MEMORANDUM TO: Andrew J. Ginther

Mayor

**FROM**: Kathy A. Owens

Finance and Management Director

SUBJECT: 2022 Year-End Financial Review

The Finance and Management Department's year-end financial review is attached. This document compares overall revenues and other resources in 2022 to those in 2021. This review also compares the resource and expenditure projections made in the 2022 third quarter financial review to the year-end actual results.

For 2022, actual revenues for the general fund were approximately \$14.0 million (or 1.4 percent) above the revenue projections of the City Auditor at the third quarter. Year-end 2022 expenditures for the general fund were \$7.8 million (less than one percent) above projections at the third quarter. The year-end general fund balance of \$100.0 million was \$61.7 million higher than projected at the third quarter.

When comparing actual revenues to third quarter projections, notable positive variances were income tax revenues (\$11.1 million), local government fund receipts (\$302K), casino revenue (\$1.4 million), investment earnings (\$3.6 million), charges for services (\$1.4 million), and all other revenue (\$424K). Three revenue categories were under the Auditor's third quarter projection. Property tax collections were lower by \$2.7 million, liquor permit fund revenues were lower by \$638K, and license and permit fees were lower by approximately \$1.98 million when compared to the third quarter projections. Overall 2022 actual general fund revenues were \$38.89 million, (or approximately 4.0 percent), above 2021 collections. Please note that 2021 revenues were \$8.7 million (or 0.9 percent) above 2020 total revenues.

Two departments had substantially increased general fund spending from that projected at the end of the third quarter. Expenditures in the Office of Education were approximately \$1.1 million more than projected due to additional funding being contracted for Early Start programming in order to align contracts with the school year calendar. The Department of Development had increased spending above projections on service contracts in support of community agencies in the amount of \$866,504. Most other Departments had positive general fund variances when compared to the third quarter financial review.

All "other funds" remain in a positive financial position with the exception of the negative unencumbered cash balances in the Fleet Management Fund and the Property Management Fund.

This figure includes a beginning unencumbered cash balance of \$58.3 million, \$6.6 million in cancelled encumbrances, and \$19.1 million in fund transfers. Annual revenue in 2022 exceeded 2021 revenue by \$38.9 million, or 4.0 percent.

Income tax revenue increased \$34.3 million, or 4.4 percent over 2021. Property tax and kilowatt hour tax receipts increased by 1.3 percent and 1.4 percent, respectively.

In 2022, shared revenues related to the local government fund increased approximately \$3.6 million, or 10.9 percent from 2021 amounts. Liquor permit and cigarette tax revenues increased by approximately \$883,341 combined. Casino revenue totaled \$8.4 million, an increase of \$384,290 over 2021 collections.

Total revenues in the other revenue category increased by \$164,125, or 0.2 percent, from 2021 figures. Investment earnings increased \$2.1 million, or 22.2 percent. Revenue for license and permit fees came in more than 2021 by \$211,214. Fines and penalties ended the year approximately \$5.0 million lower than in 2021. Finally, charges for services increased 9.7 percent in comparison to 2021, totaling \$69.4 million in 2022.

The beginning 2022 unencumbered cash balance decreased to \$58.3 million, roughly a \$20.0 million difference from the beginning 2021 unencumbered cash balance. Encumbrance cancellations and fund transfers were up \$49,813 and \$11.2 million, respectively, over 2021 levels.

**Expenditures:** Total 2022 general fund expenditures were \$996 million, down \$11.5 million from over \$1.0 billion expended in 2021. Included in the 2022 figure are budgeted deposits to the economic stabilization fund and the anticipated expenditures fund of \$2.0 million, \$2.8 million, respectively. Numbers reported in this report as "actuals," unless otherwise noted, include both expenditures and outstanding encumbrances as of December 31st against that year's appropriations.

#### **Comparison to Third Quarter Projections**

**Resources:** The following analysis (Table A-1) is based on the revenue estimate in effect at the end of the third quarter (which was the one issued in June 2022). Total general fund resources were below the City Auditor's third quarter estimate by \$27.1 million.

Taxes and assessments came in over third quarter projections by nearly 1.0 percent, or \$8.5 million. Income tax revenues were up over \$11.0 million from the City Auditor's estimate and the kilowatt hour tax was \$108,596 higher. At year-end property taxes were \$2.6 million lower than the Auditor's third quarter estimate

Total shared revenues were \$1.1 million, or 3.2 percent, higher than anticipated. The local government fund, the cigarette tax, and casino revenue came in higher than the estimate, while liquor permit receipts were lower than expected.

All other revenues were \$4.4 million above third quarter estimates, or 4.6 percent higher than expected. License and permit fees came in lower than projected, while fines and penalties, investment earnings, and charges for services performed better than expected.

Overall, revenues of the three major categories exceeded third quarter projections by \$14.0 million, or 1.4 percent.

**Expenditures:** Third quarter general fund expenditure projections (which include those for Health and Recreation and Parks) totaled \$1 billion, and when compared to actual year-end expenditures, netted a variance of approximately \$8.8 million.

