Far East Adult Program

Our Active Adult Programs is typically marketed to active, healthy, younger seniors, some of whom are still working and many who are new retirees, who are seeking a lifestyle change during early or pre-retirement years. Most adult programs are fairly similar, but we offer a variety of healthy classes such as a Walking Club, Yoga Fit, Stretch & Tone, 50+ Basketball, 18 and up Basketball Hand Ceramics, Crocheting, Line Dancing, and Wood Turning. The increased opportunities for socialization with peers in an active adult setting keeps residents involved with others and with a wider community reduces social isolation and depression and promotes physical and mental health. Far East aerobics and our adult dance fitness is our most exciting and wellness classes available with the wide variety activities and movements to assure a healthy and fitness lifestyle.
