the area of Public Safety, the Division of Police has continued to install video cameras in their fleet of 447 Police cruisers. Presently there are 100 units operational. In addition, 235 mobile data terminals have been placed in cruisers to enhance overall communications in the field.

- **The Franklin County Convention Facilities Authority (CFA)** (www.columbusconventions.com)

The CFA, owner and operator of the Greater Columbus Convention Center, in February 2001, completed a \$73 million expansion and renovation. Its total size was increased from 1.4 to 1.7 million square feet. Information provided by the CFA states the expansion and renovation adds:

- 120,000 square feet of exhibit space, increasing the space to nearly 450,000 square feet.
- A 15,000 square feet ballroom, totaling 40,000 square feet of ballroom space.
- 11 new meeting rooms for a total of 61 meeting rooms.
- Additional parking, including an 1,100 space parking facility with first floor retail shops and a 200 space surface lot.
- An upgrade of 100,000 plus square feet of retail space.

The City's relationship with CFA began in 1990 via a lease / sublease arrangement between the CFA and the City and Franklin County under which the City and County lease the facility as tenants in common from the CFA and subsequently sublease the facility back to the CFA. The lease requires the City and County to each pay rent equal to one half of the debt service due on all revenue bonds issued by the CFA to build the facility to the CFA. The sublease requires the CFA to pay rent to the County and City in an amount equal to such debt service. The CFA's source of rental payment is the hotel/motel excise tax it levies. If the excise tax is insufficient, the earnings on and the principal of reserve funds created at the time of issuance of the revenue bonds are to be used. If the reserve funds prove to be insufficient, the City is to divert that portion of the hotel/motel excise tax it levies and pays to a local convention and visitors bureau to the rent payment. In the event all previously mentioned sources of payment are insufficient, the County and City will pay any shortfall in equal shares from their general resources provided their respective legislative bodies have appropriated the funds. Since the inception of the lease/sublease, County and City general resources have not been required and are not anticipated to be required.

- **The Internet**

Since 1998, the City Auditor has made the entire Comprehensive Annual Financial Report (CAFR) available to the public via the Internet. Portions of the CAFR's for 1994 through 1997 were also on the City's website. The website will be updated after the publication of this report to include the 2001 CAFR.

Other major areas of interest available via the City's website (<http://www.cityofcolumbus.org>) are:

- The complete City Code including, but not limited to; Income Tax Code, Building Code, Zoning Code, and more.
- City Council's weekly legislative agendas.
- Information on the divisions of Fire and Police; how to access accident reports, recyclables, trash collection schedules and many, many points of information.

• **Center of Science and Industry (COSI) (www.cosi.org)**

COSI continued to sparkle in 2001 with 706,000 visitors in its fiscal year ending June 30, 2001. In 1988 the City purchased land, approximately 17 acres, in the heart of downtown. Formerly Central High School, the City purchased the property from the Columbus City School District for \$15 million and, in subsequent years leased the property to the State of Ohio to be used as a science and learning center for the community.

COSI, the operator of the Center, is one of nation's premier exhibitions of modern science and technology. The new COSI, opened in November 1999, contains 320,000 square feet of space. At its previous location the building contained approximately 150,000 square feet.

COSI's "Fun Facts" sheet indicates the following featured in its construction:

- 22,825 cubic yards of concrete
- 200 miles of electrical wiring
- 17 miles of piping
- 960-foot curved wall, longer than three football fields, containing 158 precast panels weighing 48,000 pounds each.

Construction took 28 months, June 1997 to November 1999. The site also includes over four acres for parking 720 autos.

• **Columbus Zoo and Aquarium (www.colszoo.org)**

The City leases certain real estate, together with certain buildings and improvements located thereon, to the Columbus Zoological Park Association (the Zoo). The City does not own the animals but, in partnership with Franklin County, continues to acquire additional land for the Zoo; 178.3 acres in 2001; 48.9 acres in 2000. Prior to 1970, the Zoo operated as a division of the City. Since 1970 the Zoo is its own separate political subdivision of Ohio with its own funding sources.

In 2001, the Zoo had over 1.3 million visitors. Membership at the Zoo exceeds 47,000 households. At the zoo, visitors can see Manatee Coast; one of only three exhibits outside of Florida where people can view the West Indian manatees.

• **Columbus Blue Jackets and the Arena District**

Development continued in the Arena District in 2001. In October 2000, The Columbus Blue Jackets, a privately owned franchise, began play in the National Hockey League. Games were played in the Nationwide Arena, also privately owned, an 18,500-seat arena capable of accommodating numerous sports events, entertainment and convention facilities.

Located in the Arena District, nearly 100 acres, the Arena's neighbors include parking facilities and the Arena Park with its 870 feet long and 280 feet at its widest green space. Numerous restaurants and commercial office space are already functioning. The Blue Jackets and the Arena District met with great success in their inaugural year.

PROSPECTS FOR THE FUTURE

While the recent economy has brought its challenges, the City's future continues to be bright.

- The economic strength of Columbus lies in the imagination and inventiveness of its people. The presence in Columbus of institutions of education such as The Ohio State University, Columbus State Community College, Ohio Dominican College, Capital University, Franklin University, Otterbein College, DeVry Institute, Columbus College of Art and Design and others, assure Columbus of a talented work force for continued economic development.
- Unemployment continues to be low when compared to state and national levels. Stability of the City's work force, due to its high government, education and other service-oriented employment, would indicate a continuance of this comparison.

- The City continues to enjoy major developments, both residential and commercial, in the downtown and throughout the City, indicative of continued economic activity and a quality living experience.
- Population continues to grow. The U.S. Bureau of the Census indicated 711,470 inhabitants in Columbus in 2000 compared to 632,910 in 1990, an increase of 12.4% in the decade.

FINANCIAL INFORMATION

Accounting system and budgetary control:

The City's Charter states that the Mayor and the Auditor, officials separately elected and independent of each other, shall supervise all departmental expenditures and shall keep such expenditures within appropriations. The Auditor performs a pre-audit of the City's expenditures. Post-audits are performed by independent certified public accountants, not only of the City's financial activities, but also of grant monies expended by private and quasi-public agencies acting as subgrantees of the City.

The Charter mandates other checks and balances. The most important of these, as it relates to the City's financial stability and credit worthiness, states that no contract, agreement, or other obligation involving the expenditure of money shall be entered into, nor shall any legislation be passed by the Council, unless the Auditor first certifies that money required for the obligation is in the Treasury to the credit of the fund from which the expenditure is to be paid, or is in the process of collection.

The City's fiscal accounting system also provides for checks and balances between the Auditor and the Treasurer. A reconciliation between the two offices' records as of December 31, 2001 is shown later in this letter under *Cash management*.

Budgetary control is maintained at Object Level One for each division within each fund via legislation approved by the Council. The various objects are:

01 Personal services	05 Other
02 Materials and supplies	06 Capital outlay
03 Contractual services	07 Interest on debt
04 Debt principal payments	10 Transfers

Lower object levels two and three are accounted for and reported internally. Estimated amounts must be encumbered prior to release of purchase orders or other contracts to vendors. Encumbrances in excess of the available object level one appropriation are not approved unless additional appropriations are authorized. Except for Capital Projects Funds (initial appropriations continue until expended or modified by Council), unencumbered appropriations lapse at the end of each fiscal (calendar) year.

The City's management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met.

The Council authorizes appropriations, both original and supplemental. Supplemental appropriations are common. Appropriations are further explained in Note A.

Internal controls:

Internal controls begin with separation of powers; separately elected officials such as Mayor, Council, City Attorney, and City Auditor. A structure of departments and divisions where duties are separated to the extent practicable also provides controls. An independent Civil Service Commission establishes hiring (and firing) policies. Disbursements by the Treasurer can only be pursuant to a warrant of the City Auditor. Warrants can only be issued pursuant to written authorization of a department director. These and other control features are prescribed by the City's Charter.

General Fund:

The growth in both population and land area that the City experiences continue to exert demands for its services. The City has maintained growth and financial stability, as exhibited in its financial statements. The General Fund balance at December 31, 2001 equates to 17.5% of expenditures and transfers out for 2001. A five-year comparison of its General Fund activity follows. Five-year comparisons, as compared to a shorter period, will assist the reader in more meaningful analyses. The revenues, expenditures and changes in fund balance shown in these comparisons are presented on the modified accrual basis of accounting as applicable to government.

Revenue narrative:

Brief descriptions of the City's major revenue components follow.

Income taxes:

The City's income tax continues to be its primary source of revenue. The tax applies to all wages, salaries, commissions, and other compensation paid by employers and/or the net proceeds from the operation of a business, profession, or other enterprise activity. The initial tax rate of .5%, collected in 1948, was increased to 1% in 1956, 1.5% in 1971, and to the current 2% in 1983. Income tax rates of cities and villages within the State of Ohio are limited to a maximum of 1%, unless specifically approved by a majority of the resident voters of the respective city or village. There are 555 cities and villages within the State of Ohio that now levy a local income tax. Rates range from .225% to 2.5%.

Local school districts in the State of Ohio are also permitted to levy an income tax, but only with the approval of a majority of voters within the district. Ohio has 611 school districts; 121 have an income tax. Rates range from 0.5% to 2.0%.

Approximately 83.6% of the City's income tax collected in 2001 were via employers withholding the tax from employees' earnings and remitting the tax to the City on a statutorily prescribed schedule. Approximately 11.8% of collections originated from business accounts and 4.6% from independently employed individual taxpayers. Depending on the amount withheld, employers must remit to the City on a semi-monthly, monthly, or quarterly frequency, with the largest amounts being remitted semi-monthly.

One quarter of the revenue from this tax is accounted for in a Debt Service Fund and is primarily used for servicing debt pertaining to non-enterprise type capital improvements. Tipping fees for disposal of garbage collected by the City are also paid from this fund on the City's budget basis of accounting. On the modified accrual basis of accounting, such tipping fee amounts are transferred to the General Fund and expended as public service expenditures. Three-quarters of income tax revenues are used for General Fund purposes. Income tax revenues on the budget basis represent 2001 collections of \$453.4 million less refunds of \$14.4 million for a net amount of \$439.0 million. Income tax revenues on the modified accrual basis of accounting, net of refunds, were \$435.0 million and are reported in the following funds:

	(in thousands)				
	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
General	\$ 326,259	315,610	308,223	286,034	262,072
Debt Service	<u>108,727</u>	<u>105,202</u>	<u>102,741</u>	<u>95,343</u>	<u>87,357</u>
Total	<u>\$ 434,986</u>	<u>420,812</u>	<u>410,964</u>	<u>381,377</u>	<u>349,429</u>
% increase over prior year	3.37	2.40	7.76	9.14	7.47

Debt service funds in 2001 represent General Bond Retirement (\$94,439) and Special Income Tax (\$14,288). A ten-year history of the income tax revenue and cash collections, net of refunds, appears in the Statistical Section of this report.

The City acts as collection agent for 9 other cities and villages in the central Ohio area. Fees collected by the City for these services totaled \$572,558 in 2001, and are accounted for in the General Fund as charges for services.

Property taxes:

Property taxes in Ohio are levied and collected by its 88 counties. The City lies partially within three of these counties: Franklin, Fairfield, and Delaware. After collection, the counties distribute portions of these taxes to the political subdivisions (cities, villages, townships, etc.) located within their geographic borders. Property taxes for the City represent a tax rate of 3.14 mills (\$3.14 per \$1,000 of taxable valuation) applied to the assessed value of property located in the City. Assessed values represent approximately 35% of appraised values. This rate, 3.14 mills, has remained unchanged since 1956.

Increases in this rate can only occur with approval of the City's voters. Revenues from property taxes are used for General Fund operations, including a partial provision, 0.60 mills, for current police and fire pension costs.

Revenues produced by this millage for the General Fund were:

	(in thousands)				
	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
General Fund	\$ 40,881	39,049	34,403	33,496	31,856
% increase (decrease) from prior year	4.69	13.50	2.71	5.15	5.72 %

Assessed values of taxable property at December 31, 2001 within the City, in the counties in which the City is located, are as follows:

	(in thousands)	
Franklin	\$	12,850,828
Fairfield		119,604
Delaware		<u>137,422</u>
Total	\$	<u><u>13,107,854</u></u>

Total assessed values in the City over the past ten years are shown below. Values of Franklin, Fairfield, and Delaware counties are included in years where applicable.

<u>Fiscal Year</u>	For Tax Collection In <u>Fiscal Year</u>	Assessed Value (in thousands)	% Increase From <u>Prior Year</u>
1992	1993	\$ 8,586,025	2.58
1993	1994	9,178,539	6.90
1994	1995	9,266,927	0.96
1995	1996	9,483,390	2.34
1996	1997	10,130,785	6.83
1997	1998	10,483,853	3.49
1998	1999	10,972,327	4.66
1999	2000	12,397,530	12.99
2000	2001	12,939,074	4.37
2001	2002	13,107,854	1.30

Property tax collections have steadily increased over the period 1992 to 2001, with larger increases evident every three years. These three-year increases result from comprehensive reappraisals of property that take place every six years, and less formal triennial updates that occur the third year in between the six year reappraisals. Six-year reappraisals took place in 1993 and 1999, with the resulting increases in property tax collections occurring in 1994 and 2000. In 1990 and 1996 triennial updates occurred. Property taxes levied in 2001 but not collectible until 2002 are accounted for in the General Fund as accounts receivable and deferred revenue at an estimated amount of \$40.8 million. Additional data on property values and taxes appear in the Statistical Section of this report.

Investment earnings:

The City's investment policies are discussed later in this letter under *Cash management* and in Note C. This source of revenue is not conducive to year-to-year comparisons. Investment earnings are only deposited to the General Fund after all statutorily directed earnings are deposited to the appropriate funds: enterprise funds, grant funds, etc. Earnings for the past five years have been:

Funds	(in thousands)				
	2001	2000	1999	1998	1997
General	\$ 27,060	32,745	17,821	19,776	17,013
General Bond Retirement	125	244	136	165	202
Special Income Tax	108	-	-	-	-
Other governmental	2,086	3,253	2,658	1,560	1,407
Total governmental funds	<u>29,379</u>	<u>36,242</u>	<u>20,615</u>	<u>21,501</u>	<u>18,622</u>
Fiduciary	-	-	-	15	60
Enterprise	8,024	7,544	7,700	9,993	9,857
Total	<u>\$ 37,403</u>	<u>43,786</u>	<u>28,315</u>	<u>31,509</u>	<u>28,539</u>

Licenses and permits:

Licenses and permits are issued by the City to regulate activities related to building, health, and other business enterprises. Increased collections in 1998 and 1999 are indicative of several major building projects in Columbus in addition to increases in the rate of fees in May 1998. Over the past five years, revenues in the General Fund resulting from licenses and permits amounted to:

Amount	(in thousands)				
	2001	2000	1999	1998	1997
\$ 11,538	10,700	11,972	9,692	7,805	
% increase (decrease) from prior year	7.83	(10.62)	23.52	24.18	19.50 %

Shared revenues:

Shared revenues in the General Fund include the taxes listed below which are levied and collected by the state or counties and partially redistributed to the City and other political subdivisions. Provided below is a five-year history of the City's share of these revenues as reported in the governmental fund financial statement on the modified accrual basis of accounting.

	(in thousands)				
	2001	2000	1999	1998	1997
State income, sales, corporate franchise, and public utility taxes:					
Local government fund	\$ 46,881	44,867	41,750	40,247	36,657
Local government revenue assistance fund	4,080	3,984	3,822	3,609	3,299
Estate tax	9,972	12,125	10,152	12,493	7,544
State liquor fees	964	968	901	931	877
Cigarette tax and other	35	38	36	37	37
Total	<u>\$ 61,932</u>	<u>61,982</u>	<u>56,661</u>	<u>57,317</u>	<u>48,414</u>
% increase (decrease) from prior year	(.08)	9.39	(1.14)	18.39	6.38 %

Charges for services:

The City performs certain services for its citizens and other municipalities for which it charges various amounts. These services include impounding, storing and selling abandoned autos; fire and police protection provided to certain suburbs; parking meter fees; and various other services. Additionally the City's General Fund allocates certain citywide costs initially borne by the General Fund to certain other funds (an internal cost allocation plan). These costs, \$15.4 million in 2001, are allocated by charging certain other funds a statutorily approved rate of 4 1/2% of their gross revenue.

These revenues in the General Fund over the past five years have produced:

		(in thousands)				
		<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
Amount	\$	26,758	27,099	24,420	24,764	23,819
% increase (decrease) from prior year		(1.26)	10.97	(1.39)	3.97	10.46 %

Fines and forfeits:

These revenues consist of fines and forfeits imposed by the Franklin County Municipal Court, and parking tickets issued by the City's parking violation's bureau. Increased "prices" for parking tickets and various fines in 1997 resulted in the significant increase in this revenue source during 1997.

		(in thousands)				
		<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
Fines and forfeits	\$	8,804	8,382	8,326	8,724	9,094
Parking ticket revenue		<u>4,120</u>	<u>4,209</u>	<u>4,142</u>	<u>4,042</u>	<u>4,199</u>
Total	\$	<u><u>12,924</u></u>	<u><u>12,591</u></u>	<u><u>12,468</u></u>	<u><u>12,766</u></u>	<u><u>13,293</u></u>
% increase (decrease) from prior year		2.64	0.98	(2.33)	(3.97)	16.25 %

Miscellaneous:

Miscellaneous revenues in the General Fund on the modified accrual basis of accounting consist of the following:

		(in thousands)				
		<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
Hotel/motel taxes	\$	2,735	3,764	3,571	3,385	3,153
Refunds and reimbursements		2,266	7,146	636	12,905	5,112
Other		<u>650</u>	<u>324</u>	<u>132</u>	<u>346</u>	<u>291</u>
Total	\$	<u><u>5,651</u></u>	<u><u>11,234</u></u>	<u><u>4,339</u></u>	<u><u>16,636</u></u>	<u><u>8,556</u></u>

Refunds and reimbursements in 2000 and 1998 include extraordinary refunds from the Ohio Bureau of Workers' Compensation. Total refunds for those years were \$8.8 million and \$18.7 million respectively. Proportionate shares of the refund were returned to the respective funds from which the premium had been paid.

Expressed as percentages of total revenues, the major General Fund revenue components over the past five years are:

	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>	
Income taxes	63.6	61.8	65.5	62.1	63.5	%
Property taxes	8.0	7.6	7.3	7.3	7.7	
Investment earnings	5.3	6.4	3.8	4.3	4.1	
Licenses and permits	2.2	2.1	2.6	2.1	1.9	
Shared revenues	12.1	12.1	12.0	12.4	11.7	
Charges for services	5.2	5.3	5.2	5.4	5.8	
Fines and forfeits	2.5	2.5	2.7	2.8	3.2	
Miscellaneous	<u>1.1</u>	<u>2.2</u>	<u>0.9</u>	<u>3.6</u>	<u>2.1</u>	
Total revenue	<u><u>100.0</u></u>	<u><u>100.0</u></u>	<u><u>100.0</u></u>	<u><u>100.0</u></u>	<u><u>100.0</u></u>	%

Transfers in narrative:

The total amount of transfers in, \$15.7 million, includes \$15.1 million transferred from the Debt Service Fund to the General Fund for the purpose of paying tipping fees. On the City's budget basis of accounting, these fees are paid directly from the Debt Service Fund. Tipping fee costs appear as public service expenditures. On the City's budget basis of accounting, these costs were paid directly from the Debt Service Fund. Note P provides details of transfers.

Expenditure narrative:

The practice of transferring monies from the General Fund to the Health Department Fund and the Recreation and Parks Fund, both Special Revenue Funds, is a method used annually by the City to provide resources to these funds. It is appropriate, therefore, to consider transfers out in the following analysis of the General Fund. After combining transfers out with expenditures, the major General Fund components over the past five years are:

	(in thousands)				
	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
General government	\$ 65,781	58,116	53,327	58,933	48,000
Public service	54,860	49,003	46,971	43,114	39,736
Public safety	339,129	319,831	287,800	261,675	254,323
Development	29,800	27,165	25,567	20,809	18,696
Capital outlay	3,181	7,552	8,486	10,721	7,869
Health (transfers out)	19,499	20,560	19,027	17,230	15,846
Recreation (transfers out)	29,760	29,586	27,739	27,151	24,699
Other (transfers out)	<u>3,242</u>	<u>4,028</u>	<u>4,967</u>	<u>4,971</u>	<u>4,380</u>
Total	\$ <u>545,252</u>	<u>515,841</u>	<u>473,884</u>	<u>444,604</u>	<u>413,549</u>

Transfers out narrative:

The City's General Fund provides financial support to its Health department (\$19.5 million) and to its Recreation and Parks operations (\$29.8 million). Financial activity of these two services is accounted for in Special Revenue Funds. Total expenditures reported in the fund financial statements for these services were \$37.5 million for the Health Department and \$68.7 million for the Recreation and Parks Department.

Other (transfers out) in the total amount of \$3,242,000 includes \$880,000 principal and \$1,121,588 interest transferred to the Debt Service Fund for payment of debt service due on the General Obligation Police and Fire Accrued Liability Pension Refunding bond.

Expressed as percentages, the General Fund expenditures and transfers out over the past five years are:

	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
General government	12.0	11.3	11.3	13.2	11.6 %
Public service	10.0	9.5	9.9	9.7	9.6
Public safety	62.2	62.0	60.7	58.9	61.5
Development	5.5	5.3	5.4	4.7	4.5
Capital outlay	.6	1.4	1.8	2.4	1.9
Health (transfers out)	3.6	4.0	4.0	3.9	3.8
Recreation and parks (transfers out)	5.5	5.7	5.9	6.1	6.0
Other (transfers out)	<u>0.6</u>	<u>0.8</u>	<u>1.0</u>	<u>1.1</u>	<u>1.1</u>
Total	<u>100.0</u>	<u>100.0</u>	<u>100.0</u>	<u>100.0</u>	<u>100.0 %</u>

Public safety, primarily police and fire services, continues to be the dominant expenditure function of the General Fund.

While not necessarily represented in each of the City's funds, expenditures by function used in this report represent the following City divisions:

General government:

- Mayor
- City Council
- City Treasurer
- City Attorney
- Real Estate
- City Auditor
- Income Tax
- Municipal Court Judges
- Municipal Court Clerk
- Civil Service Commission
- Community Relations Commission
- Equal Business Opportunity Director
- Office of Education
- Finance Director
- Purchasing
- Human Resources
- Technology Director
- Information Services
- Telecommunications

Public service:

- Service Director
- Construction Inspection
- Engineering and Construction
- Facilities Management
- Fleet Management
- Refuse Collection
- Traffic Engineering and Parking

Public safety:

- Safety Director
- Communications
- Fire
- Police

Development:

- Building and Development Services
- Department Administration
- Economic Development and Planning Services
- Housing and Community Services

Capital Outlay:

- Expenditures for capital assets with estimated useful lives of five years or more.

Health

- General Fund monies of \$19,499,000 were transferred to the Health Department in 2001.

