JOE A. LOMBARDI Director

February 11, 2020

MEMORANDUM TO: Andrew J. Ginther

Mayor

FROM: Joe A. Lombardi

Finance and Management Director

SUBJECT: 2019 Year-End Financial Review

The Finance and Management Department's year-end financial review is attached. This document compares overall revenues and other resources in 2019 to those in 2018, and compares the resource and expenditure projections made in the 2019 third quarter financial review to the year-end actual results.

For 2019, actual revenues for the general fund were approximately \$34.3 million or over 3.9 percent above the revenue projections of the City Auditor at the third quarter. Year-end 2019 expenditures for the general fund were \$9.2 million or 1 percent above projections at the third quarter. The year-end general fund balance of \$40.8 million was \$28.8 million higher than projected at the third quarter.

When comparing actual revenues to third quarter projections, notable positive variances were income tax revenues (\$21.8 million), local government fund receipts (\$1.42 million), casino revenue (\$348K), license and permit fees (\$750K), investment earnings (\$8.1 million), charges for services (\$3.38 million), the kilowatt hour tax (\$579K), and all other revenue (\$427K). Only two revenue categories were under the Auditor's third quarter projection. Property tax collections were lower by \$2.4 million, and fines and penalties were lower by approximately \$67K when compared to the third quarter projections. Overall 2019 actual general fund revenues were \$48.76 million, or approximately 5.7 percent, above 2018 collections. Note that 2018 revenues were \$22.1 million or 2.6 percent above 2017 total revenues.

Two departments had substantially increased general fund spending from that projected at the end of the third quarter. Expenditures in Public Safety were a combined \$4.7 million more than projected due to encumbering funds in the fourth quarter in anticipation of claims and settlements arising from 2019 cases. In Finance and Management, expenditures were \$3.1 million higher than projected due to encumbrances for utilities, higher costs for services and supplies, and higher than projected technology billings for general fund agencies. There were also expenditures in excess of the third quarter projections in the general fund subsidies for the Recreation and Parks Department of \$743,196 and \$596,429 for the Health Department. There were smaller increases in expenditures in the Refuse Collection Division of \$272K and \$164K in the Housing Division. Most other Departments had small positive general fund variances when compared to the third quarter financial review.

All "other funds" remain in a positive financial position with the exception of the negative unencumbered cash balance in the Fleet Management Fund.

Should you have any questions regarding the report, please feel free to contact me at your convenience.

Department Directors

2019 YEAR-END FINANCIAL REVIEW

As of December 31, 2019

Prepared by Department of Finance and Management

GENERAL FUND OVERVIEW

Comparison to 2018 Actual

Resources: Total general fund resources in 2019 were \$952.1 million, \$44.9 million higher than 2018. This figure includes a beginning unencumbered cash balance of \$16.2 million, \$10.0 million in cancelled encumbrances, and \$16.3 million in fund transfers. Annual revenue in 2019 exceeded 2018 revenue by \$48.8 million, or 5.7 percent.

Income tax revenue increased \$37.4 million, or 5.6 percent over 2018. Property tax and kilowatt hour tax receipts increased by 2.3 percent and 1.5 percent, respectively. Due to a change in the distribution of the kilowatt hour tax starting in 2015, 100 percent of that revenue is deposited into the general fund.

In 2019, shared revenues related to the local government fund increased approximately \$1.3 million, or 6.7 percent from 2018 amounts. Liquor permit and cigarette tax revenues actually decreased by a little over \$41,000 combined. Casino revenue totaled \$7.1 million, an increase of about \$156,000 over 2018 collections.

Total revenues in the other revenue category increased by \$8.7million, or 7.8 percent, over 2018 figures. Investment earnings once again moved in a positive direction in 2019. They were over \$8.9 million higher than 2018 receipts. Revenue for license and permit fees came in over \$176,000 more in 2019 than in 2018. Finally, fines and penalties ended the year \$443,000 higher than in 2018. Partially offsetting these increases, all other revenue decreased in 2019 from \$3.1 million to \$2.6 million in comparison to 2018 totals. Charges for services decreased .5 percent in comparison to 2018, coming in at \$65.4 million.

