**CAC Application # 15-01-01**

**Project:** *Scioto Lounge II*  
**Location:** Mid-point location on the north side rail of the Rich Street Bridge  
**Applicant:** Columbus Public Art Program

**Presenter:** Lori Baudro, Coordinator

In September 2014 artist, Terry Allen, completed his installation of *Scioto Lounge* at Genoa Park. The installation, consisting of two bronze deer – one sitting and the other reclining, are positioned looking out over the Scioto River. The artwork was dedicated on September 30<sup>th</sup> at the Urban Arts Space, which also had an exhibition of Allen's study drawings. As part of Allen's contract, three additional, related art proposals were commissioned. The Columbus Art Program desires to complete the *Scioto Lounge* sculptures with a third deer standing mid-point along the north rail of the Rich Street Bridge. The third deer will also be gazing at the river and in late fall and winter should be viewable from the sculptures at Genoa Park. All three deer will be viewable from the promenade along the east bank of the

river. The proposal was reviewed by the Department of Public Service (DPS) which had no objection to the installation of the sculpture on the Rich Street Bridge in the area identified by the artist, although the exact location will need to be determined with DPS staff.

**Action Requested:**

Approval of the design and placement of the *Scioto Lounge II* public art proposal. Code Chapter 3115.04 (A & B)