Recreation and parks:

- General Fund monies of \$29,760,000 were transferred to the Recreation and Parks Department in 2001.

Public utilities:

- Public Utilities Director
- Storm Sewers

Other:

- Includes \$880,000 principal and \$1,121,588 interest Transferred to the Debt Service Fund.

General Fund balances:

The City is required to maintain accounting records on a budget basis, as explained earlier in this letter. The Budgetary Comparison Schedule – General Fund presented as Required Supplementary Information immediately following the notes to the financial statements show the actual results of the budgeted general fund for 2001. A contrast in the two accounting methods and their impact on General Fund balances is shown below. A reconciliation between the General fund changes in fund balance on the budget basis versus the modified accrual basis is also presented on the Budgetary Comparison Schedule for 2001.

General Fund balances at December 31,	2001	2000	1999	1998	1997
Budget Basis:					
Designated for future years expenditures	\$ 29,793	35,027	33,323	31,503	16,065
Undesignated	<u>37,423</u>	<u>30,811</u>	<u>37,557</u>	<u>37,949</u>	<u>26,000</u>
Total fund balance	<u>\$ 67,216</u>	<u>65,838</u>	<u>70,880</u>	<u>69,452</u>	<u>42,065</u>
Modified Accrual - GAAP Basis:					
Reserved for encumbrances	\$ 17,347	27,317	21,148	17,606	14,154
Unreserved					
Designated for future years' expenditures	37,884	35,521	33,660	31,811	16,209
Undesignated	<u>40,134</u>	<u>49,075</u>	<u>49,404</u>	<u>46,492</u>	<u>36,833</u>
Total unreserved	<u>78,018</u>	<u>84,596</u>	<u>83,064</u>	<u>78,303</u>	<u>53,042</u>
Total fund balance	<u>\$ 95,365</u>	<u>111,913</u>	<u>104,212</u>	<u>95,909</u>	<u>67,196</u>

The following is a synopsis of General Fund revenues, expenditures and changes in fund balance, in order to further demonstrate the differing results of both the modified accrual - GAAP basis of accounting and the City's budget basis. Both bases are explained earlier in this letter and in Note A.

Year	(in thousands, except %)									
	Revenues (2) (5)				Expenditures (2) (5)				Fund Balance	
	GAAP	%	Budget	%	GAAP	%	Budget	%	GAAP	Budget
1979 (1)	\$ 115,930	-	\$ 117,021	-	\$ 118,419	-	\$ 118,371	-	\$ 4,595	3,053
1980	132,857	14.6	136,726	16.8	130,283	10.0	132,508	11.9	7,169	7,271
1981	138,209	4.0	143,646	5.1	143,557	10.2	147,505	11.3	1,821	3,412
1982	144,643	4.7	149,880	4.3	146,173	1.8	149,760	1.5	291	3,532
1983	160,615	11.0	164,481	9.7	156,673	7.2	164,861	10.1	4,233	3,152

1990	275,483	5.5	278,456	6.6	279,415	6.1	278,812	5.3	26,278	12,284
1991	286,867	4.1	288,615	3.6	287,923	3.0	287,026	2.9	25,222	13,873
1992	306,171	6.7	303,628	5.2	305,956	6.3	302,909	5.5	25,437	14,592
1993	336,320	9.8	319,006	5.1	329,245	7.6	316,937	4.6	32,512	16,661
1994	363,437	8.1	346,327	8.6	346,550	5.3	342,651	8.1	49,399	20,337
1995	378,620	4.2	371,842	7.4	366,322	5.7	355,862	3.9	61,697	36,317
1996 (4)	391,706	3.5	382,756	2.9	390,862	6.7	387,484	8.9	54,341	31,589
1997	424,654	8.4	407,210	6.4	411,799	5.4	396,734	2.4	67,196	42,065
1998	473,317	11.5	467,518	14.8	444,604	8.0	440,131	10.9	95,909	69,452
1999	482,187	1.9	467,761	0.1	473,884	6.6	466,333	6.0	104,212	70,880
2000	523,542	8.6	501,531	7.2	515,841	8.9	506,573	8.6	111,913	65,838
2001	528,704	1.0	532,823	6.2	545,252	5.7	531,444	4.9	95,365	67,216

- Notes: (1) Calendar year 1979 was the City's first Comprehensive Annual Financial Report containing financial statements audited by independent certified public accountants.
- (2) Revenues and expenditures include transfers in and transfers out, respectively, except for transfers within the General Fund (transfers to the Economic Stabilization Fund, the Anticipated Expenditure Fund and, beginning in 2001, \$1.796 million of kilowatt hour tax transferred to the Electricity Enterprise Fund). Budget basis revenues also include lapsed encumbrances of prior years; an extraordinarily high amount of \$6.175 million in 2001 whereas amounts ranged from \$1.2 million to \$2.7 million annually over the previous five years (1996-2000).
- (3) GAAP revenues for 1985 include a residual equity transfer of \$7.9 million which is excluded in % growth calculation.
- (4) GAAP fund balance for 1996 reflects a reduction of \$8.2 million due to a restatement of prior year's fund balance.
- (5) % columns represent % increase from prior year.

Grants and subsidies:

Grants and subsidies received by the City are accounted for in the Special Revenue Funds, and Capital Projects Funds. The five-year history of the City's grants and subsidies reported on the modified accrual basis of accounting follow.

Funds	(in thousands)				
	2001	2000	1999	1998	1997
Special Revenue	\$ 69,923	52,134	49,246	52,778	45,500
Capital Projects	<u>7,157</u>	<u>4,233</u>	<u>4,340</u>	<u>11,001</u>	<u>13,295</u>
Total governmental funds	<u>77,080</u>	<u>56,367</u>	<u>53,586</u>	<u>63,779</u>	<u>58,795</u>
Proprietary—Contributed capital	<u>-</u>	<u>-</u>	<u>-</u>	<u>27</u>	<u>23</u>
Total	\$ <u>77,080</u>	<u>56,367</u>	<u>53,586</u>	<u>63,806</u>	<u>58,818</u>
% increase (decrease) from prior year	36.7	5.19	(16.00)	8.48	27.60 %

Grants received by the City, the primary government, in excess of \$2 million in 2001 follow. All were accounted for in governmental type special revenue funds.

- Medical Assistance Program via the Ohio Department of Aging (CFDA 93.778) (in thousands) \$ 21,025
- Community Development Block Grant Program via U.S. Department of Housing and Urban Development (CFDA 14.218) 11,585
- Women, Infants and Children programs Via U.S. Department of Agriculture (CFDA 10.557) 3,767
- Empowerment Zone Programs via U.S. Department of Housing and Urban Development (CFDA 14.244) 3,120
- Special Programs for the Aging via The Ohio Department of Health (CFDA 93.045) 2,497
- Home Investment Partnership via U.S. Department of Housing and Urban Development (CFDA 14.239) 2,195

Capital assets:

Capital assets are defined by the City as assets with an individual cost of more than \$5,000 and an estimated useful life in excess of five years. Capital assets, which include property, plant and equipment, and infrastructure (e.g. road, curbs, and gutters, streets and sidewalks, and drainage systems) are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) are included as part of the governmental capital assets reported in the government-wide statements. Contributed capital assets are recorded at their market value at the time of contribution. Capital assets are further described in Note F.

Enterprise funds:

The City operates three enterprise activities: a Water system, a Sanitary Sewer system, and an Electricity distribution system, which are accounted for in separate enterprise funds. As stated earlier in this letter, a fourth enterprise, airport services, is discretely presented in this report as a component unit of the City. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the City intends that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City accounts for its enterprise funds on the full accrual basis of accounting.

Following are the annual charges and rate increases (decreases) for the average Columbus resident/user of water and sewers over the last ten years. An average Columbus resident/user is defined as a customer using 12,000 cubic feet of water annually. Water and sanitary sewer charges are designed to provide resources for both capital and operating costs. Storm sewer charges are designed to provide resources for storm sewer operating costs (maintenance) and certain, but not all, capital costs. Water and sanitary sewer charges are accounted for in their respective enterprise funds. Storm sewer charges are accounted for in a Special Revenue Fund.

Year	Water		Sanitary Sewers		Storm Sewers		Total		
	Annual charge	% increase (decrease)	Annual charge	% increase (decrease)	Annual charge	% increase (decrease)	Annual charge	% increase	Moving ten year % increase
1992	\$ 228.25	8.5	\$ 173.80	9.9	\$ 37.92	47.7	\$ 339.97	12.6	74.8
1993	139.92	9.0	192.62	10.8	37.92	0.0	370.46	8.9	77.9
1994	153.72	9.9	207.44	7.7	37.92	0.0	399.08	7.7	89.8
1995	162.12	5.5	217.81	5.0	29.27	(22.8)	409.20	2.5	92.0
1996	168.12	3.7	224.35	3.0	19.68	(32.8)	412.15	0.7	83.6
1997	173.16	3.0	231.10	3.0	19.68	0.0	423.94	2.9	84.2
1998	179.64	3.7	228.70	(1.0)	19.68	0.0	428.02	1.0	85.9
1999	183.36	2.1	228.60	0.0	19.68	0.0	431.64	0.8	79.4
2000	183.36	0.0	228.60	0.0	26.52	34.8	438.48	1.6	68.9
2001	183.36	0.0	228.60	0.0	29.88	12.7	441.84	0.8	46.3

The City's enterprises are not subject to rate review or determination by the Public Utilities Commission of Ohio or any similar regulatory body. The City's Council has the necessary authority to establish appropriate user rates when needed. The rates are reviewed and established by the Council annually. The frequency and amounts of rate setting authority lies solely with the City's Council.

Water:

The City's Water enterprise serves the residents of the City and the vast majority of suburban communities in the Columbus vicinity. The population of the service area is estimated at 1,000,000. The Water enterprise serves 249,258 customers.

The City obtains its raw water supply from rivers, reservoirs and wells. The enterprise has completed a regional water resource project titled *Water Beyond 2000* which is used as a guide to develop additional water supply, treatment facilities, and distribution components as dictated by increasing demand. Future supply requirements will be addressed through a combination of demand management efforts, expansion of the existing South Wellfield and construction of upground reservoirs along the Scioto River north of the City. All necessary land for the South Wellfield Expansion and the upground reservoirs has been purchased.

The Water enterprise operates three treatment plants. A summary of the historical pumpage over the last five years follows:

	(in millions of gallons)				
	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
Minimum day	109	119	110	109	110
Maximum day	203	184	209	193	180
Average day	143	139	145	136	133
Total year's pumpage	52,038	51,037	53,009	49,656	48,530

The enterprise operates one of the most sophisticated water laboratories in the nation. The lab has maintained its EPA certification continually since the certification process began in 1976 pursuant to the Safe Drinking Water Act of 1974. On a semiannual basis, the lab must conduct various water study sample tests. The certification covers both equipment and personnel and represents a measure of quality performance. Test results are designed to be defensible in court as accurate data. The staff is fully supported with state of the art equipment. Their primary responsibility is to assure that the Water enterprise is, and will remain, in compliance with all federal, state and local requirements.

A five-year comparison of certain Water enterprise data is shown below:

	(in thousands, except for number of employees)				
	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
Assets	\$ 447,038	433,298	447,912	454,536	430,838
Net assets	156,901	147,990	139,156	126,146	111,692
Operating revenues	96,488	93,803	97,295	97,110	91,006
Operating expenses	(78,679)	(72,781)	(73,420)	(69,821)	(67,182)
Operating income	17,809	21,022	23,875	27,289	23,824
Nonoperating					
Interest income	4,018	2,106	2,818	3,073	3,684
Interest expense	(12,451)	(14,363)	(15,987)	(15,846)	(16,111)
Other, net	(465)	69	2,304	(75)	-
Change in net assets/net income	8,911	8,834	13,010	14,441	11,396
Number of employees	544	547	576	593	588

All bonds of the Water enterprise are paid from Water enterprise revenues.

Sewer:

The City's Sewer enterprise also serves the metropolitan area with approximately 239,264 customers, both residential and commercial. Included in the total sewer system are 2,288 miles of sanitary sewers, 1,632 miles of storm sewers, and 202 miles of combined sanitary/storm sewers. The costs and related financial activities of sanitary and combined sewers are accounted for in the Sewer Enterprise Fund.

Revenues and expenditures relating to the maintenance of the storm sewers are accounted for in a Special Revenue Fund. Expenditures related to storm sewers capital outlay are accounted for in Capital Projects Funds.

The Sewer enterprise operates two treatment plants. During 2001 treatment data was as follows.

	(millions of gallons per day)		
	Southerly Plant	Jackson Pike Plant	Total
Minimum day	59.4	54.5	113.9
Maximum day	149.0	109.9	258.9
Average day	90.2	70.0	160.2
Maximum capacity	180.0	110.0	290.0

When the Jackson Pike plant reaches capacity the excess automatically flows through connectors to the Southerly plant.

A five-year comparison of certain Sewer enterprise data is shown below:

	(in thousands, except for number of employees)				
	2001	2000	1999	1998	1997
Assets	\$ 999,402	931,126	925,368	926,938	880,253

Other, net	(462)	-	(79)	(16)	-
Change in net assets/net income	12,690	18,689	15,331	26,803	26,418
Number of employees	544	571	589	588	585

All bonds and notes of the Sewer enterprise are paid from Sewer enterprise revenues.

Electricity:

The City owns and operates an Electricity distribution system and accounts for it in the Electricity Enterprise Fund. The system had its origin in the 1890's and generated electricity from burning coal. The initial sole purpose for its existence was to light the streets of the City. In response to environmental concerns, the City ceased burning coal in 1977 and ceased generating electricity. The City continued distributing electric power by purchasing all of its needed power from privately owned utilities.

After a lengthy construction period, the City's solid waste resource recovery facility, a refuse derived fuel power plant, with capital costs of approximately \$200 million, began operations in the fourth quarter 1983. On April 1, 1993, the City leased the trash burning power plant and related transfer stations (the Plant) to the Solid Waste Authority of Central Ohio (SWACO), a separate and distinct political sub-division of the State of Ohio. The annual lease payments to the City were to be in the amount of the related debt service requirements on bonds that were issued for the construction of the Plant. This lease resulted in the removal of certain real and personal property assets from the Electricity Enterprise Fund with original costs totaling \$205.5 million of which \$3.4 million was transferred to the then General Fixed Asset Account Group. The lease was accounted for in the Electricity Enterprise Fund as a capital lease in accordance with Statement No. 13 of the Financial Accounting Standards Board, *Accounting for Leases*. Due to a series of federal court decisions and U.S. EPA decisions the Plant ceased operations at the end of 1994. The City then began, in 1995, to buy all of its power from sources other than SWACO. The City's Electricity distribution system has 13,277 residential and commercial customers.

As indicated above the Plant ceased operations in December 1994. The Plant no longer burns garbage nor generates electricity and therefore does not receive any income. It provides no service and produces no product. SWACO continues, however, to operate a landfill. The City is SWACO's largest customer at the landfill and in 2001 paid SWACO \$11.1 million for landfill tipping fees.

At the end of 1994, upon the closing of the Plant, its associated direct financing lease was no longer deemed to be an Electricity Enterprise Fund asset nor were the general obligation bonds related thereto considered an Electricity Enterprise Fund liability. The City, therefore, in December 1994 transferred the direct financing lease (the asset) and the general obligation bonds related thereto (the liability) to the Debt Service Fund and the then General Long-Term Obligations Account Group, respectively.

As explained further in Note H the City and SWACO again amended the lease in 1998. The City agreed to continue to deliver its garbage to the SWACO landfill and to reduce the liability of SWACO to the City to 65%, as opposed to 100%, of the City's remaining Plant related debt service at January 1, 1995. SWACO agreed to ensure landfill capacity until the year 2025 and to institute a new garbage fee, which would be paid to the City. In 2001 the City recognized \$13.9 million of revenue from SWACO; accounted for as miscellaneous revenue (rent) in the Special Income Tax Debt Service Fund.

A detailed computation of the City's lease receivable at December 31, 2001 is shown in Note H.

Rates charged to customers are determined solely by the City's Council after recommendation by the Electricity Enterprise management. Council's determination is final and is not subject to review or approval by any other regulatory body. Rates are, however, subject to market driven competition provided by the private electric utility in the area.

A five-year comparison of certain Electricity enterprise data is shown below:

	(in thousands, except for number of employees)				
	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>

Component Unit: Columbus Municipal Airport Authority (CMAA) (www.port-columbus.com)

CMAA is an independent, special purpose political subdivision of the State of Ohio. CMAA was created in August 1990, pursuant to the provisions of Chapter 4582, Ohio Revised Code (ORC), as a body corporate and politic. On November 10, 1991, the transfer date, CMAA began operations under a use agreement with the City for the purpose of providing air transportation to the general public. On this date the City transferred the use of all assets and liabilities of the Airport Enterprise Fund to CMAA. This transfer was recorded at the net book value. As a political subdivision, CMAA is distinct from, and is not, an agency of the State of Ohio or any other local governmental unit.

CMAA is governed by a nine-member Board of Directors (the Board) appointed by the Mayor of the City subject to approval of the City Council. Members of the Board are eligible for reappointment. The Board controls the employment of the Executive Director of CMAA who is responsible for staffing the respective departments and overseeing the day-to-day operations. CMAA administers an airport system comprised of Port Columbus International Airport and a reliever airport, Bolton Field Airport. Therefore, CMAA is a component unit of the City whose financial statements are discretely presented in the City's Basic Financial Statements. Complete financial statements of CMAA may be obtained from CMAA's administration offices at 4600 International Gateway, Columbus, Ohio 43219.

Outstanding bonds at December 31, 2001 for airport activities are comprised of \$23,435,000 of general obligation bonds of the City and \$124,031,000 of CMAA revenue bonds. Airport revenue bonds are a liability solely of CMAA and not of the City. CMAA pays the principal and interest on the general obligation bonds via rent payments to the City on the same dates and in the same amounts as the general obligation bond debt service requirements.

A five-year comparison of CMAA component unit data is shown below (fiscal years 2000 and 2001 reflect the implementation of GASB Statement No. 34):

	(in thousands, except for number of employees)				
	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>

Additional data on the City's enterprise activities are shown in the Notes and in the Statistical Section of this report.

Debt administration:

Summary of outstanding notes and bonds payable:

The City's outstanding notes and bonds represent indebtedness for capital needs only, except for the Police and Firemen's Disability and Pension Fund Employers Accrued Liability Refunding Bond (P&F Bond), an unvoted general obligation bond accounted for in governmental type debt, and the FNMA Single Family Mortgage Revenue Note. Notes payable and long-term obligations are explained further in Note G. Following are some pertinent data, both current and historical, regarding the City's outstanding notes and bonds.

Ratings:

In 1995 both Standard & Poor's Corporation and Moody's Investors Service, Inc. raised their credit ratings of the City's general obligation bonds to AAA and Aaa, respectively. The City's bond ratings are further described in MD&A in the financial section and on Table 29 in the Statistical Section of this report. More information on the City's outstanding bonds and notes appears in Note G.

Sources of Repayment:

Long-term Notes and Bonds and loans payable; exclusive of the obligation under capitalized lease (Note J) of \$3,460,000; in the total amount of \$1.857 billion will be repaid from the following sources:

<u>Source/Description</u>	<u>Amount</u> (in thousands)	<u>%</u>
Debt Service Fund:		
General obligation: Voted-unlimited fixed interest rate	\$ 541,218	29.1 %
Voted-unlimited variable interest rate	33,920	1.8
Unvoted-limited	205,575	11.2
Unvoted-limited/assessment	352	0.0
Revenue: Fixed Interest Rate	30,050	1.6

Total Primary Government (City)	1,709,969	92.0
Airport revenues:		
General obligation: Voted-unlimited fixed interest rate	3,750	0.2
Unvoted-limited fixed interest rate	19,685	1.1
Revenue: Fixed interest rate	<u>124,031</u>	<u>6.7</u>
Total Component Unit (CMAA)	<u>147,466</u>	<u>8.0</u>
Total Reporting Entity	<u>\$ 1,857,435</u>	<u>100.0 %</u>

A recap of the bonds and notes follows:

	Amount (in thousands)	%	%
General obligation:			
Voted-unlimited			
Fixed interest rate	\$ 873,524	47.1%	65.7 %
Variable interest rate	88,905	4.8	6.7
Unvoted-limited			
Fixed interest rate	366,560	19.7	27.6
Total general obligation	<u>1,328,989</u>	<u>71.6</u>	<u>100.0 %</u>
Revenue:			
Fixed interest rate			
(including OWDA/EPA)	472,758	25.4	89.5 %
Variable rate	55,600	3.0	10.5
Mortgage revenue note-fixed	88	0.0	0.0
Total revenue	<u>528,446</u>	<u>28.4</u>	<u>100.0 %</u>
Total	<u>\$ 1,857,435</u>	<u>100.0%</u>	

The general obligation bonds include those reported in the component unit—CMAA because they are general obligations of the City. Revenue bonds of CMAA, while not an obligation of the City (the Primary government), are included above for purposes of full disclosure.

Voted-unlimited general obligation debt represents debt authorized by a vote of the City's electors. The voters grant the City unlimited authority to levy property taxes to the extent necessary to pay this debt, both principal and interest. However, the City actually repays the debt, if Governmental Type debt from its Debt Service Funds and, if accounted for in an enterprise fund or the CMAA component unit, from the respective enterprise fund or CMAA revenues. Resources in the Debt Service Funds are primarily income tax with lesser amounts of certain recreation fees and special assessments.

Voted debt, therefore, carries a "double barreled" protection for its bond holders and represents, as indicated in the above table, 73.6% of the City's general obligation debt; 52.7% of its total bonds and long-term notes. It has long been the City's policy not to rely on, or impose, property tax levies to service its debt. The City intends to continue this policy.

Unvoted-limited general obligation debt represents debt authorized by the City's Council without a direct vote of the electors. As explained later in the *Debt Limitations* section of this letter, the City is limited in its property tax levying authority regarding unvoted debt. This debt is also repaid from the City's debt service funds and from enterprise fund and component unit revenues in the same manner and from the same resources as the Voted debt described in the previous paragraph. All of the City's special assessment supported bonds and notes are Unvoted-limited general obligation debt.

The City may, at its option, convert the variable interest rate bonds to a fixed interest rate. Furthermore, these bonds may be called at the discretion of the City under specified procedures on any interest payment date. Note G describes various fundamentals of the variable rate bonds and the City's obligations thereunder. The City has complied with all requirements of the bond agreements.

The revenue bonds accounted for as Governmental Type represents the City's Tax Increment Financing (TIF) bonds. The City's liability for these bonds is limited to resources, money, collected via the TIF. Such monies are accounted for in Debt Service Funds.

In conjunction with the issuance of the Water, Sewer and Electricity revenue bonds, the City entered into various trust agreements with commercial banks. These trust agreements require that the City establish various funds for the cost of construction and replacement of property and equipment and repayment of debt. Restricted assets, consisting of cash, investments and accrued interest receivable, relating to the revenue bonds and certain general obligation bonds were held by both the City and bond trustees. These assets and related liabilities are identified as restricted in the City's financial statements contained in this report and further identified in Note G.

