

ALCOHOL & STRESS AWARENESS MONTH – APRIL 2024

ALCOHOL MISUSE PREVENTION THIS APRIL

[Alcohol Misuse Prevention this April | SAMHSA](#)

This April, as we observe Alcohol Awareness Month, there is an important opportunity to highlight the positive impact of the effectiveness of underage drinking prevention strategies and messaging at all levels, while advancing proven strategies, exploring innovations, and highlighting the power of partnerships. One way to advance this work is by putting tools and resources in the hands of parents, caregivers, and others who interact with young people every day and have the power to engage them in conversations about the importance of alcohol avoidance and other healthy lifestyle choices.

WALK MORE. STRESS LESS.

[Fitness | American Heart Association](#)

A walk is not just good for your body, it's good for your soul. Physical activity is one of the best ways to reduce stress and improve health. But recent reports show that walking rates are declining steadily in the US. A trend that can negatively impact mental and physical health. Click on the link provided for walking resources and steps for starting a new habit. Take a walk in April! Let's move together to reduce our stress and renew our hearts.
