OPPORTUNITY RISING

*An equitable, prosperous future is dawning
in Columbus*

Opportunity Rising names 21 aspirations that Mayor Andrew J. Ginther has for every Columbus resident.

To achieve these aspirations, the City of Columbus will boldly collaborate with partners and residents to dismantle racism in our city to advance opportunity and prosperity for all. This will benefit every Columbus resident through the community's improved economic stability, stronger health and wellbeing, and safer, more resilient neighborhoods.

Rise Up Cbus! is your way to learn more about Opportunity Rising and programs available to help everyone realize these aspirations. Visit the 21 display tables and receive stamps on your passport. Receive five stamps and earn a ticket for a free meal. Free meal tickets are available on a first come first served basis.

Together, let's rise toward a brighter future.