Bond and Note History:

Outstanding bonds and notes consistently represent over half of the City's combined balance sheet liabilities, fund equity and other credits. It is meaningful therefore to show a longer history of this debt. At December 31 of each of the last ten years outstanding bonds and notes, including those of CMAA, were:

Year	(in thousands)		Total
	Bonds and long-term notes	Short-term notes	
1992	\$ 1,309,961	3,335	1,313,296
1993	1,363,284	2,671	1,365,955
1994	1,421,080	1,919	1,422,999
1995	1,441,001	327	1,441,328
1996	1,472,950	313	1,473,263
1997	1,550,476	1,126	1,551,602

1999	1,786,762	176	1,786,938
2000	1,819,875	1,541	1,821,416
2001	1,857,435	1,830	1,859,265

Per capita debt:

Data on the net general bonded debt of the City for the period 1992 through 2001 appears in the Statistical Section of this report. Such data at December 31 for the last five years is shown below. Population used in the calculations represents estimates by the Mid Ohio Regional Planning Commission for 1997, 1998, 1999 and 2001 and the U.S. Census Bureau for 2000. Bonded debt includes long-term notes.

	(dollar amounts in thousands, except per capita debt)				
	2001	2000	1999	1998	1997
Gross bonded debt	\$ 1,857,435	1,819,875	1,786,762	1,727,458	1,550,476
Less Debt Service Fund	(160,083)	(148,677)	(135,216)	(118,942)	(88,053)

Net general bonded debt per capita	\$ 869.05	906.74	830.01	749.00	706.14

Debt limitations:

The City is within all of its legal debt limitations, as described in Note G and in MD&A. More data regarding the City's notes payable and long-term obligations appear in Note G. Table 29 in the Statistical Section of this report contains data necessary to meet the disclosure requirements of Rule 15c2-12(b)(5)(i)(C) and (D) of the Securities and Exchange Commission (SEC).

Cash management:**Depository Commission and Treasury Investment Board:**

The City's Treasury Investment Board and Depository Commission are entities created by the Columbus City Codes, local legislation. Both entities consist of the City Treasurer, Chairman; City Auditor, Secretary; and Finance Director, member. The entities, therefore, provide checks and balances in the investing and depositing process. The Treasurer is appointed by the City Council, the Auditor is a separately elected position, and the Finance Director is appointed by the Mayor. Formal legislation, Columbus City Codes Sections 321 and 325 and guidelines set forth the duties and limitations of the entities.

Investment policies:

The City pools its cash, except for that held by revenue bond trustees, fiscal and escrow agents and certain Debt Service and Agency Funds, for maximum investing efficiency. Each fund type's portion of the pool is reported on the combined balance sheet as *Cash and investments with treasurer*. Earnings on the pool are allocated at the discretion of City Council after meeting the revenue bond indenture and other requirements.

The City does not purchase any form of derivatives. The City does not engage in reverse repurchase agreements, nor does it leverage its investment portfolio in any manner. Only eligible investments with remaining terms not greater than 2 years until final maturity are purchased. Average days to maturity of the City's investments, exclusive of those held by bond trustees, at December 31, 2001 was 291.1 days. The City purchases investments only through member banks of the Federal Reserve System or broker-dealers registered with the U.S. Securities and Exchange Commission. The City's investment code and practices have consistently protected the portfolio from unnecessary credit risks (safety) and market risks (liquidity) while providing a competitive yield. The City's investment policies are further explained in Note C.

Permissible investments:

Permissible investments for the City's portfolio are limited to:

- Bonds, notes or other obligations of the United States government or its agencies for which the faith of the United States is pledged for the payment of principal and interest thereon.
- Bonds, notes, debentures, or other obligations issued by certain federal government sponsored enterprises.
- The Ohio State Treasurer's Asset Reserve Fund (STAR Ohio) pursuant to Ohio R.C. 135.45.
- Bonds or other obligations of the City of Columbus, Ohio.
- Obligations of the State of Ohio or any of its political subdivisions not in default of principal or interest and which have been approved as to their validity by nationally recognized bond counsel.
- Repurchase agreements that are collateralized with legally authorized securities as defined in Section 325.010 of Columbus City Code and held in third-party safekeeping designated by the City Treasurer and in the name of the City of Columbus.

Descriptions:

Brief descriptions of the investments held by the Treasury Investment Board and Depository Commission at December 31, 2001 follow:

(in thousands, except %'s)		
Description	<u>Fair Value</u>

Certificate of Deposit	30,000	3.9
Demand Savings	<u>134,762</u>	<u>17.7</u>
Total	<u>\$ 761,664</u>	<u>100.0 %</u>

A reconciliation of these assets between the financial statements in this report and those of the Treasury Investment Board and the Columbus Depository Commission follows.

(in thousands)	
Investments with treasurer at fair value	\$ 761,664
Agency funds cash and investment with treasurer	(38,523)
Auditor warrants not yet presented for payment	(32,706)
Cash and cash collection items with treasurer, net	<u>4,283</u>
Total primary government cash and investments with treasurer per financial statements	<u>\$ 694,718</u>
Cash and investments with treasurer per Balance Sheet:	
Governmental Funds	\$ 483,594
Cash and investments with treasurer per Statement of Net Assets	
Enterprise funds-unrestricted	111,316
-restricted	66,902
Internal Service funds	<u>32,906</u>
Total primary government cash and investments with treasurer per financial statements	<u>\$ 694,718</u>

Safeguarding activities:

During 2001, all of the City's investments, except for investments with STAR Ohio, certificates of deposit and demand savings, were held in book entry form at Federal Reserve banks for the accounts of certain member banks—agents of the City who held the investments in the City's name. Based on criteria described in GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*, the City's investments are categorized as "Category 1," the most secured custodial relationship.

The City deposits its funds only with local commercial banks as approved by the City's Depository Commission. All deposits, except for deposits held by fiscal and escrow agents or trustees, are collateralized with eligible securities, as required by City

ordinances, in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by state statutes and City ordinances, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the Federal Reserve System, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds. One approved letter of credit also serves as collateral.

The revenue bond agreements of the Water and Sewer enterprises require certain cash and investments to be maintained and managed by trustees. The respective trustees, bank trust departments, invest these monies at the direction of the City Auditor pursuant to the revenue bond agreements.

All of the City's deposits and investments comply with city and state statutes and applicable bond indentures. Cash, investments and the City's collateralizing process are further explained in Note C and are categorized therein in accordance with GASB Statement No. 3.

Risk management:

Property and liability coverage:

With the exception of CMAA and the Conservatory District, the City assumes the liability for most property damage and personal injury risks. Judgments and claims, including those incurred but not reported as of year end, are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. The City does reduce its exposure to high risks, however, through various insurances and employee safety programs.

The City's division of Police operates a fleet of seven jet-powered helicopters. Five of these helicopters (models M/D 500E), valued at approximately \$1,000,000 each, are insured for both hull insurance (\$950,000 per helicopter with \$100,000 deductible) and liability insurance (\$10,000,000 per occurrence; \$1,000,000 per passenger not including crew; no deductible). The other two crafts (models Bell OH-58) are insured only for the liability insurance. One accident occurred in 1998 causing the City to pay the \$100,000 deductible portion of the hull damage claim of one M/D 500E helicopter. No liability claim resulted from the accident. No losses have occurred since 1998.

The City has insured several of its buildings with a maximum amount of \$5,000,000 and a per occurrence deductible of \$100,000. This policy expires August 1, 2002. One loss of \$100,000 occurred in 2002.

Other boilers owned by the City are insured in the amount of \$5,000,000 with a per occurrence deductible of \$25,000. This policy expires September 24, 2002.

Surety bond coverage:

<u>Position</u>	<u>Coverage</u>	<u>Amount</u>	<u>Deductible</u>	<u>Policy Expiration</u>
City Treasurer	Fidelity Bond	\$ 5,000,000	-0-	12-31-04
Deputy Treasurer	Fidelity Bond	5,000,000	-0-	12-31-04
Police through rank of sergeant	Honesty Blanket Position Bond	25,000	-0-	12-31-04
All other employees and elected or appointed officials including all officially appointed members of City Boards and/or Commissions	Faithful Performance Blanket Bond	500,000 250,000	20,000 20,000	12-31-01 12-31-04

The City of Columbus assumes all other risks of general liability and property/casualty claims.

Litigation experience:

As stated in Note B, the City is a defendant in a number of lawsuits pertaining to matters which are incidental to performing routine governmental and other functions. At December 31, 2001, claims approximating \$196 million were outstanding against the City. Based on the current status of all these legal proceedings, it is the opinion of management that ultimate resolution of such will not have a material effect on the City's financial statements.

The City Attorney represents the City in all legal matters. Following is a summary of experience of the City over the last ten years of those claims resulting in litigation.

<u>Period</u>	<u>Cases filed</u>	<u>Seeking</u>	<u>Cases closed</u>	<u>Seeking</u>	<u>Paid by City</u>
1992	78	\$ 81,443,503	104	\$ 141,257,182	\$ 1,321,710
1993	75	23,015,716	83	62,871,248	473,262
1994	117	224,834,669	218	73,065,819	726,534
1995	527	200,515,923	274	308,133,105	1,449,802
1996	587	374,030,995	253	360,217,314	1,895,454
1997	436	362,432,071	215	25,307,846	1,144,248
1998	300	95,962,919	369	383,901,846	3,055,966
1999	231	79,002,119	343	76,583,495	3,337,192
2000	255	111,909,000	279	498,431,450	1,098,284
2001	246	56,255,348	401	106,040,956	669,670

Cases filed and cases closed subsequent to 1994 include those cases not seeking monetary damages.

The City Code permits department heads to settle and pay small claims against the City in amounts not to exceed \$2,500 per claim. The City Attorney can settle claims not exceeding \$20,000. Claims greater than \$20,000 require approval of a majority of the full Council. The above table represents only those claims resulting in litigation.

The United States Department of Justice (DOJ), in 1999, filed suit against the City of Columbus. The DOJ claims that the City's division of Police has engaged in a pattern or practice of civil rights violations. If the DOJ position prevails there would be certain increased costs to the City, an amount impossible to determine at present.

Other:

The City provides medical, dental and vision coverage for its employees on a self-insurance basis. Expenses for claims are recorded on a current basis based on an actuarially determined charge per employee. Financial activity recording claims and the payment thereof is accounted for in an Internal Service Fund.

Workers' compensation claims are covered through the City's participation in the State of Ohio's program.

Deficit fund equities:

As indicated earlier in this letter under *Accounting system and budgetary control*, the City Charter provides that no contract, agreement or other obligation involving the expenditure of money shall be entered into unless the Auditor first certifies to the Council that the money required for such contract, agreement, obligation or expenditure is in the Treasury, to the credit of the fund from which it is to be drawn, and not appropriated for any other purpose, or is in the process of collection.

Fund deficits may occur on the City's budget basis of accounting when encumbrances are allowed to be recorded against accounts receivable, usually grants. Revenues are only recorded from these accounts receivable when cash is received. The accounts receivable may, however, be considered as funds in the process of collection as described in the City's Charter.

On the modified accrual basis of accounting, a deficit exists in one nonmajor Debt Service Fund. This deficit will be eliminated by future charges for services.

Fiduciary Operations-Employee Retirement Systems:

State and local government employees in Ohio, with few exceptions, are members of one of five retirement systems. These retirement systems were created pursuant to Ohio statutes and are administered by state created boards of trustees. Boards are comprised of a combination of elected members from the respective retirement system's membership and ex-officio members from certain state and local offices.

These five retirement systems are:

- Public Employees Retirement System of Ohio (PERS), created in 1935, represents state and local government employees not included in one of the other four systems. Management of the fund indicates membership of approximately 411,000 actively employed members. At December 31, 2001 assets of this pension fund approximated \$55.1 billion. More data on this pension fund are shown in Note K of this report.
- State Teachers Retirement System of Ohio (STRS), created in 1920, represents teachers in Ohio's public schools from kindergarten through university level. Management of the fund indicates membership of approximately 158,000 actively employed members. At June 30, 2001 assets of this pension fund approximated \$52.8 billion.
- Ohio Police and Fire Pension Fund (P&F), created in 1966, represents sworn personnel, not civilians, employed in police and fire divisions in Ohio's local governments. Management of the fund indicates membership of approximately 28,000 actively employed members. At December 31, 2001 assets of this pension fund approximated \$9.9 billion. All of the City's police and fire officers are members of this pension fund. More data on this pension fund are shown in Note K of this report.
- School Employees Retirement System of Ohio (SERS), created in 1937, represents non-teaching employees in Ohio's public schools. Management of the fund indicates membership of approximately 118,000 actively employed members. At June 30, 2001 assets of this pension fund approximated \$8.0 billion.
- State Highway Patrol System of Ohio (SHP), created in 1941, represents the state's highway patrol troopers. Management of the fund indicates membership of approximately 1,500 actively employed members and assets of approximately \$573 million at December 31, 2001.

The City's civilian personnel are members of PERS. All sworn police and fire persons are members of P&F. Both PERS and P&F are multiple-employer public employee retirement systems. Following are the number of City employees covered under the respective state retirement systems at December 31 of the past five years.

	2001	2000	1999	1998	1997
Police (P&F)	1,810	1,795	1,793	1,760	1,769
Fire (P&F)	1,518	1,530	1,524	1,445	1,371
Civilians (PERS)	<u>5,634</u>	<u>5,644</u>	<u>5,696</u>	<u>5,548</u>	<u>5,378</u>
Total employees	<u><u>8,962</u></u>	<u><u>8,969</u></u>	<u><u>9,013</u></u>	<u><u>8,753</u></u>	<u><u>8,518</u></u>

The relationship of the City's payrolls to the retirement systems is demonstrated in the table below. The City's total payrolls for the last five years were as follows:

	2001	2000	1999	1998	1997
			(in millions)		
Payroll subject to PERS	\$ 206.3	197.3	189.0	177.3	166.5
Payrolls subject to P&F	188.5	175.4	157.4	148.2	140.8
Payrolls not subject to pension benefit calculation	<u>7.1</u>	<u>7.5</u>	<u>5.6</u>	<u>5.9</u>	<u>4.9</u>
Total	<u><u>\$ 401.9</u></u>	<u><u>380.2</u></u>	<u><u>352.0</u></u>	<u><u>331.4</u></u>	<u><u>312.2</u></u>

Over the past five years the City and its employees have paid the following amounts to PERS and P&F.

	<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
	(in thousands)				
Paid by City to:					
PERS	\$ 45,208	37,655	41,370	38,787	36,441
P&F	<u>54,255</u>	<u>50,909</u>	<u>45,175</u>	<u>42,550</u>	<u>40,446</u>
Total paid by City	<u>99,463</u>	<u>88,564</u>	<u>86,545</u>	<u>81,337</u>	<u>76,887</u>
Paid by employees to:					
PERS	286	314	304	292	282
P&F	<u>4,989</u>	<u>4,510</u>	<u>4,200</u>	<u>3,955</u>	<u>3,737</u>
Total paid by employees	<u>5,275</u>	<u>4,824</u>	<u>4,504</u>	<u>4,247</u>	<u>4,019</u>
Total	<u>\$ 104,738</u>	<u>93,388</u>	<u>91,049</u>	<u>85,584</u>	<u>80,906</u>

The City is current in all of its required contributions to the respective pension funds. The pension plans and other post-employment benefits for health care are explained in Note K.

OTHER RELEVANT INFORMATION

Audits:

Financial statements of the City have been audited by nationally recognized firms of certified public accountants since, and including, 1979. KPMG LLP performed these audits for calendar years 1979 through 1985. Ernst & Young LLP performed the audits for the years 1986 through 1990. The City follows a mandatory rotation policy as prescribed by the State Auditor of Ohio. As a result of this policy and competitive proposals, KPMG LLP was selected to perform the audits for 1991 through 2000 at which time Deloitte & Touche LLP became the auditor for 2001-2005. All audits, 1979 through 2001, have been conducted in accordance with auditing standards generally accepted in the United States of America and, beginning in 1980, also the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

In the notes to Schedule of Findings and Questioned Costs contained in this report, Deloitte & Touche LLP reports the following:

- An unqualified opinion on the City's Basic Financial Statements.
- No reportable conditions and no material weaknesses in internal control were disclosed as a result of the audit of the financial statements.
- No material non-compliance to the basic financial statements.
- No reportable conditions or material weaknesses in internal control over major programs.
- An unqualified opinion on compliance for major programs.
- One audit finding was required to be reported under OMB Circular A-133, section .510(a).
- That the City qualified as a low-risk auditee under Circular A-133, section .530.
- No findings relating to the Basic Financial Statements.
- One finding relating to Federal Awards. This finding had no questioned costs related to it.

Deloitte & Touche LLP concluded, therefore, that the City "qualified as a low-risk auditee under Section .530 of OMB Circular A-133."

Deloitte & Touche LLP issued, separate from the CAFR, additional comments, commonly known as a management letter.

The numerous Notes to the Financial Statements are an integral part of the statements. The reader is encouraged to review them thoroughly.

Certificate of Achievement for Excellence in Financial Reporting:

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Columbus, Ohio for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2000. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting. In order to be awarded a Certificate of Achievement, a government unit must publish an easily

readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such comprehensive annual financial report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Columbus has received a Certificate of Achievement for the last twenty-two consecutive years, fiscal years ended 1979-2000. We believe our current report continues to conform to the Certificate of Achievement program requirements, and are submitting it to GFOA.

Use of the report and acknowledgements:

This report represents the twenty-third (1979-2001) Comprehensive Annual Financial Report of the City of Columbus containing financial statements audited by a nationally recognized firm of certified public accountants. Approximately 500 copies of this report will be distributed. In addition to citizens in the community, the recipients will include city, state, and federal officials, university students, schools, libraries, newspapers, investment banking firms, banks, rating agencies, etc. This report is also available on the City's website. The Internet address is <http://www.cityofcolumbus.org>. The report will be made available to any person or organization requesting it. This extensive effort of preparation and distribution of this report fulfills the City Auditor's goal of full disclosure of the City's finances.

This report is issued by Hugh J. Dorrian, CPA, City Auditor. Special thanks and recognition go to Ms. Darlene Short, Chief Accountant and Ms. Vikki Amicon, Assistant Chief Accountant, for their exemplary efforts in the preparation of this report. All members of the City Auditor's staff and many of the City's other employees also contributed to this effort. They all have my thanks and respect for their work.

Respectfully submitted,

Hugh J. Dorrian, CPA
Auditor

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

The Honorable Hugh J. Dorrian
City Auditor
Columbus, Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio, as of and for the year ended December 31, 2001, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on the respective financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the respective financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the respective financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the respective financial statements referred to above present fairly, in all material respects, the respective statement of net assets or financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio, as of December 31, 2001, and the respective changes in financial position (and respective cash flows, where applicable) thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note A to the basic financial statements, in fiscal year 2001, the City adopted Governmental Accounting Standards Board ("GASB") Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, GASB Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments: Omnibus*, and GASB Statement No. 38, *Certain Financial Statement Note Disclosures*.

Management's Discussion and Analysis on pages 49 - 60 and the Budgetary Comparison Schedule - General Fund on page 121 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the City's basic financial statements. The supplementary information listed in the accompanying table of contents as Exhibits A-1 through E-3 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory and statistical sections, as listed in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has not been subjected to auditing procedures applied in the audit of the City's basic financial statements and, accordingly, we express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated May 13, 2002, on our consideration of the City's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, grants and contracts. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in assessing the results of our audit.

DELOITTE & TOUCHE LLP

May 13, 2002

CITY OF COLUMBUS, OHIO

Management's Discussion and Analysis

As management of the City of Columbus (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2001. We encourage readers to consider the information presented here in conjunction with our letter of transmittal at the front of this report and the City's financial statements, which follow this section.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of 2001 by \$1.57 billion. Of this amount, \$318 million is considered unrestricted. The unrestricted net assets of the City's governmental activities are \$169 million and may be used to meet the government's ongoing obligations. The unrestricted net assets of the City's business type activities are \$148 million and may be used to meet the on going obligations of the City's water, sewer and electricity business-type activities.
- The City's total net assets increased \$80.4 million in 2001. Net assets of the governmental activities increased \$57.5, which represents a 6.4 percent increase from 2000. Net assets of the business-type activities increased \$22.8 million or 3.8 percent from 2000.
- The total cost of the City's programs increased \$68.6 million or 7.1 percent. The cost of governmental activities increased \$54.5 million or 7.5 percent, while the cost of business-type activities increased \$14.1 million or 5.9 percent.
- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$441.2 million. The combined governmental funds fund balance decreased \$84.1 million from the prior year's ending fund balance. Approximately \$210.5 million of the \$441.2 fund balance is considered unreserved at December 31, 2001.
- The general fund reported a fund balance of \$95.4 million at the end of the current fiscal year. The unreserved fund balance for the general fund was \$78 million or 14.3 percent of total general fund expenditures (including transfers out). There was a \$16.5 million decrease in the total general fund balance for the year ended December 31, 2001.
- The City's total debt increased by \$47.3 million (2.8 percent) during the current fiscal year. The key factors in this increase were the issuance of general obligation bonds in the water and sewer enterprise funds and the issuance of Ohio Water Development Authority revenue obligations in the sewer enterprise fund.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the City include general government, public service, public safety, development, health, recreation and parks, and public utilities. The business-type activities of the City include three enterprise activities: a water system, a sanitary sewer system, and an electricity distribution system.

The government-wide financial statements include not only the City itself (known as the primary government), but also the Columbus Municipal Airport Authority (CMAA). Financial information for this *component unit* is reported separately from the financial information presented for the primary government itself. Complete financial statements of CMAA, which include its MD&A, may be obtained from CMAA's administration offices at 4600 International Gateway, Columbus, Ohio 43219.

The government-wide financial statements can be found on pages 63 – 65 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 86 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the general bond retirement debt service fund, and the

special income tax debt service fund, all of which are considered to be major funds. Data from the other 83 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 66 – 69 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sanitary sewer and electricity distribution operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions, including, employee benefits self-insurance, fleet management, information services, purchasing/contracts, telecommunication, and land acquisition. The services provided by these funds predominantly benefit the governmental rather than the business-type functions. They have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provided separate information for the water, sanitary sewer, and electricity distribution operations. The water and sewer enterprise funds are considered to be major funds of the City. Conversely, all internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 70 – 73 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 74 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 76 – 117 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's general fund budget. The City adopts an annual appropriation budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. Required supplementary information can be found on page 119 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplemental information. Combining and individual fund statements and schedules can be found on pages 123 – 198 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by \$1.57 billion at the close of the most recent fiscal year.

