MEMORANDUM TO: Andrew J. Ginther Mayor

FROM: Kathy A. Owens Finance and Management Director

SUBJECT: 2022 Third Quarter Financial Review

The Finance and Management Department's 2022 Third Quarter Financial Review is attached. This memorandum serves as a brief narrative which outlines the material highlights of this financial review.

The quarterly reviews conducted by the Finance and Management Department examine the projected financial condition of the city for the remainder of the year based upon an analysis of revenues and spending to date for all departments and offices. As of the third quarter, for the general fund, the Finance and Management Department projects a budget surplus, where the city will spend approximately \$45.5 million less than the revised appropriation for 2022. The Second Quarter Financial Review also projected a budget surplus, but far smaller at \$281,000. This differential, between the Second and Third Quarter Financial Reviews is largely related to the use of ARPA-SLFRF proceeds as revenue replacement.

#### Expenditures:

Expenditures are tracking below budget for many general fund departments. These positive variances are mostly the results of unfilled personnel vacancies across departments. The most significant projected surpluses are related to the Department of Public Safety, due to the application of \$30 million in ARPA-SLFRF revenue replacement proceeds against Police and Fire payroll. Other expenditure savings occur in the Finance and Management Department, with \$2.0 million less in citywide technology billings as well as a projected surplus of \$7.0 million in the citywide account.

While most general fund departments are trending toward budget surpluses, there are several departments that are projected to experience budget deficits. The City Attorney is reflecting a small personnel deficit of \$22,000 and the Civil Service Department is reflecting a \$275,000 deficit due in large part to additional testing and pre-employment screening services needed to address larger Police and Fire classes for 2022.

#### Revenues:

As of the end of the third quarter, income tax receipts are 5.2 percent above 2021 third quarter collections. In addition to income tax collections, property tax collections (1.1% growth), the kilowatt tax (3.2% growth), local government fund (9.2% growth), liquor permit fund (279.4% growth), cigarette tax (36% growth), casino revenue (8.7% growth), license & permit fees (6.8% growth), investment earnings (10.5% growth), and charges for services (12.3% growth) are all trending above collections during the same time period last year. Only

fines & penalties (39.5% decline), and other revenue (58.5% decline) are trending below collections during the same time period last year. It should be noted that revenues are collectively outpacing second quarter projections and are 4.5 percent above the same time period in 2021. It should also be noted that the City Auditor revised the 2022 Official Revenue Estimate, effective June 15, 2022. As noted in the second quarter financial review, this revision increased the 2022 overall revenue estimate by \$80 million, with income tax revenue growth being the primary driver.

The Finance and Management Department will continue to monitor and contain expenditures and remains optimistic that departments will continue to actively manage expenditures to realize positive variances within the general fund.

# 1. Introduction

This document summarizes the financial status of the City of Columbus' major operating funds, including the general fund, special revenue funds, internal service funds, and enterprise funds. Financial projections for 2022 and the significant factors that contribute to such projections are detailed within. Summary financial data are presented in an appendix of tables which also summarize vacant budgeted positions and data on personnel levels by division.

For purposes of this report, it is assumed that the general fund will end the year with a \$38,326,240 unencumbered cash balance. This figure excludes the projected year end balances expected in any of the other subfunds of the general fund (see Table A).

Details regarding other operating funds can be found in Sections 3 (Special Revenue Funds), 4 (Internal Service Funds), and 5 (Enterprise Funds).

# 2. General Fund Overview

The general fund budget, as amended in February, is \$1,037,363,125. This figure is 2.9 percent higher than actual 2021 year end expenditures and outstanding liabilities. On June 15, 2022, the City Auditor increased the estimate of available resources by \$80 million to account for increased income tax collections as a result of lower than estimated revenue losses related to remote work. Revenue and expenditure projections are summarized on Table A.

#### **Revenues:**

The City Auditor establishes the official general fund revenue estimate, upon which, by City Charter, the general fund budget must be based. As of the end of the third quarter, the current revenue estimate (exclusive of transfers, carryovers, or cancellations) is \$998.2 million, the majority of which comes from the 2.5 percent municipal income tax.

Through September, total general fund resources (exclusive of transfers, carryover, and encumbrance cancellations) are 2.6 percent, or \$24.8 million, higher than during the same time period in 2021. The largest revenue stream into the general fund, income tax, posted receipts that are up 3.0 percent in comparison to 2021 through September.

Property taxes are likewise positive so far this year. As of the end of the third quarter, tax receipts in this category came in 5.7 percent, or \$3.4 million higher than the third quarter of 2021. The local government fund, liquor permit fund, license and permit fees, and charges for services all came in higher than receipts through September 2021.

