Public Safety Corps members will learn about:

Police Radio 10-codes

Police Officers use radio codes to talk over the air. PSCs are expected to learn these codes and are tested on them weekly.

Physical Training

PSCs are tested on the physical standards that applicants are required to meet in order to become an officer.

Crime Scene Search / Investigation

Training goes above a normal officer's duty to investigate and search a crime scene, collect evidence, and potentially solve a crime.

Bomb Threat Response

Includes what to do in an extreme situation of any bomb threat or other serious threat to potentially injure property and life.

Building Searches

An example of a burglary with an open building, preparing to make entry and searching the premises for suspects.

Arrest and Search Techniques

Training that SWAT uses in their duties, making entry into a building with a search warrant to arrest persons and search the property.

Traffic Crash Investigation

How to investigate a serious traffic crash, taking measurements and witness statements in order to determine the series of events that lead to the crash.

Domestic Crisis Intervention

The most common call, domestic situations can escalate into violence. PSCs are trained how to solve common domestic problems.

Crisis Negotiation

Some serious situations can result in a suspect holding a hostage. PSCs learn negotiating techniques used to end these situations peacefully.

Traffic Stops

A common pickup run, PSCs train for various situations: from a basic traffic ticket that goes without incident to irate drivers and even high-risk felony stops.

Inspections

Uniform inspections are conducted often. Uniforms are inspected to ensure PSCs are representing the Unit and the Division proudly.

Defensive Tactics

The Defensive Tactics Unit gives PSCs training on how to control a prisoner in custody and training to protect themselves from harm.

And much more...

Other activities include Crime Prevention, White Collar Crime, Emergency Field First Aid, Vice, Narcotics, and Canine.