The year-end 2019 unencumbered cash balance increased to \$40.8 million, roughly a \$28.8 million difference from the year-end 2018 unencumbered cash balance. Encumbrance cancellations were up \$5 million, while fund transfers in were down \$1.4 million, respectively, over 2018 levels.

Expenditures: Total 2019 general fund expenditures were \$911.3 million, or up \$20.2 million from the \$891.1 million expended in 2018. Included in the 2019 figure are budgeted deposits to the economic stabilization fund and the anticipated expenditures fund of \$1.75 million and \$2.5 million, respectively. In the 4th quarter of 2019, the administration deposited an additional \$1.0 million into the economic stabilization fund, exceeding the goal of a year-end balance of \$80.0 million one year early. Numbers reported in this report as "actuals," unless otherwise noted, include both expenditures and outstanding encumbrances as of December 30th against that year's appropriations.

Comparison to Third Quarter Projections

Resources: Total general fund resources exceeded the City Auditor's third quarter estimate by \$38 million.

Taxes and assessments came in over third quarter projections by 2.7 percent, or \$20 million. Income tax revenues were up over \$21.8 million from the City Auditor's estimate. Property taxes were \$2.4 million lower than the Auditor's third quarter estimate. At year-end, the kilowatt hour tax was approximately \$579,000 higher than the City Auditor's estimate.

Total shared revenues came in \$1.8 million, or 6.43 percent, more than anticipated. All revenue lines in this category came in higher than anticipated.

All other revenues exceeded third quarter estimates by 11.7 percent, or \$12.6 million. Fines and penalties came in slightly lower than projections, while charges for service, license and permit fees, investment earnings, and all other revenue performed better than expected.

Overall, revenues of the three major categories exceeded third quarter projections by \$34.3 million, or 3.92 percent.

Expenditures: Third quarter general fund expenditure projections (which include those for Health and Recreation and Parks) totaled \$902.2 million, as compared to actual year-end expenditures of \$911.3 million, netting a variance of \$9.2 million.

Major variances between third quarter projections and actual expenditures are discussed below. Detailed data on budget-basis expenditures and variances can be found on Attachments A and B.

Year-End Balance: The sum of higher-than-projected revenues (\$34.3 million) and encumbrance cancellations (\$5 million) along with higher than expected year-end expenditures (\$9.2 million) and decreased fund transfers (\$1.4) yielded a positive year-end cash balance of \$40.8 million, or \$28.8 million higher than projected. The following chart depicts the changes in cash position since the third quarter review:

GENERAL FUND CARRYOVER SUMMARY									
	F	Projected at							
	;	3rd Quarter		Actual		Variance			
Unencumbered Cash Balance (January 1, 2019)	\$	16,170,067	\$	16,170,687	\$	620			
2019 Receipts		875,270,314		909,609,072		34,338,758			
Plus Transfers In		17,712,619		16,324,030		(1,388,589)

Less 2019 Expenditures		902,153,000		911,304,249		9,151,249			
Fund Balance at 12/31/19	\$	12,000,000	\$	40,795,387	\$	28,795,387			

Comparison to Third Quarter Projections by Division

- **City Council**: Year-end expenditures were \$15,926 lower than the third quarter projections. This variance is primarily comprised of savings in supplies and services.
- **City Treasurer**: Actual expenses were higher than third quarter projections by \$14,545 as the result of a retirement, and subsequent separation leave payment, that was not anticipated at the time of forecast.
- **City Auditor**: Actual expenditures were \$33,032 lower than projected at the third quarter, much of which can be attributed to savings in the personnel category.
- **Income Tax**: Total division expenses were \$164,899 less than anticipated at the end of the third quarter. The personnel variance of \$101,029 primarily reflects an over-projection of separation pay and delays in filling open positions. Actual costs for technology and employee travel in the fourth quarter also resulted in a positive \$77,308 variance in the services category. The aforementioned variances were slightly offset by higher than projected spend in supplies of \$13,738.
- **City Attorney**: Total expenditures were \$11,097 higher than third quarter projections, largely due to various costs in the services category.
- **Municipal Court Judges**: Total expenditures were \$4,830 less than the third quarter projections.
- Municipal Court Clerk: Total expenditures were \$43,477 lower than third quarter projections almost entirely related to savings in the personnel category.
- **Civil Service Commission**: Year-end expenditures were \$37,386 lower than the third quarter projection. The majority of this variance (\$29,459) was primarily due to lower than anticipated usage of part-time personnel hours in the fourth quarter. In addition to small savings on various