All other revenue streams are underperforming in comparison to the end of September 2021 (refer to Table 5).

#### **Expenditures:**

Expenditures are projected to total \$1,005,036,453, or \$45,494,832 below the current appropriation. The projected expenditures include a \$2.8 million transfer to the anticipated expenditure fund (for the next occurrence of a 27<sup>th</sup> pay date) and a \$2.0 million deposit into the rainy day fund. Ordinance 2741-2021, which passed as amended by City Council on February 7, 2022, established the 2022 general fund budget at \$1,037,363,125, in alignment with the Auditor's estimate of available resources at that time.

The personnel projections in this report reflect employees on the city payroll as of September 17, 2022, plus costs associated with a limited number of vacant positions. Where feasible, vacancy credits<sup>1</sup> were applied in anticipation of resignations, terminations, and delays in filling vacancies. Current general fund personnel levels are reported in Table 10.

Salaries and wages are projected at the negotiated rate currently in effect pursuant to the various collective bargaining agreements, as appropriate. Projections for employees not covered by such agreements (e.g. MCP employees) are based on current administrative salary ordinances that establish wage and salary guidelines.

<sup>&</sup>lt;sup>1</sup> Vacancy credits reduce the overall personnel projection in recognition of the cost benefit of employee turnover. Vacancy credits tend to be higher in larger divisions having greater employee turnover and lower in smaller divisions having fewer turnovers.

Insurance projections are calculated by employee, as each division contributes monthly to an insurance trust fund for each insured employee. The monthly contribution differs, depending upon the bargaining unit to which the employee belongs, or the salary ordinance by which the employee is covered. Medicare, pension, workers' compensation, and other similar benefits are calculated by applying the requisite percentage to each employee's total salary.

Projections for materials, supplies, services, capital outlay, interest, principal, and other costs were calculated by summing expenditures and encumbrances through September 30<sup>th</sup> and adding the result to the projected costs, by division, for these items for the balance of the year.

A discussion of major anticipated appropriation variances, as shown in Table 3, appears below:

**City Council** projects an overall surplus of \$54,283 which largely consist of savings in personnel due to lower than budgeted insurance and part time wages.

The **City Auditor** expects a surplus totaling \$49,640. This variance is primarily comprised of savings in personnel totaling \$27,934. An additional surplus of \$1,415 in materials and supplies, and \$20,291 in various services categories is projected.

A total surplus of \$2,075,372 is anticipated for the **Income Tax Division**. The majority of this variance, or \$1,908,115 is due to delays in filling vacant positions. The division is implementing a new revenue system and is undergoing a transformation in both processes and staffing needs.

The **City Treasurer** projects an overall surplus of \$61,038. A surplus in personnel of \$111,656 results from delays in hiring a vacant budgeted position, which is partially offset by a \$50,618 deficit mainly attributed to professional services contracts.

A projected deficit in the **City Attorney's Office** of \$21,768 consists primarily of personnel costs which were \$22,093 over the budgeted estimate.

The **Municipal Court Judges** project an overall surplus of \$728,812. The anticipated surplus of \$492,610 in personnel reflects delays in filling vacant budgeted positions. Savings of \$2,322 is projected in materials and supplies, and a \$233,880 surplus in services is primarily attributable to savings on various professional services contracts.

An overall surplus of \$368,091 is expected in the office of the **Municipal Court Clerk**, primarily resulting from delays in filling vacant budgeted positions.

An overall deficit of \$274,835 is anticipated in the **Civil Service Commission**. In personnel, a deficit of \$87,220 is the result of two addional, unbudgeted full-time positions deemed necessary following the conclusion of an audit on the police officer hiring process. The \$186,875 deficit in services is primarily attributable to costs associated with processing incoming lateral transfers in the Division of Police, which was unknown at the time of budget formation.

A positive variance of \$1,030,875 is expected in the Department of **Public Safety, Administration Division**. The \$91,744 deficit in personnel is the result of several unbudgeted full-time positions. This deficit is offset by forecasted savings of \$1,114,437 in services, primarily due to lower than expected costs associated with the jail contract between the city and Franklin County.

The **Support Services Division** projects an overall surplus of \$1,337,069. In personnel, the \$2,894,854 surplus is largely due to delays in hiring vacant full-time positions. These savings are partially offset by higher than anticipated uniform costs and furniture purchases in materials and supplies of \$42,039,

and higher than budgeted costs associated with software maintenance and licensing agreements, of \$437,657 in services.

The **Police Division** projects overall savings of \$13,576,659. The majority of these savings or \$13,876,633 are in the personnel category, and are attributed to the transfer of sworn overtime expenses to the American Rescue Plan Act Fund. These savings are offset by deficits in professional and other services of \$189,867 and \$125,000 respectively.

