

# Mental health is part of your overall well-being

Getting the right support can make all the difference

Did you know that emotional challenges impact not only your mental but also your physical health? This can lead to anxiety, depression, and long-term health issues. Supporting emotional well-being is essential. Here's why:<sup>1</sup>

**66%**

of U.S. employees report feeling burned out — the highest ever recorded.<sup>1</sup>

**21.5M**

U.S. adults experience both a mental health condition and a substance use disorder.<sup>2</sup>

**Higher risk**

of chronic diseases for adults experiencing depression.<sup>3</sup>

## We'll help you find the right support

With Anthem, you can quickly find expert, compassionate, and confidential care — often at low or no extra cost. You have access to a wide range of programs and services online, on the phone, in person, or through video — whatever is most convenient for you.

### Schedule a virtual visit

Meet with psychologists and therapists within seven days using our Sydney<sup>SM</sup> Health app — half the time needed for scheduling in-person.<sup>4</sup>

## We're here to help

If you have questions about your benefits or need help finding a behavioral health professional or program, chat with us live on the [Sydney Health app](#) or at [anthem.com](#), or call Member Services at the number on your member ID card.

4 Appointments subject to availability. Online counseling is not appropriate for all kinds of problems. If you are in crisis or have suicidal thoughts, it's important that you seek help immediately. Please text, chat, or call 988 (Suicide and Crisis Lifeline), or 911 for help. If your issue is an emergency, call 911 or go to your nearest emergency room. LiveHealth Online does not offer emergency services.

5 Access to these providers may change based on the status of provider participation. To verify provider availability to you as a member, please contact member services. In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare provider in your plan's network. If you receive care from a doctor or healthcare provider not in your plan's network, your share of the costs may be higher. You also may receive a bill for any charges not covered by your health plan. Virtual text and video visits powered by K Health. LiveHealth Online is offered through an arrangement with Amwell, a separate

company, providing telehealth services on behalf of your health plan. Sydney Health is offered through an arrangement with Carelon Digital Platforms, a separate company offering mobile application services on behalf of your health plan.
