Incident Summary: On 12/26/2023 at approximately 10:10am, an adult male was operating a 2005 Honda Accord eastbound on Sullivant Ave. approaching Ryan Ave. When for reasons still under investigation crossed into the median and was partially in the westbound lane. The Accord struck a concrete median island with its right side wheels. This caused the adult to lose control of the Accord and sent it into a clockwise rotation. The Accord continued through the median then off the south side of the roadway. After leaving the roadway the front of the Accord struck a wall bouncing off of it striking a utility pole. When the Accord struck the pole it split into 2 pieces. The back half remained attached to the pole and the front half continued eastbound another 30 feet. Columbus Fire Medic #10 arrived and then transported the Adult to Grant Medical Center in critical condition.

The Accident Investigation Unit responded to the crash scene and initiated an investigation which is ongoing