The largest portion of the City's net assets (53 percent) reflects its investment in capital assets (e.g. land, buildings, improvements other than buildings, machinery and equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net asset (27 percent) represents resources that are subject to restrictions as to how they may be used. The remaining balance of unrestricted net assets (\$318 million) may be used to meet the governments on-going obligations to citizens and creditors. It is important to note that although the total unrestricted net assets is \$318 million; the net assets of the City's business-type activities (\$148 million) may not be used to fund governmental activities.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities.

There was a decrease of \$66.8 million in restricted net assets reported in connection with the City's governmental activities. There was an \$83.3 million shift from restricted for capital outlay to invested in capital assets, net of related debt, as 2000 bond proceeds were used to complete certain capital projects during 2001. The offsetting \$16.5 million increase resulted from increased net assets restricted for debt service.

There was an increase of \$22.9 million in restricted net assets reported for the City's business-type activities. This increase is due primarily to the issuance of new debt in the City's enterprise funds.

Governmental activities. Governmental activities increased the City's net assets by \$57.5 million, thereby accounting for 72 percent of total growth in net assets of the City. Key elements of the increase are as follows:

- Income tax revenue increased \$12.5 million or 2.9 percent on a full accrual basis.
- Operating and capital grants and contributions increased \$19.7 million or 17.3 percent.
- The above noted increases were offset by decreases totaling \$10.8 million in charges for services, intergovernmental revenue and investment earnings.
- Expense increased \$54.5 million or 7.5% in 2001.

Although net assets increased in 2001, the increase was \$29.2 million less than the increase realized in 2000. Income tax revenue, which represents 53% of the City's governmental revenue, increased only 3.47 percent (on a cash basis) in 2001, the smallest increase in 40 years. Current year expenses were 93% of current year revenues. This percentage is up from 89% in 2000.

Revenues by Source - Governmental Activities

Expenses and Program Revenues - Governmental Activities

Business-type activities. Business-type activities increased the City’s net assets by \$ 22.8 million, accounting for 28 percent of the total growth in the government’s net assets. Key elements of this increase are as follows.

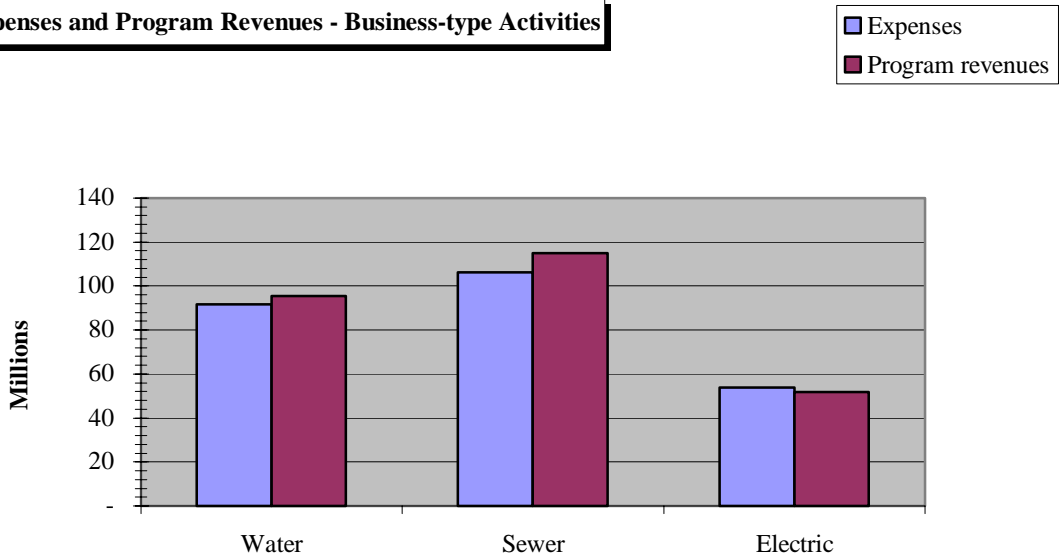

- Charges for services increased \$6.7 million offset by a total decrease in investment earnings and other revenue of approximately \$2.6 million.
- Expenses increased \$14.1 million or 6 percent in 2001; however, total revenues, before transfers in, were \$20.8 million greater than total expense.

Although net assets increased in 2001, the increase realized was \$13.4 million less than the 2000 increase in net assets. In addition, the percent of annual expense to annual revenue increased from 89% in 2000 to 92% in 2001. It is important to note that the two largest business-type activities, the water and sewer enterprises, which contribute 80 percent of the revenue to the business-type activities, have not had rate increases since 1999 and 1997, respectively.

Expenses and Program Revenues - Business-type Activities

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

Governmental funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2001, the City's governmental funds reported combined ending fund balances of \$441.2 million, a decrease of \$84.1 million in comparison with the prior year. Approximately \$210.4 million of this amount constitutes *unreserved fund balance*, which is available for spending at the government's discretion. The remainder of fund balance is *reserved* to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the prior period and for non-current loans receivable.

The general fund is the chief operating fund of the City. At December 31, 2001, unreserved fund balance of the general fund was \$78 million, while total fund balance was \$95.4 million. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures (including transfers out). Unreserved fund balance represents 14.3 percent of total general fund expenditures (including transfers out), while total fund balance represents 17.5 percent of that same amount.

The fund balance of the City's general fund decreased by \$16.5 million during 2001. Key factors in this decline are as follows:

- Revenues increased only \$2 million or .4 percent, while expenditures increased by \$31.1 million or 7 percent.
- The unusually small increase in revenues is attributed to the increase in income tax revenues for 2001. In the governmental fund statements, income tax revenue in the general fund, reported on the modified accrual basis of accounting, increased only 3.37 percent. This increase was the second lowest increase since the City began reporting income tax on this basis in 1979. The lowest increase in income tax revenue was realized in 2000.
- The increase in expenditures in 2001 was primarily related to salary increases resulting from the settlement of union contract negotiations.

The general bond retirement debt service fund has a total fund balance of \$1.6 million. The net decrease in fund balance during 2001 in this fund was approximately \$46 thousand. The general bond retirement fund is funded with income tax revenue at the level necessary to meet debt service requirements. The decrease in fund balance is the result of a decrease in investment earnings in 2001.

The special income tax debt service fund has a total fund balance of \$141.2 million. The net increase in fund balance during 2001 in this fund was approximately \$16.6 million. One quarter of the City's income tax revenue is set aside to meet debt service requirements for governmental activity type debt. Those income tax revenues not required in the general bond retirement fund, as noted above, are recorded in the special income tax fund.

Proprietary funds. The City's proprietary funds provide the same information found in the government-wide financial statements, but in more detail.

Unrestricted net assets at the end of the year amounted to \$54.5 million , \$90.2 million and \$1.1 million for the water, sewer and electricity enterprises, respectively. The growth in net assets in the water, sewer and electricity enterprise funds was \$8.9 million, \$12.7 million and \$993 thousand, respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The final amended General Fund budget had total appropriation of approximately \$2.6 million more than the original budget. The total original appropriations, including those for transfers out, were \$544 million, while the final appropriations were \$546.6 million. The majority of the \$2.6 million difference was related to the method of accounting for an electricity kilowatt tax (transferred out to the electricity fund) as proscribed by the state. This change accounted for approximately \$1.8 million of the increase. The remaining increase of approximately \$800 thousand was for various items legislated by City Council throughout the year. The increase in appropriation was budgeted from available fund balance.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for governmental and business-type activities as of December 31, 2001, amounts to \$2.5 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings, systems, improvements, machinery and equipment, park facilities, roads, curbs and gutters, streets and sidewalks, and drainage systems. The total increase in the City's investment in capital assets for 2001 was 4.9 percent (a 7.6 percent increase for governmental activities and a 2.6 percent increase for business-type activities).

Capital Assets, net of depreciation (amounts expressed in thousands)							
	Governmental activities ¹		Business-type activities		Total		
	2001	2000	2001	2000	2001	2000

¹Governmental activities capital assets are exclusive of Internal Service Fund capital assets of \$12.532 million (net of accumulated depreciation) as of December 31, 2001. The Internal Service Fund capital assets are, however, included as governmental activities in the statement of net assets.

Major capital asset events during 2001 included the following:

- Total capital assets, net of accumulated depreciation, increased \$118 million.
- Business-type activity capital assets increased by \$32.1 million due to: \$5.8 million in water plant improvements; \$13.3 million in sewer plant improvements; \$7.3 million in sewer line improvements; and \$5.7 million in other improvements.
- Governmental activity capital assets increased by \$85.8 million due to: \$60.3 million in infrastructure for streets and roadway improvements (including approximately \$20.8 million in donated streets); \$20 million in land, buildings and improvements related to the Parson Avenue Health department building and the Carolyn Avenue Development department building; \$4.6 million in land, building and improvements related to recreations facilities; and \$900 thousand in other improvements.

Additional information on the City's capital assets can be found in Note F on pages 92 – 93 of this report.

Long-term debt. At December 31, 2001, the City, the primary government, had \$1.71 billion of long-term bonds and loans outstanding. All assessment bonds issued by the City are also general obligation bonds (\$351,500 in governmental activities and \$1,575,739 in business type activities) and are included herein. The remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e. revenue bonds).

City of Columbus						
General Obligation and Revenue Bonds Outstanding						
(amounts expressed in thousands)						
	<u>Governmental activities</u>		<u>Business-type activities</u>		<u>Total</u>	
	<u>2001</u>	<u>2000</u>	<u>2001</u>	<u>2000</u>	<u>2001</u>	<u>2000</u>
General obligation bonds, notes and capital leases	\$ 791,299	798,112	522,824	450,000	1,314,123	1,248,112
Revenue bonds	34,138	30,167	368,619	391,283	402,757	421,450
Total	\$ 825,437	828,279	891,443	841,283	1,716,880	1,669,562

Total long-term bonds and loans outstanding at December 31, 2001 increased by \$47.318 million, a 2.8% increase, over December 31, 2000, primarily because of newly issued debt in the business type activities.

During 2001 and in March 2002 the City refunded several of its outstanding bonds in order to achieve favorable interest rates.

- In March 2001, the City issued general obligation bonds to refund previously outstanding revenue bonds of the electricity enterprise business type activity resulting in an expected economic gain of \$979 thousand.
- In July 2001, the City refunded four of its general obligation bond issues being repaid by its component unit, CMAA, resulting in an economic gain of \$607 thousand.

- In December 2001, the City refunded certain general obligation bonds outstanding with new general obligation bonds resulting in economic gains of \$3.976 million for governmental activities and \$98 thousand for sewer enterprise business activities.
- In March 2002, the City refunded certain sewer system revenue bonds with new bonds resulting in an economic gain of \$8.253 million for sewer enterprise business type activities.

The City's general obligation bond rating by Standard & Poor's Corporation and Moody's Investor Services, Inc. are "AAA" and "Aaa", respectively. The City's bond ratings are shown in the following table.

<u>Type</u>	<u>Moody's</u>	<u>Standard & Poor's</u>
General Obligation Bonds – Fixed Rate	Aaa	AAA
General Obligation – Variable Rate Demand Bond	Aaa/VMIG1	AAA/A1+
1991 Water System Revenue Refunding Bonds	Aa2	AA
1999 Water System Revenue Refunding Bonds	Aa2	AA
1992 Sewer System Revenue Refunding Bonds	Aa2	AA
1994 Sewer System Adjustable Rate Refunding Revenue Bonds	Aa2/VMIG1	AA/A1+
2002 Sewer System Revenue Refunding Bonds	Aa2	AA

The City is within all of its legal debt limitations. The Ohio Revised Code provides that the net debt (as defined in the Ohio Revised Code) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2001, the City's total net debt amounted to 4.72% of the total assessed value of all property within the City. Unvoted net debt amounted to 0.33% of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$758,170,000 and a legal debt margin for unvoted debt of \$677,915,000. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which Columbus lies, is limited to ten mills. This millage is measured against the property values in each overlapping district. At December 31, 2001 the millage amounts were as follows:

Political subdivision of State of Ohio	Mills Required		
	<u>Franklin County</u>	<u>Fairfield County</u>	<u>Delaware County</u>
Direct			
City of Columbus	4.2780	4.2780	4.2780
Overlapping			
County	0.7494	1.6420	2.4313
School District	0.8348	-	-
Total	<u>5.8622</u>	<u>5.9200</u>	<u>6.7093</u>
Maximum millage permitted	<u>10.0000</u>	<u>10.0000</u>	<u>10.0000</u>

Additional information regarding the City's long-term debt can be found in Note G on pages 93 – 106 of this report.

Economic Factors and Next Year's Budgets and Rates

The City's elected and appointed officials considered many factors when setting the fiscal year 2002 budget. The events of September 11, 2001 and the impact of those events on the economy had a significant influence on the objectives that the City set for the 2002 budget: jobs, safety and long-term fiscal stability. With the uncertainty surrounding the economy, the City considered the impact on two primary revenue sources: income tax revenue and state shared revenue. City Council decided that it was important to: 1) continue the City's investment in job creation; 2) put the highest premium on safety for the people of Columbus and City employees; and 3) adopt a budget designed to promote long-term fiscal stability by creating additional budget reserves. In order to meet the objectives of the 2002 budget, the City recognized the need to continue its pattern of cost containment while pursuing new revenue sources. The total 2002 general fund budget is \$532.9 million.

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City Auditor's Office, 90 West Broad Street, Columbus, Ohio, 43215.

The notes to the financial statements are an integral part of this statement.

City of Columbus, Ohio

Exhibit 3.1

Reconciliation of the Balance Sheet to the Statement of Net Assets Governmental Funds December 31, 2001 (amounts expressed in thousands)

Total **fund balances** for governmental funds (Exhibit 3) \$ 441,195

Total **net assets** reported for governmental activities in the statement of net assets is different because:

Capital assets used in governmental activities (excluding internal service fund capital assets) are not financial resources and therefore are not reported in the funds. Those assets consist of:

Land	165,036	
Buildings, net of \$85,139 accumulated depreciation	190,475	
Improvements other than buildings, net of \$37,649 accumulated depreciation	81,758	
Machinery and equipment, net of \$123,465 accumulated depreciation	87,847	
Infrastructure, net of \$166,664 accumulated depreciation	688,546	
Total capital assets (See Note F)		1,213,662

Internal services funds (see Exhibit 5) are used by the City to account for the financing of goods or services provided by one department or agency to other City departments or agencies, generally on a cost reimbursement basis. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. Internal service fund net assets are:

24,381

City income tax revenue related to 2001 (and prior tax years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.

63,784

State shared revenue appropriated during the State of Ohio's fiscal year ended June 30, 2002 will be collected by the City in calendar year 2002. Revenue and a corresponding receivable for the amount appropriated but not received by December 31, 2001 are included in the government-wide statements.

38,591

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net assets. Also, during the year the City issued some new debt and refunded some of its existing debt. The amount of the old bonds has been reported as a fund liability because the proceeds on the new bonds were received prior to year end, while the old debt was not paid until January 1, 2002. The deferred amount on refunding and premium received on the refunding were reported in the governmental fund when the debt was issued, whereas these amounts are deferred and amortized, over the remaining life of the new debt, as an adjustment to interest expense in the statement of activities.

Balances at December 31, 2001 are:

Accrued wages and benefits		(2,963)
Accrued interest on bonds		(5,927)
Due to other governments		(1,500)
Compensated absences		(51,130)
Capital lease	(3,460)	
Bonds and notes payable	(764,089)	
Unamortized deferred amount on refunding	1,010	
Unamortized premiums	(2,849)	
Total long-term liabilities (see Note G)		(769,388)

Total **net assets** of governmental activities (Exhibit 1) \$ 950,705

The notes to the financial statements are an integral part of this statement.

Exhibit 4.1

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
to the Statement of Activities
Governmental Funds
For the Year Ended December 31, 2001
(amounts expressed in thousands)

Net change in fund balances - total governmental funds (Exhibit 4)	\$ (84,066)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets, which meet capitalization requirements, is allocated over their estimated useful lives and reported as depreciation expense. This amount includes the adjustment for capital outlay expenditures capitalized (\$116,018 of total capital outlay of \$118,733 met the capitalization requirements) offset by depreciation expense (\$51,309) in the current period. In addition, the City had donated infrastructure of \$21,097 in 2001 which is not reported in the governmental funds.	85,806
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	283
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of premiums and deferred amount on refundings when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amount is the net effect of these differences in the treatment of long-term debt and related items.	52,335
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(4,699)
Net losses of certain activities of internal service funds are reported with governmental activities.	7,887
	<hr/>
Changes in net assets of governmental activities (Exhibit 2)	<u><u>\$ 57,546</u></u>

Notes to the Financial Statements

CITY OF COLUMBUS, OHIO

Notes to the Financial Statements

December 31, 2001

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Columbus (the City) was organized on March 3, 1834 and is a home-rule, municipal corporation under the laws of the State of Ohio. The City operates under the Council-Mayor form of government.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, in that the financial statements include all the organizations, activities, functions, and component unit for which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City. On this basis, the reporting entity of the City includes the following services as authorized by its charter: public service, public safety, development, health, recreation and parks, and public utilities (storm sewer system). In addition, the City owns and operates three major enterprise activities: a water system, a sanitary sewer system, and an electricity distribution system.

In August 1990, the City's Council created the Columbus Municipal Airport Authority (CMAA), a component unit of the City, as permitted by State law, to manage the City's two airports. CMAA became operational in November 1991. Although CMAA is a separate legal entity, the City discretely presents the financial statements of CMAA as a part of the reporting entity. Pursuant to GASB Statement No. 14, the City is financially accountable for CMAA in that the City continues to own all of CMAA's assets at the time of its inception; all CMAA board members are appointed by the Mayor subject to the approval of the City's Council; and a potential for financial burden exists to the City in that certain outstanding bonds of the City issued in years prior to the inception of CMAA, but for the airport's construction purposes, amounting to \$23,435,000 at December 31, 2001, continue to be general obligations of the City. CMAA pays the principal and interest due on these bonds in the form of rental payments to the City who in turn pays the bondholders. The ability of the City to impose its will on CMAA is manifest in that the City's Council can abolish CMAA via legislation of the Council. Complete financial statements of CMAA may be obtained from CMAA's administration offices at 4600 International Gateway, Columbus, Ohio 43219.

The Franklin Park Conservatory Joint Recreation District (the Conservatory District) was created by the City (Resolution 109X-90) and Franklin County (Resolution 79-90) in 1990 pursuant to authority contained in Section 755.14(B) of the Ohio Revised Code (ORC). The agreement between the City and the County that created the Conservatory District in 1990 was amended by the City (Ordinance 1794-96) and the County (Resolution 800-96) in August 1996. The amendment increased the number of members of the Board of the Conservatory District from 10 to 17. Eight members of the Board are appointed by the Mayor of the City subject to confirmation by the City's Council and six members are appointed by the County. In addition, the Governor, the Speaker of the House of Representatives, and the President of the Senate of the State of Ohio each appoint one member to the Board pursuant to the authority contained in Section 755.14(B)(2) of the ORC. State appointed members are nonvoting members if they also serve as members of the Ohio General Assembly; no member presently serves in both roles. The Mayor of the City, therefore, does not appoint a voting majority of the Board.

The City contributed certain fixed assets to the Conservatory District at the time of its inception and has agreed to an annual operating subsidy, but subject to annual appropriation by the City's Council. Revenues received by the Conservatory District in 2001 from the City were \$1,102,834, including the operating subsidy of \$1,091,000; 32.7% of its total revenue and support. The City has authorized an operating subsidy of \$900,894 to the Conservatory District for 2002. In the event of the Conservatory District's liquidation, its assets will be transferred to the City.

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Because the City's Mayor does not appoint a voting majority of the Conservatory District's Board and multiple governments participate in the board appointment process, the City accounts for and reports the financial activity of the Conservatory District as a joint venture pursuant to GASB Statement No. 14. The Conservatory District's financial activity is reported in the Notes contained in this report. Complete financial statements may be obtained from the Conservatory District at 1777 East Broad Street, Columbus, Ohio 43203.

The Columbus/Franklin County Affordable Housing Trust Corporation (AHT) was initially created as the Columbus Housing Trust Corporation, with Articles of Incorporation (Articles) filed with the Ohio Secretary of State on August 31, 2000. Amended Articles were then filed for AHT in May 2001. No single government or government official appoints a majority of the Board members. All are jointly appointed. In 2001 the City provided cash assistance to AHT of \$3.1 million. The County provided cash assistance of \$1.0 million. AHT's total support and revenue in 2001 was \$4.1 million. The City is committed through its legislation to provide a portion of its hotel-motel tax collections to AHT each year into the future. This commitment approximates \$1.0 million per year.

Since the Mayor does not singularly appoint a voting majority of AHT's board of trustees and multiple governments participate in both the board appointment process and the financial support of AHT, the City accounts for and reports the financial activity of AHT as a joint venture pursuant to GASB Statement No. 14. AHT's financial activity is reported in the Notes contained in this report. Complete financial statements of AHT may be obtained from Columbus/Franklin County Affordable Housing Trust Corporation, 1260 East Broad Street, Columbus, OH 43205-1453.

The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. With this financial report the City has changed its financial reporting to comply with GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. As part of the implementation of GASB Statement No. 34, the City has opted for early implementation of infrastructure reporting. In doing so, the historical cost of infrastructure assets (retroactive to 1979) is included as part of the governmental capital assets reported in the government-wide statement. Thus, the depreciated value of construction costs for road, curbs and gutters, streets and sidewalks, and drainage systems is reported. In conjunction with the implementation of GASB 34, the City has opted for early implementation of GASB Statement No. 38, *Certain Financial Statement Note Disclosures*, which rescinds some and modifies other financial statement disclosure requirements. For fiscal year 2001, the City also implemented GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, and GASB Statement No. 36, *Receipt Reporting for Certain Shared Nonexchange Revenues*. Implementation of these GASB Statements did not result in a change in beginning fund balance as reported in the fund financial statements on the modified accrual basis of accounting.

The following is a summary of the City's significant accounting policies:

(a) Government-wide and fund financial statements

Financial information of the City, the primary government; and the Columbus Municipal Airport Authority (CMAA), the City's component unit, is presented in this report as follows.

- Management's discussion and analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.
- Basic financial statements:
 - Government-wide financial statements consist of a statement of net assets and a statement of activities.

These statements report all of the assets, liabilities, revenues, expenses and gains and losses of the City and CMAA. Governmental activities are reported separately from business type activities. Governmental activities are normally supported by taxes and intergovernmental revenues whereas business type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City and CMAA, its component

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

unit, are not included in these government-wide financial statements; however, separate financial statements are presented for the Fiduciary funds.

Interfund receivables and payables between governmental and business type activities have been eliminated in the government-wide Statement of Net Assets. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business type activities total column.

Internal service fund balances, whether positive or negative, have been eliminated against the expenses and program revenues shown in governmental activities Statement of Activities.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

- Fund financial statements consist of a series of statements focusing on information about the City's major governmental and enterprise funds. Separate financial statements are presented for the governmental, proprietary and fiduciary funds.

The City's major governmental funds are the General fund, the General Bond Retirement Debt Service fund, and the Special Income Tax Debt Service fund. Of the City's business type activities its Water and Sewer enterprise funds are considered major funds.

