(3) From real property records located on the 19th floor of the Franklin County Court House Building, 373 South High Street, or other applicable government records, such as the County Auditor website: enter the name and mailing address of the owner(s) of the subject property (this must be the same as the "Property Owners" shown on the application).

1. Applications are submitted by email to ZoningInfo@columbus.gov. Call 614-645-4522 or email for any questions. Follow-up appointments may be arranged with the assigned planner, if necessary. Incomplete applications will NOT be accepted.
2. It is the applicant's responsibility to identify all variances required for the project. If any necessary variances are discovered after your application is approved, a new application (and applicable fees) will be required.
3. Applicants must confirm whether the subject site lies within the boundaries of an Area Commission, recognized Neighborhood Group, Historic Architectural Review Commission, or Design Review Area. Information can be obtained from the Columbus Zoning Map, at www.cbusareacommissions.org, or gis.columbus.gov/one; search by address or parcel ID. You may also contact the Department of Neighborhoods at 614-645-1993 to confirm the area where the site is located.
4. For properties undergoing annexation, applications cannot be accepted until the County Commissioners have approved the annexation petition.
5. Be advised that the applicant will be assessed additional fees for requests for tabling, reconsideration, amended proposals, etc. These fees are listed on the Department of Building and Zoning Services website.
6. A traffic impact study, traffic access study or parking study may be required by the Department of Public Service. A traffic study is initiated with the submittal of a Traffic Study Memorandum document. Any questions related to the applicability or scope of a traffic study may be submitted to DPSDevelopmentTrafficStudies@columbus.gov. All traffic studies must be submitted thirty (30) days prior to the deadline for the public hearing agenda. Right-of-way dedication as stipulated by the *Columbus Multimodal Thoroughfare Plan* (2019) may be required per Columbus City Code 4309.17. Refer to Ordinance #1950-2019, which includes the current map and table for the Plan. Any other questions related to proposed improvements or modifications within the public right-of-way may be directed to DPSDevelopmentInquiries@columbus.gov.
7. The Development Department Planning Division, as part of the variance or special permit process, reviews applications for consistency with adopted city plans. As part of that review, detailed information such as a site plan or building elevations may be requested. These materials are not necessarily required as part of the rezoning or variance application but may be requested as part of the application review. Contact the Planning Division at planninginfo@columbus.gov for more information.

8. Final materials for ordinance preparation must be submitted to staff two weeks prior to the targeted ordinance submittal deadline. The submittal deadline is 17 days prior to the Council Zoning Meeting date. Check with Council Activities Staff for specific deadline dates. Late submittals will be held for the next ordinance submittal deadline. The Council Zoning Chair decides which items are to be scheduled on the Zoning Agendas, and inquiries regarding scheduling should be directed to that office.
9. All zoning legislation passed by City Council becomes effective 30 days after passage unless amended to emergency with the approval of the City Clerk's Office. Applicants should contact the City Clerk's Office at 614-645-7380 for information about requesting emergency legislation.
10. The City of Columbus makes no determination whether a property contains area(s) that might be classified as wetlands by the Army Corps of Engineers and the Ohio Environmental Protection Agency; nor does approval at the public hearing imply the site has complied with wetlands guidelines. It is the applicant's responsibility to determine if wetlands exist on the site.
11. Other permits, clearances, and/or licenses may be required.