The **Division of Fire** anticipates an overall surplus of \$4,377,000, which is primarily the result of savings in personnel of \$4,725,339 as a result of the transfer of sworn overtime expenses to the American Rescue Plan Act Fund. This is partially offset by a deficit of \$362,602 in the services category mainly due to higher than anticipated costs associated with fleet maintenance and fuel.

A total projected surplus of \$612,432 is anticipated in the **Office of the Mayor**, the result of delays in filling vacant budgeted positions.

The **Office of Diversity and Inclusion** projects a net surplus of \$81,764. A surplus in personnel of \$279,822 resulting from delays in hiring vacant positions is offset by a \$197,426 deficit attributed to higher than anticipated professional services contracts.

The **Office of CelebrateOne** projects an overall surplus of \$45,907 the majority of this surplus is a result of hiring delays, small surpluses are anticipated in supplies and services as well.

The **Inspector General** anticipates an overall surplus of \$228,473. An anticipated surplus of \$245,074 in the personnel category primarily reflects delays in filling vacant budgeted positions, while lower than anticipated spending on general supplies represents additional savings of \$37,002. These savings are partially offset by a projected deficit of \$53,603 in the services category, resulting from higher than projected costs related to software licensing fees, and office and furniture rental.

The **Code Enforcement Division** projects an overall surplus of \$250,346, resulting primarily from personnel savings of \$245,827 related to hiring delays. Additional savings of \$59,519 in professional services, as a result of lower than budgeted lawn care costs, will be offset by a projected \$60,000 deficit in capital expenditures for furniture and equipment purchases.

The **Development Department, Administration Division** projects an overall deficit of \$248,524. A deficit of \$53,271 in personnel is the result of a position transferring from the Department of Neighborhoods. In addition, a deficit of \$190,941 in services is the result of unbudgeted professional services for a housing analysis and cost associated with homeless remediation.

The **Economic Development Division** projects an overall deficit of \$58,627. Anticipated savings within the personnel category of \$196,516 is due to delays in filling vacant positions. This savings is being offset by a deficit of \$207,987 in professional services related to a land use and public infrastructure development study.

An overall surplus of \$276,946 is expected in the **Planning Division**. A personnel surplus of \$293,460, due to hiring delays, is partially offset by a \$20,552 deficit in professional services resulting from unbudgeted expenses for public art maintenance and software maintenance services.

The **Housing Division** projects an overall surplus of \$41,042, mainly attributed to personnel savings of \$97,545 due to delays in filling vacant positions. This surplus is offset by a deficit in professional and other services of \$15,842 and \$40,858 respectively.

An overall surplus of \$719,316 is projected in the **Finance and Management Department**, **Administration Division**, resulting primarily from savings in personnel due to delayed hiring of vacant positions of \$572,107. In addition, lower than anticipated cost of materials and supplies of \$22,675, and \$124,535 in professional services contribute to the surplus.

The **Financial Management Division, including the citywide account,** projects an overall surplus of \$8,119,309. Of this amount, savings of \$579,877 are the result of delays in filling vacant budgeted positions. In addition, a surplus of \$533,672 in the services category is mainly due to lower than budgeted expenses for the Public Defender contract, while the remainder is attributed to a projected surplus in the citywide account.

An overall deficit of \$355,959 is projected in the **Facilities Management Division.** A deficit of \$250,699 in the supplies category is expected due to increased costs of janitorial materials, and a \$298,685 deficit in services is the result of higher than budgeted natural gas charges. These deficits are being offset by savings of \$193,425 within the personnel category due to delays in filling vacant positions.

The **Department of Technology** projects that the overall costs billed to various departments within the general fund will come in under budget by \$1,994,650. This variance consists of savings of \$2,115,580 for internally billed indirect technology services, and a deficit of \$120,930 for internally billed direct technology services.

The **Human Resources Department** projects an overall surplus of \$201,448. The \$181,380 projected surplus within personnel is due to continued delayed hiring of vacant budgeted positions. Savings of \$5,070 is anticipated in services due to reduced employee travel and registration, and \$14,998 of savings are expected within the materials and supplies category.

The **Department of Neighborhoods** anticipates an overall surplus of \$152,145. This surplus is mainly a result of personnel vacancies with a small surplus anticipated in services.

The current projected general fund transfer to the **Health Department** is estimated to be \$7,985,279 less than the budgeted level of \$30,803,453. Additional information on Health's second quarter projections is provided in Section 3 of this report.