- supplies, additional savings of 17,441 in software licensing costs helped to offset a negative variance of \$11,810 in needed capital expenditures.
- Public Safety Director: Total expenditures were \$4,024,480 higher than third quarter projections, primarily related to funds encumbered during the fourth quarter to pay claims pending resolution by the City Attorney's Office. Furthermore, a negative variance of 63,360 in the services category, related to higher than expected spending on technology and other professional service contracts, was partially offset by a full-time vacancy in the division resulting in savings of \$36,780 in personnel.
- Public Safety Support Services: Total expenditures were \$35,137 more than third quarter projections. Negative variances of \$53,640 and \$118,760 occurred in personnel and services, respectively, due to slightly higher than projected expenditures on overtime and costs associated with software licensing and maintenance. These expenditures were partially offset by a positive variance of \$136,671 in supplies resulting from savings in automotive and general supplies.
- Police: Actual expenditures were \$668,302 higher than third quarter projections. In personnel, expenditures on sworn overtime were slightly higher than anticipated, resulting in a negative variance of \$64,269. Additional variances of \$404,175 and \$203,407 occurred in services and other expenses, respectively, due to higher than expected spending on fleet services and claims.
- **Fire**: Total division expenditures were \$9,288 higher than anticipated at the third quarter. Expenditures on sworn overtime, physical fitness incentive payments, and tuition reimbursement were lower than expected during the fourth quarter, resulting in a positive variance in personnel of \$644,036. In the services category, expenditures related to fleet services during the fourth quarter were higher than originally forecasted, resulting in a negative variance of \$653,066.
- Office of the Mayor: Total expenditures for 2019 were \$13,667 more than projections at the end of the third quarter. A minor spending variance in the services category was partially offset by savings in personnel.
- Office of Diversity and Inclusion: Year-end expenditures were \$84,371 higher than third quarter projections. Expenditures in the services category came in \$78,471 greater than forecasted primarily due to consulting service contracts.

- **Education**: Year-end expenditures were \$17,153 less than projected at the end of the third quarter due to lower than anticipated personnel costs.
- **Development Administration**: Total expenditures were \$86,753 lower than third quarter projections primarily due to lower than anticipated personnel costs.
- **Economic Development**: Year-end expenditures positively varied from projections by only \$1,697.
- **Code Enforcement**: Total expenditures were \$75,393 lower than third quarter projections, reflecting a variance between projected and actual spending on various supplies and services.
- **Planning**: Total expenditures positively varied from projections by only \$2,860.
- Housing: Total expenditures were \$164,126 higher than third quarter projections mainly due to higher than projected spending on support of community agencies related to affordable housing contracts.
- Land Redevelopment: Year-end expenditures positively varied from projections by only \$508.
- **Finance Administration**: Total expenditures were \$560,815 higher than projected at the end of the third quarter. The personnel variance of \$59,270 is attributed to lower than projected construction management capital reimbursement costs. Additional variances of \$471,720 and \$29,824 occurred in services and supplies, respectively, due to higher than anticipated expenses in professional services and general supplies.
- **Financial Management**: Total expenditures were \$135,137 higher than projected in the third quarter due to higher than anticipated professional service costs.
- Citywide Account: Total year-end expenditures were \$150,000 higher than projected in the third quarter due to outreach work being done for the 2020 Census.
- Facilities Management Division: Overall expenditures were \$1,124,503 higher than the third quarter projection. Encumbrances in the services category reflecting various utility costs account for the majority of this variance. Higher than expected expenditures of \$49,868 in supplies and \$24,062 in personnel contribute to the remainder of the overall variance.

