For more information, contact Therapeutic Recreation at (614) 645-5648.
Columbus Recreation and Parks’ Therapeutic Recreation program offers programs and activities that are modified to meet the needs of individuals with special needs/disabilities. Our Certified Therapeutic Recreation staff enhance the physical, social, group and individual recreational interests of youth and adult participants through a wide variety of inclusive experiences.
We offer multiple options to meet a broad spectrum of interests and abilities. These include aquatic exercise, blind sports, wheelchair sports, summer camps and the Quest Afterschool Program.

Additionally, we offer six Paralympic sports for youth and adults through our Paralympic Sports Club: Adaptive Swim Team, Blind Soccer, Boccia, Wheelchair Rugby, Wheelchair Softball and Wheelchair Track and Field.

Our fitness center is open daily, providing access to contemporary, adaptable exercise equipment, including weight machines, free weights, stability balls and more. Participants develop and follow a supervised fitness program, which they create with a Certified Therapeutic Recreation Specialist and our team of personal trainers, who have more than 50 years of experience combined working with individuals with special needs/disabilities.

A hallmark of the Therapeutic Recreation Program is its emphasis on inclusivity. We are intentional in making sure that people who are able-bodied are invited to actively participate with disabled/special needs individuals, in both adult and youth programming.

This benefits participants with disabilities, as it removes any negative “stigmas” and/or stereotypes from engaging in accessible activities. It also offers able-bodied youth and adults the opportunity to learn first-hand that people with special needs/disabilities are really not much different than anyone else.

This message is then shared throughout the community at large, which helps to educate and inform others while promoting acceptance of those who may look, act, talk and walk in ways that are different from what is considered “normal.” Columbus Recreation and Parks’ inclusion efforts are supported by the Inclusion Support Program, which offers additional assistance for activities and programs from trained therapeutic staff.

Columbus Recreation and Parks offers arts programming for every age, interest and skill level. Whether your passion is dance or music, ceramics or painting, you’ll find a class or workshop to help you express your creativity. Several of our community centers have robust theatre programs, which include performances at the Columbus Performing Arts Center throughout the year.

While we host an array of classes in our 29 community centers, our Cultural Arts Center (CAC) provides a more immersive creative experience for adults to develop and/or improve their artistic talents. With nine fully-equipped studio spaces, and 15 different creative mediums taught, the center offers a variety of in-depth, hands-on classes, from beginner to advanced. Classes are led by accomplished artists in a welcoming atmosphere.
While our community centers are open to people of all ages, we have seven centers with robust programming for those who are 50 and older.

PARKS

Parks are vital to a vibrant, successful city, and Columbus is no exception. The Columbus Recreation and Parks Department boasts more than 370 parks on more than 13,500 acres.

To learn more about the parks in Columbus, and the variety of amenities offered at each of them, visit the parks section of ColumbusRecParks.com.
Columbus has more than 120 miles of trails and is a part of the Central Ohio Greenways (COG) trails system. The COG connects the central Ohio region with more than 220 miles of trails for everyone to explore parks, neighborhoods, rivers and the vibrant, diverse culture of one of the greatest places in the nation to live, work and play. Whether you are a biking enthusiast or an avid nature lover, the trails are divided into sections that will appeal to your personal taste.

To ensure everyone can enjoy the trails, here are some tips and etiquette to follow:

**ALL USERS:** Motorized vehicles are not permitted. Be courteous and predictable to other trail users at all times. Keep right and always pass on the left, giving audible warning to pedestrians, skaters and other bicyclists. Maintain single file when others are within 100 feet. Pets are not permitted on greenway trails unless on a leash (maximum length of six feet) and under the direction of the pet owner. You must also clean up after your pet on all portions of the greenway trails. Dispose of litter in waste receptacles. Alcohol is prohibited on trails in park systems.

**BICYCLISTS AND SKATERS:** Yield to pedestrians. Give audible warning when passing pedestrians, skaters or bicyclists. Ride and skate at a safe speed. Slow down and form a single file in congested conditions, reduced visibility and other hazardous conditions.

**PEDESTRIANS:** Please stay to the right side of the trail except when otherwise designated. Watch for other trail users. Be especially alert when running. Listen for audible signals and allow faster trail users (runners and bicyclists) to pass safely.

Separate from the Central Ohio Greenways, we also offer many loop walking paths within our parks.

Our Capital Kids Program is designed to enhance students’ academic achievement and to provide a safe place to learn and play after school. For almost 20 years, our well-trained staff has provided educational support, mentoring, healthy exercise and nutrition, socialization and enrichment to vulnerable youth, at four locations.

Capital Kids serves youth in grades K-5, with Columbus City Schools’ high-need locations as feeder sites for our program. Currently, Capital Kids is at Beatty, Feddersen, Marion Franklin and Sullivant Gardens community centers. Participants benefit from state-of-the-art technology, high expectations and high performance standards, all of which help them to excel academically.

**WHAT WE OFFER:**

Academic assistance, including help with homework, science projects, reading and math. We are in the schools daily and work with the teachers and administrators on developing achievable learning plans for students. We sit in with families for student Individualized Education Programs (IEPs) and school conferences.

A nutritious hot meal or snack daily, which the children receive as soon as they arrive at the center. Our philosophy is that a child can’t learn without food as fuel. In partnership with Mid-Ohio Foodbank, we also offer our families free weekend take-home groceries.

Enrichment activities such as cooking, gardening, nutrition, drama, art, fitness, Girl Scouts and Boy Scouts.

Prevention programs in anger management, substance abuse, bullying and violence, along with peer mediation.

Recreation and socialization through ball games, board games, outdoor play and group activities.

Many opportunities for family involvement, a “must” for our program. We have family fun nights, resource referrals, parent/staff conferences, parent/teacher conferences and newsletters.

Spring and summer camp experiences.

The Columbus Recreation and Parks Department’s mission states: **We connect the people of our community through the power of nature, wellness and creativity.** While our vision to create a socially equitable city is bold, access to programs and services continues to be an important pillar of our work.

The Columbus Recreation and Parks (CRP) Foundation, a 501(c)(3) nonprofit, was launched in 2018 to transform how the department serves central Ohio neighborhoods. Starting with the Linden Community Center and the Centers for Opportunity model, the CRP Foundation aims to provide equitable access to vital programs and services across the region.

The establishment of the foundation fulfills the recommendation to expand partnership opportunities as recommended by the 2014 Master Plan. Independent but collaborative in spirit, the CRP Foundation focuses on leveraging public-private partnerships and philanthropic gifts.

For more information about the CRP Foundation or to donate, visit [CRPFoundation.org](http://CRPFoundation.org).
