

MCNAUGHTEN ROAD SHARED USE PATH – EAST MAIN STREET TO EAST BROAD STREET

PID 119828

DESCRIPTION AND BENEFITS

This project will install street lighting and a new shared use path along one side of McNaughten Rd from Main St to Broad St. These Vision Zero safety improvements will make vulnerable road users, like people walking and biking, more visible to drivers and safely separate them from vehicle traffic. Additional improvements will include the installation of curb ramps and drive aprons and the addition of turn lanes at intersections.

This location is on the Vision Zero Columbus High Injury Network due to the number of serious or fatal crashes, and/or crashes involving vulnerable road users like people walking, biking or on a motorcycle.

It is also located in a Vision Zero Communities of Interest area. Residents in Communities of Interest may have fewer choices about how, when and where they travel, putting them at higher risk as they move around. Extra investment in roadway and other transportation safety improvements may be needed to enhance safety.

ESTIMATED SCHEDULE

PHASE	START	FINISH
Design	Summer 2024	Late 2027
Right-of-Way	Late 2026	Late 2027
Construction	Spring 2028*	Spring 2030*

*Subject to funding approval by City Council and weather conditions

ESTIMATED COSTS

PHASE	COST
Design	\$1.4 Million
Right-of-Way	\$1.6 Million
Construction	\$8.5 Million

TRAFFIC IMPACTS

*Watch for updates once construction starts