The current projected general fund transfer to the **Recreation and Parks Department** is estimated to be \$1,786,416 less than the budgeted level at \$45,173,881. Additional information on Recreation and Parks' second quarter projections is provided in Section 3 of this report.

The **Refuse Collection Division** projects an overall surplus of \$285,332. The \$848,584 surplus projected within personnel due to the delay in hiring vacant positions is partially offset by a deficit of \$563,252 in services, primarily due to higher than expected costs in fleet maintenance charges.

The street construction, maintenance and repair (SCMR) fund is the main operating fund for street construction and maintenance projects throughout the City of Columbus. Currently, the fund collects revenue from a variety of fees, taxes, reimbursements, and charges for service.

#### REVENUE SUMMARY

At the beginning of 2022, the unencumbered cash balance in the street construction, maintenance and repair fund was \$26,530,170, or roughly \$5.2 million higher than budgeted. Currently, revenues for 2022 are estimated at \$67.5 million and encumbrance cancellations are estimated at \$2.5 million, which is \$1.5 million higher than the budgeted assumption. Due to the higher than budgeted beginning year balance and the lower than budgeted projected expenditures the fund will result in a year-end unencumbered cash balance of \$18,941,544, which is approximately \$10.4 million higher than assumed at the time of budget formation.

#### OPERATING BUDGET SUMMARY

An overall budget surplus of \$4,630,906 is projected in this fund. The Design and Construction Division anticipates a total surplus of \$260,377, mainly due to savings in personnel costs which are projected to be lower than budgeted assumptions. The Infrastructure Management Division expects a surplus of over \$1.8 million largely due to delayed hiring of vacant positions. The Traffic Management Division projects a surplus of \$773,920 related to budgeted but vacant positions in addition to \$265,949 in services. These surpluses offset a deficit of \$943,821 in capital expenses due to an increase in equipment and vehicle costs. The Director's Office projects a surplus of \$2.2 million in personnel primarily due to savings in related to hiring delays. The Refuse Division expenditures are projected at budget.

The 2022 Health Department budget allows for the continued provision of public health mandated services, as well as services that meet the Mayor's priorities and those deemed essential by the Board of Health. Health's special revenue fund receives funding from the city's general fund each year to cover all budgeted operating expenses that cannot be supported solely by other revenue sources. Typically, the general fund subsidy represents approximately 75 percent of the department's operating revenue.

#### **REVENUE SUMMARY**

The health special revenue fund began the year with an unencumbered cash balance of \$4,147,374. Overall, revenues are currently projected at \$10,094,265 which is higher than the budgeted assumption of \$8,573,210 due to increased immunizations, home visitations and license fees. Encumbrance cancellations are currently estimated at \$250,000. At the end of the third quarter, the general fund transfer is projected to be \$22,818,174, significantly lower than budgeted assumption for 2022. Given these assumptions, the anticipated year-end unencumbered cash balance is zero.

#### **OPERATING BUDGET SUMMARY**

An overall appropriation surplus of \$4,356,850 is projected in the Health Department. A surplus of \$4,142,540 is anticipated in personnel due to hiring delays for vacant budgeted positions. In addition a surplus of \$477,721 is projected in professional services as a result of lower than budgeted costs for interpreter and security services, and additional grant funding received for community service contracts. These surpluses are offset by a deficit in supplies, mainly attributed to increased vaccine costs and gun lock box supplies.

The recreation and parks operation and extension fund is the primary operating fund supporting the department's activities. The largest revenue source for the fund is the annual transfer from the general fund. The department operates community centers, facilities for cultural arts, outdoor education, and therapeutic recreation. Some major revenue sources include fees paid by participants in adult/youth sports and recreation classes, permits for facility rentals, memberships to the city's community recreation centers, and fees for boat docks and stakes at the city's waterfront facilities.

#### **REVENUE SUMMARY**

The recreation and parks operation and extension fund began 2022 with an unencumbered cash balance of \$4,145,279. Current revenue projections are \$13,918,111, which is higher than originally budgeted due to strong summer participation in adult sport leagues, golf, and shelter rentals. Encumbrance cancellations are projected at \$1,045,000, this is \$385,000 more than the budgeted assumption. The current projected general fund transfer is estimated to be \$1,786,416 less than the budgeted assumption. The anticipated year-end unencumbered cash balance is zero.

#### **OPERATING BUDGET SUMMARY**

An overall budget surplus of \$425,032 is projected for the fund. A surplus of \$1,909,727 in personnel is a result from delayed hiring of budgeted positions. This is offset by deficits of \$151,388 in supplies, \$733,910 in services and \$600,000 in capital purchases. These decifits are due to increased prices for good and services, mainly chemicals, natural gas and electric services.

|   |    |           |  |

The municipal court computer system procurement and maintenance fund provides the Municipal Court with a dedicated funding source for computer hardware, software, training, and related expenses. Revenues to this fund are generated through various court fees.