Major variances between third quarter projections and actual expenditures are discussed below. Detailed data on budget-basis expenditures and variances can be found on Attachments A and B.

Year-End Balance: The sum of higher-than-projected revenues (\$14.0 million) along with higher than expected year-end encumbrance cancellations (\$1.6 million) and decreased fund transfers (\$42.8 million) yielded a positive year-end cash balance of \$100.0 million, or \$61.7 million higher than projected. The following chart depicts the changes in cash position since the third quarter review:

#### OTHER FUNDS OVERVIEW

Major variances between third quarter projections and actual expenditures are discussed below.

- Street Construction, Maintenance, and Repair Fund: Aggregate expenditures were \$3,628,084 lower than the third quarter projections. Less than expected personnel costs of \$794,299 resulted from delays in filling vacant positions. Positive variances in fleet charges account for the majority of the \$1,691,772 difference in the services category. Capital expenditures were \$796,932 less at year end than projected at the close of the third quarter. Revenues were \$420,864 less than projected at the end of the third quarter while encumbrance cancelations were \$595,660 greater than anticipated. Subsequently, the fund ended the year with a \$22,744,422 unencumbered cash balance, or \$3.8 million more than anticipated.
- Private Construction Inspection Fund: Total expenditures were \$319,508 lower than the third quarter projection. The major source of this variance is in personnel with expenses \$143,591 lower than expected, and service costs lower than estimated by \$165,402. Revenues came in \$1,131,004 above the estimate. As a result, the fund's year-end unencumbered cash balance of \$1,995,698 was \$1,311,004 higher than projected.
- Construction Inspection Fund: Year-end expenditures were \$679,340 lower than third quarter projections. This variance was largely due to lower than projected personnel spending, accounting for \$349,473 of the variance. In addition, the division posted lower than projected spending in supplies of \$21,753, and in services by \$304,656. Revenues were

\$430,372 lower than third quarter projections, and encumbrance cancellations were \$12,809 higher. As a result of these variances, the fund's year-end unencumbered cash balance of \$3,788,525 was \$261,778 higher than anticipated.

- Mobility Fund: In 2022 the Mobility Enterprise Fund was created. To this end, the Parking Meter Program Fund was closed and funds were transferred to the Mobility Enterprise Fund. Total expenditures were \$1,305,634 less than the third quarter projection. This variance was largely due to lower than anticipated spending in services. Revenues in the fund totaled \$25,483,949, which is \$7,183,949 higher than was expected. These variances resulted in an unencumbered cash balance of \$7,221,756 which was \$2,204,430 higher than the third quarter projection.
- Health Special Revenue Fund: Total expenditures were \$57,369 less than projected at the third quarter primarily due to lower than anticipated spending in supplies. Year-end revenues totaling \$10,173,978 were \$79,713 higher than third quarter projections. The year-end general fund subsidy totaled \$22,818,174 which matched the projected subsidy in the third quarter. The fund ended the year with a positive unencumbered cash balance of \$1,261,351.
- Municipal Court Computer Fund: Aggregate expenditures were \$25,649 more than projected in the third quarter. The Municipal Court Judges spent \$19,435 less than anticipated. The Municipal Court Clerk spent \$45,084 more than anticipated. Services costs were less than expected for the Municipal Court Judges. However, the Clerk spent \$10,274 and \$34,810 more on supplies and services respectively than anticipated. The Municipal Court Computer Fund ended the year with an unencumbered cash balance of \$1,288,332, a decrease of \$44,366 from third quarter projections.
- Recreation and Parks Operating Fund: Expenditures were \$812,406 less than projected in the third quarter. The division ended the year with a negative variance of \$127,168 in professional services and \$500 in the other expenses categories. These negative variances were offset by savings of \$934,544 in personnel and \$5,530 in supplies. The general fund subsidy of \$43,387,465 matched the projected amount at the end of the third quarter. Revenue for the operating fund, exclusive of the aforementioned general fund subsidy and hotel-motel tax revenue, was \$15,128,467, or \$1,395,357 higher than the third quarter projection. The fund ended 2022 with an unencumbered cash balance of \$2,854,226.
- **Development Services Fund**: Total expenditures were \$968,602 lower than the third quarter projection. Lower than anticipated expenditures, across all object classes, contributed to the overall positive variance.

Actual revenues were \$7,376 higher than the third quarter projection, ending the year at \$24,207,376. Lastly, the fund posted \$203,597 in encumbrance cancellations, thus ending the year with an unencumbered cash balance of \$13,884,976.

