After you get the COVID-19 vaccine, you still need to:

- **Wear a cloth mask** or face covering when you are out in public.
- **Avoid close contact** with people by staying 6 feet apart from others.
- **Wash your hands** often with soap and water for at least 20 seconds.
- **Cover coughs and sneezes** with your arm or inner elbow, and avoid touching your eyes, nose and mouth with your hands.
- **Stay home** if you are sick or have symptoms of COVID-19.

Learn more about your COVID-19 vaccine on the reverse side. >>>
You received the Pfizer vaccine.

- You need **2 doses** for maximum protection.
- You will receive a text message and/or email in 20 days to schedule your second dose.
- You **must have an appointment** to receive your second dose.
- If you don’t receive a text or email to schedule your second dose 20 days after your first dose, please call 614-645-1519.
- Please **bring your vaccine record card** to your second appointment.

Common Symptoms

- Pain and swelling in your arm
- Fever
- Tiredness
- Chills
- Headache

Symptom Relief

- If you have pain or discomfort, talk to your health care provider about taking an over-the-counter medicine such as ibuprofen or acetaminophen.
- If you have pain or discomfort where you got the shot:
  - Apply a clean, cool, wet washcloth over the area.
  - Use or exercise your arm.
- If you have a fever:
  - Drink plenty of fluids.
  - Dress lightly.