#### **REVENUE SUMMARY**

The beginning year unencumbered cash balance in the fund of \$1,279,758 was \$160 higher than budgeted. Projected revenues at the end of the third quarter total \$1,180,000, slightly more than the budgeted assumption of \$1,175,000. The total revenue projection is the combination of those provided by the Municipal Court Clerk and Municipal Court Judges offices. These projections are based primarily on the number of cases seen by the court. The number of court cases and the associated revenue will continue to be closely monitored for the remainder of the year. Additionally, encumbrance cancellations are currently expected to be \$10,000, which is the budgeted assumption. Based on these assumptions and coupled with the expenditure savings discussed below, the fund is expected to have an available unencumbered cash balance of \$1,332,699 at the end of 2022, which is \$918,732 more than assumed in the budget formation.

#### **OPERATING BUDGET SUMMARY**

An overall appropriation surplus of \$913,571 is currently projected for the computer fund. Savings of \$645,575 is expected in the personnel category of the Municipal Court Clerk's office, primarily reflecting the Clerk's decision to shift the personnel costs from the computer fund to the general fund. The Municipal Court Judges project an overall surplus of \$258,718 due to delays in hiring vacant positions and various miscellaneous savings in supplies and services.

| Projected Appropriation Surplus/(Deficit)    | \$ | 609,993      |  |

The development services fund supports the operations of the Department of Building and Zoning Services, which separated from the Department of Development in 2010. The fund derives revenue from fees paid for construction permits, review of commercial and residential building plans, and construction inspections.

#### **REVENUE SUMMARY**

The development services fund began 2022 with an unencumbered cash balance of \$16,887,996. The current revenue projection of \$24,200,000 is 646,000 less than the original budgeted amount. Total projected expenditures discussed below are lower than originally estimated. The fund is projected to end the year with an unencumbered cash balance of \$12,890,401.

#### **OPERATING BUDGET SUMMARY**

The Department of Building and Zoning Services projects an overall appropriation surplus of \$609,993. Savings of \$214,323 in personnel is the result of delays in hiring vacant positions. In addition, a surplus of \$345,861 is anticipated on various services line items, which is partially offset by a deficit in other expenditures of \$52,000 due to to higher than anticipated refunds of revenue and pending litigation.

The east broad street operation fund is the largest subfund within the property management fund and is a dedicated funding source for retaining and accounting for revenue collected from tenants at 1111 E. Broad Street, also known as the Jerry Hammond Center. These funds are used to help offset operating expenses to maintain the facility. Current paying tenants include the Workforce Development Board and the Department of Technology.

#### **REVENUE SUMMARY**

The unencumbered balance at the beginning of 2022 was \$56,139. Total revenue projections of \$1,554,426 reflect a general fund subsidy of \$717,215. The projected expenditures equal the estimate of available resources in this fund at the end of the third quarter. As a result, a zero unencumbered cash balance is expected in this fund at year end.

The private construction inspection fund captures the accounting activity connected with the inspection of private development infrastructure construction generally associated with subdivision and commercial development.

#### **REVENUE SUMMARY**

The 2022 beginning unencumbered cash balance was \$829,428, which was \$426,271 lower than assumed at budget formation. Currently, revenue for the fund is projected to be \$4,250,000 which is \$198,420 less than the budgeted amount. Encumbrance cancellations are estimated to be \$150,000, an increase of \$120,000 from the original budget. The projected year-end unencumbered cash balance is \$864,694.

#### **OPERATING BUDGET SUMMARY**

The Public Service Department currently projects this fund to end the year with a budget surplus of \$503,618. A surplus of \$418,386 is primarily accounted for within the personnel category reflecting delays in hiring vacant positions. Additionally, a surplus of \$15,818 within supplies is mainly due to lower than budgeted technology supplies, and a \$18,797 surplus in services is the result of lower than anticipated costs related to internal technology services.

The employee benefits fund was established in 1993 and represents funds intended for the administration of benefit programs for city employees as well as funds for property and boiler insurance for city facilities. These operations are managed in the Human Resources Department, and the Finance and Management Department, respectively.

#### **REVENUE SUMMARY**

The cash position of the employee benefits fund, as shown above, represents both the portion intended for the administration of the benefits program in the Human Resources Department as well as property and boiler insurance, which is managed in the Department of Finance and Management. Funds intended for payment of employee benefit claims are not reflected in this document. Current revenue projections for the fund are even with projected expenditures. The fund is expected to end the year with a zero unencumbered cash balance.