General fund is the accounting entity in which all governmental activity, except that which is required to be accounted for in other funds, is accounted for. Its revenues consist primarily of taxes, investment income, licenses and permits, intergovernmental shared revenue, charges for services, fines and others.

General fund expenditures represent costs of general government; public service, including garbage collection and facilities management; public safety, including fire, police and communications; certain development costs and other. Resources of the General fund are also transferred annually to support services such as public recreation and public health, which are accounted for in separate special revenue funds.

The General Bond Retirement fund and the Special Income Tax debt service fund are accounting entities in which the City accounts for the accumulation of resources for and the payment of general obligation debt; principal, interest and related expenditures. Revenues consist primarily of a portion of the City's income tax.

The Water enterprise fund is the accounting entity in which the City accounts for all financial activity related thereto. The City collects, purifies and sells water to city residents and certain suburban areas. Water is collected from surface areas (rivers) and wells. The City has three water treatment plants. Revenues consist primarily of user charges.

The Sewer (sanitary sewer) enterprise fund is the accounting entity in which the City accounts for all financial activity related thereto. The City collects and treats effluent of City residents and residents of certain suburban areas. The City has two sewerage treatment plants. Revenues consist primarily of user charges.

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Electricity enterprise fund, the City's only other enterprise fund, is the accounting entity in which the City accounts for all the financial activity related thereto. The City purchases, but does not generate, and sells electricity to its 13,277 customers, both residential and commercial. Revenues consist primarily of user charges.

While not considered major funds the City maintains internal service funds used to account for the financing of goods or services provided by one department or agency to another department or agencies of the government, generally on a cost reimbursement basis. The largest of these funds account for fleet management services and electronic information services.

Also maintained by the City are fiduciary funds such as agency funds used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

- Notes to the financial statements providing information that is essential to a user's understanding of the basic financial statements.
- Required supplementary information such as budgetary comparison schedules and other types of data required by GASB.

(b) Financial reporting presentation

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (expenses). Fund types are as follows:

GOVERNMENTAL FUNDS

General Fund—The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds—Special Revenue Funds are used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. The uses and limitations of each special revenue fund are specified by City ordinances or federal and state statutes.

Debt Service Funds—Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Funds—Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Permanent Funds—Permanent funds are for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting government's programs. The City, however, does not utilize Permanent funds.

PROPRIETARY FUNDS

Enterprise Funds—Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has separate enterprise funds for its water, sanitary sewer, and electricity services. In addition, airport services are provided by CMAA, a discretely presented proprietary component unit.

Internal Service Funds—Internal Service Funds are used to account for the financing of goods or services

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

provided by one department or agency to other departments or agencies of the City, generally on a cost-reimbursement basis.

FIDUCIARY FUNDS

Agency Funds—Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings (which are combined into one agency fund for ease of payment) and income taxes and utility charges collected by the City on behalf of other governments. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City does not have any trust funds.

Other Fiduciary funds; which, however, the City does not utilize are **Pension trust funds** used to account for resources that are required to be held in trust for the respective members or beneficiaries; **Investment trust funds** used to report the external portion of investment pools reported by the sponsoring government as required by GASB No. 31 and **Private-purpose trust funds** used to account for other trust arrangements which benefit individuals, private organizations or other governments.

(c) Measurement focus and bases of accounting

Except for budgetary purposes, the bases of accounting used by the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting*, the City follows GASB guidance as applicable to its governmental and business-type activities, and Financial Accounting Standards Boards Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB Pronouncements.

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(d) Budgetary Data

City Council follows the procedures outlined below in establishing expenditure budget data.

- (1) Prior to November 15, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1.
- (2) Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments.
- (3) Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through passage of the ordinances. The budget specifies expenditure amounts by Object Level One for each division within each fund. The objects are (1) personal services, (2) materials and supplies, (3) contractual services, (4) debt principal payments, (5) other, (6) capital outlay, (7) interest on debt, and (10) transfers.
- (4) Transfers of appropriations of less than \$25,000 can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor. Supplemental appropriations must be approved by City Council. During 2001, all appropriations were approved as required. Appropriations for budgeted governmental funds, for expenditures and transfers out, were as follows:

	(in thousands)		
	<u>Original budget</u>	<u>Revisions</u>	<u>Final budget</u>
General	\$ 544,011	2,581	546,592
Special Revenue	152,821	102,161	254,982
Debt Service	324,301	15,409	339,710

- (5) The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.
- (6) Unencumbered appropriations lapse at year-end.

All General fund, Special Revenue fund and Debt Service fund expenditures, except for expenditures paid through the county auditor, have annual expenditures budgeted by City Council. Revenues and expenditures paid through the county auditor are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Capital Project funds, pursuant to the City's charter, are not required to be budgeted annually. Capital Project funds' appropriations, after their initial appropriations by Council at the time capital monies are received (bond proceeds, etc.), remain intact until they are expended or modified by Council. Such monies are appropriated on a project level with specific identification of each project being budgeted.

Revenues for the General fund are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Special Revenue fund and Debt Service fund disbursements are made only when cash is received; therefore, their revenues are not budgeted. Additionally, revenues for Capital Project funds and the proprietary funds are not budgeted.

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The City's budgetary process is based upon accounting for certain transactions on a basis other than GAAP. The major differences are:

- (1) Revenues are recorded when received in cash (budget), as opposed to when susceptible to accrual (modified accrual).
- (2) Expenditures are recorded when encumbered or paid in cash (budget), as opposed to when the liability is incurred (modified accrual).
- (3) Encumbrances are recorded as the equivalent of expenditures (budget), as opposed to a reservation of fund balances (modified accrual).

CMAA's budgetary basis of accounting is maintained on a modified accrual basis. This basis of accounting differs from GAAP in that certain expenses are reported on a cash basis. This includes an expense classification for the debt service payable during the year or immediately after year-end and any capital assets expected to be acquired. Therefore, depreciation is not budgeted. All other revenues and expenses are maintained on the accrual basis. State statute does not require a specific budgetary basis of accounting under ORC Section 4582. CMAA has adopted this basis of accounting to comply with certain airline agreements.

(e) Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed in all funds. On the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities, but are reported as reservations of fund balances in governmental funds.

(f) Cash Equivalents

For purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments held by trustees, with an original maturity of three months or less when purchased, to be cash equivalents. In addition, all cash and investments with treasurer are also considered to be cash equivalents because they are available to the Proprietary Funds on demand.

(g) Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, the City records all of its investments at fair value as defined in the statement.

The City does not engage in any form of derivatives or reverse repurchase agreements in the management of its investment portfolio. Only eligible investments with final maturities not greater than two years from time of purchase are permitted. The City's cash and investments are further explained in Note C.

(h) Inventory

Inventory is valued at cost utilizing the first-in, first-out method for enterprise funds and the average cost method for internal service funds. Items considered as inventory in the enterprise funds and internal service funds are accounted for as expenditures when acquired by governmental funds.

(i) Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure (e.g. road, curbs and gutters, streets and sidewalks, and drainage systems) are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an individual cost of more than \$5,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) are included as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives (years)</u>
Autos and information processing equipment	5
Trucks	8
Equipment, furniture and fixtures	10
Heavy rescue equipment	25
Buildings, infrastructure, water lines and fire hydrants	40
Sewer mains and certain water assets	75-100

(j) Pensions

Pursuant to the modified accrual basis of accounting, governmental funds record the provision for pension cost when the obligation is incurred and will be liquidated with available and measurable resources. Pension cost for proprietary fund types is recorded when incurred (see Note K).

(k) Insurance

With the exception of CMAA, the City assumes the liability for most property damage and personal injury risks. Judgments and claims, including those incurred but not reported as of year-end, are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. The City insures certain of its major buildings. The policy has a \$100,000 deductible. No losses occurred in 1999, 2000 or 2001 that exceeded insurance coverages. A fire occurred in January 2002 in which the City will sustain a loss of approximately \$100,000.

The City's division of Police operates a fleet of seven jet-powered helicopters. Five of these helicopters (models M/D 500E), valued at approximately \$1,000,000 each, are insured for both hull insurance (\$950,000 per helicopter with \$100,000 deductible) and liability insurance (\$10,000,000 per occurrence; \$1,000,000 per passenger not including crew; no deductible). The other two crafts (models Bell OH-58) are insured only for the liability insurance. No accidents or losses occurred in 1999, 2000 or 2001. One accident occurred in 1998 causing the City to pay the \$100,000 deductible portion of the hull damage claim of one M/D 500E helicopter. No liability claim resulted from the accident.

Additionally, the City provides medical, dental, and vision coverage for its employees on a self-insurance basis. Expenses for claims are recorded on a current basis based on an actuarially determined charge per employee. The City accounts for such activity in an Internal Service Fund in accordance with GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A summary of changes in self-insurance claims liability follows:

		<u>2001</u>	<u>2000</u>	<u>1999</u>	<u>1998</u>	<u>1997</u>
				(in thousands)		
Claims liability at January 1	\$	5,000	5,800	7,300	5,000	5,450
Incurred claims, net favorable settlements		48,328	47,101	35,796	40,382	29,378
Claims paid		<u>(48,328)</u>	<u>(47,901)</u>	<u>(37,296)</u>	<u>(38,082)</u>	<u>(29,828)</u>
Claims liability at December 31	\$	<u>5,000</u>	<u>5,000</u>	<u>5,800</u>	<u>7,300</u>	<u>5,000</u>

Claims are accrued based upon estimates of the claims liabilities made by management and the third-party administrator of the City. These estimates are based on past experience and current claims outstanding. Actual claims experience may differ from the estimate. An actuary was used in the determination of the current liability. This claims liability is recorded in the Internal Service Fund as accrued wages and benefits.

(l) Vacation and Sick Leave

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave at various rates.

Vacation and sick leave accumulated by governmental fund type and proprietary fund type employees is reported as an expense when earned in the government-wide financial statements. Vacation and sick leave accumulated by governmental fund type employees is not reported as an expenditure in the governmental fund financial statements, as current financial resources are not used.

Payment of vacation and sick leave is dependent upon many factors; therefore, timing of future payments is not readily determinable. However, management believes that sufficient resources will be made available for the payment of vacation and sick leave when such payments become due.

(m) Debt Issuance Costs, Premiums, Discounts, and Accounting Losses (Refundings)

Bond premiums and discounts, as well as issuance costs and accounting losses on refundings, are deferred and amortized over the life of the bonds.

(n) Interfund Transactions

The City has the following types of transactions among funds:

- 1) *Reciprocal interfund loans*: Amounts provided by one fund to another with a requirement for repayment.
- 2) *Reciprocal interfund services provided and used*: Purchased and sales of goods and services between funds for a price approximating their external exchange value.
- 3) *Nonreciprocal interfund transfers*: Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes payments in lieu of taxes that are not payments for, and are not reasonably equivalent in value to, services provided.
- 4) *Nonreciprocal interfund reimbursements*: Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

The City's interfund receivables and payables at December 31, 2001 are presented in Note E. Transfers are presented in Note P.

NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- (o) Pursuant to local statute and determined by an internal cost allocation plan certain costs initially borne by the General Fund are then billed as direct charges to other funds of the City. Revenues from these charges are accounted for in the government-wide Statement of Activities as general government and in the governmental funds Statement of Revenue, Expenditures and Changes in Fund Balances General Fund as charges for services. The corresponding expenses appear as function/program costs in the Statement of Activities.
- (p) The City, in its proprietary funds, accounts for all recurring type revenues, including all revenues which the City controls through statutory pricing or regulatory authority as operating revenues. Non-recurring revenues such as gains on sales of assets and revenues over which the City has minimal or no control, primarily interest earnings, are accounted for as nonoperating revenues.
- (q) The City complies with all restrictions governing the use of restricted assets. Such restrictions do not offer discretion regarding use of these resources in an unrestricted manner. Where capital funds, usually bond proceeds, are available capital assets are acquired from such resources. Capital assets can be, however, and to a lesser amount are, acquired from unrestricted resources.

NOTE B—COMMITMENTS AND CONTINGENCIES

(a) Litigation

The City is a defendant in a number of lawsuits pertaining to matters that are incidental to performing routine governmental and other functions. As of December 31, 2001, claims approximating \$196 million were outstanding against the City. Based on the current status of all these legal proceedings, it is the opinion of management that ultimate resolution of such will not have a material effect on the City's financial statements.

The United States Department of Justice (DOJ), in 1999, filed suit against the City of Columbus. The DOJ claims that the City's division of Police has engaged in a pattern or practice of civil rights violations. If the DOJ position prevails there would be certain increased costs to the City, an amount impossible to determine at present.

(b) Federal Grants

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. While questioned costs may occur, ultimate repayments required of the City have been infrequent in prior years.

(c) Franklin County Convention Facilities Authority (CFA)

The CFA is a separate and distinct entity created under the laws of Ohio. In June 1990, the CFA issued lease revenue bonds for the purpose of constructing a convention facility in downtown Columbus. Also in June 1990, the City and the County of Franklin, Ohio (the County) entered into a lease/sublease arrangement with the CFA pursuant to which the City and the County leased the convention facility as tenants in common from the CFA. The City and the County subleased the facility back to the CFA. The lease requires that the City and the County each pay rent to the CFA in an amount equal to one half of the debt service on the revenue bonds. Under the sublease, the CFA is required to pay rent to the County and the City in an amount equal to such debt service. Such subrental payments are expected to be derived from the hotel/motel excise tax levied by the CFA, and if such tax is insufficient, from earnings on, and the principal amount of, certain reserve funds created in connection with the issuance of the revenue bonds. If the foregoing amounts are insufficient, the City agreed in the lease to apply that portion of the hotel/motel tax levied by the City and currently paid by the City to a convention and visitors bureau to the payment of rentals under the lease. If, after the application of the foregoing amounts, additional amounts are required to meet the City's and the County's obligations under the lease, such amounts will be paid by the City and the County, in equal shares, from their general resources, provided that their respective legislative bodies have appropriated funds for such purpose. No such

NOTE B—COMMITMENTS AND CONTINGENCIES (continued)

payments were necessary prior to or during 2001. The lease will terminate as to the City and the County if their respective legislative bodies fail to appropriate amounts required for rentals thereunder. The total amount of these revenue bonds outstanding at December 31, 2001, including certain amounts refunded in 1992 and 1997 and additional bonds issued in 1997, was \$163.8 million net of premiums and discounts of \$16.0 million, or a gross amount of \$179.8 million.

(d) Other liabilities

The City, at December 31, 2001 has certain other liabilities of Governmental Type Activities that will not be paid from funds available, as defined, at December 31, 2001. The City wishes to fully disclose these liabilities. In accordance with GASB Interpretation No. 6; Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements, however, these liabilities are not accounted for, nor are they required to be, in the Fund financial statements contained in this report. Those liabilities are:

- (1) Accrued pensions in the amount of \$2,963,000 represents the employer's share of certain pension costs. This amount is due and payable in March 2002 and is budgeted in 2002 appropriations. This amount, therefore, is not payable from 2001 available funds.
- (2) Accrued vacation and sick leave are granted to City employees at varying amounts and, at the time of the employee's termination such accruals are paid to the employees at varying rates. Except for the unused portion of an employee's prior year's sick leave accrual which is recorded in the fund that ultimately disburses this accrual to the employee after year end, all other accrued vacation and sick leave applicable to governmental type activities is not reflected in the fund financial statements contained in this report. At December 31, 2001 this liability, exclusive of proprietary funds, was in the amount of \$51,130,084 (\$46,775,602 at December 31, 2000). Such benefits accumulating in proprietary funds are recorded as expenses when earned by the employees in the proprietary funds. During 2001, \$3,054,296 of the governmental type liability existing at December 31, 2000 was paid to employees, while \$7,408,778 was added to this liability for the current year accumulation.

NOTE C—CASH AND INVESTMENTS

Investment Policies: The City follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and records all its investments at fair value. At December 31, 2001 fair value was \$4,119,281 above the City's net cost for its investments. At December 31, 2000 fair value was \$3,029,350 above net cost. Fair value is determined by quoted market prices and other pricing methodologies.

The City pools its cash, except for that held by revenue bond trustees, fiscal and escrow agents, and certain debt service and trust and agency fund cash and investments, for maximum investing efficiency. Each fund type's portion of the pool is reported on the combined balance sheet as *Cash and investments with treasurer*. Earnings on the pool are allocated at the discretion of the City Council after meeting revenue bond indentures and other requirements. All statutory requirements are met in distributing earnings of the pool to various funds.

The City Codes, Chapters 325 and 321, respectively, provide for a Treasury Investment Board and a Depository Commission. Both consist of the City Treasurer, who serves as chairman and represents the City Council; the City Auditor, an independently elected official; and the Director of the Department of Finance, representing the Mayor; hence a check and balance process via the separation of powers.

Pursuant to these code sections, the City does not purchase any form of derivatives. The City does invest in STAROhio, an investment pool managed by the State Treasurer's Office that allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the Securities Exchange Commission as an investment company, but does operate in a manner similar to Rule 2a-7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price that is the price the investment could be sold for on December 31, 2001.

NOTE C — CASH AND INVESTMENTS (continued)

Management of STAROhio states that its policy also prohibits investing in derivatives and/or engaging in the use of reverse repurchase agreements. Average days to maturity of the STAROhio portfolio at December 31, 2001 was 53.3 days. The City is prohibited from using reverse repurchase agreements and does not leverage its investment portfolio in any manner. The City purchases investments only through member banks of the Federal Reserve System or broker dealers registered with the United States Securities and Exchange Commission. The City requires broker dealers to formally apply for and be evaluated for eligibility to conduct business with the City.

The City's investment code and practices have consistently protected the portfolio from unnecessary credit risk (safety) and market risks (liquidity) while providing a competitive yield. Only eligible investments with the remaining terms not greater than two years until final maturity are purchased. Average days to maturity of the City's investments with the Treasurer at December 31, 2001 was 291.1 days.

Investments as permitted by Chapter 325 of the Columbus City Code are:

- (A) Bonds, notes, or other obligations of the United States government or its Agencies for which the faith of the United States is pledged for the payment of principal and interest thereon. They are:

Obligations of the United States government:

- United States Treasury Bills
- United States Treasury Notes
- United States Treasury Bonds
- United States Treasury Strips

Obligations guaranteed by the United States government:

Federal government agencies:

- Department of Housing and Urban Development
- Farmers Home Administration
- General Service Administration
- Government National Mortgage Association
- Maritime Administration
- Washington Metropolitan Area Transit Authority

- (B) Bonds, notes, debentures, or other obligations issued by any of the federal government-sponsored enterprises listed below. They are:

- Federal Farm Credit System
- Federal Home Loan Banks
- Federal Home Loan Mortgage Corporation
- Federal National Mortgage Association

- (C) The Ohio State Treasurer's Asset Reserve Funds (STAROhio) pursuant to Ohio Revised Code 135.45;

- (D) Bonds or other obligations of the City of Columbus, Ohio;

- (E) Obligations of the State of Ohio or any municipal corporation, village, county, township or other political subdivision of the State of Ohio, as to which there is no default of principal or interest and which have been approved as to their validity by nationally recognized bond counsel.

- (F) Certificates of deposits (collateralized as described below) in eligible institutions applying for moneys as provided in Chapter 321 of Columbus City Codes; and

- (G) Repurchase agreements that are collateralized with legally authorized securities as defined in Chapter 321.08 of Columbus City Code and held in third-party safekeeping designated by the City Treasurer and in the name of the City of Columbus.

NOTE C — CASH AND INVESTMENTS (continued)

Safeguarding activities call for the City’s investments with the Treasurer, except for investments with STAROhio, investments held by revenue bond trustees, fiscal and escrow agents and certain debt service, and agency funds, to be held in book entry form at federal reserve banks in the accounts of certain member banks-agents of the City who hold the investments in the City’s name.

The revenue bond agreements of the water and sanitary sewer enterprises (see Subsequent Event section of Note G in this report) require certain cash and investments to be maintained and managed by trustees. The respective trustees, bank trust departments, invest these monies at the direction of the City Auditor pursuant to the revenue bond agreements.

All of the City’s deposits and investments comply with State statutes, City ordinances and applicable bond indentures.

Deposits: The City’s policy is to place deposits with major local banks (as defined by Chapter 321 of the City Code) approved by the Depository Commission. All deposits, except for deposits held by fiscal and escrow agents or trustees, are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the ORC and Chapter 321 of the Columbus City Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds.

At December 31, 2001, the carrying amount of all City deposits, exclusive of money market funds in the amount of \$8,133,164 held by bond trustees, was \$169,032,695. Balances per the banks were \$169,928,229. Based upon criteria described in GASB Statement No. 3, *Deposits With Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements*, bank balances are classified in three categories of credit risk: (1) insured or collateralized with securities held by the City or by its agent in the entity’s name; (2) collateralized with securities held by the pledging financial institution’s trust department or agent in the City’s name; and (3) uncollateralized, including any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City’s name. Accordingly, the balances per the banks were either insured or uncollateralized as follows:

<u>Risk Category</u>	(in thousands)
(3) Collateral held in single financial institution collateral pools with securities being held by the pledging financial institution’s agents in the pool’s name	\$ 168,982
(1) Insured by Federal Deposit Insurance Corporation (FDIC)	530
(3) Amount considered uncollateralized	<u>416</u>
Total balances per banks	<u><u>\$ 169,928</u></u>

The money market funds, amounting to \$8,133,164, while held by bond trustees as the City’s agents and in the City’s name, are also considered uninsured. However, their disposition and availability are governed by bond ordinances and indentures.

NOTE C — CASH AND INVESTMENTS (continued)

Investments: Based upon criteria described in GASB Statement No. 3, the City's (the primary government) investments are categorized below to give an indication of the level of custodial risk assumed by the City at year-end. Investments with STAROhio are not required to be categorized due to their nature. (in thousands)

Type of Investment	Category 1	Category 2	Category 3	Fair value/ carrying value	Cost, net of premium, discount and accrued interest
	Insured or registered, or securities held by the City or its agent in the City's name	Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the City's name	Uninsured and unregistered, with securities held by the counterparty or its trust department or agent but not in the City's name		
U.S. government sponsored enterprises	\$ 544,490	–	–	544,490	\$ 540,471
U.S. government Securities	32,847	–	–	32,847	32,747

Cash and cash equivalents with treasurer				32,906	
Agency Funds, net of accrued interest				38,574	
	Total			<u>\$ 745,115</u>	

Component Unit: CMAA's (discretely presented component unit) cash and investment policies are similar in nature to that of the City's (the primary government). The carrying amount of CMAA deposits is \$1,693,931 and the bank balance was \$1,379,393 of which the FDIC insured \$300,000 (Category 1) and the remaining \$1,079,393 was collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits by the financial institution but not in CMAA's name (Category 3). In addition CMAA has \$4,890 in cash on hand at December 31, 2001 that was uncollateralized (Category 3).

