III. Application

CAC Application # 16-12-01 –B (4/24/18)

Project: Parsons Avenue Public Art Project: A Thousand Eyes

Location: Parsons Avenue right of way between Broad and Oak Streets

Applicant: Columbus Public Art Program

Presenters: Lori Baudro, Columbus Public Art Program

Artist, Olga Ziemaska

The Columbus Public Art Program, in cooperation with the Columbus Department of Public Service (DPS), is working to integrate public art into a section of Parsons Avenue. As part of an ODOT project to redesign the downtown portions of I-70 and I-71, DPS will be redesigning the portion of Parsons Avenue between Oak and Broad Streets. Following a state-wide call for artists, the CAC approved the selection of Olga Ziemaska by the project's artist advisory panel (5/22/14).

The project had some delays, as DPS and their design team worked with the community to finalize the traffic plan during which Ziemaska met other obligations. The artist is before the Commission with a revised version of 'A Thousand Eyes,' the first version was presented to the CAC on 12-20-16. Staff presented the revised proposal to the Olde Towne East Association (OTENA) and the Near East Area Commission (NEAC) in April. Both groups were equally enthusiastic and both requested that the artist change the word placement on the three signage pieces. Ziemaska welcomed the input and will try different approaches.

The materials the artist will be using are glass fiber reinforced concrete and stainless steel (sheets, rods, spheres, mirrored, powdercoated).

Action Requested:

Conceptual Approval of the art proposal, *A Thousand Eyes*, for placement in the Parsons Avenue right of way between Broad and Oak Streets per Columbus Code Chapters 3115.04 (A) & (B)