#### OPERATING BUDGET SUMMARY

An appropriation surplus of \$359,459 is generated from the Human Resources portion of the fund. Savings of \$212,509 in personnel are due to continued hiring delays of budgeted vacant positions. Lower than budgeted supplies, internal service charges, and professional services account for the \$146,950 remaining positive variance. The property and boiler insurance estimates remain at budgeted levels.

The print and mail services fund was established in 2008 and is managed by the Finance and Management Department. The fund represents a consolidation of print and mail functions provided to all city departments. Operational costs associated with both the print center and mailroom are supported by billing user agencies. The fund provides an accounting of the city's print, resale, and copy center transactions as well as mailroom activity.

#### **REVENUE SUMMARY**

The fund began the year with an available unencumbered cash balance of \$349,252, or \$93,911 more than expected during budget formation. Mail and print shop revenues are projected at \$1,228,342 and \$667,878, respectively, or \$111,930 less than budgeted when combined. By year end, the fund's unencumbered balance is projected at \$349,252.

Print shop revenues and expenditures remain closely monitored and evaluated. The city continues to encourage city agencies to use the print shop for the majority of their needs, and has put into place agreements with outside vendors to accommodate varying workloads and timeframes.

#### **OPERATING BUDGET SUMMARY**

An appropriation surplus of \$111,925 is anticipated in the Print and Mail Services Fund. A surplus of \$87,198 is projected in personnel services due to vacant budgeted positions. In addition a \$27,018 surplus in capital is a result of lower than budget cost to replace a machine in the print shop.

Revenues to the land acquisition fund are comprised of charges to other city divisions for land acquisition services.

#### **REVENUE SUMMARY**

The land acquisition fund began 2022 with an unencumbered cash balance of \$235,919, which was \$21,099 higher than assumed in the budget. Revenues are currently estimated at \$1,095,600 for the year, which is \$73,800 higher than what was budgeted, and projected encumbrance cancellations are \$11,234 greater than budgeted assumptions. Due to the higher than expected beginning balance and higher than estimated revenues, as well as the expenditure savings discussed below, the fund is projected to end 2022 with an unencumbered cash balance of \$224,117, an increase of \$203,297 from the budgeted assumption.

#### **OPERATING BUDGET SUMMARY**

The land acquisition fund is projected to end the year with an appropriation surplus of \$97,164. This savings is primarily the result of lower than expected personnel costs due to delayed hiring, and lower than budgeted cost on various materials and supplies, and services line items.

The technology services fund is an internal service fund that supports the operations of the Department of Technology. The fund receives revenue from other city departments both directly, wherein the department pays certain technology costs on behalf of other departments and charges on a dollar-for-dollar basis, and indirectly, wherein the department charges departments based on their allocated utilization of technology services, such as application maintenance, email and messaging services, and project management.

#### **REVENUE SUMMARY**

The technology services fund began 2022 with an unencumbered cash balance of \$1,100,163. The current revenue estimates are \$3,701,144 lower than budgeted. This decrease includes lower than anticipated revenues for internal direct and indirect technology billings. In addition, encumbrance cancellations are now projected at \$1,234,008, or \$934,008 higher than budget assumptions. With these assumptions, the fund is projected to end the year with a \$313,535 unencumbered cash balance.

#### **OPERATING BUDGET SUMMARY**

The Director's Office expects an appropriation surplus of \$455,210. The division anticipates a savings of \$234,102 within personnel as a result of delays in hiring vacant positions, and \$312,786 savings in overall services. These savings are partially offset by a projected deficit of \$91,677 in unbudgeted technology supplies.

The Information Services Division projects a surplus of \$1,630,766. This variance is primarily comprised of savings from delays in filling vacant positions totaling \$2,103,937. This savings is offset by the \$525,061 projected deficit in professional services.

The fleet management services fund is an internal services fund that supports the operations of the Fleet Management Division within the Department of Finance and Management. The fund derives revenue through charges to city agencies for labor and maintenance on city-owned vehicles and equipment, gasoline, diesel, and compressed natural gas distribution, as well as surcharges on parts acquired for maintenance and repair of assets.

#### **REVENUE SUMMARY**

The fleet management fund began the year with a negative unencumbered cash balance of \$2,983,022, or \$1,424,987 lower than budgeted assumptions. Revenues are currently projected to total \$41,295,075, which is \$518,930 more than budgeted. With estimated encumbrance cancellations totaling \$1,100,000, \$200,000 more than budgeted, the fund will end the year with an unencumbered cash balance of \$159,481.