NOTE C — CASH AND INVESTMENTS (continued)

CMAA's investments and custodial risk categorization at December 31, 2001 consisted of: \$2,987,468 in a repurchase agreement included in Category 3, and \$118,578,587 of money market and STAROhio funds which are not required to be categorized due to their nature.

NOTE D—RECEIVABLES

Receivables at December 31, 2001 consist of the following:

	<u>Taxes</u>	<u>Customer and other Accounts</u>	<u>Lease</u>	<u>CDA And UDAG Loans</u>	<u>Special assess- ments</u>	<u>Accrued interest</u>	<u>Gross Receiv- ables</u>	<u>Less Allowance for uncol- lectibles</u>	<u>Net</u>

Taxes receivable in the General Fund include \$40.8 million for property taxes levied in 2001 but not due for collection until 2002, and approximately \$750,000 of delinquent property taxes. General and Special Income Tax fund taxes receivable also include income taxes receivable of \$67,257,000 and \$22,419,000, respectively, at December 31, 2001. In the fund financial statements, \$47,838,000 of the general fund income tax receivable and \$15,946,000 of the Special Income Tax fund income tax receivable was deferred because it was not received within the available period. Special Revenue Community Development Act (CDA) and Urban Development Action Grant (UDAG) loans include \$74,453,000 of CDA loans and \$2,442,000 of UDAG loans.

Substantially all receivables are due in 2002 except:

- (a) Deferred special assessment receivables in the General bond retirement fund of \$254,610 Sewer Enterprise special assessment receivables of \$427,310, and Electricity Enterprise special assessment receivables of \$664,283, which have not yet been recorded as revenues.
- (b) \$72,160,000 of CDA loans and \$2,356,000 of UDAG loans, not including allowance for uncollectible CDA and UDAG loans of \$56,116,000.

NOTE D—RECEIVABLES (continued)

- (c) The Special income tax fund lease receivable of \$109,483,292 represents the gross amounts due under a capital lease of the City’s solid waste resource recovery plant to SWACO (see Note H). \$2,500,000 of this receivable was received in January and February 2002 (60-day rule) and is therefore recognized as revenue in 2001. The remaining amount of the receivable is recognized as deferred revenue.
- (d) Special income tax fund customer and other accounts include a \$1,796,000 long term note receivable, \$1,698,000 of which is accounted for as deferred revenue.

The City receives funds from HUD to bring substandard housing into compliance with the City housing code under the CDA program. The UDAG program is used to finance development projects within the City. Funds received under these programs that are loaned to eligible recipients are recorded as CDA and UDAG loans receivable.

Enterprise customer and other accounts receivable include unbilled charges for services at December 31, 2001 as follows:

	(in thousands)
Water	\$ 8,119
Sewer	9,593
Electricity	<u>2,698</u>
	<u>\$ 20,410</u>

	<u>\$ -</u>	<u>4,000</u>

NOTE E—DUE FROM AND DUE TO / INTERFUND RECEIVABLES AND PAYABLES (continued)

The \$4 million due from the component unit—CMAA to the Special Income Tax Fund, a Debt Service Fund, is for past operating advances, \$1.0 million in 1983, \$1.3 million in 1986 and \$1.7 million in 1990. Although an allowance for this amount has been provided for in the Debt Service Fund, the amount remains recorded as a liability by CMAA pending an ultimate determination of the amount to be repaid, if any.

Certain Interfund Receivable/Payables of a longer term repayment schedule also exist. The Special Income Tax debt service fund has financed, paid for, certain equipment not included in capital assets because of short-life considerations. This financing is to be repaid by the General Fund. The Special Income Tax fund has also paid debt service on certain general obligation bonds, proceeds of which were used for golf course improvements. The Recreation (golf course) debt service fund, not a major fund, will make repayments from a portion of its green fees.

	<u>\$ 4,685</u>	<u>4,685</u>

NOTE F—CAPITAL ASSETS

Capital assets; those assets with an estimated useful life of five years or more from the time of acquisition by the City and a cost of \$5,000 or more, are primarily funded through the issuance of long term bonds and loans. A summary of capital assets and changes occurring in 2001, including those changes pursuant to the implementation of GASB Statement No. 34, follows. Land and construction in progress are not subject to depreciation.

(in thousands)

NOTE F—CAPITAL ASSETS (continued)

Capital assets, net of accumulated depreciation, at December 31, 2001 appear in the Statement of Net Assets and/or the Fund Statements Balance Sheets as follows. (in thousands).

Governmental activities	\$ 1,213,662	Component unit	\$ 313,980		
Business type activities:		Internal service funds:			
Water enterprise	\$ 352,594	Fleet management	\$ 1,983	Telecommunications	\$ 1,062
Sewer enterprise	865,312	Information services	9,466	Land Acquisition	14
Electricity enterprise	72,847	Purchasing	7		

Depreciation expense in 2001 was charged to the following functions and funds. (in thousands)

Governmental Activities:		Internal Service Funds:	
General government	\$ 1,950	Fleet management	\$ 160
Public service	31,463	Information services	5,190
Public safety	9,791	Purchasing	4
Development	1,266	Telecommunications	269
Health	157	Land Acquisition	<u>16</u>
Recreation and parks	4,983		
Public utilities	<u>1,699</u>		<u>\$ 5,639</u>
	<u>\$ 51,309</u>		
Business Type Activities:		Component Unit	<u>\$ 25,166</u>
Water enterprise	\$ 16,749		
Sewer enterprise	25,760		
Electricity enterprise	<u>4,412</u>		
	<u>\$ 46,921</u>		

Interest incurred during the construction phase (\$5.742 million in 2001), net of related interest earnings (\$542 thousand in 2001), of business-type activity capital assets is included as part of the capitalized value of the assets constructed. Interest was capitalized in 2001 in the following activities/funds.

	(in thousands)
Water enterprise	\$ 1,095
Sewer enterprise	<u>4,105</u>
	<u>\$ 5,200</u>

NOTE G—BONDS, NOTES AND LOANS PAYABLE

Bonds, notes, and loans payable in the Statement of Net Assets are comprised of the following. (in thousands)

	Governmental Type	Business Type			Component Unit
		Water	Sewer	Electric

- (1) Includes \$51,114,000 called bonds redeemed on January 2, 2002. This amount, since the cash is accounted for in the Special Income Tax debt service fund, is shown as a fund liability in that fund at December 31, 2001.
- (2) Includes \$1,266,000 called bonds redeemed on January 2, 2002.

The principal retirement and payment of obligations under the capitalized lease in the Debt Service Fund Statement of Revenues, Expenditures, and Changes in Fund Balance is comprised of the following. (in thousands)

General obligation OPWC notes	\$ 249
Single Family Mortgage Revenue Note (FNMA)	29
General obligation bonds	63,634
Obligation under capitalized lease	<u>860</u>
Total	<u>\$ 64,772</u>

Proceeds from bonds and long term notes in the Other Governmental Funds (Capital Projects Fund) Statement of Revenue, Expenditures and Changes in Fund Balance consist of the following. (in thousands))

General obligation OPWC notes	\$ 32
General obligation bonds-original issue	5,545
Revenue bonds-original issue	<u>4,000</u>
Total	<u>\$ 9,577</u>

Premiums received on bonds appear as proceeds from bonds and long-term note in the Special Income Tax fund in the amount of \$2,864,000.

Short-Term Notes

The City issues special assessment notes for certain projects where the direct citizen-beneficiary of the project shares in its costs. Upon final determination of costs, the City then converts the remaining portion of the note (the portion not paid upon project completion by the citizen-beneficiary) to bonds. All special assessment notes are general obligations of the City and are held by the Debt Service Fund or the City's pooled cash and investments with Treasurer. All such notes are accounted for in Business-Type-Enterprise activities.

NOTE G—BONDS, NOTES AND LOANS PAYABLE (continued)

Issuances and maturities of such notes during 2001 are as follows. (in thousands)

<u>Accounted for in:</u>	<u>Date issued</u>	<u>Maturity date</u>	<u>Interest rate</u>	<u>Balance December 31, 2000</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance December 31, 2001</u>

Total Sewer				<u>\$ 299</u>	<u>298</u>	<u>597</u>	<u>\$ -</u>

The portion of the notes included as deletions in the above table, which were not paid for by property owners (\$412,763) were converted to general obligation bonds on the stated maturity date of the notes.

Long-Term Notes

Except for the FNMA note, all other notes payable are backed by the full faith and credit, i.e. general obligations, of the City. Notes are generally issued in anticipation of long-term bond financing and are refinanced until such bonds are issued. There are, however, long-term notes for which the debt service will be paid from current resources. Those notes are as follows. The Ohio Public Works Commission (OPWC) extends both grants and loans to the City. In certain OPWC commitments, the agreements with OPWC provide for cash received by the City to be first considered as grant receipts. Monies received by the City after the grant commitment has been fulfilled by OPWC are then considered loans. Only the loan portion need be repaid by the City. The first two commitments from OPWC included loan monies only.

Notes in the amount of \$3,916,975 accounted for as Governmental type represent the amounts due on thirteen loans from the Ohio Public Works Commission (OPWC) for infrastructure and storm sewer improvements. These notes are non-interest-bearing and have serial maturities, with final maturities July 1, 2022. Initial repayments of the loans began in July 1994. OPWC has committed to additional non-interest-bearing loans as shown below. Cash is provided to the City by OPWC only to the extent of project completion. Only that portion of the loan commitment actually paid to the City is recognized as a liability by the City. Repayments of these loans are made from the Debt Service Fund. OPWC loans are considered general obligations of the City and Governmental type obligations. Grant and loan commitments and loans outstanding at December 31, 2001 were as follows: (in thousands)

<u>Project</u>	<u>Project Number</u>	<u>Total grant commitment</u>	<u>Total loan Commitment</u>	<u>Total Loaned at 12/31/01</u>	<u>Repaid by City</u>		<u>Outstanding Loans at 12/31/01</u>

(1) Exclusive of Ohio Public Works Commission Notes of \$3,916,975.

(2) Exclusive of Ohio Water Development Authority Loans of \$182,172,079.

Variable interest rate bonds

The variable interest rate bonds were issued, pursuant to ordinances adopted by Council, in the Electricity Enterprise in 1996; Sewer Enterprise in 1994; Water Enterprise in 1995 and 1996; and Non-enterprise in 1995 and 1996, respectively. The 1994 Sewer (weekly interest rate mode) bonds are revenue bonds. The Water Enterprise, the 1996 Electricity Enterprise, and the Non-enterprise bonds are variable rate, weekly interest rate mode, general obligation bonds. The proceeds of the bonds were used to provide funds for certain capital improvements, retire certain bonds and notes previously issued by the City, establish bond reserve funds, where required, in accordance with trust agreements, and pay costs incurred to issue the bonds.

Interest on the variable interest rate bonds is paid at various times as specified in the trust agreements relating to such bonds, at rates determined by the remarketing agent and the City after reviewing the rates of similar municipal issues. The bonds may be put at the discretion of the holders at a price equal to principal plus accrued interest on any interest payment date or such other dates as specified in the trust agreements. The remarketing agent is authorized to use its best efforts to sell the put bonds at a price equal to 100% of the principal amount.

NOTE G—BONDS, NOTES AND LOANS PAYABLE (continued)

The variable rate general obligation bonds are accounted for in the Governmental type bonds (\$33,920,000) the Water Enterprise Fund (\$47,695,000); and the Electricity Enterprise Fund (\$7,290,000). These bonds are enhanced by a Liquidity Facility provided by Westdeutsche Landesbank Girozentrale—New York Branch (West L-B).

Under the Liquidity Facility for the variable rate general obligation bonds, subject to certain terms and conditions set forth therein, West L-B agrees to make funds available to purchase bonds that are tendered or required to be tendered for purchase and not remarketed or for which remarketing proceeds are not delivered. The Liquidity Facility on the 1995 variable rate general obligation bonds and the 1996 variable rate general obligation bonds will expire on June 15, 2004 and December 15, 2004, respectively, subject to earlier termination in accordance with its terms, but may be extended or replaced. Extension of the termination date, if the City requests, is at the option of West L-B. The immediate termination or suspension of West L-B’s obligation to purchase bonds under the Liquidity Facility does not result in acceleration of the bonds. West L-B is not obligated to pay the principal or redemption price of or interest on the bonds under any circumstances, but is obligated only to purchase bonds upon the tender thereof, subject to the terms and provisions of the Liquidity Facility.

If West L-B should be required to purchase these bonds, the City would be required to pay West L-B interest at the higher of the West L-B’s prime rate or 2% over the Federal Funds rate. This increased interest is reflected in the following table as Debt Service Fund, Water Enterprise Fund, and Electricity Enterprise Fund general obligation bonds.

The TIF variable rate revenue bonds (\$4,000,000) are also enhanced by a letter of credit issued by Fifth Third Bank of Cincinnati, Ohio.

The Sanitary Sewer variable rate revenue bonds (\$51,600,000) carry no letter of credit or liquidity enhancement. If a put bond proves to be unremarketable by the remarketing agent, the City is required by statute to buy the bonds into its own portfolio. A specific interest rate is not required of the Sanitary Sewer variable rate revenue bonds if purchased into City’s investment portfolio.

The following table reflects the additional interest the City would have to pay if the variable rate bonds were purchased into the City’s own portfolio. The assumed incremental interest rate in the table is 3.50%.

	Debt Service Fund General Obligation and Revenue Bonds	Electricity Funds		
		Water General Obligation Bonds	Sewer Revenue Bonds	Electricity General Obligation Bonds
		(in thousands)		
Year ending December 31:				
2002	\$ 1,368	1,635	1,806	268

	<u>\$ 9,430</u>	<u>13,018</u>	<u>15,442</u>	<u>1,252</u>

The City may, at its option, convert the variable rate bonds to a fixed rate. Furthermore, the bonds may be called at the discretion of the City under specified procedures on any interest payment date.

NOTE G—BONDS, NOTES AND LOANS PAYABLE (continued)

Future Debt Service

The following tables summarize the City’s future debt service requirements on its outstanding bonds, long-term notes, and OWDA/EPA loans and loan commitments as of December 31, 2001 (excluding called Governmental Type Non-Proprietary Bonds of \$51,114,000 and called Sewer Bonds of \$1,266,000 both redeemed on January 2, 2002). Future interest assumes rates on variable rate debt in effect at December 31, 2001. Although the variable rate bonds may be payable upon demand (as described previously), the City intends to repay these issues in accordance with the respective redemption schedules.

NOTE G—BONDS, NOTES AND LOANS PAYABLE (continued)

Restricted Assets

In conjunction with the issuance of the Water and Sewer revenue bonds, the City entered into various trust agreements with commercial banks. These trust agreements require that the City establish various funds for the cost of construction and repayment of debt. The restricted asset balances in the Enterprise Funds segregate funds held by the City from funds held by trustees in accordance with the trust agreements. Enterprise restricted assets consisted of the following at December 31, 2001:

	Water	Sewer	Electricity (in thousands)	Total Enterprise	Component Unit— CMAA
Restricted assets—					
Held by the City and CMAA—					
Construction funds	\$ 30,064	29,804	7,034	66,902	72,993
Funds due to City, including interest	—	—	—	—	6,171
Debt service funds	—	—	—	—	20,851
Customer deposits	—	—	—	—	198
Held by trustees—					
Construction Funds	—	—	—	—	—
Debt service funds	1,863	6,270	—	8,133	—
Accrued interest receivable on Investments	1	6	—	7	—
Total restricted assets	<u>\$ 31,928</u>	<u>36,080</u>	<u>7,034</u>	<u>75,042</u>	<u>100,213</u>

Except for accrued interest receivable, restricted assets consist of cash, cash equivalents, and investments. In addition, these trust agreements require the City to pledge net revenues (defined in the trust agreement as revenues less operating and maintenance expenses) of the Water and Sewer Enterprise Funds to the payment of the principal and interest on the respective bonds when due.

In the opinion of management, the city has complied with all bond covenants.

Matured Bonds and Interest

Matured bonds and interest payable include \$915,000 and \$595,868 respectively at December 31, 2001; \$821,000 and \$592,777 at December 31, 2000.

OWDA

Loans payable to the Ohio Water Development Authority (OWDA/EPA), \$182,172,079 are revenue obligations incurred to help finance sewerage treatment facilities and are to be repaid from charges for sewerage services.

CMAA

All general obligation bonds including those bonds (\$23,435,000) outstanding at December 31, 2001 being repaid by CMAA revenues to the City are backed by the full faith and credit of the City. However, it is the City's policy to pay debt service on general obligation bonds issued for enterprise purposes from the revenues of the respective enterprise fund. General obligation bonds being repaid by CMAA revenues to the City, while reported by the City as general obligation bonds, are reported in the CMAA's component unit financial statements as long-term debt. Accordingly, such debt is reported in the respective enterprise funds and CMAA. Deficiencies, if any, will be paid from the City's Debt Service Fund. All such CMAA obligations to the City have been paid when due.

In 1994 CMAA issued \$37,160,000 of Airport Improvement Revenue Bonds, Series 1994A, dated August 1, 1994 with a final maturity date of January 1, 2024. Of these bonds, \$34,170,000 remain outstanding at December 31, 2001 and bear interest rates of 5.35% to 6.25%.

NOTE G—BONDS, NOTES AND LOANS PAYABLE (continued)

In 1998 CMAA issued Airport Improvement Revenue Bonds, Series 1998A and 1998B, dated February 1, 1998, in the total amount of \$87,290,000. Of these bonds \$86,700,000 remain outstanding at December 31, 2001 and bear interest rates ranging from 4.50% to 5.25%.

In June 2001 CMAA issued \$3,265,000 of Subordinate Taxable Airport Improvement Revenue Bonds, Series 2001A. These bonds have a final maturity date of June 2011. Of these bonds, \$3,161,000 remain outstanding at December 31, 2001.

The 1994 bonds, the 1998 bonds and the 2001 bonds are payable solely from CMAA revenues. These bonds are not senior debt to amounts owed to the City, but are equal in liability status, or on parity, with amounts owed to the City.

Voted Debt Authority

Various amounts of debt for various purposes were authorized by the City's voters (voted-unlimited) in May 1991 and November 1999. The remaining unissued amounts and purposes of these authorizations are shown in the following table. (in thousands) There is no time limit regarding utilization of the authorization.

	Date <u>Authorized</u>	Total <u>Authorized</u>	Issued in <u>1991–2000</u> (in thousands)	Issued in <u>2001</u>	Unissued as <u>of 12/31/01</u>
Sanitary sewer system	1991	\$ 325,000	216,315	49,070	59,615
Public safety	1999	28,255	9,645	-	18,610
Recreation and parks	1999	59,375	28,770	-	30,605
Refuse collection	1999	10,675	3,310	-	7,365
Streets and highways	1999	203,720	80,285	-	123,435
Health	1999	30,500	26,925	-	3,575
Electricity	1999	28,330	4,195	3,005	21,130
Storm sewers	1999	30,000	22,710	5,545	1,745
Water system	1999	200,000	-	28,340	171,660
		<u>\$ 915,855</u>	<u>392,155</u>	<u>85,960</u>	<u>437,740</u>

Bonds identified above as Sanitary sewer system, Electricity, and Water system are accounted for in the respective Business type enterprise funds. Other bonds are accounted for as Governmental type bonds.

Legal Debt Margins

The ORC provides that the total net debt (as defined in the ORC) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2001, the City's total net debt amounted to 4.72% of total assessed value of all property within the City and unvoted net debt amounted to 0.33% of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$758,170,000 and a legal debt margin for unvoted debt of \$677,915,000. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions.

Conduit Type Debt

In 1994, the City issued \$2,225,000 in library improvement revenue bonds in conjunction with the Worthington Public Library, another separate and distinct political subdivision. The site of this Worthington Public Library building, however, is located within the geographic boundaries of the City of Columbus. The proceeds of the bonds were used to construct and expand library facilities that were leased to the Board of Trustees of the library. The lessee makes lease payments

NOTE G—BONDS, NOTES AND LOANS PAYABLE (continued)

directly to the revenue bond trustee in an amount equal to the revenue bond payments. In the event of default on the lease payments, the City’s liability is limited to surrendering possession of the library facilities to the trustees. The revenue bonds do not constitute a debt or a pledge of the faith and credit of the City and, accordingly, are not reflected in the accompanying basic financial statements. All payments of principal and interest were made when due. Bonds remaining outstanding at December 31, 2001 are as follows: (in thousands)

<u>Title</u>	<u>Issue Date</u>	<u>Interest Rates</u>	<u>Original Amount</u>	<u>Outstanding at December 31, 2001</u>	<u>Final Maturity Date</u>

NOTE G—BONDS, NOTES AND LOANS PAYABLE (continued)

- (1) These defeasances apply to these maturities only. These bonds are not called. The City has escrowed money for principal and interest to their final maturities, 9/15/2005, 06, 07, 08, 09, 10 and 11. The City does however reserve the right to call these bonds.
- (2) Monies providing for the payment of these outstanding bonds, both principal and interest are held by escrow agents who will redeem such bonds on their maturity or call dates. These monies and corresponding liabilities, since the bonds are defeased and not considered a liability of the City, are not included in the City's financial statements.

Tax Increment Financing Districts (TIF)

The City, pursuant to the Ohio Revised Code and City ordinances, has established 13 TIF's. A TIF represents a geographic area wherein property values created after the commencement date of the TIF are exempt, in whole or in part, from property taxes. Owners of such property, however, must pay amounts equal to the property taxes, known as "service fees", as though the TIF had not been established. These "service fees" are then dedicated to the payments for various public improvements within or adjacent to the TIF area. However, payments from one of the TIF's will assist the City in paying for certain public improvements in an area remote from the TIF area. Property values existing before the commencement date of a TIF continue to be subjected to property taxes.

"Service fee" revenue was \$3.160 million in 2001 and is accounted for in the Debt Service Funds since these monies are intended to pay principal and interest on bonds whose proceeds will be used to construct public improvements. Corresponding fixed assets are accounted for in the City's infrastructure accounts.

TIF's have a longevity of the shorter period of 30 years or until the public improvements are paid for. The property tax exemption then ceases; service fees cease and property taxes then apply to the property values.

Advance Refundings and Defeasances

There were no advance refundings of bonds in 2001 and therefore, no defeasances.

Current Refundings--Electricity Enterprise

The City of Columbus, Ohio Variable Rate Demand Electric System Revenue Bonds Series 1984 (monthly variable rate mode), issued pursuant to a trust agreement dated as of September 1, 1984 in the amount of \$70,000,000, with \$44,600,000 remaining outstanding at March 1, 2001 and callable on any interest payment date, were refunded by the issuance of limited (unvoted) general obligation bonds in the amount of \$32,675,000 dated March 1, 2001 with final maturities on March 1, 2008. The trustee held the above funds, plus interest, and on April 2, 2001 redeemed the refunded bonds. The letter of credit issued by the Union Bank of Switzerland, which secured the refunded bonds, expired April 6, 2001. The refunding resulted in a premium to the City of \$975,556 and issuance costs of \$53,230.