- **Department of Human Resources**: Overall expenditures were \$45,562 lower than the third quarter projections. Less than expected personnel costs from the delay in hiring a vacant position resulted in a positive variance of \$20,871. Additional savings of \$22,654 reflect lower than projected spending on general, safety, and protective supplies, and \$2,037 was saved on various service line items.
- **Neighborhoods**: At year end, the department spent \$58,305 less than third quarter projections. Slightly higher than anticipated service related expenditures in the fourth quarter were offset by savings in personnel.
- **Public Service Director's Office**: Year-end expenditures positively varied from projections by \$6,035.
- **Refuse Division**: Overall, the division spent \$271,962 more than projected in the third quarter. The services category accounted for the variance due mostly to higher than anticipated fleet costs.

OTHER FUNDS OVERVIEW

Major variances between third quarter projections and actual expenditures are discussed below.

- Street Construction, Maintenance, and Repair Fund: Aggregate expenditures were \$2,194,479 lower than the third quarter projections. Less than expected personnel costs of \$922,744 resulted from delays in filling vacant positions. Positive variances in fleet charges account for the majority of the \$1,174,928 difference in the services category. Capital expenditures were \$38,305 less at year end than projected at the close of the third quarter. Revenues and encumbrance cancellations into the fund were \$2,296,082 and \$393,720 more, respectively, than projected at the end of the third quarter. Subsequently, the fund ended the year with a \$22,676,722 unencumbered cash balance, or \$4.9 million more than anticipated.
- **Private Construction Inspection Fund**: Total expenditures were \$155,375 lower than the third quarter projection. The source of this variance is split primarily between supplies and services; supplies costs were lower than estimated by \$65,696 and services costs were lower than estimated by \$58,503. Personnel costs also came in under the estimate by \$31,176. Revenues came in \$402,082 higher than expected in the fourth quarter, and encumbrance cancellations were \$21,734 higher. As a result of these variances, the fund's year-end unencumbered cash balance of \$1,593,826 was \$579,191 higher than projected.
- Construction Inspection Fund: Year-end expenditures were \$561,948 lower than third quarter projections. This variance was largely due to lower than projected personnel spending, accounting for \$331,569 of the difference. In addition, the department posted lower than projected spending in the services category by \$141,844, in capital by \$58,957 and in supplies by \$29,578. Revenues and encumbrance cancellations were \$327,950 and \$2,679 higher than third quarter projections, respectively. As a result of these variances, the fund's year-end unencumbered cash balance of \$6,039,393 was \$892,580 higher than anticipated.
- Parking Meter Fund: Total expenditures were \$174,902 higher than the third quarter projection due to unanticipated expenditures in services (\$299,998). Partially offsetting these were savings of \$115,289 in personnel, primarily as a result of delays in hiring. Revenues in the fund totaled \$8,080,030, which is \$5,743 lower than expected. The fund assumed \$200,000 in encumbrance cancellations in the third quarter, but due to an accounting restructure in the fund, no prior year cancellations were realized. These variances resulted in an unencumbered cash

balance of \$1,608,372, which was \$380,645 lower than the third quarter projection.