#### **OPERATING BUDGET SUMMARY**

An overall appropriation surplus of \$1,049,283 is projected in the fleet management fund. In the Fleet Management Division, personnel savings of \$987,338 are due to delays in hiring budgeted full-time positions. Anticipated savings of \$475,505 in supplies primarily reflects lower than budgeted diesel fuel costs. The services category is expected to end the year with a deficit of \$512,766 related to higher than expected cost of repair and maintenance services.

A projected surplus of \$73,977 within the Finance and Management Director's Office is driven by changes in personnel from originally budgeted assumptions.

The construction inspection fund captures the accounting activity associated with the construction administration and inspection services of the Department of Public Service's Division of Design and Construction. This division provides these services for roadway, bridge, water, sanitary and storm sewer, electric power, and signal infrastructure for the City of Columbus.

#### **REVENUE SUMMARY**

At the beginning of 2022, the unencumbered cash balance in the fund was \$3,405,864, or \$1,229,834 less than budgeted. Current year revenues are projected to total \$10,500,000 and encumbrance cancellations are estimated at \$90,000; this total revenue estimate is \$661,662 less than budgeted assumptions. At year end, the fund's unencumbered cash balance is projected to be \$3,526,747, a decrease of \$447,770 from the budgeted assumption.

#### **OPERATING BUDGET SUMMARY**

A year-end appropriation surplus of \$1,443,726 is projected in this fund. Personnel savings of \$1.2 million are due to delays in hiring vacant positions. Surpluses of \$39,742 and \$44,277 are projected in supplies and services respectively, and is attributable to lower than anticipated technology supplies and internal technology services costs. In addition a savings of \$111,128 is projected in capital due to lower than budgeted vehicle purchases.

The water enterprise fund is used by the city to account for all financial activity related to the operation of the water enterprise. The city collects, purifies, and sells water to city residents and residents of certain suburban areas. Water is collected from surface areas (rivers) and wells. The city has three water treatment plants. Revenues consist primarily of user charges.

#### **REVENUE SUMMARY**

On January 1, 2022, the cash balance in the water enterprise fund was over \$188.2 million, comprised of carryover funds and reserve funds totaling approximately \$143.2 million and \$45.0 million respectively. At that time, the revenue estimate from all sources, including water sales, system capacity fees, interest income, and miscellaneous other sources was \$218.6 million. Projections for the above-noted revenues are now expected to be \$8.4 million higher than initial estimates. The projected year-end cash balance in the fund is approximately \$186.4 million.

#### **OPERATING BUDGET SUMMARY**

An overall appropriation surplus of \$12.7 million is projected in the water enterprise fund. Projected personnel savings of \$4.6 million reflect an increase in vacancies and separations, and delays in filling positions. Savings on the Residuals Management project accounts for the majority of the \$8.9 million surplus in the services, principle and other budget categories. In addition, an interest surplus of \$1.5 million, is the result of premium proceeds from the 2021 bond sale. Partially offsetting these savings is a projected deficit in supplies of \$3.4 million attributed to increases in the overall cost of chemicals.

The budget of the Public Utilities Director's Office is comprised of moneys from the four enterprise funds of the Public Utilities Department on a pro rata basis. The Director's Office projects an overall surplus of \$2.8 million across all enterprise funds. The water enterprise fund's portion of this surplus is \$1.2 million.

The sanitary sewer enterprise fund is used by the city to account for all financial activity related to the operation of the sanitary sewer enterprise. The city collects and treats the effluent of city residents and residents of certain suburban areas. The city has two sewerage treatment plants. Revenues consist primarily of user charges.

#### **REVENUE SUMMARY**

On January 1, 2022, the cash balance in the sewerage system enterprise fund was \$268.6 million, comprised of carryover funds totaling \$189.1 million and reserve funds totaling \$79.5 million. At that time, the revenue estimate from all sources, including sewer and wet weather fees, system capacity fees, interest income, and miscellaneous other sources was \$300.3 million. Current revenue projections are higher than the budgeted amount by \$10.5 million. The projected year-end cash balance in the fund is \$265.2 million.

#### **OPERATING BUDGET SUMMARY**

An overall appropriation surplus of \$12.4 million is projected in the sewer system enterprise fund, comprised of a surplus of \$11.1 million in the Sanitary Sewer Division and \$1.3 million surplus in the sanitary sewer enterprise fund's allocation of the Public Utilities Director's Office, which is funded on a pro rata basis by the four utility funds.

Surpluses are currently projected in the personnel, supplies, other, principal, and interest categories. The projected \$7 million personnel surplus reflects employee turnover and subsequent delays in filling vacancies. Reduced premiums on bond interest and lower than budgeted loan fees and premiums account for savings of \$2.3 million. Partially offsetting these savings is a projected deficit in services of \$1.1 million.