Current Refundings-Other

The City issued \$138,340,000 of various purpose unlimited tax bonds in 2001 with a date of December 15, 2001. Included in this amount were monies to refund three existing bond issues. The refunding issues of power plant, storm sewer and sanitary sewer enterprise resulted in premiums of \$2,621,830; \$17,522 and \$65,339, respectively. Issuance costs incurred were \$62,022; \$414 and \$1,547, respectively.

Component Unit--CMAA

On July 19, 2001 the City refunded four of its general obligation bond issues being repaid by its component unit—CMAA. The four issues were titled: (in thousands)

NOTE G—BONDS, NOTES AND LOANS PAYABLE (continued)

<u>Issue</u>	<u>Year issued</u>	<u>Call date</u>	<u>Callable amount</u>
Airport No. 30	1991	10/15/01	\$ 6,740
Airport No. 31	1991	10/15/01	1,390

Airport No. 33	1991	7/15/01	<u>450</u>
		Total	<u>\$ 11,190</u>

After issuance of a 3 day bond anticipation note to the City’s treasury investment pool from July 16 to July 19 (in order to meet all prescribed regulations) two refunding bond issues were sold and dated July 15, 2001 with delivery on July 19, 2001. One refunding issue, Airport No. 34 in the amount of \$8,580,000, refunded Airport issues Nos. 30, 31, and 33. A second refunding issue, Airport No. 35, a separate issue because of its private activity character, in the amount of \$2,610,000, refunded Airport No. 32. The refunding resulted in a premium to CMAA of \$311,996 and issuance costs of \$46,604.

Premium and Issuance Costs

Only those bonds issued in 2001 having premiums and/or issuance costs, none had discounts, are shown in the following table. Sanitary sewer-enterprise assessment bonds of \$293,641 and Electricity-enterprise assessment bonds of \$119,122 were sold at par with no issuance costs.

Subsequent Event-Current Refunding

On March 14, 2002 the City sold \$71,640,000 Sewerage System Revenue Refunding Bonds, Series 2002, dated April 2, 2002 with final maturities on June 1, 2008. These bonds refunded \$73,420,000 Sewerage System Revenue Refunding Bonds, Series 1992 that were called on their call date of June 1, 2002. Final maturities of the 1992 Series had also been June 1, 2008. The refunding resulted in a premium of \$3,402,522 and issuance costs of \$154,122.

(1) City assumed interest costs for the refunded variable rate debt to be equal to that of refunding debt. Refunding was due to other indenture considerations.

NOTE H—ELECTRICITY

The City's Electricity Enterprise celebrated its 102nd year of operation in 2001. The Enterprise presently serves 3,757 commercial customers and 9,520 residential customers and in 2001 had operating revenues of \$52.6 million (\$50.6 million in 2000). During 2001, the Electricity Enterprise Fund received approximately 22.9% (22.7.0% in 2000) of its charges for services from other funds of the City for electric power. The enterprise purchases and resells its power. The enterprise does not generate power.

On November 30, 2000 the Enterprise entered into a mandatory, exclusive contract for the purchase of power at \$36.14 per megawatt hour, adjusted for various transmission and other factors. The contract shall remain in effect until December 31, 2008, subject to the supplier's option to terminate on December 31 of 2005, 2006 or 2007. In order to assist the enterprise in meeting its cash requirements, the City, from its Debt Service Fund, transferred \$2.0 million in 2001; \$5.5 million in 2000 and \$10.5 million in 1999 to the enterprise. The City intends to continue to operate its Electricity Enterprise.

Included in receivables (Note D) in the Special Income Tax debt service fund is \$109,483,292 representing amounts due from the Solid Waste Authority of Central Ohio (SWACO). On April 1, 1993, the City leased to SWACO an electricity-generating, solid waste recovery plant and related transfer stations (the Plant). The annual lease payments to the City were to be in the amount of the related debt service requirements. SWACO paid these rental payments to the City in a timely manner in 1993 and in 1994. The lease resulted in the removal of certain real and personal property assets from the Electricity Enterprise Fund with costs in the amount of \$202,000,000. The lease was accounted for as a capital lease in accordance with Statement No. 13 of the Financial Accounting Standards Board, *Accounting for Leases*, as amended, and was originally accounted for in the Electricity Enterprise Fund.

Due to a series of federal court decisions and U.S. E.P.A. decisions, the Plant ceased operations in 1994. Because the asset underlying the lease was no longer a functioning asset the lease was transferred from the Electricity Enterprise Fund to the Special Income Tax debt service fund in 1994. General obligation bonds outstanding at that time and related to the construction of the underlying assets were also transferred, in 1994, from the Electricity Enterprise Fund to the then existing General Long-Term Obligations Account Group.

In 1998 and again in 1999, the City and SWACO amended the lease, the third and fourth modifications. Essentially, the City agreed to reduce the amount due from SWACO to the City to an amount equal to 65% of debt service and associated bond costs required for the City's bonds from January 1, 1995 to the bonds' final maturity in 2010. SWACO agreed to impose a new fee on garbage originating throughout the SWACO boundaries, primarily Franklin County, Ohio. Proceeds from this new fee should produce approximately \$5 million cash annually to be paid in total to the City. The City, rather than pay cash to SWACO for residential type garbage picked up by City garbage trucks, grants a credit to SWACO against the amount due by SWACO to the City. This credited amount would approximate an additional \$2.3 million annually. This new fee applies to all garbage originating within SWACO boundaries regardless of whether the garbage is disposed of (tipped) at SWACO's landfill or not. This new fee was authorized by SWACO in December 1998 to be effective at various dates in 1999. SWACO also agreed to remit to the City all profits from the landfill operations, after maintaining certain reserves, and other miscellaneous revenues.

SWACO operates a landfill and agrees to continue to operate the landfill in a manner that ensures that disposal capacity in the Franklin County Landfill will be available to the City and to residents through, at a minimum, the year 2025. The City continues to agree to dispose of all garbage collected by the City at the SWACO landfill. In 2001, the City paid SWACO \$11.1 million for landfill tipping fees.

The lease of the Plant between the City and SWACO extends to March 31, 2010 with automatic renewals of 5-year terms at annual rentals of \$100,000, unless SWACO chooses not to renew.

The City received \$2.5 million from SWACO in January, February, 2002 and is recognized as revenue in 2001 (60 day rule). All lease receivable amounts not received within 60 days after year-end have been accounted for as deferred revenue in the Special Income Tax debt service fund.

NOTE H—ELECTRICITY (continued)

A reconciliation of the debt service on the City's bonds related to the SWACO agreement to the City's lease receivable due from SWACO at December 31, 2001 follows:

Debt service: 1995-2000	\$ 108,061,100
2001	17,113,339
Projected debt service 2002-2010	106,965,948
Less:	
Debt service prorated to Alum Creek transfer station vacated By SWACO (2002-2004)	(246,713)
Net premium and accrued interest on refunding bond sale of 12-15-01; applied to debt service in January, 2002	
Premium	(1,544,308)
Accrued interest	(20,727)
Total applicable debt service	<u>\$ 230,328,639</u>
65% of total applicable debt service	\$ 149,713,615
Less:	
Payments made by SWACO	
1995-2000	(32,010,724)
2001	(7,115,469)
Credits, in lieu of payments:	
Retired facility fee 1999-2000	(4,084,010)
2001	(2,420,415)
Environmental costs and other	
1998-2000	(664,781)
2001	(1,892,595)
Interest due on deferred payment	
1998-2000	5,990,082
2001	<u>1,967,589</u>
Amount due from SWACO to City at 12-31-2001	<u>\$ 109,483,292</u>

Debt service for 1995 through 2001 includes actual principal and interest on the general obligation bonds and principal and interest on the revenue bonds paid to the revenue bond trustee until such revenue bonds were refunded by general obligation bonds in March 2001. Also included are associated bond costs: letter of credit fees, trustee fees and remarketing agent fees applicable to the revenue bonds. Total principal, interest and associated bond costs were then reduced by interest earned and collected by the revenue bond trustee. Estimated amounts for years 2002 to 2010 include actual principal and interest on the general obligation bonds remaining to be paid. All deficiencies in lease payments from SWACO will be subsidized by the City from the Electricity Enterprise Fund and from the Special Income Tax debt service fund. The City is fully capable of meeting the debt service requirements of these bonds.

NOTE I—PROPERTY LEASED TO OTHERS

The City leased to others in 1985, an office building known as the old, old post office. The City has no net investment in this lease because the City's purchase price of \$3 million for the building was entirely recovered by a lease payment received at the lease's inception. The initial lease term is for 20 years with a 20-year renewal term at \$100 per year. The lessee may then purchase the property at its then fair market value or continue to lease it for up to 55 additional years.

The City leases certain real property, together with buildings and improvements located thereon, to the Columbus Zoological Park Association (the Zoo). The lease, with annual rental payments of \$1 per year, an extension of earlier leases that began in 1970, commenced June 23, 1989 and expires June 23, 2004. The Zoo uses and occupies the

NOTE I—PROPERTY LEASED TO OTHERS (continued)

premises solely for zoological, conservation, educational, research and recreational purposes. Animals at the Zoo are not owned by the City.

See also Note H regarding assets leased to SWACO by the City.

NOTE J—LEASE COMMITMENTS AND LEASED ASSET

The City leases a significant amount of property and equipment under short term operating leases. Total rental expenditures on such leases for the year ended December 31, 2001 were approximately \$5.4 million.

The City also leases a building under a capitalized lease. The cost of the building, \$19.8 million, is included in the City's capital assets used in governmental activities. The following is a schedule of future minimum lease payments under the capitalized lease together with the present value of the net minimum lease payments as of December 31, 2001. This amount also appears in Note G.

Year ending December 31:	(in thousands)
2002	\$ 1,178
2003	1,088
2004	1,007
2005	916
Total minimum lease payments	4,189
Less—amount representing interest at 10.5%	(729)
Present value of net minimum lease payments	\$ 3,460

NOTE K—PENSION PLANS

Police and fire sworn personnel participate in the statewide Ohio Police and Fire Pension Fund (P&F). Substantially all other City employees participate in the statewide Public Employees Retirement System of Ohio (PERS). Both P&F and PERS are cost sharing, multiple-employer public employee retirement systems administered by their respective Retirement Boards, consisting of 6 members elected by representative groups and 3 statutory members. The total payroll for the City's employees for the year ended December 31, 2001 was \$401.9 million. Of this amount, \$188.5 million was covered by P&F, \$206.3 million was covered by PERS and \$7.1 million was not subject to pension benefit calculations.

Employer and employee required contributions to P&F and PERS are established by the Ohio Revised Code (ORC) and are based on percentages of covered employees' gross salaries, as defined. In addition to paying the employer's share as required by the ORC, the City pays a portion of the employee's share.

Required contributions to P&F and PERS are used to fund pension obligations and health care programs. Rates required attributable to 2001 payroll costs are summarized as follows:

	Percentage of covered payroll—January 1, 2001 to December 31, 2001				
	Employee share			Employer	Total
	Paid by City	Paid by employee	Total	Share	
Police	6.5	3.5	10.0%	19.5%	29.5%
Fire	8.5	1.5	10.0%	24.0%	34.0%
PERS:					
Full time	8.5	-	8.5%	13.55%	22.05%
Part time	6.0	2.5	8.5%	13.55%	22.05%

NOTE K—PENSION PLANS (continued)

Police and Fire (P&F)

P&F has provided the following information to the City in order to assist the City in complying with Statement No. 27.

- A. P&F is a cost-sharing multiple-employer defined benefit pension plan.
- B. P&F provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.
- C. Authority to establish and amend benefits is provided by state statute per Chapter 742 of the ORC.
- D. P&F issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to P&F at: 140 East Town Street, Columbus, Ohio 43215-5164 or by calling (614) 228-2975. (www.op-f.org)
- E. The ORC provides statutory authority for employee and employer contributions. The required contributions are:

	<u>Employees</u>	<u>Employer</u>
Police	10%	19.5%
Fire	10%	24.0%

- F. Required employer contributions are equal to 100% of the dollar amount billed to each employer.

City data indicates the required amounts for the past five years have been:

<u>Year</u>	<u>Employee share paid by employee</u>	<u>Employee share paid by City</u> (in thousands)	<u>Employer share paid by City</u>	<u>Total paid by City</u>
Police:				
2001	\$ 3,782	7,024	21,072	28,096
2000	3,287	6,104	18,311	24,415
1999	3,218	5,976	17,934	23,910
1998	3,030	5,627	16,880	22,507
1997	2,855	5,342	15,984	21,326
Fire:				
2001	\$ 1,207	6,842	19,317	26,159
2000	1,223	6,929	19,565	26,494
1999	982	5,565	15,700	21,265
1998	925	5,242	14,801	20,043
1997	882	5,001	14,119	19,120

Participants in P&F may retire at age 48 with at least 25 years of credited service or at age 62 with at least 15 years of credited service and are entitled to an annual retirement benefit, payable in monthly installments for life, equal to 2.5% of annual earnings for each of the first 20 years of credited service, 2.0% for each of the next five years of credited service, and 1.5% for each year of service thereafter. However, this normal retirement benefit is not to exceed 72% of the member's average annual salary of the three years during which the total earnings were greatest. Members become vested in certain benefits after 15 years of service and become vested in full normal retirement benefits after 25 years of service. P&F also provides a \$1,000 lump-sum death benefits payment in addition to survivor and disability benefits. Benefits are established by the ORC.

P&F has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with Statement No. 12.

NOTE K—PENSION PLANS (continued)

- A. P&F provides postretirement health care coverage to any person who received or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school or under the age of 22 if attending school full-time or on a 2/3 basis. The health care coverage provided by the retirement system is considered an Other Postemployment Benefits (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides that the health care cost paid from the fund of P&F shall be included in the employer's contribution rate. The total police employer contribution rate is 19.5% of covered payroll and the total firefighter employer contribution rate is 24% of covered payroll.
- B. The ORC provides the statutory authority allowing P&F's Board of Trustees (Board) to provide health care coverage to all eligible individuals.
- C. Health care funding and accounting is on a pay-as-you-go basis. A percentage of covered payroll, as defined by the Board, is used to pay retiree health care expenses. The Board defined allocation was 7.25% of covered payroll in 2000 and 7.5% in 2001. The allocation is 7.75% in 2002. In addition, since July 1, 1992 most retirees have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment.
- D. The total health care expense paid by the retirement plan was \$106,160,054, net of member contributions of \$5,657,431 for the year ended December 31, 2000. Eligible benefit recipients totaled 12,853 for police and 10,037 for fire. Based on the portion of each employer's contribution to P&F set aside for funding of postretirement health care, as described above, the City's contribution for 2001 allocated to postretirement care was approximately \$8.1 million for police and \$6.0 million for fire.

PERS

PERS has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* (Statement No. 27).

- A. PERS is a cost-sharing multiple-employer defined benefit pension plan.
- B. PERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.
- C. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the ORC.
- D. PERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to PERS at: 277 East Town Street, Columbus, Ohio 43215-4642 or calling (614) 466-2085 or 1-800-222-PERS (7377). (www.opers.org)
- E. The ORC provides statutory authority for employee and employer contributions. The City's employee contribution rate in 2001 was 8.5%. The City's contribution rate, as an employer, was 13.55% of covered payroll.
- F. Required employer contributions are equal to 100% of the dollar amount billed to each employer and must be extracted from the employer's records.

NOTE K—PENSION PLANS (continued)

City data indicates the required amounts for the past five years have been:

	<u>Employee share Paid by employee</u>	<u>Employee share paid by City</u>	<u>Employer share paid by City</u>	<u>Total paid by City</u>
	(in thousands)			
2001	\$ 286	17,251	27,957	45,208
2000	314	16,455	21,200	37,655
1999	304	15,758	25,612	41,370
1998	292	14,772	24,015	38,787
1997	282	13,875	22,566	36,441

Participants in PERS may retire, at any age with 30 years of service, at age 60 with a minimum of five years of credited service, and at age 55 with a minimum of 25 years of service. Those individuals retiring with less than 30 years of service or less than age 65 receive reduced retirement benefits. Eligible employees are entitled to a retirement benefit, payable monthly for life, equal to 2.2% of their final average salary for each year of credited service up to 30 years. Employees are entitled to 2.5% of their final average salary for each year of service over 30 years. Final average salary is the employee's average salary over the highest three years of earnings. Benefits fully vest upon reaching five years of service. PERS also provides death and disability benefits. Benefits are established by the ORC.

PERS has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with *GASB Statement No. 12, Disclosure of Information on Postemployment Benefits Other Than Pension Benefits by State and Local Government Employers* (Statement No. 12).

- A. Public Employee Retirement System of Ohio provides postretirement health care coverage to age and service retirees with 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 12. A portion of each employer's contribution to PERS is set aside for the funding of post retirement health care. The Ohio Revised Code provides statutory authority for employer contributions. For local government employer units the rate was 13.55% of covered payroll; 4.30% was the portion that was used to fund health care for the year.
- B. The Ohio Revised Code provides the statutory authority requiring public employers to fund postretirement health care through their contributions to PERS.
- C. Summary of Assumptions:

Actuarial Review. The assumptions and calculations below were based on the Systems latest Actuarial Review performed as of December 31, 2000.

Funding Method. An entry age normal actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability.

Assets Valuation Method. All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach assets are adjusted annually to reflect 25% of unrealized market appreciation or depreciation on investment assets.

Investment Return. The investment assumption rate for 2000 was 7.75%.

Active Employee Total Payroll. An annual increase of 4.75% compounded annually, is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees. Additionally, annual pay increases, over and above the 4.75% base increase, were assumed to range from .54% to 5.1%.

Health Care. Health care costs were assumed to increase 4.75% annually.

NOTE K—PENSION PLANS (continued)

D. OPEB are advanced-funded on an actuarially determined basis. The following disclosures are required:

1. The number of active contributing participants was 411,076.
2. The City's contribution used to fund OPEB was \$8.87 million.
3. \$11,735.9 million represents the actuarial value of the Retirement System's net assets available for OPEB at December 31, 2000.
4. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$14,364.6 million and \$2,628.7 million, respectively.

There are no post-employment benefits provided by the City other than those provided through PERS and P&F.

The liability for past service costs at the time PERS was established was assumed by the State of Ohio; therefore, it is not a liability of the City. The liability for past service costs at the time P&F was established was paid by the City to P&F in January 1994. The City is current on all of its required pension fund contributions.

NOTE L—INCOME TAXES

The City levies a tax of 2% on substantially all income earned within the City. In addition, residents of the City are required to pay City income tax on income they earn outside the City. However, a credit is allowed for income taxes paid to other municipalities.

Employers within the City are required to withhold income tax on employees' compensation and remit this tax to the City semimonthly, monthly, or quarterly, depending upon the amounts withheld. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

For the governmental fund financial statements, as indicated in note A (c) and in accordance with GASB Statement No. 22, *Accounting for Tax Payer Assessed Tax Revenues in Governmental Funds*, the City recognizes as revenue income tax received within 60 days after year end applicable to taxpayer liabilities for periods prior to the year end net of an allowance for income tax refunds. These taxes are considered both measurable and available whereas all other income taxes are recognized as revenue when received. The City has consistently followed this practice for many years.

Receivables and deferred revenues have been recorded in the General and Special Income Tax fund in the amount of \$47,838,000 and \$15,946,000, respectively, for the estimated income tax due to the City for 2001 and prior tax years, but not collected within the available period.

NOTE M—PROPERTY TAXES

Property taxes include amounts levied against all real, public utility and tangible personal (used in business) property located in the City.

Real property taxes and public utility taxes collected during 2001 were levied after October 1, 2000 on the assessed value listed as of January 1, 2000, the lien date. One half of these taxes were due January 20, 2001 with the remaining balance due on June 20, 2001. Tangible personal property taxes attach as a lien and were levied on January 1, 2001. One half of this tax was due on April 30, 2001 and the remaining balance was due on September 20, 2001.

Assessed values on real property are established by state law at 35% of appraised market value. A revaluation of all property is required to be completed every sixth year. The last revaluation was completed in 1999. Tangible personal property assessments are 25% of true value (true values are based on cost and established by the State of Ohio). The assessed value upon which the 2001 levy was based was approximately \$12.939 billion. The assessed value for 2001, upon which the 2002 levy will be based, is approximately \$13.108 billion.

NOTE M—PROPERTY TAXES (continued)

Ohio law prohibits taxation of property from all taxing authorities within a county in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .314% (3.14 mills) of assessed value. Increases in the property tax rate are restricted only by voter willingness to approve such increases.

The County Treasurers collect property taxes on behalf of all taxing districts in the counties, including the City of Columbus. The County Auditors periodically remit to the City its portion of the taxes collected. Property taxes may be paid on either an annual or semiannual basis. Current tax collections for the year ended December 31, 2001 were 96.61% (96.7% in 2000) of the tax levy.

Property taxes levied in 2001 but not due for collection until 2002 are recorded in the General Fund as taxes receivable and deferred revenues at December 31, 2001 in the amount of \$40.8 million.

NOTE N—DEFICIT FUND EQUITIES

At December 31, 2001 the Recreation Debt Service Fund had a deficit of \$2,336,466. This deficit will be eliminated by future charges for services.

Fund balance deficits may be budgeted for and exist on the City's budgetary basis of accounting for certain Special Revenue and Debt Service Funds. These fund balance deficits exist because encumbrances are allowed to be recorded against certain accounts receivable that are not recognized as revenue on the budget basis of accounting.

NOTE O—MISCELLANEOUS REVENUES

For the year ended December 31, 2001, miscellaneous revenues in the fund financial statement consisted of the following:

	(in thousands)		
	<u>General</u>	Special Income <u>Tax</u>	Other <u>Governmental</u>
Hotel/motel taxes	\$ 2,735	-	8,404
Refunds and reimbursements	2,266	105	2,749
Rent	92	14,060	162
Capital contribution	-	-	823
Payments in lieu of property taxes	-	-	3,160
Donations	-	-	1,112
CDA and UDAG loan interest	-	-	908
City auto license tax	-	-	3,030
Commissions	46	-	37
Sale of assets	-	-	798
Other	<u>512</u>	<u>469</u>	<u>3,005</u>
	<u>\$ 5,651</u>	<u>14,634</u>	<u>24,188</u>

NOTE P—TRANSFERS

For the year ended December 31, 2001, operating transfers presented in conformity with generally accepted accounting principles (GAAP) consisted of the following: (in thousands)

	Total Transfers Out	Transfers in				
		General Fund	General Bond Retirement Fund	Special Income Tax Fund	Other Governmental Funds	Business Type Activities- Enterprise Funds

NOTE Q—JOINT VENTURES

• FRANKLIN PARK CONSERVATORY JOINT RECREATION DISTRICT

As noted in Note A, the Franklin Park Conservatory Joint Recreation District (the Conservatory District) is considered a joint venture of the City and Franklin County (the County). The arrangement with the Conservatory District possesses all of the following characteristics to be classified as a joint venture. The Conservatory District:

- resulted from a contractual arrangement (City Resolution 109X-90 and Franklin County Resolution 79-90 pursuant to authority contained in Section 755.14(B) of the Ohio Revised Code);
- functions as a separate and specific activity from the City and the County;
- is governed by the City and the County, with neither entity in a position to unilaterally control the Conservatory District's financial or operating policies; and
- involves an ongoing financial responsibility on the part of the City and the County.