- Health Special Revenue Fund: Total expenditures were \$367,168 higher than projected at the third quarter, largely due to personnel costs resulting from a shift in the allocation of grant funded staff not originally included in projections, and a refund of BWC premiums to the Ohio Department of Health associated with various federal grants it administered. Year-end revenues totaling \$9,518,390 were \$283,680 higher than third quarter projections. Increases were realized in licenses and permit fees, as well as maternal child health home visiting revenue. The year-end general fund subsidy totaled \$24,597,885 which was \$596,429 more than third quarter projections. The fund ended the year with a positive unencumbered cash balance of \$608,627.
- Municipal Court Computer Fund: Aggregate expenditures were \$166,042 less than projected in the third quarter. The Municipal Court Judges and the Municipal Court Clerk, respectively, spent \$107,520 and \$58,522 less than anticipated. Various supplies and services costs were less than expected for both the Municipal Court Judges and the Clerk. The Municipal Court Computer Fund ended the year with an unencumbered cash balance of \$1,956,647, an increase of \$233,436 over third quarter projections. This increase is the result of lower than expected spending combined with encumbrance cancellations that were \$58,578 higher than anticipated.
- Recreation and Parks Operating Fund: Expenditures were \$46,530 less than projected in the third quarter. The division ended the year with a negative variance of \$152,481 in the services category due to an increase in individual service contracts and professional service contracts. This amount was offset by a savings of \$165,543 in personnel, \$28,370 in supplies, and \$5,097 in other expenses. The general fund subsidy of \$40,366,310 was \$743,196 higher than projected at the third quarter. Revenue for the operating fund, exclusive of the aforementioned general fund subsidy and hotel-motel tax revenue, was \$12,816,695, or \$5,647 lower than the third quarter projection. The fund ended 2019 with an unencumbered cash balance of \$949,178.
- **Development Services Fund**: Total expenditures were \$189,272 lower than the third quarter projection. Lower than anticipated professional services, direct technology contract costs, and various smaller, unanticipated savings in other services line items contributed \$139,962 to the overall variance. Actual revenues were \$724,089 higher than the third quarter projection, ending the year at \$24,166,969. Lastly, the fund posted \$137,552 in encumbrance cancellations of prior year(s)

documents, thus ending the year with an unencumbered cash balance of \$15,758,567.

- Employee Benefits Fund: The cash position of the employee benefits fund represents both the portion intended for the administration of the benefits program in the Human Resources Department as well as property and boiler insurance housed in the Finance and Management Department. Funds intended for payment of employee benefit claims are not reflected here. Actual aggregate year-end expenditures reflected in the Human Resources Department were \$291,376 lower than third quarter projections, due to less than expected personnel costs and charges for various service line items. Actual year-end expenditures for boiler and property insurance matched third quarter projections. The fund ended the year with a zero unencumbered cash balance.
- Print and Mail Services Fund: Total fund expenditures were \$31,818 lower than projected in the third quarter, mainly due to lower than expected service expenses. Revenues totaled \$1,757,000, or \$53,212 higher than projections at the end of the third quarter. The fund ended the year with an unencumbered cash balance of \$279,676, or \$122,077 more than anticipated.
- Land Acquisition Fund: At year end, the fund had an unencumbered cash balance of \$542,419, which was \$5,452 higher than projected at the third quarter. Total expenditures were \$9,132 higher than the third quarter projection, primarily due to slightly higher than projected expenditures in supplies and services. Revenues of \$1,026,619 were \$14,586 higher than the third quarter projections.
- 1111 E. Broad Street Fund: Total expenditures were \$98,846 lower than projected in the third quarter, primarily due to less than anticipated repair and maintenance services expense. Revenues for the year, exclusive of the general fund subsidy, totaled \$928,977. With \$117,921 in encumbrance cancellations, the fund ended the year with an unencumbered cash balance of \$338,858.
- Fleet Management Fund: Overall, fund expenditures were \$192,371 lower at year end relative to third quarter review projections. Specifically, the Fleet Management Division ended 2019 with positive variances of \$669,320 in supplies primarily due to lower than projected compressed natural gas fuel costs, partially offset by higher costs in personnel and services. Revenues of \$34,594,159 were \$1,523,670 lower than estimated in the third quarter. Therefore, the fund ended 2019 with a negative unencumbered cash balance of \$4,004,505.

• Technology Services Fund: This fund encompasses appropriations for both the Director's Office and the Information Services Division (ISD). The Director's Office appropriation funds the administrative functions of the department, along with the direct technology expenses associated with citywide operations, while ISD provides funding for technology support staff and the indirect expense budget. Actual expenditures in this fund were \$3,390,381 lower than third quarter projections. Delays in filling vacant positions resulted in a savings of \$151,985 across both divisions. In the Director's Office, a variance in supplies of \$207,517 was largely the result of lower than projected needs for the Department of Public Utilities. The services category also realized a large variance to third quarter projections by \$2,483,617, largely driven by a new time and attendance system and other projects for the Department of Public Utilities that did not come to fruition by year end.

