In the area of North High Street between Ohio Center Way and 9th Ave, there must be a minimum of 10 feet remaining before a sidewalk dining application will be considered.

Diagram illustrating a typical fence panel. The panel is labeled "TYPICAL FENCE PANEL". The width is dimensioned as 7'-5" and the height is dimensioned as 4'. The panel consists of vertical pickets held together by horizontal rails. A detail callout "11" points to the top rail assembly, and another detail callout "10" points to the base of the panel where it meets the ground.