- Employee Benefits Fund: The cash position of the employee benefits fund represents both the portion intended for the administration of the benefits program in the Human Resources Department as well as property and boiler insurance housed in the Finance and Management Department. Funds intended for payment of employee benefit claims are not reflected here. Actual aggregate year-end expenditures reflected in the Human Resources Department were \$193,209 lower than third quarter projections, due to various lower than expected service line items. Actual year-end expenditures for boiler and property insurance matched third quarter projections. The fund ended the year with a zero unencumbered cash balance.
- Print and Mail Services Fund: Total fund expenditures were \$304,724 less than projected in the third quarter, mainly due to lower than expected service expenditures. Revenues totaled \$1,774,376, or \$121,844 lower than projections at the end of the third quarter. The fund ended the year with an unencumbered cash balance of \$563,653, or \$214,401 more than anticipated.
- Land Acquisition Fund: At year end, the fund had an unencumbered cash balance of \$214,390, which was \$9,727 lower than projected at the third quarter. Total expenditures were \$29,272 greater than the third quarter projection, primarily due to slightly higher than projected expenditures in personnel. Revenues of \$1,115,025 were \$19,425 higher than the third quarter projections.
- 1111 E. Broad Street Fund: Total expenditures were \$1,604,127, which
  were slightly less than the projected amount in third quarter. Revenues for
  the year, exclusive of the general fund subsidy, totaled \$933,276. The
  fund ended the year with a negative unencumbered cash balance of
  \$466,265.
- Fleet Management Fund: Overall, fund expenditures were \$685,005 higher at year end relative to third quarter review projections. Revenues of \$40,085,081 were \$1,209,994 less than estimated in the third quarter. The fund ended 2022 with a negative unencumbered cash balance of \$1,107,459.
- Technology Services Fund: This fund encompasses appropriations for both the Director's Office and the Information Services Division (ISD). The Director's Office appropriation funds the administrative functions of the

department, along with the direct technology expenses associated with citywide operations, while ISD provides funding for technology support staff and the indirect expense budget. Actual expenditures in this fund were cumulatively \$5,457,343 lower than third quarter projections. Of this variance, delays in filling vacant positions resulted in savings of \$375,706 compared to the forecast. Also positive variances of \$2,299,813 and \$1,541,681 in the services category in the Director's Office and ISD respectively were the largest contributors to the above positive variance. Revenues for the year totaled \$39,563,709 and the fund ended the year with an unencumbered cash balance of \$5,386,496. This is \$5,072,961 higher than projected at the end of the third quarter.

- Water Enterprise Fund (including operating reserve fund): Expenditures in the Water Division were \$12.1 million lower than the third quarter projections. Spending was less than projected for personnel (\$970,836), supplies (\$2.3 million), services (\$7.1 million), other expenses (\$9,452), and capital expenses (\$1.2 million). These variances may be skewed because the year-end actuals reported here include expenditures of prior year appropriations, while the third quarter projections only included expenditures and encumbrances against current year appropriations. Water system revenues were \$987,223 less than third quarter projections. The fund finished the year with a cash balance of \$199,782,842 which is \$13.3 million more than projected. (Expenditure variances above do not include the Department of Public Utilities Director's office.)
- Sewerage System Enterprise Fund (including operating reserve fund): Actual expenditures at year-end were 1.74% or \$5.2 million lower than the third quarter projection. Expenses were less than anticipated in all categories, with the exception of interest expenses. The largest variances were in services (\$2.6 million) and supplies (\$800,000). These variances may be skewed because the year-end actuals include expenditures of prior year appropriations, while the third quarter projections only included expenditures and encumbrances against current year appropriations. Sanitary system revenues were \$12,992,937 more than projected at the end of the third quarter. At year end, the fund had a cash balance of \$285,970,128. (Expenditure variances above do not include the Department of Public Utilities Director's office.)
- Stormwater Operating Fund (including operating reserve fund): The division's aggregate expenditures were \$2,295,627 less than projected at the end of the third quarter, mostly due to savings in the services and the interest category. These variances may be skewed because the year-end actuals include expenditures of prior year appropriations, while the third quarter projections only included expenditures and encumbrances against current year appropriations. Revenues to the fund were \$60,049 higher than projected at the end of the third quarter. The year-end cash balance

of \$42,557,834 is \$3,008,978 more than projected. (Expenditure variances above do not include the Department of Public Utilities Director's office.)

• Electricity Enterprise Fund (including operating reserve fund): The division's expenditures were \$8.4 million less than anticipated in the third quarter estimate. This variance was driven mostly by lower than expected spending on supplies and services in the amounts of \$1.8 million and \$7.1 million, respectively. These variances may be skewed because the year-end actuals include expenditures of prior year appropriations, while the third quarter projections only included expenditures and encumbrances against current year appropriations. Year-end revenues totaled \$85.3 million, which was \$2.2 million lower than projected in the third quarter review. The year-end cash balance of \$30,377,231 is \$6,192,007 higher than projected. (Expenditure variances above do not include the Department of Public Utilities Director's office.)

<sup>\*\*</sup> The utility enterprise funds include the main operating funds and the operating reserve funds. The expenditure totals here will not match the expenditure totals contained in the Utilities section of the Attachment B because the Table F expenditures are by fund, while the expenditures in Attachment B are by division.

Please also note that the figures listed under the beginning and ending year unencumbered cash balances are actual cash balances for these funds (rather than unencumbered cash balances), including both operating and reserve funds for each utility enterprise.
