IV. Preliminary Project Discussion

Follow-up Preliminary Project Discussion on the COTA Cleveland Avenue Bus Rapid Transit (BRT) Project.

On May 22, 2014, project planners first presented the COTA Cleveland Avenue BRT project to the CAC and sought input on ways to integrate public art. Since that time COTA has determined that the artwork will be incorporated into the rear bus shelter windows of 33 CMAX stations (bus shelters) on Cleveland Avenue between Mt. Vernon Avenue and SR 161. Project planners have returned to discuss the process drafted to obtain the artwork designs.
