## Downtown

This map is a re-creation of the 1993 Columbus Thoroughfare Plan, adopted by City Council on December 6, 1993. Changes from the 1993 map include 1) Thoroughfare Plan amendments adopted by City Council on April 21, 2004 and June 21, 2004 to reflect the Noe Bixby Road Scenic Byway designation and the roadway network of the Interim Hayden Run Corridor Plan, and 2) edits to reflect changes in existing road conditions. All information on this map is believed to be accurate, but in the case where a discrepancy exists from the 1993 Thoroughfare Plan (other than the Hayden Run Corridor and the Noe Bixby Scenic Byway areas), the 1993 Thoroughfare Plan hardcopy map remains the official map. While the Thoroughfare Plan indicates classifications for roads outside of the Columbus corporate limits, the city of Columbus does not have jurisdiction over these roads.