The storm sewer maintenance fund is used by the city to account for all financial activity related to the operation of the storm sewer enterprise. The city has a separate storm sewerage system, as well as a combined system that also handles sanitary sewage. Revenues consist primarily of user charges.

#### **REVENUE SUMMARY**

On January 1, 2022, the cash balance in the storm sewer maintenance fund was \$38.7 million, comprised of carryover funds totaling \$29.7 million and reserve funds totaling \$9.0 million. At that time, the revenue estimate from all sources, including storm sewer maintenance fees, interest income, penalties, and miscellaneous other sources, was roughly \$46.7 million. Projections for the above-noted revenues are trending at budget. As of the end of the third quarter, the projected year-end cash balance in the fund is expected to be about \$39.5 million.

#### **OPERATING BUDGET SUMMARY**

An overall appropriation surplus of \$1.1 million is projected in the storm sewer maintenance fund, comprised of approximately \$830,777 surplus in the Storm Sewer Division and a \$352,488 surplus in the storm sewer enterprise fund's allocation of the Public Utilities Director's Office which is funded on a pro rata basis by the four utility funds.

In the Storm Sewer Division, a \$514,524 surplus in personnel is due to employee turnover and delays in filling vacant positions. In addition, a \$111,833 surplus in services is related to lower costs associated with direct and indirect technology services. A projected surplus of \$204,420 within principal and interest is due to lower than anticipated costs associated with the 2021 bond sale.

The electricity enterprise fund is used by the city to account for all financial activity related to the operation of the electricity enterprise. The city purchases electricity for resale to its residential and commercial customers. Revenues consist primarily of user charges.

#### **REVENUE SUMMARY**

On January 1, 2022, the cash balance in the electricity enterprise fund was over \$34.0 million, comprised of carryover funds totaling \$29.7 million and reserve funds totaling \$4.3 million. This beginning year cash balance was \$5.6 million higher than assumed during budget formation. At that time, the revenue estimate from all sources, including the sale of electricity, interest income, and miscellaneous other sources, was \$88.6 million. Projections for the above-noted revenues are now reflecting a decrease of \$1 million. As of the end of the third quarter, the anticipated year-end cash balance is expected to be \$24.1 million, which exceeds the budgeted estimate of \$15.5 million.

#### **OPERATING BUDGET SUMMARY**

An overall appropriation surplus of \$4.0 million is projected in the electricity enterprise fund. This surplus is comprised of \$4.0 million in the Power Division and \$17,253 in the electricity enterprise fund's allocation of the Public Utilities Director's Office which is funded on a pro rata basis by the four utility funds.

In the Power Division, personnel savings are currently projected at \$2.0 million resulting from vacant budgeted positions. In addition, savings of \$2.0 million in services is attributed to lower than projected communication costs and repair and maintenance services. These savings are offset by a deficit of \$704,259 in materials and supplies related to higher than anticipated supply costs.

The mobility enterprise fund was established on January 1, 2022 and supports the Division of Parking Services in the Department of Public Service. All on-street and off-street parking revenues and parking violation revenues are deposited into the mobility enterprise fund, which is responsible for supporting a high quality parking experience in the City of Columbus.

#### **REVENUE SUMMARY**

The 2022 beginning unencumbered cash balance was \$3.2 million or \$1.3 million higher than budgeted. Revenue projections for the fund are currently \$18.3 million, or \$4.7 million higher than budgeted assumptions; encumbrance cancellation projections match the budget. Due to the aforementioned increase in revenues and the beginning year unencumbered cash balance, as well as lower than expected expenditures discussed below, the projected unencumbered fund balance at year end is \$5,017,326, or \$4.7 million higher than the budgeted assumption.

#### **OPERATING BUDGET SUMMARY**

The mobility enterprise fund is projected to end the year with a negative appropriation variance of \$63,720. A surplus of \$1 million in personnel is currently projected due to delays in hiring vacant positions. The Division anticipates a negative variance of \$1.4 million in services, primarily due to unexpected expenses related to garage maintenance and repairs.

Notes:

The general fund revenue estimate reflects the City Auditor's revised projections. All others were established by the Dept. of Finance and Mgt. and the various operating divisions.

The budgeted and projected expenditure figures for the enterprise funds include projections for the Public Utilities Director's Office.

The budgeted and projected expenditure figures for the enterprise funds do not include projections for internal transfers from the operating to the reserve fund.

Available cash balance is defined as the unencumbered cash balance, except in the case of the enterprise funds which reflect the actual cash balance.
