

Larenz Glover, the oldest of three sons. Graduated Groveport Madison High. The loving father of two daughters. His life was taken from us abruptly 2 weeks before his youngest baby girl turned 1 year old.

He was murdered while at his girlfriend's house watching television and eating chips. My grandbaby told me. They walked in just after the murder took place.

He loved life, family, music, helping others, playing cards and most definitely FOOTBALL. So many times he'd bring his friends home because of many different situations that may have been going on at their homes at the time.

Big hearted, loving kind spirit, would give you the shirt off of his back with no hesitation.

Loved and Missed By All who Knew Him..