In the ISD Division, lower than projected expenditures for general supplies and technology supplies provided a positive variance of \$44,673. The division underspent projections in services by \$400,592 as a result of various budgetary categories including professional services, repair and maintenance services, and registration and training. Revenues were \$90,028 lower than projected and, when combined with savings in the aforementioned expense categories, the fund ended the year with an unencumbered cash balance of \$4,112,351. This was \$3,409,446 higher than anticipated at the end of the third quarter.

- Water Enterprise Fund (including operating reserve fund): Expenditures in the Water Division were \$5.1 million lower than the third quarter projections. Spending was less than projected for personnel (\$266,205), supplies (\$1.6 million), services (\$2.5 million), other expenses (\$10,321), capital expenses (\$448,790), and interest payments (\$197,672). These variances may be skewed because the year-end actuals reported here include expenditures of prior year appropriations, while the third quarter projections only included expenditures and encumbrances against current year appropriations. Water system revenues were \$255,833 more than third quarter projections. The fund finished the year with a cash balance of \$145,391,058, which is \$5.45 million more than projected. (Expenditure variances do not include the Department of Public Utilities Director's office.)
- Sewerage System Enterprise Fund (including operating reserve fund):
 Actual expenditures at year-end were 4.9% or \$13.2 million lower than the third quarter projection. Expenses were less than anticipated in all categories, with the largest variances in services (\$9.3 million) and supplies (\$1.9 million). These variances may be skewed because the year-end actuals include expenditures of prior year appropriations, while the third quarter projections only included expenditures and

encumbrances against current year appropriations. Sanitary system revenues were \$10.5 million less than projected at the end of the third quarter. At year end, the fund had a cash balance of \$275,331,803. (Expenditure variances do not include the Department of Public Utilities Director's office.)

- Stormwater Operating Fund (including operating reserve fund): The division's aggregate expenditures were \$1,554,725 less than projected at the end of the third quarter, mostly due to savings in the services category. These variances may be skewed because the year-end actuals include expenditures of prior year appropriations, while the third quarter projections only included expenditures and encumbrances against current year appropriations. Revenues to the fund were \$664,013 higher than projected at the end of the third quarter. The year-end cash balance of \$27,152.175 is \$2,214,480 more than projected. (Expenditure variances do not include the Department of Public Utilities Director's office.)
- Electricity Enterprise Fund (including operating reserve fund): The division's expenditures were \$6.8 million less than anticipated in the third quarter estimate. This variance was driven mostly by lower than expected spending on supplies and services in the amounts of \$3.8 million and \$2.9 million respectively. These variances may be skewed because the year-end actuals include expenditures of prior year appropriations, while the third quarter projections only included expenditures and encumbrances against current year appropriations. Year-end revenues totaled \$86.8 million, which was \$647,399 higher than projected in the third quarter review. The year-end cash balance of \$36,983,055 is \$7,402,228 higher than projected. (Expenditure variances do not include the Department of Public Utilities Director's office.)

TABLE A General Fund Revenue Summary Year-to-Date Comparison December 31, 2019

CATEGORY	YE	FY 2019 EAR-TO-DATE	FY 2018 YEAR-TO-DATE		DOLLAR VARIANCE	% VARIANCE

^{*} The enterprise funds include the main operating funds and the operating reserve funds. The expenditure totals here will not match the expenditure totals contained in the Utilities section of the Attachment B because the Table F expenditures are by fund, while the expenditures in Attachment B are by division.

while the expenditures in Attachment B are by division.

Please also note that the figures listed under the beginning and ending year unencumbered cash balances are actual cash balances for these funds (rather than unencumbered cash balances), including both operating and reserve funds for each enterprise.