The Conservatory District receives an annual operating subsidy from the City, subject to annual appropriation by the City's Council. Financial statements of the Conservatory District may be obtained from the Conservatory District's administration offices at 1777 East Broad Street, Columbus, Ohio 43203. Summary financial data for the year ended December 31, 2001 are as follows:

NOTE Q—JOINT VENTURES (continued)

Cash and investments	\$ 346,523
Other current assets	66,277
Capital assets, net of accumulated depreciation	5,563,688
Other noncurrent assets	<u>159,868</u>
Total assets	<u>6,138,356</u>
Current liabilities	\$ 351,258
Noncurrent liabilities	<u>101,725</u>
Total liabilities	<u>452,983</u>
Investment in capital assets net of related debt	5,555,662
Restricted net assets	328,896
Unrestricted net assets	<u>(201,185)</u>
Total net asset	<u>\$ 5,683,373</u>
Total operating revenues (including City payments of \$1,102,834)	\$ 3,372,793
Total operating expense	<u>(3,428,765)</u>
Operating income before depreciation	(55,972)
Depreciation expense	(321,199)
Investment income	15,843
Capital contributions	<u>60,012</u>
Decrease in net assets	<u>\$ (301,316)</u>

The Conservatory District’s restricted net assets at December 31, 2001 are comprised of an expendable endowment of \$179,468 and an investment of \$149,428 at the Columbus Foundation, an Ohio not-for-profit corporation, for the purpose of furthering the Conservatory District’s mission. The Conservatory District has the right to suggest to the Columbus Foundation how these monies are to be expended.

- **COLUMBUS/FRANKLIN COUNTY AFFORDABLE HOUSING TRUST CORPORATION**

Also, as noted in Note A, the Columbus/Franklin County Affordable Housing Trust Corporation (AHT) is considered a joint venture of the City and County. In its *Audits of State and Local Governmental Units, with Conforming Changes as of May 1, 2001*, both the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB) recognizes an organization to be governmental if it has one or more of the following characteristics:

- “Popular election of officers or appointment (or approval) of a controlling majority of the members of the organization’s governing body by officials of one or more state or local governments.”

All members of AHT’s board of trustees are jointly appointed by the City’s Mayor and the County’s Commissioners.

- “The potential for unilateral dissolution by a government with the net assets reverting to the government.”

The contract between the City and AHT, in the event of its termination, calls for assets of AHT received from the City and assets of AHT acquired through the use of City funds to revert to the City.

- “The power to enact and enforce a tax levy.”

AHT does not have taxing authority.

NOTE Q—JOINT VENTURES (continued)

Having two of the above characteristics AHT, therefore, is considered a joint venture of the City. AHT will continue to receive annual funding from the City as long as the current agreement continues. Summary financial data for the year ended December 31, 2001 are as follows:

Cash and cash equivalents, unrestricted	\$ 300,325
Cash and cash equivalents, restricted	3,768,642
Other current assets, restricted	128,101
Capital assets, net of accumulated depreciation	<u>3,208</u>

City of Columbus, Ohio

Other Governmental Funds

Special Revenue Funds – used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. City ordinances or Federal and/or State statutes specify the uses and limitations of each Special Revenue Fund. The title of the funds is descriptive of the activities involved. The Special Revenue Funds are:

City Ordinances

- Cable Communications
- Fannie Mae Loans
- Land Management
- Area Commissions
- Special Purpose
- Mayor's Education Charitable Trust
- Columbus Community Relations
- Housing/Business Tax Incentives
- Hester Dysart Paramedic Education
- Hotel-Motel Tax
- Emergency Human Services
- Private Leisure Assistance for Youth
- Tree Replacement
- Gatrell Arts Vocational Rehabilitation
- Columbus Housing
- Health
- Storm Sewer Maintenance
- Municipal Motor Vehicle Tax
- Treasury Investment Earnings
- Golf Course Operations
- Recreation & Parks Operations
- Private Grants
- Urban Site Acquisition Loan Fund
- Development Services

State Statutes

To Account for Shared Revenues, Fines, and Other Special Revenues

- Drivers Alcohol Treatment
- Municipal Court Clerk
- County Auto License
- Street Const. Maintenance & Repair
- Convention Facility Authority

Federal and/or State Statutes

To Account for Grants and Subsidies

- HOME Program
- HOPE Program
- HUD Section 108 Loans
- Law Enforcement
- General Government Grants
- Local Law Enforcement Block Grant
- Urban Development Action Grants
- Community Development Act
- Health Department Grants
- Recreation & Parks Grants

City of Columbus, Ohio

Other Governmental Funds (continued)

Debt Service Funds – used to account for the accumulation of resources for and payment of general obligation principal, interest, and related expenditures.

- Tax Increment Financing (TIF) funds
- Recreation Debt Service Fund
- Capitol South Debt Service Fund

Capital Project Funds – used to account for financial resources used for the acquisition and construction of major capital facilities other than those financed by proprietary funds and fiduciary funds. The titles of the funds are descriptive of the activities involved. The Capital Projects Funds classified by the primary sources of funding are:

Debt Proceeds

- Public Safety V-95
- Parks & Recreation V-95, V-99
- Refuse Collection V-95
- Streets & Highways V-95, V-99
- Storm Sewer V-95, V-99
- Health
- Engineering & Construction Bond
- Streets & Traffic Bond
- Nationwide Development Bond
- Flood Control Scioto River
- Parks & Recreation Bond 6-89
- Facilities Management
- Northwood Rd. Special Assessment
- Police Bonds 6-91
- Fire Bonds 11-91
- Streets & Traffic V-88
- Development Bonds
- Police V-88
- Fire V-88
- Parks & Recreation V-88
- Geographic Information System Bond
- Computer System Bond
- Information Services Bonds
- Ohio Pen Site Remediation Bond
- Easton Infrastructure Bonds
- Storm Sewer Limited Bond
- Storm Sewers V-91
- COSI Bonds

Grant Revenue and Other Funding Sources

- State Issue 2—Storm Sewers
- Short North SID
- Neil Ave-Vine St Improvements
- Parks & Rec. Permanent Improvement
- General Permanent Improvement
- Capital Grants
- Transportation Improvement Program
- State Issue 2—Streets
- Federal State Highway Engineering
- Street & Highway Improvement

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost-reimbursement basis. The title of the funds indicates the type of service provided. The Internal Service Funds are:

- **Employee Benefits**
- **Fleet Management**
- **Information Services**
- **Purchasing/Contract**
- **Telecommunications**
- **Land Acquisition**

Fiduciary Funds - Agency Funds

Agency funds - used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings and income taxes and utility charges collected by the City on behalf of other governments. Their titles are descriptive of their nature. They are:

- Payroll Deposit
- Unclaimed money
- Short North SID Deposit
- Health Deposit
- Construction Insp. Deposit
- City Auditor's Deposit
- City Attorney's Deposit
- Safety Agency Deposit
- Police Property Room Deposit
- Suburb Utility Surcharges
- Suburb Income Tax
- City Treasurer's Deposit
- Purchasing Deposit
- Recreation Deposit
- Development Deposit
- Convention Facility Tax
- Service Department Deposit

The City does not pay general obligation debt service from property taxes. General obligation debt accounted for in enterprise funds and component unit (CMAA) is paid from the respective enterprise fund and CMAA. All other general obligation debt service is paid from income taxes, certain recreation fees, payments in lieu of taxes, and special assessments.

City of Columbus, Ohio

Table 11

Computation of Direct and Overlapping Debt

Debt of the City, authorized by the Council but not by a vote of the electors, is subject to overlapping restrictions with each respective county and school district. Limitations apply to each county total and should not be considered cumulatively. Total debt service charges for any one year of all overlapping debt must not exceed ten mills (1%) of the assessed property value. This determination is made by the respective county auditors each time a subdivision proposes to issue unvoted debt. The most recent data prepared by the county auditors for this purpose is as of December 31, 2001.

Political subdivision of State of Ohio	Principal outstanding (in thousands)	Percentage applicable to Columbus	Amount applicable to Columbus (in thousands)	Mills required
Per Franklin County Auditor:				
Direct				
City of Columbus	\$ 361,638	100.00 %	\$ 361,638	4.2780
Overlapping				
Franklin County	159,537	58.13	92,739	0.7494
School District	<u>1,091</u>	20.29	<u>221</u>	<u>0.8348</u>
Total	<u>\$ 522,266</u>		<u>\$ 454,598</u>	<u>5.8622</u>
Per Fairfield County Auditor:				
Direct				
City of Columbus	\$ 3,368	100.00 %	\$ 3,368	4.2780
Overlapping				
Fairfield County	43,783	5.10	2,233	1.6420
School District	<u>-</u>	-	<u>-</u>	<u>-</u>
Total	<u>\$ 47,151</u>		<u>\$ 5,601</u>	<u>5.9200</u>
Per Delaware County Auditor:				
Direct				
City of Columbus	\$ 3,870	100.00 %	\$ 3,870	4.2780
Overlapping				
Delaware County	89,455	6.46	5,779	2.4313
School District	<u>-</u>	14.89	<u>-</u>	<u>-</u>
Total	<u>\$ 93,325</u>		<u>\$ 9,649</u>	<u>6.7093</u>

The City does not pay general obligation debt service from property taxes. General obligation debt service relating to enterprise funds is paid from the respective enterprise fund. All other general obligation debt service is paid from income taxes, certain charges for services, and payments in lieu of taxes designated by the City for that purpose and accounted for in a debt service fund and from special assessments.

Table 29

Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

In the spirit of full disclosure and in compliance with the above Rule, the City is pleased to disclose the following regarding its outstanding obligations.

Description of Material Events:

1. There were no delinquencies of principal and/or interest payments.
 2. There were no non-payment related defaults.
 3. There were no unscheduled draws on debt service reserves reflecting financial difficulties.
 4. There were no unscheduled draws on credit enhancements reflecting financial difficulties.
 5. There were no substitutions of credit or liquidity providers. No current provider failed to perform.
 6. There have been no adverse tax opinions affecting the tax-exempt status of any of the City's outstanding obligations.
 7. There have been no modifications to rights of the holders of the City's obligations.
 8. Bonds called and currently refunded in 2001 were limited to those described in 8a, 8b, 8c and 8d below.
- 8a. The City currently refunded (not a defeasance), with bonds dated March 1, 2001, its Variable Rate Demand Electric System Revenue Bonds Series 1984 (monthly variable rate mode), issued pursuant to a trust agreement dated as of September 1, 1984 in the amount of \$70,000,000, with \$44,600,000 remaining outstanding at the time of the refunding. The refunding issue consisted of the issuance of limited (unvoted) general obligation bonds, entitled City of Columbus, Ohio Electric System Limited Tax Refunding Bonds, in the amount of \$32,675,000 with a final maturity of March 1, 2008. The refunding was accomplished as follows:

Reacquisition price and net carrying amount of the refunded bonds	\$	44,600,000
		<u>44,600,000</u>
Funds used to accomplish the refunding:		
• Principal amount of new bonds issued	\$	32,675,000
• Bond reserve fund held by trustee, originating as part of refunded bonds, and restricted in its final use to payment of the revenue bonds		7,000,000
• Replacement reserve fund, held by City, originating as part of refunded bonds, and restricted in its final use to payment of the revenue bonds		3,000,000
• Bond payment fund, held by trustee; an accumulation of an equivalent of monthly principal payments on the refunded bonds		1,925,000
Total	\$	<u>44,600,000</u>

The trustee held the above funds, plus interest, and on April 2, 2001 redeemed the refunded bonds. The letter of credit issued by the Union Bank of Switzerland, which secured the refunded bonds, expired April 6, 2001.

City of Columbus, Ohio

Table 29 (continued)

Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

8b. The City currently refunded (not a defeasance), with bonds dated July 15, 2001, the following bond issues originally issued in 1991 in the amount of \$36,210,000 for its component unit – CMAA:

<u>Issue</u>	<u>Amount Outstanding at Time of Refunding</u>
Municipal Airport No. 30 (E-U) Refunding Bonds	\$ 6,740,000
Municipal Airport No. 31 (E-L) Refunding Bonds	1,390,000
Municipal Airport No. 32 (E-L Private Activity) Bonds	2,610,000
Municipal Airport No. 33 (E-L) Refunding Bonds	<u>450,000</u>
Total	<u>\$ 11,190,000</u>

The refunding issue, entitled City of Columbus, Ohio General Obligation Refunding Bonds, consisted of the issuance of \$11,190,000 of unvoted (limited) general obligation bonds sold in two series:

- Municipal Airport No. 34 (E-L) Refunding Bonds were sold in the principal amount of \$8,580,000 and refinanced Airport No. 30, 31 and 33. The final maturity is July 15, 2006.
- Municipal Airport No. 35 (E-L Private Activity) Refunding Bonds were sold in the principal amount of \$2,610,000 and refinanced Airport No. 32. The final maturity is July 15, 2007.

8c. The City currently refunded (not a defeasance), with bonds dated December 15, 2001, its Refunding Bonds, Series 1992B originally issued in the amount of \$95,585,000 for various purposes and with \$52,380,000 remaining outstanding at the time of the refunding. The refunding issue, which was combined with \$85,960,000 of new money and entitled City of Columbus, Ohio Various Purpose Unlimited Tax Bonds, Series 2001, consisted of the issuance of \$52,380,000 of unlimited (voted) general obligation bonds with maturities from January 1, 2003 through and including January 1, 2010.

8d. As indicated under the heading “Subsequent Event – Current Refunding” in Note G, the City currently refunded (not a defeasance), with bonds dated April 2, 2002, its Sewerage System Revenue Refunding Bonds, Series 1992 in the outstanding principal amount of \$73,420,000. The Series 1992 bonds were refunded by the issuance of revenue bonds, entitled City of Columbus, Ohio Sewerage System Revenue Refunding Bonds, Series 2002, in the amount of \$71,640,000 with a final maturity on June 1, 2008. The refunding was accomplished as follows:

Reacquisition price and net carrying amount of the refunded bonds	\$ 74,888,400.00
Funds used to accomplish the refunding:	
• Principal amount of new bonds issued	\$ 71,640,000.00
• Plus: Premium received on new bonds issued	3,534,340.10
• Less: Amount of premium received used to pay costs of issuance on new bonds issued	(285,940.10)
Total	<u>\$ 74,888,400.00</u>

9. There were no defeasances in 2001.

10. The City did not release, substitute, or sell any property (the City has not secured any of its obligations with any of its property) securing repayment of obligations.

City of Columbus, Ohio

Table 29 (Continued)

Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

11. Ratings of the City's bonds and any changes occurring since the City's 2000 CAFR are as follows.

<u>Bond Description</u>	<u>Moody's Investors Service</u>		<u>Standard and Poor's</u>	
	<u>Prior Rating</u>	<u>Current Rating</u>	<u>Prior Rating</u>	<u>Current Rating</u>
General Obligation Fixed Rate Bonds	Aaa	Aaa	AAA	AAA
General Obligation Variable Rate Demand Bonds	Aaa/VMIG1	Aaa/VMIG1	AAA/A1+	AAA/A1+
1991 Water System Revenue Refunding Bonds	Aa2	Aa2	AA	AA
1999 Water System Revenue Refunding Bonds	Aa2	Aa2	AA	AA
1992 Sewer System Revenue Refunding Bonds (1)	Aa2	Aa2	AA-	AA
1994 Sewer System Adjustable Rate Refunding Revenue Bonds (1)	Aa2/VMIG1	Aa2/VMIG1	AA-/A1+	AA/A1+
2002 Sewer System Revenue Refunding Bonds (1)	--	Aa2	--	AA

(1) As indicated in 8d above, the City currently refunded its 1992 Sewer System Revenue Refunding Bonds with the issuance of its 2002 Sewer System Revenue Refunding Bonds. As a result of the refunding, Standard & Poor's upgraded the City's rating on its Sewer System Revenue Refunding Bonds (both fixed and adjustable rate) from "AA-" to "AA" and Moody's Investors Service confirmed its prior rating (Aa2).

12. The City will continue to provide all the necessary information, contained below under "Continuing Disclosure Undertaking", on an annual basis as is required by the Rule.

- (21.) **Debt Summary – Projected Additional Debt**

To be eligible for capital improvements funding (i.e., from issuance of debt), an asset must have a useful life of at least five years and be considered non-operational. Some examples of capital improvements projects include the purchase of major equipment items, street lighting, street improvements, land acquisition for recreational needs, building construction and facility rehabilitation. The City’s current capital improvements program (CIP), for the period 2002 through 2007, provides for approximately \$1.7 billion in funding for various capital improvements. A copy of the current CIP may be obtained by contacting the Department of Finance, City Hall, 90 West Broad Street, Columbus, Ohio 43215.

This Comprehensive Annual Financial Report of the City of Columbus, Ohio will be distributed to approximately 500 recipients including the Municipal Securities Rulemaking Board, all nationally recognized municipal securities information repositories (NRMSIRS), and to the Ohio Municipal Advisory Council. This report is also available on the City's website. The Internet address is: <http://www.cityofcolumbus.org>.

SINGLE AUDIT SECTION

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED UPON THE AUDIT PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Hugh J. Dorrian
City Auditor
City of Columbus, Ohio

and

The Honorable Jim Petro
Auditor of State

We have audited the basic financial statements of the City of Columbus, Ohio (the City) for the year ended December 31, 2001, and have issued our report thereon dated May 13, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

COMPLIANCE

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance, which we have presented to management and the City in a separate letter dated May 13, 2002.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a

condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted certain matters involving the internal control over financial reporting, which we have presented to management and the City in a separate letter dated May 13, 2002

* * * * *

This report is intended solely for the information of the City's management, the Ohio Auditor of State, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

DELOITTE & TOUCHE LLP

May 13, 2002

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE AND SCHEDULE OF RECEIPTS AND EXPENDITURES OF FEDERAL,
STATE AND COUNTY AWARDS**

The Honorable Hugh J. Dorrian
City Auditor
Columbus, Ohio

and

The Honorable Jim Petro
Auditor of State

COMPLIANCE

We have audited the compliance of the City of Columbus, Ohio (the City) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2001. The City's major federal programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended December 31, 2001. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying Schedule of Findings and Questioned Costs as item 01-01.

INTERNAL CONTROL OVER COMPLIANCE

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND OTHER

We have audited the basic financial statements of the City as of and for the year ended December 31, 2001, and have issued our report thereon dated May 13, 2002. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of expenditures of federal awards and other is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information of the City's management, the Ohio Auditor of State, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified users.

CITY OF COLUMBUS, OHIO

Notes to Schedule of Receipts and Expenditures of Federal, State, and County Awards December 31, 2001

Note A-General

The accompanying Schedule of Receipts and Expenditures of Federal, State, and County Awards (the Schedule) presents the activity of all federal, state and county award programs of the City of Columbus, Ohio (the City). The City's reporting entity is defined in Note A to the City's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the Schedule.

Note B-Basis of Accounting

The accompanying Schedule is presented using the cash basis of accounting in which revenues are recognized when received and expenditures are recognized when paid.

Note C-Relationship to Basic Financial Statements

Grant revenues are reported in the City's special revenue and capital projects funds and as capital contributions the Columbus Municipal Airport Authority's discretely presented financial statements. See the Schedule for the reconciliation between the fund financial statements prepared in accordance with generally accepted accounting principles and the Schedule prepared on the cash basis of accounting.

Note D-Schedule References

1. Grant No. represents the City's Performance Accounting System classification structure and is used for internal purposes only.
2. Grant number for pass-through grants is the State of Ohio's grant number.
3. Grant award amounts represent grantor's share only.
4. The P.A.S.S.P.O.R.T. program is funded by both federal and state Medicaid. The amount presented is the federal portion only.

Note E-Loans Outstanding

The City administers loan programs with funding received from the Department of Housing and Urban Development. Following are the loan balances outstanding for these programs as of December 31, 2002:

<u>Program Title</u>	<u>Federal CFDA Number</u>	<u>Amount Outstanding</u>
Community Development Block Grant	14.218	\$64,002,457
HOME Investment Partnership	14.239	\$11,014,713

CITY OF COLUMBUS, OHIO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2001

PART I - SUMMARY OF AUDITORS' RESULTS

1. The independent auditors' report on the financial statements expressed an unqualified opinion.
2. No reportable conditions in internal control over financial reporting were identified.
3. No instance of noncompliance considered material to the financial statements was disclosed.
4. No reportable conditions in internal control over compliance with requirements applicable to major federal awards programs were identified.
5. The independent auditors' report on compliance with requirements applicable to major federal award programs expressed an unqualified opinion.
6. The audit disclosed findings which are required to be reported by OMB Circular A-133.
7. The organization's major programs were: Airport Improvement Program (AIP) (CFDA #20.106), Special Supplemental Nutritional Program for Women, Infants, Children (WIC) (CFDA #10.557), Medical Assistance Program (PASSPORT) (CFDA #93.778), and Empowerment Zones Program (EZ) (CFDA #14.244).
8. Dollar threshold used to distinguish between Type A and Type B programs: \$2,052,012.
9. The Auditee did qualify as a low-risk auditee as that term is defined in OMB Circular A-133.

PART II - FINANCIAL STATEMENT FINDINGS SECTION

No matters are reportable.

PART III - FEDERAL AWARD FINDINGS AND QUESTIONED COST SECTION

#01-01 Procurement Suspension & Debarment

Grantor: Various

Sponsor Identification Number: Various

Project Number: N/A

Criteria:

According to the A-133 OMB Compliance Supplement, Procurement and Suspension Requirements, non-federal entities are prohibited from contracting with or making subawards for procurement or non-procurement transactions equal to or in excess of \$100,000 to parties that are suspended or debarred or whose principals are suspended or debarred.

Contractors receiving individual awards for \$100,000 or more and all subrecipients must certify that the organization and its principals are not suspended or debarred. Non-federal entities may rely upon this certification unless it is known the certification is false.

Finding:

The City Code has established a policy for suspension and debarment certification (Code Section 329.21). However, this policy does not incorporate a procedure to certify that the vendor was not suspended or debarred by the federal government.

Effect:

The impact of the failure to verify suspension and debarment of vendors or subaward recipients may lead to federal funds expended or subawarded to a suspended or debarred individual or company.

Questioned Cost: N/A

Recommendation:

The Columbus Division of Purchasing should implement a procedure to ensure contracts are not awarded to federally suspended and debarred parties. Non-federal entities may check the status of a potential vendor through the *List of Parties Excluded From Federal Procurement or Nonprocurement Programs*, issued by the General Services Administration or GSA. The electronic version is located at (<http://epls.arnet.gov/>) or a printed version may be obtained by purchasing a yearly subscription from the Superintendent of Documents, U.S. Government Printing Office. This listing is updated on a monthly basis.
