

PHARMACY COVERAGE

Will pharmacy coverage or treatment be impacted by COVID-19?

Eligible fully insured and self-funded UnitedHealthcare and OptumRx members who need an early prescription refill to ensure they have sufficient medication on hand may request one through their current pharmacy. We encourage members to consider their current supply as well as their near term medication needs prior to refilling prescriptions early.

The recent change to the refill too soon edit allows members with active eligibility to obtain an early refill of their prescription medications if they have refills remaining on file at a participating retail, specialty or mail-order pharmacy.

The refill obtained will stay consistent with the standard days' supply previously filled by the member as allowed by their plan (e.g., 30 or 90 day supply).

Delivery options are available through Optum home delivery, which has no delivery fees and through select retail pharmacies including Walgreens and CVS who have waived delivery fees.
